AGENDA
MEETING OF THE TOWN COUNCIL
TUESDAY, JUNE 2, 2026, 5:00 PM

The Town of Yucca Valley complies with the Americans with Disabilities Act of 1990. If you require special assistance to attend or participate in this meeting, please call the Town Clerk's Office at (760) 369-7209 at least 48 hours prior to the meeting

The meeting agenda packet is available for public view in the Town Hall lobby and on the Town's website at www.yucca-valley.org prior to the meeting. For more information on an agenda item or the agenda process, please contact the Town Clerk's office at (760) 369-7209 ext. 226.

If you wish to comment on any agenda item or on any subject not on the agenda during public comments, please fill out a request to speak card and give to the Town Clerk/Commission Secretary. Comment time is limited to 3 minutes.

Where appropriate or deemed necessary, action may be taken on any item listed in the agenda.

OPENING CEREMONIES:

Call to Order

Roll Call

Council Members Denison, Drozd, Lombardo, Schooler, and Mayor Abel

Pledge of Allegiance

Invocation

Led by Anne Fernandez, Yucca Valley Center for Spiritual Living

Presentations, Introductions, Recognitions

1. Introduction of New Employees

Approval of Agenda

2. Agenda Approval

   Recommendation:
   Approve the meeting agenda as prepared.

Consent Agenda

All items listed on the consent agenda are routine matters or formal documents covering previous Town Council instruction. Items are enacted by one motion and a second without separate discussion unless a member of the Town Council or Town Staff requests dialog on a specific item at the beginning of the meeting. Requests for public comment on the consent agenda items should be filed with the Town Clerk.

3. Minutes

   Recommendation:
   Approve the meeting minutes of Tuesday, May 5, 2026 as presented.

4. Approve Second Amendment for Vector Control Services Contract

Recommendation:
That the Town Council approves the Town Manager to sign the Second Amendment to the Contract with the County of San Bernardino Department of Public Health for the purposes of providing vector control services within the Town of Yucca Valley and make any non-substantial changes.

5. First Amendment to the Contract for Southwest Networks, Inc.

Recommendation:
That the Town Council:

1. **Approve the First Amendment to the contract with Southwest Networks, Inc. for IT managed services, extending the contract term through June 30, 2028;**
2. **Increase the not-to-exceed amount to $180,500 for FY 26/27 and $190,500 for FY 27/28;**
3. **Add a second option to renew for another 24-month period at the end of the new contract term;**
4. **Authorize the Town Manager to sign all related documents in a form approved by the Town Attorney and make any non-substantive changes.**

6. Audit Contract Amendment No. 4 and Award

Recommendation:
That the Town Council:

1. **Amend the Agreement with Rogers, Anderson, Malody & Scott, LLP, extending the agreement for an additional three year period commencing with fiscal year 2026-27 for a total contract amount not to exceed $176,575 as indicated in Exhibit**
2. **Authorize the Town Manager and Town Attorney to sign all necessary contract documents.**
3. **Authorize the Town Manager, Deputy Town Manager, and/or Finance Manager to sign the engagement letters annually for the term of the contract.**

7. AB1234 Reporting Requirements

Recommendation:
Receive and file the AB1234 Reporting Requirement Schedule for the month of April 2026.

8. Ratification of Warrant Registers

Recommendation:
Ratify the Payroll Registers totaling $334,197.69 dated April 10, 2026, and $305,831.27 dated April 24, 2026. Ratify the Warrant Registers totaling

$3,404,664.94 for the period of April 1, 2026, through April 30, 2026.

9. Town/County Waste Disposal Agreement (WDA) Amendment #9

   Recommendation:
   That the Town Council approves the Nineth Amendment to the Waste Disposal Agreement between the Town of Yucca Valley and the County of San Bernardino dated May 5, 1998.

10. Spending Limitation for Fiscal Year 2026-27

    Recommendation:
    It is recommended that the Council adopt Resolution No. 26-XX establishing the spending limitation for fiscal year 2026-27.

11. Authorization to Purchase a Fleet Vehicle

    Recommendation:
    That the Town Council:

    1. **Waives the competitive bidding requirements (found in section 3.12.050 of the Town Code) because adherence to the procedures would be inefficient, impractical, and unnecessary (as stated in section 3.12.060, (G)) and authorizes the Town Manager or designee to execute a purchase agreement for a new 2026 Ford Truck in an amount not to exceed $60,000**
    2. **Approves a Budget Amendment in the amount of $150,000 from Capital Project Reserve Fund 800 to assign funds for the vehicle fleet reserves from unassigned capital project reserve funds as identified in Exhibit A.**
    3. **Approves the purchase of the vehicle from Tim Moran Ford, or Ken Grody Ford, or Diamond Ford, based upon availability and as outlined in the staff report; or**
    4. **If those vehicles are unavailable, authorize the purchase from any dealer who can provide the vehicle to meet the Town's timing needs, and direct staff to return to the Town Council with a final action report following the purchase.**

12. Resolution No. 26-XX - Authorization of the Levy of A Special Service Tax Upon Real Property Within Community Facilities District (CFD) No. 11-1; Improvement Areas # 1, 2, 3, 4, 5, 6, 7, and 8

    Recommendation:
    That the Town Council adopts the Resolution authorizing the annual levy of special taxes for Community Facility District No. 11-1, Improvement Areas #1, #2, #3, #4, #5, #6, #7 and #8 for Fiscal Year 2026-2027.

13. Town Project No. 8061 – Senior Center Roof Replacement Project – Notice of Completion

    Recommendation:
    That the Town Council accepts the project as substantially complete, authorizes

staff to file the Notice of Completion, authorizes the reduction of the Faithful Performance Bond to 10%, directs staff to retain the Labor and Material Bond for six (6) months for Project No. 8061.

14. Amendment 1 to Agreement with Valley Pipeline Inc., for Emergency Street Debris Cleanup/Removal July 20, 2023

Recommendation:
That the Town Council approves Amendment 1 to the 2023 agreement with Valley Pipeline Inc., for a three (3) year extension (from July 1, 2026, through June 30, 2029) of emergency street debris cleanup and/or removal services for the additional amount of $90,000.00 and authorizes the Town Manager to sign the amendment.

15. On-Call Concrete Repair and Maintenance Services - Authorization to release a Request For Proposal

Recommendation:
That the Town Council authorizes the release of an RFP for On-Call Concrete Repair and Maintenance services.

16. Hi-Desert Nature Museum Re-Plumbing Project – Town Project No. 8067

Recommendation:
That the Town Council:

1. **Amends the FY 25/26 Budget to allocate $60,000.00 from the Special Revenue Fund Measure Y Fund 801 for the Hi-Desert Nature Museum Re-Plumbing Project, Town Project No. 8067.**
2. **Waives formal bidding procedures pursuant to Town purchasing policies and approves the informal bid specification for the Hi-Desert Nature Museum Re-Plumbing Project, Town Project No. 8067.**

17. Adoption of Resolution Updating the Town Master Fee Schedule and Implementing Phase II Fee Adjustments Effective July 1, 2026

Recommendation:
That the Town Council:

1. **Adopt the attached Resolution No. 26-XX updating the Town's Master Fee Schedule;**
2. **Approve implementation of Phase II of the previously adopted Master Fee Schedule effective July 1, 2026; and**
3. **Authorize a Consumer Price Index (CPI) adjustment of 5.5% to applicable fees to maintain cost recovery and account for inflationary impacts on service delivery.**

18. FY 2026-27 Public Safety Contract Amendment

Recommendation:

It is recommended that the Town Council approve an amendment for fiscal year 2026-27 to the contract with the San Bernardino County Sheriff's Department in the amount of $7,435,821 and authorize the Town Manager or Mayor to sign on behalf of the Town.

19. FY 2026-28 General Fund Community Contracts

Recommendation:
It is recommended that the Town Council:

1. **Approve the proposed agreement and scope of services for the Town's Chamber of Commerce contract services for FY 2026-28 and authorize the Town Manager or Mayor to execute the agreement on behalf of the Town, including funding in an amount not to exceed $60,000 for the two-year term.**
2. **Approve Amendment No. 7 to the Agreement between the Town and Desert Regional Tourism Agency (DRTA) for tourism marketing services, including a funding allocation totaling $400,000 for the two-year term, and authorize the Mayor or Town Manager to execute the amendment.**

20. Budget Report for the Quarter Ending March 31, 2026

Recommendation:
Receive and file the Budget Report for the third quarter ended March 31, 2026

21. Calling of November 2026 General Election

Recommendation:
Adopt Resolution No. 26-XX calling and giving notice of a General Municipal Election on November 3, 2026, for the election of certain officers for District 1, District 3, and District 5.

Public Hearings

22. Annual Street & Drainage and Landscape & Lighting Assessment Districts, Ordering the Levy and Collection of Assessments for Fiscal Year 2026-2027.

Recommendation:
That the Town Council adopts the Resolutions, approving and confirming the assessment diagrams and confirming the assessments as set forth in the Engineer's reports for Landscaping & Lighting Maintenance Districts and Street & Drainage Maintenance Districts within the existing Districts for the 2026-2027 tax year and authorizes the levy of assessments upon real property as identified in the Engineer's Reports.

23. Public Hearing In Connection With The Placement Of Fiscal Year 2026-2027 Solid Waste Handling Service Charges On The Property Tax Roll

Recommendation:
That the Town Council:

1. **Conduct a public hearing,**

2. **Review the report prepared by the Town Manager, and**
3. **Adopt a resolution authorizing the placement of fiscal year 2026-2027 solid waste handling service charges on the property tax roll.**

24. Environmental Assessment, EA 02-25; Specific Plan 01-04 Amendment #2, Conditional Use Permit, CUP 01-25, Resolution No. 26-XX, Ordinance No. XX, Walmart Fuel Station. A request to amend the existing Specific Plan to allow for the construction and operation of a fuel station with six (6) fueling pumps, twelve (12) fuel dispensers, a 4,950 square foot fuel station canopy, and a 1,556 square foot convenience store. The project site is located at 58501 Twentynine Palms Highway and is also identified as APN: 0601-201-54.

Recommendation:
Environmental Assessment 02-25:
That the Town Council approves of EA 02-25, and adopts the resolution, for Addendum #1 to the previously adopted Environmental Impact Report.

Conditional Use Permit 01-25:
That the Town Council approves CUP 01-25, a request to construct and operate a six (6) pump gasoline station, twelve (12) fuel dispensers, 4,950 square foot fuel station canopy, and a 1,556 square foot convenience store.

Ordinance No. XX, Specific Plan 01-04, Amendment #2:
That the Town Council introduces Ordinance No. XX, Specific Plan 01-04 Amendment #2 to the Yucca Valley Retail Specific Plan, a request to amend the adopted Specific Plan by Ordinance, to allow a gasoline station as an approved land use and to allow for additional signage for the gasoline station and convenience store.

Department Reports

25. 2025-26 Youth Commission End-of-Term Report

Recommendation:
Receive and file the end-of-term report regarding the activities of the Youth Commission for 2025-26.

26. Town of Yucca Valley Summer Music Festival & Independence Day Celebration

Recommendation:
That the Council receive and file the report regarding the 2026 Summer Music Festival and Independence Day Fireworks presentation.

27. Active Transportation Program (ATP) Cycle 8 Call-For-Projects

Recommendation:
That the Town Council authorizes the submittal of the California Active Transportation Program (ATP) Cycle 8 grant applications for the design and construction of curb, gutter, sidewalk, and ADA curb ramp improvements near Yucca Elementary School, Yucca Valley High School, Onaga Elementary School, La

Contenta Middle School and along Barron Drive.

28. FY2026-28 Proposed Budget Adoption Resolution No. 26-XX and Personnel Resolution No. 26-XX

Recommendation:

1. Adopt a resolution No. 26- approving the fiscal years 2026-28 proposed budget and designating those officials authorized to make requisitions for encumbrances against appropriations.

2. Adopt a resolution No. 26- approving the fiscal year 2026-28 salary grid, authorized position list and related appropriations for fiscal years 2026-28.

29. Adoption of Policy for Disruption of Telephonic or Internet Service During Public Meetings (SB 707 Compliance)

Recommendation:

Adopt Resolution No. 26-XX approving the Town of Yucca Valley Policy for Disruption of Telephonic or Internet Service During Public Meetings in compliance with Senate Bill 707 and Government Code section 54953.4.

Future Agenda Items

Public Comments

The Town Council takes this time to consider your comments on items of concern which are not on the agenda. When you are called to speak, please state your name and community of residence. Please limit your comments to 3 minutes or less. Inappropriate behavior which disrupts, disturbs, or otherwise impedes the orderly conduct of the meeting will result in forfeiture of your public comment privileges. The Town Council is prohibited by State law from taking action or discussing items not on the printed agenda.

Ayes:	Merl Abel, Jeff Drozd, Rick Denison, Jim Schooler, Robert Lombardo

Public Hearings

15. Assembly Bill 2561 - Public Hearing on Town Vacancies and Recruitment

Mayor Abel opened the public hearing regarding Town Vacancies and Recruitment pursuant to Assembly Bill 2561.

Human Resources Manager Breidenbach-Sterling presented a report to the Council concerning current vacancies and recruitment efforts.

Mayor Abel opened the hearing for public comment.

Morongo Basin resident, Susan Walls inquired about the veterinarian position and stated she did not see it listed as a full-time position.

Mayor Abel asked staff whether the veterinarian position was full-time. Human Resources Manager Breidenbach-Sterling responded that the position is a contract position.

With no additional members of the public wishing to speak, Mayor Abel closed the public hearing.

Council received and filed the report. No motion was made.

Department Reports

16. YV ARC Quarterly Project Update

Public Works Director Qishta introduced Jen Wagner of Dahlin, project manager, who provided a quarterly update on the Yucca Valley Aquatic and Recreation Center project.

Mayor Abel opened public comments. With no members of the public wishing to speak, public comments were closed.

Council Member Lombardo expressed excitement for the project.

Council Member Denison thanked staff for the update and commented that the project was looking great.

Mayor Abel expressed excitement for the project and thanked staff for the presentation.

Council received and filed the report. No motion was made.

17. Western Joshua Tree Legislative Update

Town Manager Yakimow presented a legislative update regarding Western Joshua Tree issues.

Lobbyist Chad Mayes provided an update on current legislative efforts and discussions with state officials.

Mayor Abel opened public comments.

Donald Burton, Yucca Valley resident, commented on the high cost of undergrounding utilities on private property.

With no other members of the public wishing to speak, public comments were closed.

Mayor Abel commented on concerns regarding development impacts and financial hardships on residents, particularly those on fixed incomes. Mayor Abel stated the Town supports bipartisan legislative efforts and asked questions regarding the Governor's potential action on the legislation and the addition of coauthors.

Mr. Mayes responded that the Governor has the authority to veto legislation and stated that active discussions are ongoing with legislative staff and the administration. Mr. Mayes also stated that coauthors may be added at any time during the legislative process.

Council Member Drozd asked about the timeline for the legislative process and noted that a new Governor would be elected in the future.

Mr. Mayes responded that active legislation would need to be signed within the current legislative cycle.

Council Member Denison expressed concerns regarding wildfire safety and the importance of defensible space and thanked Mr. Mayes for the update.

Council Member Lombardo encouraged continued legislative efforts.

Mayor Abel thanked the presenters for the update.

Town Manager Yakimow thanked community members for their involvement.

Council received and filed the report. No motion was made.

18. FY2026-28 Measure Y Partnership Funding Allocations

Mayor Pro Tem Schooler recused himself and exited the Council Chambers due to a conflict of interest, noting he serves on the board of one of the applicant organizations.

Finance Manager Gumbish presented a report regarding proposed Measure Y partnership funding allocations for local nonprofit organizations.

Mayor Abel opened public comments.

Jamie, representing the Yucca Valley Airport District, thanked the Town for its support and stated the funding would assist with airport success, fire safety, and tourism efforts.

Ed Keisling, Vice President of High Desert Artists, thanked the Town for prior grant funding, which assisted the organization during the previous year and supported programs for adults with disabilities.

Krista Wargo, representing High Desert Artists Gallery, discussed programs supporting local artists and art classes and expressed appreciation for prior Measure Y funding support.

Garrent Kenri thanked the Town and staff for assistance with the application process and stated the funding would support programs for youth.

Amber Legowski, founder of a Morongo Basin adult dementia support initiative, discussed the need for adult daycare and dementia-related services within the community.

Lisa Baldwin, Executive Director of the Hi-Desert Pregnancy Clinic, thanked the Town and community supporters and stated grant funding would assist with facility renovations and continued services.

Janemarie Ofahulu, representing Basin Wide Foundation, thanked the Town Council and staff for supporting youth sports programs.

Shannon Lamoreaux, owner of Starstruck, thanked the Town for funding support for youth dance programs and opportunities for children and families within the Morongo Basin.

With no additional members of the public wishing to speak, Mayor Abel closed public comments.

Council Member Lombardo discussed the need for adult daycare services within the

community and asked questions regarding the operational status and funding structure of the proposed dementia care program.

Council Member Denison commented on the number of funding requests received and encouraged organizations to continue their community service efforts.

Mayor Abel thanked nonprofit organizations for their work serving the community and noted the impact of nonprofit partnerships in extending services to residents.

Council Member Drozd commented positively on the number of community members seeking to assist local residents and organizations.

Motion:
Approve the allocation of the Town's FY2026-28 Measure Y Partnership of $298,300 to the recommended applicants attached in Exhibit A: FY2026-28 Measure Y Partnership Scorecards.

Result:	Passed (Yes 4, No 0, Abstained 1)
Mover:	Mayor Merl Abel
Seconder:	Council Member Robert Lombardo
Ayes:	Merl Abel, Jeff Drozd, Rick Denison, Robert Lombardo
Recused:	Mayor Pro Tem Schooler

19. FY2026-28 Special Revenue Fund Budget Review

Finance Manager Gumbish presented the FY2026-28 Special Revenue Fund Budget Review.

Mayor Abel opened public comments. With no members of the public wishing to speak, public comments were closed.

Council Members had no questions or comments regarding the presentation.

Council received and filed the report. No motion was made.

Future Agenda Items

None discussed.

Public Comments

Mayor Abel opened the public comment period.

Norman Shertzman expressed concerns regarding tumbleweeds, code compliance, and fire hazards within residential neighborhoods. He encouraged proactive neighborhood inspections rather than relying solely on complaints.

Christian Garcia, owner of a medical cannabis business, requested updates to the Town's cannabis regulations to allow adult-use sales in addition to medical-only operations. He stated that updated regulations would support existing local businesses, maintain compliance, and reduce deliveries originating from outside Yucca Valley. He clarified that he was not requesting storefront expansion, but reasonable regulatory updates.

Donald Burton, Yucca Valley resident, commented regarding tumbleweeds and overgrown vegetation near Aurora Avenue and expressed concerns about potential fire hazards and impacts near the airfield.

Alexandria Brener addressed concerns regarding lighting at Machris Park. She stated that the Town had acknowledged the issue but had not provided a clear timeline for corrective action. Ms. Brener expressed concerns regarding lighting visibility across the valley, compliance with Town ordinances, and delays in implementing shielding or lighting adjustments.

Katie Naratiz invited the community to attend upcoming events on May 16 and June 14, including a charity auction benefiting local organizations. She also thanked the Town for replacing a sign on Geronimo Trail.

With no other members of the public wishing to speak, Mayor Abel closed the public comment period.

Staff Reports and Comments

Captain Scovel provided an update regarding anticipated enforcement efforts related to off-highway vehicle (OHV) activity and addressing areas impacted by unauthorized encampments.

Mayor and Council Member Reports and Comments

Council Member Drozd thanked the Mayor and community members and expressed appreciation for continued collaboration and participation.

Mayor Pro Tem Schooler reported on the AS Committee meeting held on April 16, noting strong attendance and ongoing staffing challenges. He stated that progress continues under new management. He also reported that the spay/neuter clinic reached capacity, servicing 17 cats and 14 dogs. He noted increased use of local media, the launch of a microchip program, and participation in volunteer efforts. He announced the next meeting scheduled for May 21.

Deputy Town Manager Stueckle reported a 90% release rate.

Council Member Denison expressed appreciation for the community and highlighted the importance of Measure Y and Measure Z in supporting public safety, quality of life, and infrastructure

improvements. He thanked residents for their continued support of Yucca Valley.

Council Member Lombardo congratulated the Welcome Center on its 25th anniversary and shared appreciation for the opportunity to serve as an umpire for the Miracle League, describing it as a meaningful community experience.

Mayor Abel reported on participation in the National Day of Prayer event at Brehm Park. He also noted involvement in upcoming community activities, including the Miracle League, convention-related events, ICS training, and memorial observances.

Announcements

Mayor Abel adjourned the meeting at 7:20 p.m. in loving memory of Marjorie Smith.

Respectfully Submitted,

Brooke Dudra
Town Clerk

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Jessica Rice, Senior Management Analyst

Date: May 7, 2026

Meeting Date: June 2, 2026

Subject: Approve Second Amendment for Vector Control Services Contract

Recommendation:
That the Town Council approves the Town Manager to sign the Second Amendment to the Contract with the County of San Bernardino Department of Public Health for the purposes of providing vector control services within the Town of Yucca Valley and make any non-substantial changes.

Prior Review:
In April 2024, the Town Council approved entering into a contract with the County of San Bernardino Department of Public Health to provide environmental health vector control services within the Town limits of Yucca Valley.

Discussion:
Vector control service has been requested by residents in past years, and recently there has been an increase in the number of calls from residents requesting these services. The urbanized nature of the Town, the high volume of travelers through and around the Town, and local weather patterns combine to provide a habitat that is conducive to support vector breeding life cycles, which increases the health risk of vector-borne disease and nuisance conditions.

The County of San Bernardino has a robust mosquito and vector control program and in April 2024 the Town entered into a contract with the County of San Bernardino Department of Public Health to provide environmental health vector control services within the Town limits of Yucca Valley. By contracting with the County to provide these services, and through the Town's Measure Y Quality of Life program, the Town is able to provide an upgraded quality-of-life service to Town residents.

Under the Contract, the County provides comprehensive surveillance and control of mosquito and other vector populations to Yucca Valley. Services focus on disease transmitting vectors, nuisance causing vectors, and vectors that have the potential to affect public safety. The

purpose of these services is to protect public health and preserve quality of life for residents and visitors. These services include monitoring and controlling of mosquitoes, rodents, ticks, fleas, cockroaches, bed bugs, Africanized honeybees, and other animals or pests of public health importance or those that create nuisance conditions.
Under the current contract, the County provides the following services:

1. Responds to routine service requests related to vector control issues.
2. Addresses vector and nuisance pest activity on private property by providing education and consultation.
3. Inspection of potential vector breeding places to determine presence of vectors and action steps to be taken.
4. Abatement and control of vector breeding to protect public health or to mitigate nuisance conditions.
5. Surveillance, trapping, identification, and disease testing of vectors.
6. Provides adult mosquito control as appropriate.
7. Participation in Town meetings, community meetings and local events to educate and address vector and nuisance pest issues upon request.
8. Provides Town with monthly activity reports including water source checks, courtesy inspections, complaint response, enforcement actions, and surveillance results.

The current contract expires on June 30, 2026. The Second Amendment includes a 2% cost increase per year and extends the current contract for two (2) additional years, ending on June 30, 2028, aligning with the Town's two-year fiscal budget.

Alternatives
None

Fiscal Impact:
For FY 26-27 the annual contract amount is $68,732 and for FY 27-28 the annual contract amount is increased by 2% to $70,106. The FY 26-28 contract amounts will be included in the proposed Measure Y Fund budget to be presented to Council in June 2026.

IT IS HEREBY AGREED AS FOLLOWS*:*

Amendment No. 2

It is hereby agreed to amend Contract No. 24-286, effective upon execution by all parties, as follows:

SECTION III COMPENSATION

Paragraph A. is amended to read as follows:

A. The maximum amount of payment for the entire term of this Contract shall not exceed $288,475.50. Both the TOWN and the County recognize and agree that the not-to-exceed amount of $288,475.50 takes into account all of the costs identified herein, including a two percent (2%) annual increase to pesticide, vehicle, and other supply and equipment costs, and an anticipated two percent (2%) increase to salaries based on negotiated labor agreements. If services provided by the County exceed the Fiscal Year amount (determined by the County using the County Fee Schedule in effect at the time of service) prior to June 30 of each year, the County shall advise the TOWN of this finding prior to expending the entire amount. The County will not provide any further services, unless and until, the "not-to-exceed" amount is amended and approved by both parties per section VII "Amendments." Thereafter, the TOWN and the County shall negotiate in good faith an amendment to this Contract.

Paragraph C. is amended to read as follows:

C. County will invoice The TOWN thirty (30) days after each semiannual service period has ended on June 30th and December 31st during each contract year, for the following amounts:

MOSQUITO CONTROL YUCCA CONTRACT 24-X PE 54XX				
FA00XXXX	OW00XXXX	FEBRUARY	AUGUST	TOTAL
FY 23/24	April 1, 2024 – June 30, 2024		$16,191.50	$16,191.50
FY 24/25	July 1, 2024 – June 30, 2025	$33,031.00	$33,031.00	$66,062.00
FY 25/26	July 1, 2025 – June 30, 2026	$33,692.00	$33,692.00	$67,384.00
FY 26/27	July 1, 2026 – June 30, 2027	$34,366.00	$34,366.00	$68,732.00
FY 27/28	July 1, 2027 – June 30, 2028	$35,053.00	$35,053.00	$70,106.00
4.25 Year Total				**$288,475.50**

SECTION XII TERM

Paragraph A. is amended to read as follows:

A. This Contract shall be effective April 1, 2024 through June 30, 2028, but may be terminated earlier in accordance with provisions of section XI, “Termination” of this Contract.

All other terms and conditions of Contract No. 24-286 remain in full force and effect.

This Amendment may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts shall together constitute one and the same Amendment. The parties shall be entitled to sign and transmit an electronic signature of this Amendment (whether by facsimile, PDF or other email transmission), which signature shall be binding on the party whose name is contained therein. Each party providing an electronic signature agrees to promptly execute and deliver to the other party an original signed Amendment upon request.

IN WITNESS WHEREOF, the Board of Supervisors of San Bernardino County has caused this Contract to be subscribed to by the Clerk thereof, and the CITY has caused this Contract to be subscribed in its behalf by its duly authorized officers, the day, month, and year written.

IT IS HEREBY AGREED AS FOLLOWS:

This Contract is made and entered into by and between the Town of Yucca Valley (TOWN) and the San Bernardino County Department of Public Health, Environmental Health Services Division, Mosquito and Vector Control Program (County).

WHEREAS, the above named parties desire to set forth in writing the specific terms and conditions mutually agreed upon regarding vector control services.

NOW THEREFORE, in consideration of the execution of this Contract, the parties mutually agree to the following conditions.

I. SERVICES:

A. Services provided by the County to the TOWN, when deemed appropriate by the County to control breeding and proliferation of mosquitoes and other vectors in the Town, may include, but are not limited to the following:

1. Provide enhanced vector control services within the TOWN, to control mosquitoes and other vectors as detailed in Scope of Work (Attachment A), hereby incorporated by this reference.

2. Community education regarding vector-borne disease transmission and prevention.

3. Designate a project manager, who shall serve as the primary contact person for matters relating to this Contract.

B. Services will start after the effective date of this Contract (described in Section XII, TERM). The County will integrate the services described in this section to be provided to the TOWN into the services already provided.

C. During the term of this Contract, the County officers and their deputies shall exercise the same powers and duties, including methods of enforcement, within the jurisdiction of the TOWN as are conferred upon such officers by law as County officers. The County officers and their deputies shall enforce all provisions of the County Code relating to those services provided.

II. NOTICE:

All notices, invoices, and payments shall be made in writing to the following:

YUCCA VALLEY: Town of Yucca Valley
Attention: Curtis Yakimow
57090 Twentynine Palms Highway
Yucca Valley, CA 92284

COUNTY: Department of Public Health
Environmental Health Services
Division Chief
Mosquito and Vector Control Program
385 N. Arrowhead Ave., 2nd Floor
San Bernardino, CA 92415

III. COMPENSATION:

A. The maximum amount of payment for the entire term of this Contract shall not exceed $149,637.50. Both the TOWN and the County recognize and agree that the not-to-exceed amount of $149,637.50 takes into account all of the costs identified herein, including a two percent (2%) annual increase to pesticide, vehicle, and other supply and equipment costs, and an anticipated two percent (2%) increase to salaries based on negotiated labor agreements. If services provided by the County exceed the Fiscal Year amount (determined by the County using the County Fee Schedule in effect at the time of the service) prior to June 30 of each year, the County shall advise The TOWN of this finding prior to expending the entire amount. The County will not provide any further services, unless and until, the "not to exceed" amount is amended and approved by both parties per Section VII, "Amendments." Thereafter, the TOWN and the County shall negotiate in good faith an amendment to this Contract.

B. The TOWN shall compensate the County for services as set forth in the Scope of Work (Attachment A).

C. County will invoice The TOWN thirty (30) days after each semiannual service period has ended on June 30th and December 31st during each contract year, for the following amounts:

MOSQUITO CONTROL YUCCA CONTRACT 24-X PE 54XX				
FA00XXXX	**OW00XXXX**	**FEBRUARY**	**AUGUST**	**TOTAL**
FY 23/24	April 1, 2024 – June 30, 2024		$16,191.50	$16,191.50
FY 24/25	July 1, 2025 – June 30, 2026	$33,031.00	$33,031.00	$66,062.00
FY 25/26	July 1, 2026 – June 30, 2027	$33,692.00	$33,692.00	$67,384.00

			2.25 Year Total	$149,637.50

D. Payment for services shall be by check, payable to "San Bernardino County", and shall be mailed or delivered to the address listed in Section II, "Notice" of this Contract.

IV. DISPUTES:

The parties agree to attempt to resolve any disputes arising out of this Contract informally and in good faith. Each Party reserves the right to suspend work or terminate this Contract (as indicated in Section XI, "Termination" of this Contract) in the event a dispute is not satisfactorily resolved.

V. APPLICABLE LAW:

Both County and the TOWN agree and acknowledge that this Contract shall be construed and interpreted and enforced in accordance with the laws of the State of California.

VI. VENUE:

The parties acknowledge that this Contract entered into in San Bernardino County, and the jurisdiction and venue for any action or claim brought by any party to this Contract will be the Superior Court of the State of California, County of San Bernardino – Central District. All parties hereby waive any law or rule of court, which would allow them to request or demand a change of venue. If any third party brings any action or claim concerning this Contract, the parties hereto agree to use their best efforts to obtain a change of venue to the Superior Court of the State of California, County of San Bernardino – Central District.

VII. AMENDMENTS:

All amendments to this Contract, including any exhibits, shall be in writing and signed by the authorized representative(s) of the TOWN and the Board of Supervisors for the County.

VIII. ATTORNEYS FEES AND COSTS:

In any legal action to enforce or declare any party's rights hereunder, each party, including the prevailing party, shall bear its own costs and attorneys' fees. This Section shall not apply to those costs and attorneys' fees directly arising from any third party legal action against a party hereto and payable under the indemnification requirement of this Contract.

IX. INDEMNIFICATION:

The TOWN agrees to indemnify, defend (with counsel reasonably approved by County) and hold harmless the County and its authorized officers, employees, agents and volunteers from any and all claims, actions, losses, damages, and/or liability arising out of this Contract from any cause whatsoever, including any costs or expenses incurred by the County, except as prohibited by law.

San Bernardino County agrees to defend, indemnify and hold harmless the Town, its officers, employees, agents and volunteers from any and all claims, losses, actions, damages and/or liability arising out of this contract from any cause whatsoever, including any costs or expenses incurred by the Town, except as prohibited by law.

In the event that the County and/or the TOWN are determined to be comparatively at fault for any claim, action, loss or damage, which results from their respective obligations under this Contract, the County and/or the TOWN shall indemnify the other to the extent of its comparative fault.

X. INSURANCE:

The County and the TOWN are authorized self-insured public entities for purposes of Professional Liability, General Liability, Automobile Liability and Workers' Compensation and warrant that through their respective programs of self-insurance, they have adequate coverage or resources to protect against liabilities arising out of the performance of the terms, conditions or obligations of this Contract.

Waiver of Subrogation Rights – The TOWN shall require the carriers of required coverages to waive all rights of subrogation against the County, its officers, employees, agents, volunteers, contractors and subcontractors. All general or auto liability insurance coverage provided shall not prohibit the TOWN and Town's employees or agents from waiving the right of subrogation prior to a loss or claim. The TOWN hereby waives all rights of subrogation against the County.

The County shall require the carriers of required coverages to waive all rights of subrogation against the Town, its officers, employees, agents, volunteers, contractors and subcontractors. All general or auto liability insurance coverage provided shall not prohibit the TOWN and TOWN'S employees or agents from waiving the right of subrogation prior to loss or claim. The County hereby waives all rights of subrogation against the TOWN.

XI. TERMINATION:

The County and the TOWN may terminate this Contract immediately should either the County or the TOWN fail to comply with any and all provisions, covenants, requirements or conditions of this Contract after being informed of the noncompliance in writing and afforded a reasonable period of time within which to cure the breach.

In addition, the County or the TOWN may terminate this Contract without cause by serving a written notice on the other party thirty (30) days in advance of termination. The Department of Public Health Director or their designee is authorized to exercise the County's rights with respect to any termination of this Contract.

In the event of termination, the County shall be entitled to receive and/or keep from the TOWN, payment for services rendered through the date of termination.

XII. TERM:

A. This Contract shall be effective April 1, 2024 through June 30, 2026, but may be terminated earlier in accordance with provisions of Section XI, "Termination" of this Contract.

B. The Contract shall be effective for initial two (2) year – three (3) month term, for the cost of service to coincide with the TOWN's budget cycle, with the option to extend two (2) additional, one (1) year term.

C. Termination notices to the County, pursuant to Section XI, "Termination" of this Contract, shall be sent to the Public Health Director at the following address:

Public Health
Environmental Health Services
Division Chief
385 N. Arrowhead Ave., 2nd Floor
San Bernardino, CA 92415-0160

D. Termination notice to Yucca Valley, pursuant to Section XI of this Contract, shall be sent to the TOWN at the following address:

Town of Yucca Valley
Attn: Curtis Yakimow
57090 Twentynine Palms Highway
Yucca Valley, CA 92284

XIII. CHANGE OF ADDRESS:

The TOWN and County shall notify the other party, in writing, of any change in mailing address within ten (10) business days of the change.

XIV. CONTRACT ASSIGNABILITY:

This Contract is not assignable by the TOWN either in whole or in part, without the prior written consent of the County.

XV. IMPROPOPER CONSIDERATION:

The TOWN shall not offer, either directly or through an intermediary, any improper consideration such as, but not limited to, cash, discounts, service, the provision of travel or entertainment, or any items of value to any officer, employee or agent of the County in an attempt to secure favorable treatment regarding this Contract.

The County, by written notice, may immediately terminate any Contract if it determines that any improper consideration as described in the preceding paragraph was offered to any officer, employee or agent of the County with respect to the proposal and award process. This prohibition shall apply to any amendment, extension or evaluation process once a Contract has been awarded.

The TOWN shall immediately report any attempt by a County officer, employee or agent to solicit, either directly or through an intermediary, improper consideration from the TOWN. The report shall be made to the supervisor or manager charged with supervision of the employee or to the County Administrative Office. In the event of a termination under this provision, the County is entitled to pursue any available legal remedies.

XVI. INACCURACIES OR MISREPRESENTATIONS:

If in the course of the administration of this Contract, the County determines that the TOWN has made a material misstatement or misrepresentation or that materially inaccurate information has been provided to the County, the Contract may be immediately terminated. In the event of termination under this provision, the County is entitled to pursue any available legal remedies.

XVII. EMPLOYMENT OF FORMER COUNTY OFFICIALS:

The TOWN agrees to provide or has already provided information on former San Bernardino County administrative officials, as defined below, who are employed by or represent the TOWN. The information provided includes a list of former County administrative officials who terminated County employment within the last five (5) years and who are now officers, principals, partners, associates or members of the business. The information also includes the employment with or representation of the County. For purposes of this provision, "County Administrative Official" is defined as a member of the Board of Supervisors or such officer's staff, County Administrative Officer or member of such officer's staff, County department or group head, assistant department or group head or any employee in the Exempt Group, Management Unit, or Safety Management Unit.

XVIII. REPORTING:

When requested, but no more than once quarterly during the term of the Contract, the County shall provide to the TOWN a written narrative report summarizing the services provided under this Contract.

XIX. CONCLUSION:

This Contract, consisting of six (6) pages and Attachment A, is the full and complete document describing services to be rendered by the TOWN to County, including all covenants, conditions, and benefits.

The signatures of the Parties affixed to this Contract affirm that they are duly authorized to commit and bind their respective institutions to the terms and conditions set forth in this document.

This Contract may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts shall together constitute one and the same Contract. The parties shall be entitled to sign and transmit an electronic signature of this Contract (whether by facsimile, PDF or other email transmission), which signature shall be binding on the party whose name is contained therein. Each party providing an electronic signature agrees to promptly execute and deliver to the other party an original signed Contract upon request.

IN WITNESS WHEREOF, the Board of Supervisors of San Bernardino County has caused this Contract to be subscribed to by the Clerk thereof, and the TOWN has caused this Contract to be subscribed in its behalf by its duly authorized officers, the day, month, and year written.

SCOPE OF SERVICES

SCOPE OF WORK

Vector Control Service

The San Bernardino County Mosquito and Vector Control Program (COUNTY) will provide comprehensive surveillance and control of mosquito and other vector populations to Yucca Valley (TOWN) as outlined in the Contract and as provided in this Attachment.

The urbanized nature of the TOWN, high volume of travelers through and around the Town, and local weather patterns provide a habitat that is conducive to support vector breeding life cycles, which increases the health risk of vector-borne disease and nuisance conditions.

Services provided will focus on disease transmitting vectors, nuisance causing vectors, and vectors that have the potential to affect public safety. The purpose of these services is to protect public health and preserve quality of life for residents, visitors, and investors. These services include monitoring and controlling of mosquitoes, rodents, ticks, fleas, cockroaches, bed bugs, Africanized honeybees, and other animals or pests of public health importance or those that create nuisance conditions. COUNTY Services will also provide educational information regarding the control and prevention of vectors and the diseases associated with them.

COUNTY has a pro-active mosquito control program. The main focus of the program is the control of mosquitoes while in the larval stage. COUNTY staff identify, monitor, and eliminate mosquito larval production sites. Physical abatement of the breeding site is the primary method to eliminate larval breeding. Treatment is an option where physical abatement is not possible. California and Federal Environmental Protection Agency approved materials are used. Mosquito fish, which are provided to residents free of charge, are a treatment method for appropriate habitats as well. Adult mosquito populations are monitored to determine potential health threats and nuisance problems.

Adult mosquito abatement is based on monitoring results. Adulticides are sprayed only when nuisance mosquito populations rise above thresholds that pose a significant public health risk. COUNTY maintains an active surveillance program for mosquito-borne diseases. This requires the trapping of mosquitoes for disease analysis, abundance, and identification. This information is used to assess risk and take appropriate actions.

COUNTY also maintains a surveillance program for rodent-borne diseases, as needed. This requires the trapping of rodents to determine abundance in a given area and to obtain serological material and collect fleas. The serological material and fleas will be analyzed for various disease indicators. Risk assessments for plague, Hantavirus and other rodent-borne diseases will be made and actions taken based on this information.

The vector control services described above are intended to reduce the risk of vector- borne diseases and the potential risk caused by other nuisance pests. Resources used will routinely be evaluated and reallocated to best protect public health and maintain quality of life.

COUNTY has continually responded to the emergence of new species and disease threats in San Bernardino County communities. Africanized honeybees arrived in the County in 1994, West Nile Virus arrived in 2004, and Aedes aegypti mosquitoes, with the potential to transmit Zika virus and other diseases, arrived in 2015. COUNTY will collaborate with the TOWN to ensure public health, safety, and nuisance issues are addressed as effectively as possible as conditions change.

Specifically, COUNTY will provide the following services:

1. Respond to routine service requests from affected parties within the TOWN related to vector control issues.
2. Address vector and nuisance pest activity on private property using an educational and consultation approach and use enforcement action only when needed.
3. Inspect potential vector breeding places to determine presence of vectors and action steps to be taken.
4. Abate and control vector breeding to protect public health or to mitigate nuisance conditions, using educational, physical, biological, and chemical control methods.
5. Survey, trap, identify, and test vectors.
6. Participate in TOWN meetings, community meetings and local events to educate and address vector and nuisance pest issues upon request and when needed.
7. Control adult mosquito population as appropriate in specified target areas. Twenty-four (24) hour notification will be provided to the TOWN and residents of the target area when adult mosquito control is performed by truck mounted sprayers.
8. Provide TOWN with monthly report of activity including water source checks, courtesy inspections, complaint response, enforcement actions, and surveillance results. Reports will include activity location, complaint, findings, and any action taken.

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Jessica Rice, Senior Management Analyst

Date: May 11, 2026

Meeting Date: June 2, 2026

Subject: First Amendment to the Contract for Southwest Networks, Inc.

Recommendation:

That the Town Council:

1. Approve the First Amendment to the contract with Southwest Networks, Inc. for IT managed services, extending the contract term through June 30, 2028;
2. Increase the not-to-exceed amount to $180,500 for FY 26/27 and $190,500 for FY 27/28;
3. Add a second option to renew for another 24-month period at the end of the new contract term;
4. Authorize the Town Manager to sign all related documents in a form approved by the Town Attorney and make any non-substantive changes.

Prior Review:

In 2022, due to enhanced cybersecurity liability requirements on both the Contractor and the Town, staff worked diligently with the Town's legal counsel in revising the Town's standard professional agreement to accommodate the necessary cybersecurity liability and indemnification requirements that were suitable for both the Contractor and the Town.

In December 2022, the Town Council approved the new contract with Southwest Networks, Inc., which included many upgraded and enhanced cybersecurity features to better protect the Town's IT infrastructure, as well as maintain compliance with cybersecurity requirements from CIRA, the Town's insurance provider, and other State and Federal requirements for upgraded cybersecurity protections.

In June 2024, the Town Council approved a new two-year contract with Southwest Networks, Inc. that included all of the cybersecurity compliance and requirements from the last contract, but with a new two-year term that ends on June 30, 2026. The contract also included an option

to renew for an additional two-year term.

Discussion:

Over the last several years, the Town has rolled out significant upgrades to its cybersecurity protocols and implemented many enhanced features such as two-factor authentication, enhanced control and monitoring of the Town's network, required NIST compliance, enhanced vulnerability scanning and compliance management tools, upgrades to the Town's wifi network, stronger security features to the Microsoft Office 365 licensing, and quarterly cybersecurity training for all users with a Town email account.

The recommendation is to exercise the option to renew for an additional two-year term, extending the contract term to June 30, 2028. In addition, staff recommends increasing the not-to-exceed amount to $180,500 for FY 26/27 and $190,500 for FY 27/28, which will modify Section 2.1 and Exhibit "C" of the original contract. Finally, staff recommends modifying Section 3.4 of the original contract by including a second option to renew on the same terms and conditions for another two-year period at the end of the new contract term.

Other than the modifications listed above, all other material provisions of the original contract will remain the same.

Alternatives

None recommended.

Fiscal Impact:

The recommended action will increase the not-to-exceed contract amount to $180,500 for FY 26/27 and $190,500 for FY 27/28. The proposed FY 26/28 general fund budget for Information Technology accommodates these changes.

FIRST AMENDMENT TO THE AGREEMENT FOR CONTRACT SERVICES BETWEEN THE TOWN OF YUCCA VALLEY, A GENERAL LAW MUNICIPAL CORPORATION (TOWN), AND SOUTHWEST NETWORKS, INC, (CONTRACTOR) DATED JULY 1, 2024

RECITALS

1. On July 1, 2024 TOWN and CONTRACTOR entered in an Agreement for the provision of Professional Information Technology Managed Services (the "Agreement").

2. The Agreement provides funding for Information Technology Managed Services in the not-to-exceed amount of $160,500 for FY 24/25 and $170,500 for FY 25/26.

3. The Agreement provides an option to renew for an additional 24-month period.

4. This Amendment exercises the option to renew for an additional 24-month period, extending the term through June 30, 2028, as stipulated in Section 3.4 of the Agreement.

5. This Amendment adds a second option to renew for another 24-month period at the end of the new contract term.

6. This Amendment increases the Contract Sum to a not-to-exceed amount of $180,500 for FY 26/27 and $190,500 for FY 27/28.

Therefore, that certain Agreement for Professional Information Technology Managed Services between the TOWN and CONTRACTOR dated July 1, 2024 and attached hereto is amended in the following respects only:

1. Section 2.1 "Contract Sum" – is hereby amended to read as follows: The total annual compensation, including reimbursement for actual contract related expenses, shall not exceed $180,500 for FY 26/27 and $190,500 for FY 27/28.

2. Section 3.4 "Term: - The parties may exercise a second option to renew on the same terms and conditions stated herein, or changes mutually agreed to, for another twenty-four (24) month period by written amendment signed by both parties.

3. Exhibit "C" – Schedule of Compensation is hereby amended as follows:

> **III.** Except for any Project SOW agreed to between parties, the total compensation for the Services shall not exceed $180,500 annually for FY 26/27 and $190,500 annually for FY 27/28, as provided in Section 2.1 of this Agreement.

4. Except as specifically amended herein, all of the terms and conditions of the original Agreement shall continue in full force and effect without revision.

[SIGNATURES ON FOLLOWING PAGE]

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the date and year first-above written.

AGREEMENT FOR SERVICES

By and Between

TOWN OF YUCCA VALLEY

and

SOUTHWEST NETWORKS, INC.

AGREEMENT FOR SERVICES
BETWEEN THE TOWN OF YUCCA VALLEY AND
SOUTHWEST NETWORKS, INC.

THIS AGREEMENT FOR SERVICES (herein "Agreement") is made and entered into this 1st day of July 2024 by and between the Town of Yucca Valley, a general law city ("Town") and Southwest Networks, Inc., a California corporation located at 73-700 Dinah Shore Drive, Suite 404, Palm Desert, CA 92211 ("Consultant"). Town and Consultant are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties").

RECITALS

A. Town has sought, by direct request the performance of the services defined and described particularly in Article 1 of this Agreement.

B. Consultant, following submission of a proposal or bid for the performance of the services defined and described particularly in Article 1 of this Agreement, was selected by the Town to perform those services.

C. Pursuant to the Town's Municipal Code, Town has authority to enter into and execute this Agreement.

D. The Parties desire to formalize the selection of Consultant for performance of those services defined and described particularly in Article 1 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained herein and other consideration, the value and adequacy of which are hereby acknowledged, the parties agree as follows:

ARTICLE 1. SERVICES OF CONSULTANT

1.1 Scope of Services.

In compliance with all terms and conditions of this Agreement, the Consultant shall provide those services specified in the "Scope of Services" attached hereto as Exhibit "A" and incorporated herein by this reference, which services may be referred to herein as the "services" or "work" hereunder. As a material inducement to the Town entering into this Agreement, Consultant represents and warrants that it has the qualifications, experience, and facilities necessary to properly perform the services required under this Agreement in a thorough, competent, and professional manner, and is experienced in performing the work and services

contemplated herein. Consultant shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all services described herein. Consultant covenants that it shall follow the highest professional standards in performing the work and services required hereunder and that all materials will be of good quality, fit for the purpose intended. For purposes of this Agreement, the phrase "highest professional standards" shall mean those standards of practice recognized by one or more first-class firms performing similar work under similar circumstances.

1.2 Consultant's Proposal.

This Agreement shall include the Request for Proposal or Invitation for Bids ("Contract Documents") and the Scope of Service shall include the Consultant's Statement of Work in Consultant's accepted bid proposal ("Accepted Bid") which shall be incorporated herein by this reference as though fully set forth herein. In the event of any inconsistency between the Contract Documents, Accepted Bid, and/or this Agreement, the terms of this Agreement, and its Exhibits shall govern.

1.3 Compliance with Law.

Consultant shall keep itself informed concerning and shall render all services hereunder in accordance with all ordinances, resolutions, statutes, rules, and regulations of the Town and any Federal, State or local governmental entity having jurisdiction in effect at the time service is rendered.

1.4 Licenses, Permits, Fees and Assessments.

Consultant shall obtain at its sole cost and expense such licenses, permits and approvals as may be required by law for the performance of the services required by this Agreement. Consultant shall have the sole obligation to pay for any fees, assessments and taxes, plus applicable penalties and interest, which may be imposed by law and arise from or are necessary for the Consultant's performance of the services required by this Agreement, and shall indemnify, defend and hold harmless Town, its officers, employees or agents of Town, against any such fees, assessments, taxes penalties or interest levied, assessed or imposed against Town hereunder.

1.5 Familiarity with Work.

By executing this Agreement, Consultant warrants that Consultant (i) has thoroughly investigated and considered the scope of services to be performed, (ii) has carefully considered how the services should be performed, and (iii) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement. If the services involve work upon any site, Consultant warrants that Consultant has or will investigate the site and is or will be fully acquainted with the conditions there existing, prior to commencement of services hereunder. Should the Consultant discover any latent or unknown conditions, which will materially affect the performance of the services hereunder, Consultant shall immediately inform the Town of such fact and shall not proceed except at Town's risk until written instructions are received from the Contract Officer.

1.6 Care of Work.

The Consultant shall adopt reasonable methods during the life of the Agreement to furnish continuous protection to the work, and the equipment, materials, papers, documents, plans, studies and/or other components thereof to prevent losses or damages, and shall be responsible for all such damages, to persons or property, until acceptance of the work by Town, except such losses or damages as may be caused by Town's own negligence.

1.7 Further Responsibilities of Parties.

Both parties agree to use reasonable care and diligence to perform their respective obligations under this Agreement. Both parties agree to act in good faith to execute all instruments, prepare all documents and take all actions as may be reasonably necessary to carry out the purposes of this Agreement. Unless hereafter specified, neither party shall be responsible for the service of the other.

1.8 Additional Services.

Town shall have the right at any time during the performance of the services, without invalidating this Agreement, to request extra work beyond that specified in the Scope of Services or make changes by altering, adding to or deducting from said work. If any such changes are made by the Town, the Consultant shall provide the Town with a cost of such proposed change for Town consideration. No such extra work or deduction of work may be undertaken unless a written order is agreed upon in a writing signed by both Parties, incorporating therein any adjustment in (i) the Contract Sum for the actual cost of the extra services or change, and/or (ii) the time to perform the change or this Agreement, which said adjustments are subject to the written approval of the Consultant. Any increase in compensation of up to ten percent (10%) of the Contract Sum or $25,000, whichever is less; or in the time to perform of up to one hundred eighty (180) days may be approved by the Contract Officer. Any greater increases, taken either separately or cumulatively must be approved by the Town Council. It is expressly understood by Consultant that the provisions of this Section shall not apply to services specifically set forth in the Scope of Services. Town may in its sole and absolute discretion have similar work done by other contractors or a third-party during the Term of this Agreement provided the work by the other contractors or third-party does not invalidate, impact, damage or change any of the security or other protections or settings established, maintained, or provided by Consultant in the performance of its obligations under this Agreement. "Other contactors" and "third party" does not include Consultant's employees, independent contractors, third party contractors, vendors, or agents that Consultant elects to use in performance of its obligations under this Agreement. The Town also agrees to provide the Consultant advance notice when any third party will be working on the network so that Consultant can monitor for changes, impacts, or other risks. The Town accepts full risk of loss regardless of the theory on which such loss is based, for any change to network set-ups, firewalls, servers, access, control, settings etc. ("Changes to Network") implemented by a third party other than Consultant retained and used by the Town during the Term of this Agreement, and the Town shall indemnify and hold Consultant harmless to the maximum extent permitted by law for any direct or indirect damage caused by or arising out of such third party Changes to Network during the Term of this Agreement. No claims for an

increase in the Contract Sum or time for performance shall be valid unless the procedures established in this Section are followed.

1.9 Special Requirements.

Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements" attached hereto as Exhibit "B" and incorporated herein by this reference. In the event of a conflict between the provisions of Exhibit "B" and any other provision or Exhibit attached to this Agreement, the provisions of Exhibit "B" shall govern. In the event of a conflict between the provisions of any other Exhibits and any provisions of this Agreement, the provisions of this Agreement shall govern.

2.0 Prevailing Wage.

It is the understanding of the Town and Consultant that California prevailing wage laws do not apply to this Agreement because the Agreement does not involve any of the following services subject to prevailing wage rates pursuant to the California Labor Code or regulations promulgated thereunder: Construction, alteration, demolition, installation, or repair work performed on public buildings, facilities, streets or sewers done under contract and paid for in whole or in part out of public funds. In this context, "construction" includes work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work.

ARTICLE 2. COMPENSATION AND METHOD OF PAYMENT.

2.1 Contract Sum.

Subject to any limitations set forth in this Agreement, Town agrees to pay Consultant the amounts specified in the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference. The total compensation, excluding reimbursement for actual expenses, **shall not exceed $160,500 annually for FY 24/25 and $170,500 annually for FY 25/26** (the "Contract Sum"), unless additional compensation is approved for a project SOW or otherwise pursuant to Section 1.8.

2.2 Method of Compensation.

The method of compensation may include: (i) a lump sum payment upon completion; (ii) payment in accordance with specified tasks or the percentage of completion of the services less contract retention; (iii) payment for time and materials based upon the Consultant's rates as specified in the Schedule of Compensation, provided that (a) time estimates are provided for the performance of sub tasks, (b) contract retention is maintained, and (c) the Contract Sum is not exceeded; or (iv) such other methods as may be specified in the Schedule of Compensation. In accordance with California Government Code Section 8546.7, if the Not to Exceed Amount exceeds TEN THOUSAND DOLLARS ($10,000.00), this Agreement and the Consultant's books and records related to this Agreement shall be subject to the examination and audit of the State Auditor, at the request of Town or as part of any audit of the Town, for a period of three (3) years after final payment under the Agreement. In accordance with section (iii) and (iv) above

and as set forth in the Schedule of Compensation at Exhibit C, Consultant will identify compensation due on contract line item ("CLIN") basis, CLINs under this contract will be either Firm-Fixed Price ("FFP"), Time and Material/Labor Hour (T&M/LH"), or Cost Reimbursement ("CR"). T&M/LH line items will be subject to a Not-to-Exceed Ceiling. Other Direct Costs including but not limited to subcontractor costs, will be included as Other Direct Costs (ODCs) and Travel expenses, including travel outside of a 50 mile radius of Palm Desert, CA, also will be included as a separate CLINs.

2.3 Reimbursable Expenses.

Compensation may include reimbursement for actual and necessary expenditures for reproduction costs, telephone expenses, travel expenses and other direct costs approved by the Contract Officer, or actual subcontractor expenses of an approved subcontractor pursuant to Section 4.5, and only if specified in the Schedule of Compensation. The Contract Sum shall include the attendance of Consultant at an agreed upon number of project meetings deemed necessary by the Town. Coordination of the performance of the work with Town is a critical component of the services and the Town understands that the Consultant charges the Town on a T&M/LH basis plus expenses for any time spent including travel to and from such meetings.

2.4 Invoices.

Each month Consultant shall furnish to Town an original invoice for all work performed and expenses incurred during the preceding month in a form approved by Town's Finance Manager. By submitting an invoice for payment under this Agreement, Consultant is certifying compliance with all provisions of the Agreement. The invoice shall detail charges for all necessary and actual expenses by the following categories: labor (by sub-category), travel, materials, equipment, supplies, sub-contractor contracts and other direct costs. Sub-contractor charges shall also be detailed by such categories. Consultant shall not invoice Town for any duplicate services performed by more than one person.

Town may independently review each invoice submitted by the Consultant to determine whether the work performed, and expenses incurred are in compliance with the provisions of this Agreement. Except as to any charges for work performed or expenses incurred by Consultant which are disputed by Town, or as provided in Section 7.3. Town agrees to pay Consultant within forty-five (45) days of receipt of Consultant's correct and undisputed invoice. Under the State's Prompt Payment Program, the Town agrees to pay Consultant within 45 days of receipt of correct and undisputed invoice. In the event any charges or expenses are disputed by Town, the original invoice shall be returned by Town to Consultant within ten (10) business days for correction and resubmission, otherwise it shall be deemed accepted. Review and payment by the Town of any invoice provided by the Consultant shall not constitute a waiver of any rights or remedies provided herein or any applicable law.

2.5 Waiver.

Payment to Consultant for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Consultant.

ARTICLE 3. PERFORMANCE SCHEDULE

3.1 Time of Essence.

Time is of the essence in the performance of this Agreement.

3.2 Schedule of Performance.

Consultant shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as Exhibit "D" and incorporated herein by this reference. When requested by the Consultant, extensions to the time period(s) specified in the Schedule of Performance may be approved in writing by the Contract Officer but not exceeding one hundred eighty (180) days cumulatively.

3.3 Force Majeure.

The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Consultant, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics or pandemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the Town, if the Consultant shall within ten (10) days of the commencement of such delay notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Contract Officer such delay is justified. The Contract Officer shall extend the time for performance in accordance with the procedures set forth in Section 1.8. The Contract Officer's determination shall be final and conclusive upon the parties to this Agreement. In no event shall Consultant be entitled to recover damages against the Town for any Consultant delay in the performance of this Agreement, however caused, Consultant's sole remedy being extension of the Agreement pursuant to this Section.

3.4 Term.

Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect from **July 1, 2024, through June 30, 2026**. The parties may exercise an **option to renew on the same terms and conditions stated herein, or changes mutually agreed to, for an additional twenty-four (24) month period by written amendment** signed by both parties.

ARTICLE 4. COORDINATION OF WORK

4.1 Representatives and Personnel of Consultant.

The following principals of Consultant ("Principals") are hereby designated as being the principals and representatives of Consultant authorized to act in its behalf with respect to the work specified herein and make all decisions in connection therewith:

Matthew Disher	President
(Name)	(Title)
Dawn Disher	Chief Financial Officer
(Name)	(Title)

It is expressly understood that the experience, knowledge, capability and reputation of the foregoing Principals were a substantial inducement for Town to enter into this Agreement. Therefore, the Principals shall be responsible during the term of this Agreement for directing all activities of Consultant and devoting sufficient time to personally supervise the services hereunder. All personnel of Consultant, and any authorized agents, shall at all times be under the exclusive direction and control of the Principals. For purposes of this Agreement, the Principals may not be replaced nor may their responsibilities be substantially reduced by Consultant without the express written approval of Town. Additionally, Consultant shall utilize only competent personnel to perform services pursuant to this Agreement. Consultant shall make every reasonable effort to maintain the stability and continuity of Consultant's staff and subcontractors, if any, assigned to perform the services required under this Agreement. Consultant shall notify Town of any changes in Consultant's staff and subcontractors, if any, assigned to perform the services required under this Agreement. In the event that Town, in its sole discretion, at any time during the term of this Agreement, desire to reassign any staff or subcontractor of Consultant, Consultant shall, immediately upon written reassign notice, which shall include the Town's reason for the directed reassignment, from Town of such desire of Town, reassign such persons or persons.

4.2 Status of Consultant.

Consultant shall have no authority to bind Town in any manner, or to incur any obligation, debt or liability of any kind on behalf of or against Town, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by Town. Consultant shall not at any time or in any manner represent that Consultant or any of Consultant's officers, employees, or agents are in any manner officials, officers, employees or agents of Town.

4.3 Contract Officer.

The Contract Officer shall be such person as may be designated by the Town Manager. It shall be the Consultant's responsibility to assure that the Contract Officer is kept informed of the progress of the performance of the services and the Consultant shall refer any decisions which must be made by Town to the Contract Officer. Unless otherwise specified herein, any approval of Town required hereunder shall mean the approval of the Contract Officer. The Contract Officer shall have authority, if specified in writing by the Town Manager, to sign all documents on behalf of the Town required hereunder to carry out the terms of this Agreement.

4.4 Independent Consultant.

(a) Consultant is and shall at all times remain a wholly independent contractor and not an officer, employee or agent of Town. Nothing in this Agreement may be construed to be inconsistent with this relationship or status. Consultant shall not at any time or in any manner represent that it or any of its agents or employees are agents or employees of Town. Consultant shall have no authority to bind Town in any manner, nor to incur any obligation, debt or liability of any kind on behalf of or against Town, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by Town.

(b) Consultant shall perform all Services as an independent contractor of Town and shall remain at all times as to Town a wholly independent contractor with only such obligations as are consistent with that role. Consultant shall be solely responsible for the means, methods, techniques, sequences and procedures in performance of Services. The personnel performing the Services under this Agreement on behalf of Consultant shall at all times be under Consultant's exclusive direction and control. Any terms within this Agreement regarding Town directives apply to and concern the result of Consultant's provision of service and not the means, methods, or scheduling of the Consultant's work. Neither Town, nor any elected or appointed boards, officers, officials, employees or agents of Town, shall have control over the conduct of Consultant or any of Consultant's officers, employees, or agents except as set forth in this Agreement. Consultant shall not at any time or in any manner represent that Consultant or any of Consultant's officers, employees, or agents are in any manner officials, officers, employees or agents of Town.

(c) Neither Consultant, nor any of Consultant's officers, employees or agents, shall obtain any privileges or rights to retirement, health care or any other benefits which may

otherwise accrue to Town's employees. Consultant expressly waives any claim Consultant may have to any such benefits, privileges or rights.

4.5 Prohibition Against Subcontracting or Assignment.

The experience, knowledge, capability and reputation of Consultant, its principals and employees were a substantial inducement for the Town to enter into this Agreement. Therefore, H, Consultant shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the Town. This prohibition on subcontracting without advance approval applies to on-site services performed by the Consultant and does not include software providers or associated support. In addition, neither this Agreement nor any interest herein may be transferred, assigned, conveyed, hypothecated or encumbered voluntarily or by operation of law, whether for the benefit of creditors or otherwise, without the prior written approval of Town. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Consultant, taking all transfers into account on a cumulative basis. In the event of any such unapproved transfer, including any bankruptcy proceeding, this Agreement shall be void. No approved transfer shall release the Consultant or any surety of Consultant of any liability hereunder without the express consent of Town.

ARTICLE 5. INSURANCE, INDEMNIFICATION AND BONDS

5.1 Insurance Coverages.

The Consultant shall not commence Work under this Agreement until it has provided evidence satisfactory to the Town that it has secured all insurance required under this section. In addition, Consultant shall not allow any subconsultant to commence work on any subcontract until it has provided evidence satisfactory to the Town and the subconsultant has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the Town to terminate this Agreement for cause.

Minimum requirements. Consultant shall, at its sole cost and expense, procure and maintain for at least the duration of the Agreement, including any extension thereof, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Agreement by the Consultant, its agents, representatives, employees or subconsultants. Consultant shall also require of the subconsultants to procure and maintain the same insurance for the duration of the Agreement including any extension thereof. Such insurance shall meet at least the following minimum levels of coverage:

(a) Commercial General Liability Insurance (Occurrence Form CG0001 or equivalent). Commercial General Liability (CGL): Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than $1,000,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (ISO CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.

(b) Workers Compensation Insurance. A policy of workers compensation insurance in such amount as will fully comply with the Labor Code of the State of California and Employer's Liability limits of $1,000,000 per accident for bodily injury or disease.

(c) Automotive Insurance (Form CA 0001 (Ed 1/87) including "any auto" and endorsement CA 0025 or equivalent). A policy of comprehensive automobile liability insurance written on a per occurrence for bodily injury and property damage in an amount not less than $1,000,000. The Town shall be named additional insured.

(d) Professional Liability. Professional liability insurance appropriate to the Consultant's profession. This coverage may be written on a "claims made" basis, and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to services performed under this Agreement. If the insurance is on a Claims-Made basis, the retroactive date shall be no later than the commencement of the work. Coverage applicable to the work performed under this agreement shall be continued for five (5) years after completion of the work. Such continuation coverage may be provided by one of the following: (1) renewal of the existing policy; (2) an extended reporting period endorsement; or (3) replacement insurance with a retroactive date no later than the commencement of the work under this Agreement.

(e) Consultant shall provide to the Town an endorsement that the workers' compensation insurer waives all rights of subrogation against the Town and its officials, officers, employees and volunteers.

(f) Additional Insurance. Policies of such other insurance, as may be required in the Special Requirements.

(g) Subcontractors. Consultant shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.

(h) If the Consultant maintains broader coverage and/or higher limits than the minimums shown above, the Town requires and shall be entitled to the broader coverage and/or higher limits maintained by the Consultant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the Town.

5.2 General Insurance Requirements.

The Town, its officers, officials, employees, and volunteers shall be named additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Consultant including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the Consultant's insurance (at least as broad as ISO Form CG 20 10 11 85 or both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 forms if later revisions used).

For any claims bodily injury (including death) or damage to tangible property related to this contract, the Consultant's insurance coverage shall be primary insurance primary coverage at least as broad as ISO CG 20 01 04 13 as respects the Town, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the Town, its officers, officials, employees, or volunteers shall be excess of the Consultant's insurance and shall not contribute with it.

If the deductible or self-insured retention exceeds [Not Applicable,] it must be approved in advance by the Town. Consultant is responsible for any deductible or self-insured retention and shall fund it upon the Town's written request, regardless of whether Consultant has a claim against the insurance or is named as a party in any action. The insurance policy must specify that where the primary insured does not satisfy the self-insured retention, any additional insured may satisfy the self-insured retention.

The policy shall cover inter-insured suits and include a "separation of insureds" or "severability" clause which treats each insured separately.

No work or services under this Agreement shall commence until the Consultant has provided the Town with Certificates of Insurance or appropriate insurance binders evidencing the above insurance coverages and said Certificates of Insurance or binders are approved by the Town. Town reserves the right to inspect complete, certified copies of all required insurance policies at any time. Any failure to comply with the reporting or other provisions of the policies including breaches or warranties shall not affect coverage provided to Town.

All Coverages. Consultant shall provide immediate written notice if (1) any of the required insurance policies is terminated; (2) the limits of any of the required policies are reduced; (3) or the deductible or self-insured retention is increased.

The coverage shall contain no special limitations on the scope of protection afforded to Town, and their respective elected and appointed officers, officials, employees or volunteers. Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

Consultant hereby grants to Entity a waiver of any right to subrogation which any insurer of said Consultant may acquire against the Entity by virtue of the payment of any loss under such insurance. Consultant agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the Town has received a waiver of subrogation endorsement from the insurer.

The Consultant agrees that the requirement to provide insurance shall not be construed as limiting in any way the extent to which the Consultant may be held responsible for the payment of damages to any persons or property resulting from the Consultant's activities or the activities of any person or persons for which the Consultant is otherwise responsible nor shall it limit the Consultant's indemnification liabilities as provided in Section 5.3.

In the event the Consultant subcontracts any portion of the work in compliance with Section 4.5 of this Agreement, the contract between the Consultant and such subcontractor shall

require the subcontractor to maintain the same policies of insurance that the Consultant is required to maintain pursuant to Section 5.1, and such certificates and endorsements shall be provided to Town.

Consultant agrees to meet the CIRA Insurance Requirements for IT Professionals attached hereto as Exhibit E.

5.3 Indemnification.

THIS PARAGRAPH LIMITS THE LIABILITIES ARISING UNDER THE AGREEMENT OR ANY SOW AND IS A BARGAINED-FOR AND MATERIAL PART OF THE AGREEMENT. TOWN ACKNOWLEDGES AND AGREE THAT CONSULTANT WOULD NOT ENTER INTO THIS AGREEMENT UNLESS IT COULD RELY ON THE LIMITATIONS DESCRIBED IN THIS PARAGRAPH

a) INDEMNIFICATION FOR PROFESSIONAL LIABILITY. WHERE THE LAW ESTABLISHES A PROFESSIONAL STANDARD OF CARE FOR PARTIES' SERVICES, TO THE FULLEST EXTENT PERMITTED BY LAW, THE PARTIES AGREE TO INDEMNIFY, PROTECT, DEFEND AND HOLD HARMLESS EACH OTHER AND ANY AND ALL OF ITS OFFICIALS, EMPLOYEES AND SUBCONTRACTORS ("INDEMNIFIED PARTIES") FROM AND AGAINST ANY AND ALL LIABILITY (INCLUDING LIABILITY FOR CLAIMS, SUITS, ACTIONS, ARBITRATION PROCEEDINGS, ADMINISTRATIVE PROCEEDINGS, REGULATORY PROCEEDINGS, LOSSES, EXPENSES OR COSTS OF ANY KIND, WHETHER ACTUAL, ALLEGED OR THREATENED, INCLUDING ATTORNEY'S FEES AND COSTS, COURT COSTS, INTEREST, DEFENSE COSTS, AND EXPERT WITNESS FEES) TO THE EXTENT DIRECTLY ARISING OUT OF, OR A DIRECT CONSEQUENCE OFANY GROSS NEGLIGENCE or WILFUL ACT, ERROR OR OMISSION OF THE INDEMNIFYING PARTY'S OFFICIALS, EMPLOYEES AND SUBCONTRACTORS RELATED TO THIS AGREEMENT. THE PRECEDING INDEMNIFICATION OBLIGATIONS ARE CONDITIONED ON ANY OF THE INDEMNIFIED PARTIES: (I) NOTIFYING THE INDEMNIFYING PARTY PROMPTLY IN WRITING OF SUCH ACTION; (II) REASONABLY COOPERATING AND ASSISTING IN SUCH DEFENSE; AND (III) GIVING SOLE CONTROL OF THE DEFENSE AND ANY RELATED SETTLEMENT NEGOTIATIONS TO THE INDEMNIFYING PARTY WITH THE UNDERSTANDING THAT THE INDEMNIFYING PARTY MAY NOT SETTLE ANY CLAIM IN A MANNER THAT ADMITS GUILT OR OTHERWISE PREJUDICES THE INDEMNIFIED PARTY, WITHOUT CONSENT. UNDER NO CIRCUMSTANCES SHALL CONSULTANT'S OR TOWN'S AGGREGATE LIABILITY ARISING DIRECTLY FROM THIS AGREEMENT EXCEED ONE MILLION DOLLARS PER OCCURRENCE FOR ALL CLAIMS EXCEPT TECHNOLOGY LIABILITY CLAIMS WHERE THE AGGREGATE LIABILITY SHALL NOT EXCEED TWO MILLION DOLLARS PER OCCURRENCE.

5.4 Sufficiency of Insurer or Surety.

Insurance required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A" or better in the most recent edition of Best Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a

financial category Class VII or better, unless such requirements are waived by the Risk Manager of the Town ("Risk Manager") due to unique circumstances. If this Agreement continues for more than 3 years duration, or in the event the Risk Manager determines that the work or services to be performed under this Agreement creates an increased or decreased risk of loss to the Town, the Consultant agrees that the minimum limits of the insurance policies may be changed accordingly upon receipt of written notice from the Risk Manager.

ARTICLE 6. RECORDS, REPORTS, AND RELEASE OF INFORMATION

6.1 Records.

Consultant shall keep, and require subcontractors to keep, such ledgers books of accounts, invoices, vouchers, canceled checks, reports, studies or other documents relating to the disbursements charged to Town and services performed hereunder (the "books and records"), as shall be necessary to perform the services required by this Agreement and enable the Contract Officer to evaluate the performance of such services. Any and all such documents shall be maintained in accordance with generally accepted accounting principles and shall be complete and detailed. The Contract Officer shall have full and free access to such books and records at all times during normal business hours of Town, including the right to inspect, copy, audit and make records and transcripts from such records. Such records shall be maintained for a period of 3 years following completion of the services hereunder, and the Town shall have access to such records in the event any audit is required. In the event of dissolution of Consultant's business, custody of the books and records may be given to Town, and access shall be provided by Consultant's successor in interest.

6.2 Reports.

Consultant shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement upon request from the Contract Officer. Consultant hereby acknowledges that the Town is greatly concerned about the cost of work and services to be performed pursuant to this Agreement. For this reason, Consultant agrees that if Consultant becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services contemplated herein or, if Consultant is providing design services, the cost of the project being designed, Consultant shall promptly notify the Contract Officer of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto and, if Consultant is providing design services, the estimated increased or decreased cost estimate for the project being designed.

6.3 Ownership of Documents.

Except for pre-existing intellectual property created at the sole expense of the Consultant, all drawings, specifications, maps, designs, photographs, studies, surveys, data, notes, computer files, reports, records, documents and other materials (the "documents and materials") prepared by Consultant, its employees, subcontractors and agents in the performance of this Agreement shall be the property of Town and shall be delivered to Town upon request of the Contract Officer or upon the termination of this Agreement, and Consultant shall have no claim for further

employment or additional compensation as a result of the exercise by Town of its full rights of ownership use, reuse, or assignment of the documents and materials hereunder. Any use, reuse or assignment of such completed documents for other projects and/or use of uncompleted documents without specific written authorization by the Consultant will be at the Town's sole risk and without liability to Consultant, and Consultant's guarantee and warranties shall not extend to such use, reuse or assignment. Consultant may retain copies of such documents for its own use. Consultant shall have the right to use the concepts embodied therein. All subcontractors shall provide for assignment to Town of any documents or materials prepared by them, and in the event, Consultant fails to secure such assignment, Consultant shall indemnify Town for all damages resulting therefrom.

All Final Work Product developed by Consultant in the course of providing the Services pursuant to this Agreement shall become the sole property of Town and may be used, reused or otherwise disposed of by Town without the permission of the Consultant. Upon completion, expiration or termination of this Agreement, Consultant shall turn over to Town all such Final Work Product if paid for by the Town. This provision specifically excludes Consultants' work notes, drafts and any pre-existing intellectual property, which are owned by Consultant, not Town.

6.4 Confidentiality and Release of Information.

(a) All information gained or work product produced by Consultant in performance of this Agreement shall be considered confidential unless such information is in the public domain; made known to the Consultant without breach of this Agreement, independently developed by Consultant without use of such information or was already known to Consultant. Any information provided by the Town will be considered confidential so long as it is marked with restrictive legend and for electronic information, the equivalent of marking with a restrictive legend is provided, including but not limited to, a transmission accompanying the electronic information notifying the recipient the information is confidential such as the words "confidential" included in an email or affixed as a bates label Consultant shall not release or disclose any such information or work product to persons or entities other than Town without prior written authorization from the Contract Officer.

(b) Consultant, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the Contract Officer or unless requested by the Town Attorney or other government body, voluntarily provide documents, declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena, court order. Or government audit or investigation shall not be considered "voluntary" provided Consultant gives Town notice of such court order, subpoena or Government audit or investigation.

(c) If Consultant, or any officer, employee, agent or subcontractor of Consultant, provides any information or work product in violation of this Agreement, then Town may have the right to reimbursement and indemnity from Consultant for damages, costs and fees, including attorney's fees, caused by or incurred as a result of Consultant's conduct.

(d) Consultant shall promptly notify Town should Consultant, its officers, employees, agents or subcontractors be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed there under. Town retains the right, but has no obligation, to represent Consultant or be present at any deposition, hearing or similar proceeding. If Town elects to represent Consultant, Consultant agrees to cooperate fully with Town. If Consultant controls the defense, Consultant may provide Town with the opportunity to review any response to discovery requests provided by Consultant, at the Town's request and cost. However, this right to review any such response does not imply or mean the right by Town to control, direct, or rewrite said response.

ARTICLE 7. ENFORCEMENT OF AGREEMENT AND TERMINATION

7.1 California Law.

This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of San Bernardino, State of California, or any other appropriate court in such county, and Consultant covenants and agrees to submit to the personal jurisdiction of such court in the event of such action. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in San Bernardino County.

7.2 Disputes; Default.

In the event that Consultant is in default under the terms of this Agreement, the Town shall not have any obligation or duty to continue compensating Consultant for any work performed after the date of default, but the Town remains obligated to pay Consultant for all work performed prior to the date of termination for default. Instead, the Town may give notice to Consultant of the default and the reasons for the default. The notice shall include the timeframe in which Consultant may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Consultant is in default, the Town shall hold all invoices and shall proceed with payment on the invoices only when the default is cured. In the alternative, the Town may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Consultant does not cure the default, the Town may take necessary steps to terminate this Agreement under this Article. Any failure on the part of the Town to give notice of the Consultant's default shall not be deemed to result in a waiver of the Town's legal rights or any rights arising out of any provision of this Agreement.

7.3 Retention of Funds.

Consultant does not authorize Town to deduct from any amount payable to Consultant (whether or not arising out of this Agreement) (i) any amounts the payment of which may be in dispute hereunder or which may be necessary to compensate Town for any losses, costs, liabilities, or damages suffered by Town, and (ii) any amounts for which Town may be liable to third parties, by reason of Consultant's acts or omissions in performing or failing to perform

Consultant's obligation under this Agreement until it has been finally determined by a Court of competent jurisdiction that Consultant is liable for such amounts. In the event that any claim is made by a third party, the amount or validity of which is disputed by Consultant, or any indebtedness shall exist which shall appear to be the basis for a claim of lien, Town may not withhold from any payment due, any amount to cover such claim. Until any dispute or claim is finally adjudicated or otherwise settled between the Parties, the Town shall continue to pay Consultant all monies due in a timely manner and in accordance with the_State's Prompt Payment Program.

7.4 Waiver.

Waiver by any party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision or a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by Town of any work or services by Consultant but shall not constitute a waiver of any of the provisions of this Agreement. No delay or omission in the exercise of any right or remedy by a non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

7.5 Rights and Remedies are Cumulative.

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.6 Legal Action.

In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Agreement. Notwithstanding any contrary provision herein, Consultant must file a statutory claim pursuant to Government Code Sections 905 et seq. and 910 et. seq., in order to pursue a legal action under this Agreement.

7.7 Termination Prior to Expiration of Term.

This Section shall govern any termination of this Contract except as specifically provided in the following Section for termination for cause. The Town reserves the right to terminate this Contract at any time, without cause, upon sixty (60) days' written notice to Consultant. Upon receipt of any notice of termination, Consultant shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Consultant shall be entitled to compensation for all services rendered prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the

Schedule of Compensation or such as may be approved by the Contract Officer, except as provided in Section 7.3. In the event of termination without cause pursuant to this Section, the Town need not provide the Consultant with the opportunity to cure pursuant to Section 7.2. The Town shall pay Consultant all termination costs, which means all costs incurred up to the date of the notice of termination, and costs incurred as a result of the Town's termination for without cause. Consultant agrees to provide an accounting of such termination costs to Town within 60 days of termination. Termination costs include, but shall not be limited to costs which cannot be discontinued immediately after the effective date of termination such as subscription license fees, start-up costs not fully recovered due to early termination without cause, cost of products ordered for Town prior to termination without cause, rental costs under unexpired leases, less the residual value of such leases, settlement expenses including accounting, legal clerical and similar costs reasonably necessary for the preparation and presentation, including supporting data, of termination accounting documents, reasonable costs for storage, transportation, protection, and disposition or property acquired for the Agreement, indirect costs related to salary and wages incurred, severance pay, subcontractor claims, and other costs payable by Consultant to a third party principally because of the early termination of Agreement without cause. Consultant agrees to use commercially reasonable efforts to minimize costs, fees or expenses payable to any third party in connection with such early termination.

7.8 Termination for Default of Consultant.

If termination is due to the failure of the Consultant to fulfill its obligations under this Agreement, Town may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Consultant shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the Town shall use reasonable efforts to mitigate such damages), and Town may withhold any payments to the Consultant for the purpose of set-off or partial payment of the amounts owed the Town as previously stated.

7.9 Attorneys' Fees.

If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees. Attorney's fees shall include attorney's fees on any appeal, and in addition a party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, taking depositions and discovery and all other necessary costs the court allows which are incurred in such litigation. All such fees shall be deemed to have accrued on commencement of such action and shall be enforceable whether or not such action is prosecuted to judgment.

ARTICLE 8. TOWN OFFICERS AND EMPLOYEES: NON-DISCRIMINATION

8.1 Non-liability of Town Officers and Employees.

No officer or employee of the Town shall be personally liable to the Consultant, or any successor in interest, in the event of any default or breach by the Town or for any amount which

may become due to the Consultant or to its successor, or for breach of any obligation of the terms of this Agreement unless it is determined that officer or employee acted without authority or outside of the scope of their employment with the Town such that the Town is not liable.

8.2 Conflict of Interest.

Consultant covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of Town or which would in any way hinder Consultant's performance of services under this Agreement. Consultant further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the Contract Officer. Consultant agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of Town in the performance of this Agreement.

No officer or employee of the Town shall have any financial interest, direct or indirect, in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which effects his financial interest or the financial interest of any corporation, partnership or association in which he is, directly or indirectly, interested, in violation of any State statute or regulation. The Consultant warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement.

8.3 Covenant Against Discrimination.

Consultant covenants that, by and for itself, its heirs, executors, assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, age, color, creed, religion, sex, gender, religion, marital status, national origin, gender identity, veteran status, disability, medical condition, pregnancy, childbirth and related medical conditions, military service, genetic information or testing, sexual orientation, ancestry, or other protected class in the performance of this Agreement. Consultant shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, marital status, national origin, ancestry, or other protected class.

8.4 Unauthorized Aliens.

Consultant hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, *et seq.*, as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Consultant so employ such unauthorized aliens for the performance of work and/or services covered by this Agreement, and should the any liability or sanctions be imposed against Town for such use of unauthorized aliens, Consultant hereby agrees to and shall reimburse Town for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by Town.

ARTICLE 9. MISCELLANEOUS PROVISIONS

9.1 Notices.

Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the Town, to the Town Manager and to the attention of the Contract Officer, TOWN OF YUCCA VALLEY, 57090 Twenty nine Palms Highway, Yucca Valley, California 92284 and in the case of the Consultant, to the person at the address designated on the execution page of this Agreement. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

9.2 Interpretation.

The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

9.3 Counterparts.

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, and such counterparts shall constitute one and the same instrument.

9.4 Integration; Amendment.

This Agreement including the attachments hereto is the entire, complete and exclusive expression of the understanding of the parties. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement.

No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Consultant and by the Town. The Contract Officer shall have the authority to approve any bilateral amendment to this Agreement that includes additional work, time to perform, or an increase in the Contract Sum in accordance with Section 1.8 of this Agreement. The Town's Contract Officer may, but is not required to, make additional minor amendments not affecting substantive terms without further authorization from the Town Council. The Town Council hereby authorizes the Contract Officer to execute any such amendments as required by this Agreement or that do not otherwise reduce Town's rights under this Agreement. All other amendments shall be approved by the Town Council. The Parties agree that the requirement for written modifications cannot be waived and that any attempted waiver shall be void.

9.5 Severability.

In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

9.6 Authority to Execute.

The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the parties.

Southwest Network's Statement of Work # 07012024TOYV

EXHIBIT "B"

SPECIAL REQUIREMENTS
(Superseding Contract Boilerplate)

1. PROVISION OF MATERIALS AND SERVICES TO CONSULTANT. Town agrees to timely furnish, at its own expense, all personnel, all necessary computer hardware, software and related materials and appropriate and safe workspaces for purposes of Consultant or its contracted subcontractors, performing the services. Town will also provide Consultant or its contracted subcontractors, with timely access to all information, passwords and facilities requested by Consultant that is necessary for Consultant or its contracted subcontractors, to perform the Services. Access may be denied for any reason at any time, however if access to information, passwords or facilities is denied, Town understands that the Consultant or its contracted subcontractors, may be unable to perform their duties and any such delay shall not be deemed the fault of the Consultant or its contracted subcontractors.

2. WORKING ENVIRONMENT. Town shall provide a suitable working environment for any Equipment located at Town's facility. Such environment includes, but is not limited to the appropriate temperature, static electricity and humidity controls and properly conditioned electrical supply for each piece of Equipment. Town shall bear the risk of loss of any Equipment located at Town's facility and shall compensate Consultant and contracted subcontractors for any loss incurred due to Town's not providing a suitable working environment.

3. RESPONSIBILITY FOR EQUIPMENT. Town acknowledges that from time to time (a) Consultant may identify additional items that need to be purchased by Town, and (b) changes in Town's systems may be required in order for Consultant to meet Town's requirements. In connection therewith, Town agrees to work in good faith with Consultant to effectuate such purchases or Changes, and such Changes shall be set forth in a Change Order under the Agreement. Since performance of the Agreement is of essence, performance by the Town is also expected on a time is of the essence basis and is a material part of the Agreement. In the event that Consultant is required to purchase any assets, including computer hardware and/or software, in connection with Consultant providing the services, the Consultant can either retain ownership of such assets or charge the Town the cost of such assets as other direct costs. Any assets invoiced to Town or procured by Consultant on Town's behalf shall be the sole property of Town. Town is responsible to ensure the quality, completeness and workmanship of any item or service furnished by Town, and for ensuring that such materials or services do not infringe or violate the rights of any third-party. Consultant will provide back-up services for information stored on Town servers in accordance with the Exhibit A. Town servers may include servers Consultant rents, leases, or sells to Town. Town will maintain adequate backup for all data not stored or backed-up on the servers and establish policies that require all data be maintained on the Town servers. Other than as set forth herein and in Exhibit A, it is not the responsibility of the Consultant to back-up Town's data other than information stored on Town servers in accordance with Exhibit A.

4. CLIENT CYBER SECURITY. It is understood that the services provided under this Agreement are limited to the Scope of Work as detailed in Exhibit A, or any subsequent Project Scope of Work (SOW). The Town procures cybersecurity services as specified in Exhibit A or and/or any subsequent Project Scope of Work (SOW). The cybersecurity services provided under Exhibit A or any subsequent Project Scope of Work (SOW) shall provide reasonable industry-standard physical, administrative, and technical safeguards that will evolve with emerging threats to reasonably protect Town's systems and data, from unauthorized access. The Town agrees and understands that cybersecurity services are constantly evolving and that these services may require ongoing changes to Exhibit A and/or Project SOWs. The Town also understands and acknowledges that cybersecurity services cannot prevent all possible cybersecurity incidents due to their constantly evolving nature. Recommendations or requests from Consultant that impact cybersecurity services are made on a time is of essence basis and Town agrees to treat such recommendations or requests as high priority material elements of this Agreement as anticipated in the SOW or any Project SOW issued hereunder.

5. CYBER INSURANCE. Town and Consultant both warrant and represent that they each carry and shall maintain for the duration of the Agreement sufficient and appropriate Cyber Liability Insurance to cover each of their respective risks and obligations hereunder. In addition, Consultant maintains Professional Liability Insurance that covers errors and omissions and wrongful acts by Consultant in performance of the Services. The preceding is cyber and privacy insurance that will cover in the event Consultant is negligent in the performance of its duties hereunder. However, the Parties understand that Consultant is not, and cannot provide insurance coverage for data loss not caused by negligence of Consultant. The Town understands that it is responsible for obtaining and maintaining its own cyber and privacy insurance should it elect to insure its cyber risk and liabilities. Neither policy shall name the other as an additional insured.

6. TERRORISM. In no event, except gross negligence or intentional and willful misconduct of the Consultant shall Consultant, whether under this Agreement, Exhibit A, other work order or otherwise in connection with any of them, be liable in contract, tort, third-party liability, breach of statutory duty or otherwise, for any direct, indirect or consequential losses, damages or liabilities or expenses, including without limitation loss of anticipated profits, Town shut-down, third-party loss or injury, any loss because of data breach, any loss of personally identifiable or protected information, goodwill, use, market reputation, business receipts or contracts or commercial opportunities, whether or not foreseeable, if such loss was related to, the result of or arose from any act of terrorism, strike or similar labor action, war, invasion, act of foreign enemy, hostilities or warlike operations electronic or otherwise, civil war, rebellion, revolution, insurrection, civil commotion assuming the proportions of or amounting to an uprising, or any action taken in controlling, preventing or suppressing any of these things, including any such act or series of acts of any person or group(s) or persons, whether acting alone or on behalf of or in connection with any organization(s), committed for political, religious or ideological purposes including but not limited to the intention to influence any government and/or to put the public in fear for such purposes by using activities perpetrated electronically that are directed towards the destruction, disruption or subversion of communication and

information systems, infrastructure, computers, telecommunications or electronic networks and/or its content thereof or sabotage and or threat therefrom.

7. EXTRAORDINARY EVENTS. In no event, except gross negligence or intentional and willful misconduct on its part, shall Consultant or its subcontractors whether under this Agreement, Exhibit A, other work order or otherwise in connection with any of them, be liable in contract, tort, third-party liability, breach of statutory duty or otherwise, for any direct, indirect or consequential losses, damages, liabilities expenses, including without limitation loss of anticipated profits, Town shut-down, third-party loss or injury, any loss because of data breach, any loss of personally identifiable or protected information, goodwill, use, market reputation, business receipts or contracts or commercial opportunities, whether or not foreseeable, if such loss was the related to or arose out of any failure or malfunction of electrical, mechanical or telecommunications infrastructure and equipment or services, any satellite failure, or from any fire, flood, earthquake, volcanic eruption, explosion, lighting, wind, hail, tidal wave, landslide, act of God, national or global pandemic or other physical event beyond Consultant's control.

8. DECLINED PRODUCTS OR SERVICES. CONSULTANT HAS NO LIABILITY FOR ANY PRODUCT OR SERVICE OFFERED TO TOWN DURING THE TERM WHICH SUCH PRODUCT OR SERVICE WAS DECLINED BY TOWN

9. DISCLAIMER. DUE TO THE CONSTANT EVOLVING NATURE OF CYBER THREATS, NEITHER THIS AGREEMENT NOR EXHIBIT A CONSTITUTES AN ABSOLUTE GUARANTEE REGARDING THE SECURITY OF TOWN DATA.

10. RESPONSE, DOWNTIME AND ONBOARDING.

10.1. Response. Consultant will provide the Services, and respond to any notification received by Consultant of any error, outage, alarm or alert pertaining to the System, in the manner and within the time period(s) designated in Exhibit A ("Response Time"), except for (i) those periods of time covered under the Onboarding Exemption (defined below), or (ii) periods of delay caused by Town-Side Downtime (defined below), Vendor-Side Downtime (defined below) or (iii) periods in which Consultant is required to suspend the Services to protect the security or integrity of the System or Consultant equipment or network.

10.2. Scheduled Downtime. Scheduled Downtime will be determined by Consultant but will not occur between the hours of 7:30 AM and 5:30 PM PST (or PDT, as applicable), Monday through Friday without the Town's authorization or unless emergency circumstances exist. Consultant will endeavor to provide the Town with at least twenty-four (24) hours of notice prior to scheduling Scheduled Downtime.

10.3. Town-Side Downtime. Consultant is not responsible under any circumstances for any delays or deficiencies in the provision of, or access to, the Services to the extent that

such delays or deficiencies are caused in any way by Town's actions or omissions ("Town-Side Downtime").

10.4. Vendor-Side Downtime. Consultant is not responsible under any circumstances for any delays or deficiencies in the provision of, or access to, the Services to the extent that such delays or deficiencies are caused by third-party service providers, third-party licensors, or "upstream" service or product vendors.

10.5. Onboarding. For the purposes of this Agreement, "Onboarding" will mean those hours or days, as determined by the Consultant during which time Consultant will conduct the onboarding of Town's System, or portions thereof. Consultant will endeavor to provide Town with at least twenty-four (24) hours of notice prior to scheduling the onboarding.

10.6. Onboarding Exemption. It is agreed that prior to, and during the onboarding period, Consultant is not responsible under any circumstances for any delays or deficiencies, any viruses, breaches, hidden malware, or other breaches or attacks on Town's System. Consultant does not assume any responsibility where the System is, or has been, compromised prior to the System being fully onboarded with Consultant. Town waives any rights to file any claim against Consultant or its insurance provider prior to the System being fully onboarded with Consultant and Town agrees to indemnify and hold Consultant harmless from any and all claims that arise prior to the System being fully onboarded with Consultant, regardless of the nature of the claim on the legal theory on which it is claimed.

10.7. Remedies; Limitations. Except for the Onboarding Exemption, if Consultant fails to meet its service level commitment in a given calendar month and provided such failure is not in any way related to or caused by Town-Side Downtime or Vendor-Side Downtime then Town may, in writing, request a pro-rated credit pro-rated equal to the period of time of the outage and/or service failure. All requests for credit must be made within forty-five (45) days after Town first knew, or should have known of the outage and/or failure. The remedies contained in this paragraph are the sole remedies available for Consultant failure to meet any service level commitment during the term of this Agreement.

11. DATA ACCESS/STORAGE. Town's data shall not be stored outside of the United States.

12. PERSONALLY IDENTIFABLE INFORMATION AND EMPLOYEE INFORMATION. Under Exhibit A, Consultant shall not have or need access to any Personally Identifiable Information ("PII") or employee information of Town's in the performance of Services under the Agreement. If, in future, access to PII or employee information for the performance of Services under the Agreement is required or desired, an addendum to the Agreement shall be executed by both Parties to provide for adequate protections of such PII or employee information before any access to or an such information is provided to Consultant by Town.

13. LIMITATION OF LIABILITY. THIS PARAGRAPH LIMITS THE LIABILITIES ARISING UNDER THE AGREEMENT OR ANY SOW AND IS A BARGAINED-FOR AND MATERIAL PART OF THE AGREEMENT. TOWN ACKNOWLEDGES AND AGREE THAT CONSULTANT WOULD NOT ENTER INTO THIS AGREEMENT UNLESS IT COULD RELY ON THE LIMITATIONS DESCRIBED IN THIS PARAGRAPH. TOWN AND OFFICIALS, EMPLOYEES AND SUBCONTRACTORS (COLLECTIVELY, THE "RELEASOR PARTIES") AGREE TO THE FULLEST EXTENT PERMITTED BY LAW, AGREES TO RELEASE THE CONSULTANT AND OFFICORS, DIRECTORS, EMPLOYEES, SHAREHOLDERS, AFFILIATES, SUBCONTRACTORS, AND ASSIGNS (COLLECTIVELY, THE "RELEASED PARTIES") FROM ANY AND ALL LIABILITY FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, INDIRECT DAMAGES, LOSS OF GOOD WILL OR BUSINESS PROFITS, WORK STOPPAGE, DATA LOSS (EXCEPT THOSE REQUIRED BY STATUTE), COMPUTER FAILURE OR MALFUNCTION, ANY AND ALL OTHER COMMERCIAL DAMAGES OR LOSS, OR EXEMPLARY OR PUNITIVE DAMAGES. UNDER NO CIRCUMSTANCES SHALL CONSULTANT'S AGGREGATE LIABILITY ARISING DIRECTLY FROM THIS AGREEMENT EXCEED ONE MILLION DOLLARS PER OCCURRENCE FOR ALL CLAIMS EXCEPT TECHNOLOGY LIABILITY CLAIMS WHERE, SUBJECT TO ALLOTHER TERMS HEREIN THE AGGREGATE LIABILITY SHALL NOT EXCEED TWO MILLION DOLLARS PER OCCURRENCE.

14. WARRANTY. Consultant warrants that it will perform the services substantially in accordance with the specifications set forth under this Agreement or SOW and in accordance with professional standard of work for the industry. Any warranty offered and provided directly by Consultant shall be deemed null and void if the network configuration, product installation or product is (i) altered, modified or repaired by a third party other than Consultant, including, without limitation, the installation of any attachments, features, or devices not supplied or approved by Consultant (ii) misused, abused, or not operated in accordance with the specifications of Consultant or the applicable manufacturer or creator of the hardware or product, or, (iii) subjected to improper site preparation or maintenance by persons other than Consultant or persons approved or designated by Consultant.

15. TOWN DATA AND RESPONSIBILITY. Town shall have sole responsibility for complying with all laws regarding the collection, retention and purpose of data the Town collects and stores and any software the Town elects to install on its system without Consultant consent. Consultant is not responsible or liable for the nature, type, method of collection, authority to collect, retention authority, nature of the content, or Town's authority to obtain, maintain or retain any information or data stored in the Town's information systems.

16. SOFTWARE INSTALLATION AND REPLICATION. If Consultant is required to install or replicate Town software as part of the Services, Consultant will investigate whether all software is properly licensed, and if Consultant discovers any Town software is not properly licensed, Consultant will notify Town of any violations, and the Town shall promptly correct the license matter and Town shall be responsible for the cost to properly license Town software.

Town's act of providing any software to Consultant will be deemed Town's good faith acknowledgement to Consultant that Town believes in good faith it has a valid license that permits Consultant to perform the Services related thereto. In addition, Town desires to retain Consultant to monitor equipment for the installation of unlicensed software which is specified in Exhibit A or a separate Project SOW. Consultant is only responsible for license monitoring for Software set forth in Exhibit A or a separate Project SOW.

17. THIRD-PARTY PRODUCTS. All hardware, software, peripherals or accessories purchased through Consultant ("Third-Party Products") are nonrefundable. Consultant will transfer Original Equipment Manufacturer (OEM) warranty to Town for any hardware or software. Consultant has no liability whatsoever for the quality, functionality or operability of any Third-Party Products, and shall not be held liable as an insurer or guarantor of the performance, uptime or usefulness of any Third-Party Products. All Third-Party Products are provided "as is" and are provided with only the OEM warranty, no warranty from Consultant shall be provided (including but not limited to implied warranties).

EXHIBIT "C"

SCHEDULE OF COMPENSATION

I. **Within the budgeted amounts for each CLIN, and with the approval of the Contract Officer, funds may be shifted from one CLIN sub budget to another so long as the Contract Sum is not exceeded per Section 2.1, unless Additional Services are approved per Section 1.9.**

II. **The Town will compensate Consultant for the Services performed upon submission of a valid invoice. Each invoice is to include:**

A. Line items for all personnel describing the work performed, the number of hours worked, and the hourly rate.

B. Line items for all materials and equipment and other direct costs charged to the Services.

C. Line items for all other approved reimbursable expenses, including travel claimed, with supporting documentation.

D. Line items for all approved subcontractor labor, supplies, equipment, materials, and travel properly charged to the Services.

III. **Except for any Project SOW agreed to between the parties, the total compensation for the Services shall not exceed $160,500 annually for FY 24/25 and $170,500 annually for FY 25/26 as provided in Section 2.1 of this Agreement.**

The Consultant's billing rates for all personnel are included in Exhibit A, the SOW.

EXHIBIT "D"

SCHEDULE OF PERFORMANCE

I. **Consultant shall perform all Services timely on a monthly basis for the Term listed in Section 3.4 of the Agreement.**

II. **Consultant shall deliver the following tangible work products to the Town by the following dates.**

A. **N/A**

B. **N/A**

C. **N/A**

III. **The Parties may approve an extension for performance of the services in accordance with Section 3.4 of the Agreement.**

EXHIBIT E

Insurance Requirements for IT Professional Services

IT Consultant shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Consultant, its agents, representatives, or employees. IT Consultant shall procure and maintain for the duration of the contract insurance claims arising out of their professional services and including, but not limited to loss, damage, theft or other misuse of data, infringement of intellectual property, invasion of privacy and breach of data.

MINIMUM SCOPE AND LIMIT OF INSURANCE

Coverage shall be at least as broad as:
1. Commercial General Liability (CGL): Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than $1,000,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (ISO CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.

2. Automobile Liability: Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if Consultant has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than $1,000,000 per accident for bodily injury and property damage.

3. Workers' Compensation insurance as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than $1,000,000 per accident for bodily injury or disease.
(Not required if consultant provides written verification it has no employees)

4. Technology Professional Liability (Errors and Omissions) Insurance appropriate to the Consultant's profession, with limits not less than $2,000,000 per occurrence or claim, $2,000,000 aggregate. Coverage shall be sufficiently broad to respond to the duties and obligations as is undertaken by Consultant in this agreement and shall include, but not be limited to, claims involving infringement of intellectual property, including but not limited to infringement of copyright, trademark, trade dress, invasion of privacy violations, information theft, damage to or destruction of electronic information, release of private information, alteration of electronic information, extortion and network security. The policy shall provide coverage for breach response costs as well as regulatory fines and penalties as well as credit monitoring expenses with limits sufficient to respond to these obligations.

If Technology Professional Liability policy is written on a claims-made basis:

1. The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.
2. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the contract of work.
3. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of five (5) years after completion of contract work.
4. A copy of the claims reporting requirements must be submitted to the Entity for review.
If the Consultant maintains broader coverage and/or higher limits than the minimums shown above for all policies, the Entity requires and shall be entitled to the broader coverage and/or higher limits maintained by the Consultant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the Entity.

Other Insurance Provisions:

Additional Insured
~~The Entity, its officers, officials, employees, and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Consultant including materials, parts, or equipment furnished in connection with such work or operations~~. General liability coverage can be provided in the form of an endorsement to the Consultant's insurance (at least as broad as ISO Form CG 20 10 11 85 or both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 forms if later revisions used).

Primary Coverage
For any claims related to this contract, the Consultant's insurance coverage shall be primary insurance primary coverage at least as broad as ISO CG 20 01 04 13 as respects the Entity, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the Entity, its officers, officials, employees, or volunteers shall be excess of the Consultant's insurance and shall not contribute with it.

Notice of Cancellation
Consultant shall provide immediate written notice if (1) any of the required insurance policies is terminated; (2) the limits of any of the required polices are reduced; (3) or the deductible or self-insured retention is increased. In the event of any cancellation or reduction in coverage or limits of any insurance, Consultant shall forthwith obtain and submit proof of substitute insurance.

Waiver of Subrogation
Consultant hereby grants to Entity a waiver of any right to subrogation which any insurer of said Consultant may acquire against the Entity by virtue of the payment of any loss under such insurance. Consultant agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the Entity has received a waiver of subrogation endorsement from the insurer.

Self-Insured Retentions
Self-insured retentions must be declared to and approved by the Entity. The Entity may require the Consultant to provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. The policy language shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or Entity.

Acceptability of Insurers
Insurance is to be placed with insurers authorized to conduct business in the state with a current A.M. Best's rating of no less than A:VII, unless otherwise acceptable to the Entity.

Verification of Coverage
Consultant shall furnish the Entity with original Certificates of Insurance including all required amendatory endorsements (or copies of the applicable policy language effecting coverage required by this clause) and a copy of the Declarations and Endorsement Page of the CGL policy listing all policy endorsements to Entity before work begins. However, failure to obtain the required documents prior to the work beginning shall not waive the Consultant's obligation to provide them. The Entity reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

Subcontractors
Consultant shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, ~~and Consultant shall ensure that Entity is an additional insured on insurance required from subcontractors.~~

Special Risks or Circumstances
Entity reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

STATEMENT OF WORK – Guardian IT Peace of Mind (SOW# 07012024TOYV)

Client Name: Town of Yucca Valley		
Client Address: 57090 29 Palms Highway		
City: Yucca Valley	State: CA	Zip: 92284
Client Contact: Jessica Rice		
Phone: 760-369-6585	Fax: 760-369-0626	
Email:		
Start Date: 7/1/2024	End Date:6/30/2026	

Statement of Work No: 07012024TOYV

This Statement of Work ("SOW") is attached to and incorporated into the Agreement for Services By and Between Town of Yucca Valley and Southwest Networks Inc. dated January 1, 2023 ("MSA") agreed to by Southwest Networks, Inc. (the "Managed Service Provider" or "MSP") and the Client as if set forth in full in the MSA. All terms and conditions of the MSA apply to this SOW. Southwest Networks, Inc. will provide the Services described below to the standards stated in the MSA. Capitalized terms used herein, unless otherwise defined, will have the meanings given to them in the MSA.

1. **SERVICES & PRODUCTS (CLIN 001)**

A. **Services.** . The MSP shall provide the following Base Services on a remote basis:

- PC Management/Helpdesk Support
- Printer Management
- Network Management
- Server Management
- Backup Monitoring and Management
- Firewall Management
- Microsoft Patch Management
- Site Documentation
- Vendor Documentation
- Technology Business Reviews
- Professional Services
- Network Monitoring (if ordered)

B. Products.

- Hardware:
  - *1 x Managed 6TB Guardian BDR, with offsite retention*
  - *1 x VPN Device*
  - All included hardware is the property of MSP and is provided as a Service
- Software:
  - *Managed Next-Gen Anti-Virus*
  - *Persistent Threat Detector*
  - *Management Agent*
  - All included software is subject to the commercial license terms which flow through to the Client
- 3rd Party Supported Software
  - Client must obtain and maintain support directly from OEM to qualify but Client may purchase Third Party Products through Consultant In accordance with the MSA Exhibit B, and If Client requests assistance, MSP may assist Client with obtaining and maintain support directly from OEM . Such work will be included in a separate Project SOW as anticipated in Exhibit B.

2. COVERAGE HOURS (CLIN 002)

The MSP Base Services will be provided between the hours of 8:00A.M. – 5:00P.M. Monday through Friday, excluding holidays, only for equipment inventory identified in SOW Exhibit B, as well as any equipment added to the contract during the contract period by modification to the SOW or a Project SOW. Services to support new equipment will be paid for on a pro rata basis as defined in an SOW modification or Project SOW.

Remote Network Monitoring Services, if ordered, will be provided 24/7/365.

3. OBTAINING SUPPORT (CLIN 002 & 003)

To obtain support from the MSP, the Client member needing assistance must open a Trouble Ticket by sending an email to "helpdesk@southwest-networks.com" or by calling 760-770-5200, if email is unavailable. Each email and call will be assigned a Trouble Ticket number for tracking.

Client members should not contact an MSP representative directly. Doing so will result in no Trouble Ticket number getting assigned and delays in getting the issue resolved. The MSP will respond to Client's Trouble Tickets received during the coverage hours above in accordance with SOW Exhibit C.

4. AFTER HOURS AND HOLIDAY SUPPORT (CLIN 003)

Services performed outside of the Coverage Hours set forth above, including holidays, are charged on a fixed fee/labor hour basis as set forth in the Fees and Payment Schedule below.

After Hours and Holiday Support are subject to minimum hour charges of 1 hour for remote labor and 2 hours for on-site labor. MSP will use its best efforts to provide timely service after hours and on holidays, but Client acknowledges and accepts that delays in service after hours or on holidays may occur.

Planned work that is scheduled after hours will be billed at the regular labor rates.

5. FEES AND PAYMENT SCHEDULE

CLIN	Fee Type	Description	Hourly Rate	Not-to-Exceed Amount
000	Fixed Fee	One-Time Client Set-Up Fee	-	$
001	Fixed Fee	Annual MSP Base Services	-	$
001A	Actual Cost	Other Direct Costs	-	$
002	N/A	Included Support	N/A	N/A
003	Labor Hour*	After Hours & Holiday Support	-	$
		After Hours Remote Support (1 Hr. Minimum)	$200.00	-
		After Hours Onsite Support (2 Hr. Minimum)	$200.00	-
003A	Actual Cost	Other Direct Costs	-	$
003B	Actual Cost	Travel (if >50mi from Palm Desert, CA)	-	$
004	Labor Hour*	Project Labor or Added Labor (if requested)	$90.00	$
004A	Labor Hour*	Cyber Security Related Labor	$150.00	$

004B	Actual Cost	Other Direct Costs	-	$
004C	Actual Cost	Travel (if >50mi from Palm Desert, CA)	-	$

*MSP agrees that it will increase its labor hour rates no more than 1x per calendar year and that it will provide Client advance written notice of such increase.

- Contract Line Item ("CLIN") 000 is due to MSP 30 days prior to start date.
- CLIN 001 is due to MSP prior to the Start Date and 30 days prior to the Renewal Date of the SOW. MSP will invoice Client for SOW renewal sixty (60) days prior to the Renewal Date. MSP shall not commence work unless these CLINS are paid in full prior to Start Date/Renewal Date, unless otherwise agreed between the Parties.
- CLIN 003 and CLIN 004 and all ODC CLINS (001A, 003A, 004, 004A) will be invoiced to Client Monthly.

Quantity	Description	Monthly Amount	Monthly Extended Amount
1	Guardian Site Fee	$50.00	$50.00

- Pricing shown is for 1 yr. and automatically renews for I year at a time for 2 additional years.
- Pricing subject to change based on Microsft published rates.
- Microsoft 365 E3 takes the place of Office 365 E3 and is not in addition to Office 365 E3.

6. CYBER SECURTY SERVICES

All Town owned devices must be included in Agreement and must be under MSP management in order to effect proper cybersecurity and IT management. No unmanaged (personal or 3rd party) devices will be allowed to access the Town's primary wired or wireless network. This does not apply to the Town's Guest wireless network Customers and guests of the Town can connect to the Town's Guest wireless network with their devices.

Client agrees and understands that the provision of cyber protections and cyber security monitoring requires ongoing and constantly evolving protective approaches to stay current with basic industry standards and that both the Town and the MSP have to play an active role to protect Town data. Therefore, as a condition of receiving cybersecurity services, Client acknowledges that the MSP will consistently document and provide written recommendations for improvement and changes to Client's network, software, hardware, etc. to remain current with cyber developments. Client agrees to review and approve/disapprove the recommendations of the MSP within 10 business days. Where it is the responsibility of the Client to implement the recommendations of the MSP (e.g. training Town employees), Client agrees to implement the recommendations provided. Should the Client decline to approve or implement any recommendations provided by the MSP, Client agrees to execute a declination letter provided by MSP and to relieve MSP from any liability for any damage regardless of cause, that arises from or is related to Client's declination.

7. THIRD PARTY PROVIDER(S)

To enhance the services deliverables provided by MSP the MSP may utilize third party providers for certain services. In addition to the MSP, client may be legally bound to the third-party provider's terms and conditions and any other agreements and documents presented by the third-party provider that are required to provide the services, each as amended by the third party provider from time to time. Provider name and Terms and Conditions if any are included via link or full text in SOW Exhibit A.

8. MINIMUM REQUIREMENTS OF EXISTING ENVIRONMENT

In order for Client's existing environment to qualify for MSP services, the following minimum requirements must be met:

- All Servers with Microsoft Windows Operating Systems must be running Windows 2016 Server or later, and have all of the latest Microsoft Service Packs and Critical Updates installed.
- All Desktop PC's and Notebooks/Laptops with Microsoft Windows Operating Systems must be running Windows 10 or later and have all of the latest Microsoft Service Packs and Critical Updates installed.
- All Server and Desktop Software must be Genuine, Licensed and Vendor-Supported.
- An appropriately sized Guardian BDR must be used for Backup and Disaster Recovery
- An appropriately sized Guardian Firewall must be used to protect the network.
- The network must have Manageable Gigabit Switches.
- All Wireless data traffic in the environment must be securely encrypted.
- The Internet connection speed has to be a minimum of 5x5. (5Mbps UP and 5Mbps DOWN)
- There must be an outside static IP address available for VPN access.
- Our Guardian Email Defense Solution or the SPAM protection on the Guardian Firewall must be used

If Client's network does not meet these requirements, MSP will provide a Project SOW and cost estimate to Client. Such Project costs are not included in this SOW unless a Project SOW have been executed by the Parties.

If the Client determines not to undertake the Project to bring its existing environment up to the minimum standards stated above, MSP will have no further obligation to perform any services for Client and shall be released form all liability. Costs required to bring Client's environment up to these Minimum Standards are not included in this Agreement.

Client Initials:_____ **Date:**_____

9. SERVICES, ITEMS & COSTS EXCLUDED FROM THE SOW:

Unless otherwise agreed in writing by the Parties, the following services, items and costs are specifically excluded from this SOW. As such, Client acknowledges and agrees that MSP is not responsible for any damages that Client may incur that arise from or are related to any of these listed exclusions.

- Service support for parts, equipment or software not covered by vendor/manufacturer warranty or additional support.
- Maintenance of Applications software packages, whether acquired from MSP or any other source unless as specified in this SOW or in a Project SOW executed between the Parties.
- Programming (modification of software code) and program (software) maintenance unless as specified in this SOW
- Training Services of any kind, except those listed in base agreement SOW .
- Recovery or remediation services due to virus damage.
- Software patches, upgrades and/or updates except for software specifically listed.
- Warranty for anti-virus software.
- The repair of any Client systems, hardware, software or information damaged by viruses.

- The installation of new hardware and/or software unless as specified in this SOW or in a Project SOW executed between the Parties.
- The cost of any parts, equipment, or shipping charges of any kind, these will be charged as other direct costs under the applicable CLIN.
- The cost of any Software, Licensing, Software Renewal or Upgrade Fees of any kind, these will be charged as other direct costs under the applicable CLIN.
- The cost of any 3rd Party Vendor, Manufacturer Support or data breach/Incident Fees of any kind. Such services may be included to the extent mutually agreed to in a separate Project SOW executed between the Parties.
- The cost to bring Client's environment up to minimum standards required for Services. These costs will be included in a separate Project SOW executed between the Parties within the first month of this SOW.
- The cost of any service or repair made necessary by the alteration or modification of equipment, including alterations, software installations or modifications of equipment made by Client or any third Party not authorized by the MSP. These costs will be included in a separate Project SOW executed between the Parties.

Any and all Services requested by Client that fall outside of this SOW will be considered a new Project. Any new Project will be quoted and billed separately and will be subject to a separate Project SOW.

Client Initials:_____ **Date:**_____

This SOW is effective only upon execution by both MSP and Client. Each party hereto warrants and represents that this SOW and the Agreement constitute the legal, valid, and binding obligation of such party as of the Effective Date.

Response and Resolution Times

MSP target response and resolution times during regular business hours M-F, 8:00 AM to 5:00 PM, excluding holidays

Trouble	Priority	Response time (in hours) *	Resolution time (in hours) *	Escalation threshold (in hours)
Service not available (all users and functions unavailable)	1	Within 1 hour	ASAP – Best Effort	2 hours
Significant degradation of service (large number of users or business critical functions affected)	2	Within 4 hours	ASAP – Best Effort	8 hours
Limited degradation of service (limited number of users or functions affected, business process can continue)	3	Within 24 hours	ASAP – Best Effort	48 hours
Small service degradation (business process can continue, one user affected)	4	Within 48 hours	ASAP – Best Effort	96 hours

Support Tiers

Support Tier	Description
Tier 1 Support	All support incidents begin in Tier 1, where the initial trouble ticket is created, the issue is identified and clearly documented, and basic hardware/software troubleshooting is initiated.
Tier 2 Support	All support incidents that cannot be resolved with Tier 1 Support are escalated to Tier 2, where more complex support on hardware/software issues can be provided.
Tier 3 Support	Support Incidents that cannot be resolved by Tier 2 Support are escalated to Tier 3, where support is provided by a senior Engineer who has the ability to collaborate with 3rd Party (Vendor) Support Engineers to resolve the most complex issues.

Persistent Threat Detection	Ongoing	Yes
Microsoft Patch management	Ongoing	Yes
Temporary file deletions	Ongoing	Yes

Description – Servers	Frequency	Included
Monitor servers	Ongoing	Yes
Monitor print queues	Ongoing	Yes
Monitor all server services	Ongoing	Yes
Keep service packs, patches, and hotfixes current as per company policy	Ongoing	Yes
Monitor hard drive free space	Ongoing	Yes
Office 365 user/mailbox management	Ongoing	Yes
Monitor Active Directory replication	Ongoing	Yes
SQL server Monitoring / Management	Ongoing	Yes
Reboot servers if needed	As Needed	Yes
Run Defrag and Check-Disk on all drives	As Needed	Yes
Scheduled off time server maintenance	As Needed	Yes
Install supported software upgrades	As Needed	Yes
Set up and maintain groups (accounting, admin, printers, sales, warehouse, etc.)	As Needed	Yes
Check status of backups	Ongoing	Yes
Alert Client to dangerous conditions	Ongoing	Yes
- Memory running low	Ongoing	Yes
- Hard drive showing sign of failure	Ongoing	Yes
- Hard drive running out of disk space	Ongoing	Yes

Description – Disaster Recovery	Frequency	Included
Disaster recovery of server(s) (Not caused by Virus or Ransomware)	As Needed	Yes
Daily incremental backup	Ongoing	Yes
Offsite backup	Ongoing	Yes
File and Folder Restoration	As Needed	Yes
Same day server virtualization	As Needed	Yes

Description – Devices	Frequency	Included
Manage network printers	As Needed	Yes
Manage networked devices	As Needed	Yes

Description – Security	Frequency	Included
Check firewall logs	As Needed	Yes

Monitor and update antivirus protections, including but not limited to that antivirus definition auto updates have occurred	Ongoing	Yes
Monitor for Backup Failure	Ongoing	Yes
Monitor Screenshot Verifications	Ongoing	Yes
Create new directories, shares and security groups, new accounts, disable/delete old accounts, manage account policies	As Needed	Yes
Permissions and file system management	As Requested	No
Set up new users, including login restrictions, passwords, security, applications	As Needed	Yes
Set up and change security for users and applications	As Needed	Yes
Monitor website use	As Directed	Yes
Website content filtering	Ongoing	Yes

Description – Applications	Frequency	Included
Microsoft Office applications are functioning	Ongoing	Yes
3rd Party Application Support (If previously installed, has manufacturer support contract)	As Needed	Yes

Description – Vendor Documentation	Frequency	Included
Monitor the following vendor relationships:	As Needed	Yes
- Phone, Telco, and Internet	As Needed	Yes
- Copiers, Faxes and scanners	As Needed	Yes
- Website designer and hosting company	As Needed	Yes
- Proprietary software applications	As Needed	Yes
- Software License Management (other than O365)	As Needed	No

Description – Professional Services	Frequency	Included
Technology solution design and development	As Needed	Yes
Onsite implementation and project management	As Needed	No
Technology meetings	As Requested	Yes

Description – 2023 Cyber Security Additions	Frequency	Included
Zero Trust (Per Device – Server, Desktop, Laptop)		
Application Allowlisting, Application Ringfencing and Elevation Control	On-going	Yes
Managed Security Operation Center (Per Device – Server, Desktop, Laptop)		
24/7 Monitoring, Breach Detection, Threat Intelligence & Hunting, SIEMless Log Monitoring, Microsoft Defender integration, Microsoft 365 Monitoring	On-going	Yes
Password Manager (Per User)		
Secure Password Vault, Browser Plugin, Mobile App	As Needed	No
Compliance Management Tools (NIST 800-53) (No Labor included)		
Compliance Tools for gathering and reporting on Compliance. Includes internal and external vulnerability scanning.	On-going	Yes

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Jordan Gumbish, Finance Manager

Date: May 11, 2026

Meeting Date: June 2, 2026

Subject: Audit Contract Amendment No. 4 and Award

Recommendation:

That the Town Council:

1. Amend the Agreement with Rogers, Anderson, Malody & Scott, LLP, extending the agreement for an additional three year period commencing with fiscal year 2026-27 for a total contract amount not to exceed $176,575 as indicated in Exhibit
2. Authorize the Town Manager and Town Attorney to sign all necessary contract documents.
3. Authorize the Town Manager, Deputy Town Manager, and/or Finance Manager to sign the engagement letters annually for the term of the contract.

Prior Review:

Town Council appointed Rogers, Anderson, Malody & Scott, LLP as the Town's Independent Auditor on March 17, 2015. A three year contract was awarded commencing with fiscal year 2014-15.
On February 6, 2018, Town Council approved Amendment No. 1 to the contract, extending the contract period for an additional three years.
On October 20, 2020 Town Council approved Amendment No. 2 to the contract, extending the contract period for an additional three years
On August 15, 2023 Town Council approved Amendment No. 3 to the contract, extending the contract period for an additional three years

Discussion:

Pursuant to Town Code, the Town Council appoints an independent auditor to provide audit services and annual reporting of the accounts and records of the Town. At the request of Town Council, staff distributed a Request for Proposal for Auditing Services on December 2, 2014. The proposal provided for a three year contract period with an option to extend for an

additional three year period commencing with fiscal year 2014-15.

On March 17, 2015, as recommended by the audit subcommittee, Town Council appointed Rogers, Anderson, Malody & Scott, LLP, as the Town's Independent Auditor, and awarded a contract for services (attached)with the firm for a three year period beginning with the fiscal year 2014-15. On February 6, 2018, Town Council approved the first amendment to the audit contract for an extension of an additional three year period commencing fiscal year 2015-16 and ending fiscal year 2019-20. On October 20, 2020 Town Council approved Amendment No. 2 to the contract, extending the contract period for an additional three years. On August 15, 2023 Town Council approved Amendment No. 3 to the contract, extending the contract period for an additional three years.

In the completion of the prior year's audits Town staff has found that Rogers, Anderson, Malody and Scott provides excellent service and professionalism as the Town's independent auditor. It is recommended that the Town Council consider extending the audit contract with Amendment No. 4, which extends the audit contract commencing FY2026-27 to FY2028-29. To ensure appropriate independence a different audit partner within Rogers, Anderson, Malody & Scott, LLP will be assigned to the Town of Yucca Valley's annual audit for various fiscal years within the contract period. There are no other significant changes proposed in the contract amendment. Total costs associated with the fiscal year 2026-27 audit and reporting activities are $52,970, and represent a nominal fee increase from prior year. Subsequent year increases total 3% annually. The proposed fee for the additional cost associated with assisting in the preparation of the government-wide financial statements on the accrual basis of accounting and the Single Audit of Federal Grants totals $5,305 annually.

Alternatives

No alternative is recommended.

Fiscal Impact:

The FY2025-26 General Fund Budget provides sufficient funding for audit services in the Finance Department line item 001-10-7110 Professional Services for the proposed contract amount. The FY2026-27 and FY2027-28 General Fund budget will accommodate the additional annual rates.

RAMS
CERTIFIED PUBLIC ACCOUNTANTS

April 24, 2026

To the Honorable Town Council
Town of Yucca Valley
57090 Twentynine Palms Highway
Yucca Valley, CA 92284

We would like to take this opportunity to express our sincere appreciation to the Town for the confidence and support extended to our firm over the past several years.

As the Town's current audit contract approaches its conclusion, we respectfully submit this proposal for an extension of our audit services. We are proud of the professional services we have provided during our engagement and value the opportunity to have served the Town. In addition to performing the annual audit, we have assisted with the preparation of the Town's financial statements, maintained flexibility in scheduling to accommodate the Town's needs, and remained available throughout the year, at no additional charge, to respond to questions from finance staff.

Our firm has made it a priority to provide the Town with responsive, high-quality service, and we would welcome the opportunity to continue in that role. To ensure continuity and uninterrupted audit services, we propose a three-year extension of our agreement for the fiscal years ending June 30, 2026, 2027, and 2028, at the Town's discretion. As during our current contract term, we will continue to provide consistency in staffing and remain available to assist the Town with technical accounting matters, compliance requirements, and internal control considerations. We will also continue to be available for telephone consultation on financial matters throughout the year, with all such professional consultations included in our proposed fixed fee.

Please see the attached fee schedule for our proposed fees for the fiscal years ending June 30, 2026, 2027, and 2028. As reflected in the schedule, our proposed fees have been modestly adjusted to account for current economic conditions, support staff retention, and the ongoing staffing challenges affecting the profession.

We value our relationship with the Town and appreciate the opportunity to continue serving as its independent auditors. Should the Town have any questions or require additional information, please do not hesitate to contact us at (909) 889-0871. We look forward to continuing our professional relationship with the Town in the years ahead.

Very truly yours,

ROGERS, ANDERSON, MALODY & SCOTT, LLP

Scott Manno, CPA, CGMA
Partner

AMENDMENT NO. 4 TO THE AGREEMENT FOR ANNUAL AUDIT SERVICES DATED APRIL 28, 2015 BETWEEN THE TOWN OF YUCCA VALLEY, A MUNICIPAL CORPORATION ("TOWN"), AND ROGERS, ANDERSON, MALODY & SCOTT, LLP("CONSULTANT")

RECITALS

1. On April 28, 2015, TOWN and CONSULTANT entered in an Agreement for the provision of Audit Services (the "Agreement"). The proposal provided for a three year contract period with an option to extend for an additional three year period.

2. On March 21, 2017 the TOWN and CONSULTANT entered into an additional three year contract period based on the option to extend from the original agreement.

3. On October 20, 2020 the TOWN and CONSULTANT entered into an additional three year contract period based on the option to extend from the original agreement.

4. On August 15, 2023 the TOWN and CONSULTANT entered into an additional three year contract period based on the option to extend from the original agreement.

5. This Amendment extends the contract for an additional three years to include fiscal year 2027, 2028, and 2029 audits in the scope of services and amends the schedule of compensation.

That certain Agreement for Annual Audit Services between the TOWN and the CONSULTANT dated April 28, 2015 and amended on October 20, 2020, and attached hereto is amended in the following respects only:

Section 1. *Section 2.1, Contract Sum*, is here by amended as follows.

*Subject to any limitations set forth in this Agreement, Town agrees to pay Consultant the amounts specified in the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference, but not exceeding the maximum contract amount of **One Hundred Seventy-six Thousand and Five hundred and Seventy-five Dollars** (**$176,575.00**) ("Contract Sum") unless additional compensation is approved pursuant to Section 1.8.*

Section 2. Except as specifically amended herein, all of the terms and conditions of the original Agreement shall continue in full force and effect without revision.

Dated: _____, 2026.

PROFESSIONAL SERVICES AGREEMENT

By and Between

TOWN OF YUCCA VALLEY

and

ROGERS, ANDERSON, MALODY & SCOTT, LLP

BETWEEN THE TOWN OF YUCCA VALLEY AND ROGERS, ANDERSON, MALODY & SCOTT, LLP

THIS AGREEMENT FOR CONTRACT SERVICES (herein" Agreement") is made and entered into this 28th day of April, 2015 by and between the Town of Yucca Valley, a general law city ("Town") and Rogers, Anderson, Malody & Scott, LLP ("Consultant"). Town and Consultant are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties"). Consultant

RECITALS

A. Town has sought, by issuance of a Request for Proposals or Invitation for Bids, the performance of the services defined and described particularly in Article 1 of this Agreement.

B. Consultant, following submission of a proposal or bid for the performance of the services defined and described particularly in Article 1 of this Agreement, was selected by the Town to perform those services.

C. Pursuant to the Town's Municipal Code, Town has authority to enter into and execute this Agreement.

D. The Parties desire to formalize the selection of Consultant for performance of those services defined and described particularly in Article 1 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained herein and other consideration, the value and adequacy of which are hereby acknowledged, the parties agree as follows:

ARTICLE 1. SERVICES OF CONSULTANT

1.1 Scope of Services.

In compliance with all terms and conditions of this Agreement, the Consultant shall provide those services specified in the "Scope of Services" attached hereto as Exhibit "A" and incorporated herein by this reference, which services may be referred to herein as the "services" or "work" hereunder. As a material inducement to the Town entering into this Agreement, Consultant represents and warrants that it has the qualifications, experience, and facilities necessary to properly perform the services required under this Agreement in a thorough, competent, and professional manner, and is experienced in performing the work and services contemplated herein. Consultant shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all services described herein. Consultant covenants that it shall follow the highest professional standards in performing the work and services required hereunder and that all materials will be of good quality, fit for the purpose intended. For purposes of this Agreement, the phrase "highest professional standards" shall mean those standards of practice recognized by one or more first-class firms performing similar work under similar circumstances.

1.2 Consultant's Proposal.

This Agreement shall include the Request for Proposal or Invitation for Bids ("Contract Documents") and the Scope of Service shall include the Consultant's scope of work in Consultant's accepted bid proposal ("Accepted Bid") shall be incorporated herein by this reference as though fully set forth herein. In the event of any inconsistency between the Contract Documents, Accepted Bid, and/or this Agreement, the terms of this Agreement shall govern.

1.3 Compliance with Law.

Consultant shall keep itself informed concerning, and shall render all services hereunder in accordance with all ordinances, resolutions, statutes, rules, and regulations of the Town and any Federal, State or local governmental entity having jurisdiction in effect at the time service is rendered.

1.4 Licenses, Permits, Fees and Assessments.

Consultant shall obtain at its sole cost and expense such licenses, permits and approvals as may be required by law for the performance of the services required by this Agreement. Consultant shall have the sole obligation to pay for any fees, assessments and taxes, plus applicable penalties and interest, which may be imposed by law and arise from or are necessary for the Consultant's performance of the services required by this Agreement, and shall indemnify, defend and hold harmless Town, its officers, employees or agents of Town, against any such fees, assessments, taxes penalties or interest levied, assessed or imposed against Town hereunder.

1.5 Familiarity with Work.

By executing this Agreement, Consultant warrants that Consultant (i) has thoroughly investigated and considered the scope of services to be performed, (ii) has carefully considered how the services should be performed, and (iii) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement. If the services involve work upon any site, Consultant warrants that Consultant has or will investigate the site and is or will be fully acquainted with the conditions there existing, prior to commencement of services hereunder. Should the Consultant discover any latent or unknown conditions, which will materially affect the performance of the services hereunder, Consultant shall immediately inform the Town of such fact and shall not proceed except at Town's risk until written instructions are received from the Contract Officer.

1.6 Care of Work.

The Consultant shall adopt reasonable methods during the life of the Agreement to furnish continuous protection to the work, and the equipment, materials, papers, documents, plans, studies and/or other components thereof to prevent losses or damages, and shall be responsible for all such damages, to persons or property, until acceptance of the work by Town, except such losses or damages as may be caused by Town's own negligence.

1.7 Further Responsibilities of Parties.

Both parties agree to use reasonable care and diligence to perform their respective obligations under this Agreement. Both parties agree to act in good faith to execute all instruments, prepare all documents and take all actions as may be reasonably necessary to carry out the purposes of this Agreement. Unless hereafter specified, neither party shall be responsible for the service of the other.

1.8 Additional Services.

Town shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Services or make changes by altering, adding to or deducting from said work. No such extra work may be undertaken unless a written order is first given by the Contract Officer to the Consultant, incorporating therein any adjustment in (i) the Contract Sum for the actual cost of the extra services, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Consultant. Any increase in compensation of up to ten percent (10%) of the Contract Sum or $25,000, whichever is less; or in the time to perform of up to one hundred eighty (180) days may be approved by the Contract Officer. Any greater increases, taken either separately or cumulatively must be approved by the Town Council. It is expressly understood by Consultant that the provisions of this Section shall not apply to services specifically set forth in the Scope of Services. Consultant hereby acknowledges that it accepts the risk that the services to be provided pursuant to the Scope of Services may be more costly or time consuming than Consultant anticipates and that Consultant shall not be entitled to additional compensation therefor. Town may in its sole and absolute discretion have similar work done by other contractors. No claims for an increase in the Contract Sum or time for performance shall be valid unless the procedures established in this Section are followed.

1.9 Special Requirements.

Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements" attached hereto as Exhibit "B" and incorporated herein by this reference. In the event of a conflict between the provisions of Exhibit "B" and any other provisions of this Agreement, the provisions of Exhibit "B" shall govern.

ARTICLE 2. COMPENSATION AND METHOD OF PAYMENT.

2.1 Contract Sum.

Subject to any limitations set forth in this Agreement, Town agrees to pay Consultant the amounts specified in the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed One Hundred Twelve Thousand Six Hundred and Twenty Dollars ($112,620) (the "Contract Sum"), unless additional compensation is approved pursuant to Section 1.8.

2.2 Method of Compensation.

The method of compensation may include: (i) a lump sum payment upon completion; (ii) payment in accordance with specified tasks or the percentage of completion of the services less

contract retention; (iii) payment for time and materials based upon the Consultant's rates as specified in the Schedule of Compensation, provided that (a) time estimates are provided for the performance of sub tasks, (b) contract retention is maintained, and (c) the Contract Sum is not exceeded; or (iv) such other methods as may be specified in the Schedule of Compensation.

2.3 Reimbursable Expenses.

Compensation may include reimbursement for actual and necessary expenditures for reproduction costs, telephone expenses, and travel expenses approved by the Contract Officer in advance, or actual subcontractor expenses of an approved subcontractor pursuant to Section 4.5, and only if specified in the Schedule of Compensation. The Contract Sum shall include the attendance of Consultant at all project meetings reasonably deemed necessary by the Town. Coordination of the performance of the work with Town is a critical component of the services. If Consultant is required to attend additional meetings to facilitate such coordination, Consultant shall not be entitled to any additional compensation for attending said meetings.

2.4 Invoices.

Each month Consultant shall furnish to Town an original invoice for all work performed and expenses incurred during the preceding month in a form approved by Town's Director of Finance. By submitting an invoice for payment under this Agreement, Consultant is certifying compliance with all provisions of the Agreement. The invoice shall detail charges for all necessary and actual expenses by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and sub-contractor contracts. Sub-contractor charges shall also be detailed by such categories. Consultant shall not invoice Town for any duplicate services performed by more than one person.

Town may independently review each invoice submitted by the Consultant to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. Except as to any charges for work performed or expenses incurred by Consultant which are disputed by Town, or as provided in Section 7.3. Town will use its best efforts to cause Consultant to be paid within thirty (30) days of receipt of Consultant's correct and undisputed invoice; however, Consultant acknowledges and agrees that due to Town warrant run procedures, the Town cannot guarantee that payment will occur within this time period. In the event any charges or expenses are disputed by Town, the original invoice shall be returned by Town to Consultant for correction and resubmission. Review and payment by the Town of any invoice provided by the Consultant shall not constitute a waiver of any rights or remedies provided herein or any applicable law.

2.5 Waiver.

Payment to Consultant for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Consultant.

ARTICLE 3. PERFORMANCE SCHEDULE

3.1 Time of Essence.

Time is of the essence in the performance of this Agreement.

3.2 Schedule of Performance.

Consultant shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as Exhibit "D" and incorporated herein by this reference. When requested by the Consultant, extensions to the time period(s) specified in the Schedule of Performance may be approved in writing by the Contract Officer but not exceeding one hundred eighty (180) days cumulatively.

3.3 Force Majeure.

The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Consultant, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the Town, if the Consultant shall within ten (10) days of the commencement of such delay notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Contract Officer such delay is justified. The Contract Officer shall extend the time for performance in accordance with the procedures set forth in Section 1.8. The Contract Officer's determination shall be final and conclusive upon the parties to this Agreement. In no event shall Consultant be entitled to recover damages against the Town for any delay in the performance of this Agreement, however caused, Consultant's sole remedy being extension of the Agreement pursuant to this Section.

3.4 Term.

Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services but not exceeding one (1) year from the date hereof, except as otherwise provided in the Schedule of Performance (Exhibit "D").

ARTICLE 4. COORDINATION OF WORK

4.1 Representatives and Personnel of Consultant.

The following principals of Consultant ("Principals") are hereby designated as being the principals and representatives of Consultant authorized to act in its behalf with respect to the work specified herein and make all decisions in connection therewith:

Scott Manno	Partner
(Name)	(Title)
Terry Shea	Partner
(Name)	(Title)

(Name) (Title)

It is expressly understood that the experience, knowledge, capability and reputation of the foregoing Principals were a substantial inducement for Town to enter into this Agreement. Therefore, the Principals shall be responsible during the term of this Agreement for directing all activities of Consultant and devoting sufficient time to personally supervise the services hereunder. All personnel of Consultant, and any authorized agents, shall at all times be under the exclusive direction and control of the Principals. For purposes of this Agreement, the Principals may not be replaced nor may their responsibilities be substantially reduced by Consultant without the express written approval of Town. Additionally, Consultant shall utilize only competent personnel to perform services pursuant to this Agreement. Consultant shall make every reasonable effort to maintain the stability and continuity of Consultant's staff and subcontractors, if any, assigned to perform the services required under this Agreement. Consultant shall notify Town of any changes in Consultant's staff and subcontractors, if any, assigned to perform the services required under this Agreement, prior to and during any such performance. In the event that Town, in its sole discretion, at any time during the term of this Agreement, desire to reassign any staff or subcontractor of Consultant, Consultant shall, immediately upon reassign notice from Town of such desire of Town, reassign such persons or persons.

4.2 Status of Consultant.

Consultant shall have no authority to bind Town in any manner, or to incur any obligation, debt or liability of any kind on behalf of or against Town, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by Town. Consultant shall not at any time or in any manner represent that Consultant or any of Consultant's officers, employees, or agents are in any manner officials, officers, employees or agents of Town. Neither Consultant, nor any of Consultant's officers, employees or agents, shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to Town's employees. Consultant expressly waives any claim Consultant may have to any such rights.

4.3 Contract Officer.

The Contract Officer shall be such person as may be designated by the Town Manager. It shall be the Consultant's responsibility to assure that the Contract Officer is kept informed of the progress of the performance of the services and the Consultant shall refer any decisions which must be made by Town to the Contract Officer. Unless otherwise specified herein, any approval of Town required hereunder shall mean the approval of the Contract Officer. The Contract Officer shall have authority, if specified in writing by the Town Manager, to sign all documents on behalf of the Town required hereunder to carry out the terms of this Agreement.

4.4 Independent Consultant.

Neither the Town nor any of its employees shall have any control over the manner, mode or means by which Consultant, its agents or employees, perform the services required herein, except as otherwise set forth herein. Town shall have no voice in the selection, discharge,

supervision or control of Consultant's employees, servants, representatives or agents, or in fixing their number, compensation or hours of service. Consultant shall perform all services required herein as an independent contractor of Town and shall remain at all times as to Town a wholly independent contractor with only such obligations as are consistent with that role. Consultant shall not at any time or in any manner represent that it or any of its agents or employees are agents or employees of Town. Town shall not in any way or for any purpose become or be deemed to be a partner of Consultant in its business or otherwise or a joint venturer or a member of any joint enterprise with Consultant.

4.5 Prohibition Against Subcontracting or Assignment.

The experience, knowledge, capability and reputation of Consultant, its principals and employees were a substantial inducement for the Town to enter into this Agreement. Therefore, Consultant shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the Town. In addition, neither this Agreement nor any interest herein may be transferred, assigned, conveyed, hypothecated or encumbered voluntarily or by operation of law, whether for the benefit of creditors or otherwise, without the prior written approval of Town. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Consultant, taking all transfers into account on a cumulative basis. In the event of any such unapproved transfer, including any bankruptcy proceeding, this Agreement shall be void. No approved transfer shall release the Consultant or any surety of Consultant of any liability hereunder without the express consent of Town.

ARTICLE 5. INSURANCE, INDEMNIFICATION AND BONDS

5.1 Insurance Coverages.

The Consultant shall not commence Work under this Agreement until it has provided evidence satisfactory to the Town that it has secured all insurance required under this section. In addition, Consultant shall not allow any subconsultant to commence work on any subcontract until it has provided evidence satisfactory to the Town and the subconsultant has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the Town to terminate this Agreement for cause.

Minimum requirements. Consultant shall, at its sole cost and expense, procure and maintain for at least the duration of the Agreement, including any extension thereof, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Agreement by the Consultant, its agents, representatives, employees or subconsultants. Consultant shall also require of the subconsultants to procure and maintain the same insurance for the duration of the Agreement including any extension thereof. Such insurance shall meet at least the following minimum levels of coverage:

(a) Commercial General Liability Insurance (Occurrence Form CG0001 or equivalent). A policy of comprehensive general liability insurance written on a per occurrence basis for bodily injury, personal injury and property damage. The policy of insurance shall be in an amount not less than $1,000,000.00 per occurrence or if Commercial General Liability Insurance or other form with general aggregate limit is used, then either the general aggregate

limit shall apply separately to this Agreement or the general aggregate limit shall be twice the occurrence limit.

(b) Workers Compensation Insurance. A policy of workers compensation insurance in such amount as will fully comply with the Labor Code of the State of California and Employer's Liability limits of $1,000,000 per accident for bodily injury or disease.

(c) Automotive Insurance (Form CA 0001 (Ed 1/87) including "any auto" and endorsement CA 0025 or equivalent). A policy of comprehensive automobile liability insurance written on a per occurrence for bodily injury and property damage in an amount not less than $1,000,000.

(d) Professional Liability. Professional liability insurance appropriate to the Consultant's profession. This coverage may be written on a "claims made" basis, and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to services performed under this Agreement. If the insurance is on a Claims-Made basis, the retroactive date shall be no later than the commencement of the work. Coverage applicable to the work performed under this agreement shall be continued for five (5) years after completion of the work. Such continuation coverage may be provided by one of the following: (1) renewal of the existing policy; (2) an extended reporting period endorsement; or (3) replacement insurance with a retroactive date no later than the commencement of the work under this Agreement.

(e) Consultant shall provide to the Town an endorsement that the workers' compensation insurer waives all rights of subrogation against the Town and its officials, officers, employees and volunteers.

(f) Additional Insurance. Policies of such other insurance, as may be required in the Special Requirements.

(g) Subcontractors. Consultant shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.

5.2 General Insurance Requirements.

All of the above policies, except workers' compensation and professional liability, of insurance shall be primary insurance and shall name the Town, its elected and appointed officers, employees and agents as additional insureds by way of endorsement and any insurance maintained by Town or its officers, employees or agents shall apply in excess of, and not contribute with Consultant's insurance. The insurer is deemed hereof to waive all rights of subrogation and contribution it may have against the Town, its officers, employees and agents and their respective insurers. If the Consultant maintains higher limits than the specified limits, the Town requires and shall be entitled to coverage for the higher limits maintained by the Consultant.

If the deductible or self-insured retention exceeds $25,000, it must be approved in advance by the Town. Consultant is responsible for any deductible or self-insured retention and

shall fund it upon the Town's written request, regardless of whether Consultant has a claim against the insurance or is named as a party in any action. The insurance policy must specify that where the primary insured does not satisfy the self-insured retention, any additional insured may satisfy the self-insured retention.

The policy shall cover inter-insured suits and include a "separation of insureds" or "severability" clause which treats each insured separately.

No work or services under this Agreement shall commence until the Consultant has provided the Town with Certificates of Insurance or appropriate insurance binders evidencing the above insurance coverages and said Certificates of Insurance or binders are approved by the Town. Town reserves the right to inspect complete, certified copies of all required insurance policies at any time. Any failure to comply with the reporting or other provisions of the policies including breaches or warranties shall not affect coverage provided to Town.

The insurance required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A" or better in the most recent edition of Best Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a financial category Class VII or better, unless such requirements are waived by the Town's Risk Manager or other designee of the Town due to unique circumstances.

All Coverages. Consultant shall provide immediate written notice if (1) any of the required insurance policies is terminated; (2) the limits of any of the required policies are reduced; (3) or the deductible or self-insured retention is increased.

Town, its respective elected and appointed officers, directors, officials, employees, agents and volunteers are to be covered as additional insureds as respects: liability arising out of ongoing operations Consultant performs; products and completed operations of Consultant; premises owned, occupied or used by Consultant; or automobiles owned, leased, hired or borrowed by Consultant. The coverage shall contain no special limitations on the scope of protection afforded to Town, and their respective elected and appointed officers, officials, employees or volunteers. Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

. The Consultant agrees that the requirement to provide insurance shall not be construed as limiting in any way the extent to which the Consultant may be held responsible for the payment of damages to any persons or property resulting from the Consultant's activities or the activities of any person or persons for which the Consultant is otherwise responsible nor shall it limit the Consultant's indemnification liabilities as provided in Section 5.3.

In the event the Consultant subcontracts any portion of the work in compliance with Section 4.5 of this Agreement, the contract between the Consultant and such subcontractor shall require the subcontractor to maintain the same policies of insurance that the Consultant is required to maintain pursuant to Section 5.1, and such certificates and endorsements shall be provided to Town.

5.3 Indemnification.

To the full extent permitted by law, Consultant agrees to indemnify, defend and hold harmless the Town, its officers, employees and agents ("Indemnified Parties") against, and will

hold and save them and each of them harmless from, any and all actions, either judicial, administrative, arbitration or regulatory claims, damages to persons or property, losses, costs, penalties, obligations, errors, omissions or liabilities whether actual or threatened (herein "claims or liabilities") that may be asserted or claimed by any person, firm or entity arising out of or in connection with the negligent performance of the work, operations or activities provided herein of Consultant, its officers, employees, agents, subcontractors, or invitees, or any individual or entity for which Consultant is legally liable ("indemnors"), or arising from Consultant's reckless or willful misconduct, or arising from Consultant's or indemnors' negligent performance of or failure to perform any term, provision, covenant or condition of this Agreement, and in connection therewith:

(a) Consultant will defend any action or actions filed in connection with any of said claims or liabilities and will pay all costs and expenses, including legal costs and attorneys' fees incurred in connection therewith;

(b) Consultant will promptly pay any judgment rendered against the Town, its officers, agents or employees for any such claims or liabilities arising out of or in connection with the negligent performance of or failure to perform such work, operations or activities of Consultant hereunder; and Consultant agrees to save and hold the Town, its officers, agents, and employees harmless therefrom;

(c) In the event the Town, its officers, agents or employees is made a party to any action or proceeding filed or prosecuted against Consultant for such damages or other claims arising out of or in connection with the negligent performance of or failure to perform the work, operation or activities of Consultant hereunder, Consultant agrees to pay to the Town, its officers, agents or employees, any and all costs and expenses incurred by the Town, its officers, agents or employees in such action or proceeding, including but not limited to, legal costs and attorneys' fees.

Consultant shall incorporate similar, indemnity agreements with its subcontractors and if it fails to do so Consultant shall be fully responsible to indemnify Town hereunder therefore, and failure of Town to monitor compliance with these provisions shall not be a waiver hereof. This indemnification includes claims or liabilities arising from any negligent or wrongful act, error or omission, or reckless or willful misconduct of Consultant in the performance of professional services hereunder. The provisions of this Section do not apply to claims or liabilities occurring as a result of Town's sole negligence or willful acts or omissions, but, to the fullest extent permitted by law, shall apply to claims and liabilities resulting in part from Town's negligence, except that design professionals' indemnity hereunder shall be limited to claims and liabilities arising out of the negligence, recklessness or willful misconduct of the design professional. The indemnity obligation shall be binding on successors and assigns of Consultant and shall survive termination of this Agreement.

In addition, Consultant agrees to indemnify, defend and hold harmless the Indemnified Parties from, any and all claims and liabilities for any infringement of patent rights, copyrights or trademark on any person or persons in consequence of the use by the Indemnified Parties of articles to be supplied by Consultant under this Agreement, and of which the Consultant is not the patentee or assignee or has not the lawful right to sell the same.

5.4 Sufficiency of Insurer or Surety.

Insurance required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A" or better in the most recent edition of Best Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a financial category Class VII or better, unless such requirements are waived by the Risk Manager of the Town ("Risk Manager") due to unique circumstances. If this Agreement continues for more than 3 years duration, or in the event the Risk Manager determines that the work or services to be performed under this Agreement creates an increased or decreased risk of loss to the Town, the Consultant agrees that the minimum limits of the insurance policies may be changed accordingly upon receipt of written notice from the Risk Manager.

ARTICLE 6. RECORDS, REPORTS, AND RELEASE OF INFORMATION

6.1 Records.

Consultant shall keep, and require subcontractors to keep, such ledgers books of accounts, invoices, vouchers, canceled checks, reports, studies or other documents relating to the disbursements charged to Town and services performed hereunder (the "books and records"), as shall be necessary to perform the services required by this Agreement and enable the Contract Officer to evaluate the performance of such services. Any and all such documents shall be maintained in accordance with generally accepted accounting principles and shall be complete and detailed. The Contract Officer shall have full and free access to such books and records at all times during normal business hours of Town, including the right to inspect, copy, audit and make records and transcripts from such records. Such records shall be maintained for a period of 3 years following completion of the services hereunder, and the Town shall have access to such records in the event any audit is required. In the event of dissolution of Consultant's business, custody of the books and records may be given to Town, and access shall be provided by Consultant's successor in interest.

6.2 Reports.

Consultant shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement as the Contract Officer shall require. Consultant hereby acknowledges that the Town is greatly concerned about the cost of work and services to be performed pursuant to this Agreement. For this reason, Consultant agrees that if Consultant becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services contemplated herein or, if Consultant is providing design services, the cost of the project being designed, Consultant shall promptly notify the Contract Officer of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto and, if Consultant is providing design services, the estimated increased or decreased cost estimate for the project being designed.

6.3 Ownership of Documents.

All drawings, specifications, maps, designs, photographs, studies, surveys, data, notes, computer files, reports, records, documents and other materials (the "documents and materials") prepared by Consultant, its employees, subcontractors and agents in the performance of this Agreement shall be the property of Town and shall be delivered to Town upon request of the Contract Officer or upon the termination of this Agreement, and Consultant shall have no claim

for further employment or additional compensation as a result of the exercise by Town of its full rights of ownership use, reuse, or assignment of the documents and materials hereunder. Any use, reuse or assignment of such completed documents for other projects and/or use of uncompleted documents without specific written authorization by the Consultant will be at the Town's sole risk and without liability to Consultant, and Consultant's guarantee and warranties shall not extend to such use, reuse or assignment. Consultant may retain copies of such documents for its own use. Consultant shall have the right to use the concepts embodied therein. All subcontractors shall provide for assignment to Town of any documents or materials prepared by them, and in the event Consultant fails to secure such assignment, Consultant shall indemnify Town for all damages resulting therefrom.

6.4 Confidentiality and Release of Information.

(a) All information gained or work product produced by Consultant in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Consultant. Consultant shall not release or disclose any such information or work product to persons or entities other than Town without prior written authorization from the Contract Officer.

(b) Consultant, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the Contract Officer or unless requested by the Town Attorney, voluntarily provide documents, declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Consultant gives Town notice of such court order or subpoena.

(c) If Consultant, or any officer, employee, agent or subcontractor of Consultant, provides any information or work product in violation of this Agreement, then Town shall have the right to reimbursement and indemnity from Consultant for any damages, costs and fees, including attorneys fees, caused by or incurred as a result of Consultant's conduct.

(d) Consultant shall promptly notify Town should Consultant, its officers, employees, agents or subcontractors be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed there under. Town retains the right, but has no obligation, to represent Consultant or be present at any deposition, hearing or similar proceeding. Consultant agrees to cooperate fully with Town and to provide Town with the opportunity to review any response to discovery requests provided by Consultant. However, this right to review any such response does not imply or mean the right by Town to control, direct, or rewrite said response.

ARTICLE 7. ENFORCEMENT OF AGREEMENT AND TERMINATION

7.1 California Law.

This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of San Bernardino, State of California, or any other appropriate court in such county, and Consultant covenants and agrees to submit to the personal

jurisdiction of such court in the event of such action. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in San Bernardino County.

7.2 Disputes; Default.

In the event that Consultant is in default under the terms of this Agreement, the Town shall not have any obligation or duty to continue compensating Consultant for any work performed after the date of default. Instead, the Town may give notice to Consultant of the default and the reasons for the default. The notice shall include the timeframe in which Consultant may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Consultant is in default, the Town shall hold all invoices and shall proceed with payment on the invoices only when the default is cured. In the alternative, the Town may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Consultant does not cure the default, the Town may take necessary steps to terminate this Agreement under this Article. Any failure on the part of the Town to give notice of the Consultant's default shall not be deemed to result in a waiver of the Town's legal rights or any rights arising out of any provision of this Agreement.

7.3 Retention of Funds.

Consultant hereby authorizes Town to deduct from any amount payable to Consultant (whether or not arising out of this Agreement) (i) any amounts the payment of which may be in dispute hereunder or which are necessary to compensate Town for any losses, costs, liabilities, or damages suffered by Town, and (ii) all amounts for which Town may be liable to third parties, by reason of Consultant's acts or omissions in performing or failing to perform Consultant's obligation under this Agreement. In the event that any claim is made by a third party, the amount or validity of which is disputed by Consultant, or any indebtedness shall exist which shall appear to be the basis for a claim of lien, Town may withhold from any payment due, without liability for interest because of such withholding, an amount sufficient to cover such claim. The failure of Town to exercise such right to deduct or to withhold shall not, however, affect the obligations of the Consultant to insure, indemnify, and protect Town as elsewhere provided herein.

7.4 Waiver.

Waiver by any party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision or a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by Town of any work or services by Consultant shall not constitute a waiver of any of the provisions of this Agreement. No delay or omission in the exercise of any right or remedy by a non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

7.5 Rights and Remedies are Cumulative.

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party

of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.6 Legal Action.

In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Agreement. Notwithstanding any contrary provision herein, Consultant must file a statutory claim pursuant to Government Code Sections 905 et seq. and 910 et. seq., in order to pursue a legal action under this Agreement.

7.7 Termination Prior to Expiration of Term.

This Section shall govern any termination of this Contract except as specifically provided in the following Section for termination for cause. The Town reserves the right to terminate this Contract at any time, with or without cause, upon thirty (30) days' written notice to Consultant, except that where termination is due to the fault of the Consultant, the period of notice may be such shorter time as may be determined by the Contract Officer. In addition, the Consultant reserves the right to terminate this Contract at any time, with or without cause, upon sixty (60) days' written notice to Town, except that where termination is due to the fault of the Town, the period of notice may be such shorter time as the Consultant may determine. Upon receipt of any notice of termination, Consultant shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Except where the Consultant has initiated termination, the Consultant shall be entitled to compensation for all services rendered prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation or such as may be approved by the Contract Officer, except as provided in Section 7.3. In the event the Consultant has initiated termination, the Consultant shall be entitled to compensation only for the reasonable value of the work product actually produced hereunder. In the event of termination without cause pursuant to this Section, the terminating party need not provide the non-terminating party with the opportunity to cure pursuant to Section 7.2.

7.8 Termination for Default of Consultant.

If termination is due to the failure of the Consultant to fulfill its obligations under this Agreement, Town may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Consultant shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the Town shall use reasonable efforts to mitigate such damages), and Town may withhold any payments to the Consultant for the purpose of set-off or partial payment of the amounts owed the Town as previously stated.

7.9 Attorneys' Fees.

If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees. Attorney's fees shall include attorney's

fees on any appeal, and in addition a party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, taking depositions and discovery and all other necessary costs the court allows which are incurred in such litigation. All such fees shall be deemed to have accrued on commencement of such action and shall be enforceable whether or not such action is prosecuted to judgment.

ARTICLE 8. TOWN OFFICERS AND EMPLOYEES: NON-DISCRIMINATION

8.1 Non-liability of Town Officers and Employees.

No officer or employee of the Town shall be personally liable to the Consultant, or any successor in interest, in the event of any default or breach by the Town or for any amount which may become due to the Consultant or to its successor, or for breach of any obligation of the terms of this Agreement.

8.2 Conflict of Interest.

Consultant covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of Town or which would in any way hinder Consultant's performance of services under this Agreement. Consultant further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the Contract Officer. Consultant agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of Town in the performance of this Agreement.

No officer or employee of the Town shall have any financial interest, direct or indirect, in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which effects his financial interest or the financial interest of any corporation, partnership or association in which he is, directly or indirectly, interested, in violation of any State statute or regulation. The Consultant warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement.

8.3 Covenant Against Discrimination.

Consultant covenants that, by and for itself, its heirs, executors, assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry, or other protected class in the performance of this Agreement. Consultant shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, marital status, national origin, ancestry, or other protected class.

8.4 Unauthorized Aliens.

Consultant hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, et seq., as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Consultant so employ such unauthorized aliens for the performance of work and/or services covered by this Agreement, and should the any liability or sanctions be imposed against Town for such use of

unauthorized aliens, Consultant hereby agrees to and shall reimburse Town for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by Town.

ARTICLE 9. MISCELLANEOUS PROVISIONS

9.1 Notices.

Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the Town, to the Town Manager and to the attention of the Contract Officer, TOWN OF YUCCA VALLEY, 57090 Twentynine Palms Highway, Yucca Valley, California 92284 and in the case of the Consultant, to the person at the address designated on the execution page of this Agreement. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

9.2 Interpretation.

The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

9.3 Counterparts.

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, and such counterparts shall constitute one and the same instrument.

9.4 Integration; Amendment.

This Agreement including the attachments hereto is the entire, complete and exclusive expression of the understanding of the parties. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Consultant and by the Town Council. The parties agree that this requirement for written modifications cannot be waived and that any attempted waiver shall be void.

9.5 Severability.

In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

9.6 Corporate Authority.

The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the parties.

I. Consultant will perform the following Services:

All services indicated in Proposal for Professional Auditing Services dated January 27, 2015(see attached as A-1)

II. As part of the Services, Consultant will prepare and deliver the following tangible work products to the Town:

All work products indicated in the Proposal for Professional Auditing Services dated January 27, 2015(see attached as A-1)

III. In addition to the requirements of Section 6.2, during performance of the Services, Consultant will keep the Town appraised of the status of performance by delivering the following status reports:

A. n/a

B.

C.

IV. All work product is subject to review and acceptance by the Town, and must be revised by the Consultant without additional charge to the Town until found satisfactory and accepted by Town.

V. Consultant will utilize the following personnel to accomplish the Services:

As indicated Proposal for Professional Auditing Services dated January 27, 2015(see attached as A-1)

EXHIBIT "B"

SPECIAL REQUIREMENTS
(Superseding Contract Boilerplate)

The language below supersedes the language in Section 6.3 of the contract:

The audit documentation for this engagement is the property of Rogers, Anderson, Malody & Scott, LLP and constitutes confidential information. However, subject to applicable laws and regulations including without limitation the California Public Records Act, audit documentation and appropriate individuals will be made available upon request and in a timely manner to various regulators or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Rogers, Anderson, Malody & Scott, LLP personnel. Furthermore, upon request, Contractor may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained by Rogers, Anderson, Malody & Scott, LLP for a minimum of seven years after the report release date or for any additional period requested by the Town of Yucca Valley. If we are aware that a federal awarding agency or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

EXHIBIT "C"

SCHEDULE OF COMPENSATION

I. Consultant shall perform the following tasks at the following rates:

		RATE	TIME
A.	**Audit for fiscal year ending 6/30/15**	**$37,540**	**5/2015-12/2015**
B.	**Audit for fiscal year ending 6/30/15**	**$37,540**	**5/2016-12/2016**
C.	**Audit for fiscal year ending 6/30/15**	**$37,540**	**5/2017-12/2017**

II. The Town will compensate Consultant for the Services performed upon submission of a valid invoice. Each invoice is to include:

A. Progress invoice

III. The total compensation for the Services shall not exceed $112,620 as provided in Section 2.1 of this Agreement.

EXHIBIT "D"

SCHEDULE OF PERFORMANCE

I. **Consultant shall perform all Services timely in accordance with the schedule to be developed by Consultant and subject to the written approval of the Contract Officer and the Town Attorney's office.**

II. **Consultant shall deliver the following tangible work products to the Town by the following dates.**

CAFR and final reports due to Town Council third Tuesday in November of each contract year.

III. **The Contract Officer may approve extensions for performance of the services in accordance with Section 3.2.**

Sharon Cisneros, Finance Manager
Town of Yucca Valley
57090 29 Palms Highway
Yucca Valley, CA 92284

Dear Sharon,

I am pleased to respond, on behalf of Rogers, Anderson, Malody & Scott, LLP, (RAMS) to your request for proposals regarding professional auditing services. Our goal for the past 66 years has been to provide honest, accurate, objective results to all of our clients, including not-for-profit organizations such as yours. Our success in this effort is witnessed by both the growth of our firm and the list of long-term clients who trust us.

At RAMS, we are committed to achieving the highest quality audit possible. We understand the complexity of performing governmental audits and that's why we have a dedicated team of auditors that possess the specialized knowledge and experience to help ensure compliance and changes in regulations that may impact your audit. We plan and execute our audits in a way that maximizes audit efficiency and quality and provides you the highest quality services.

We are aware that the Town has other proposals to consider. We believe that RAMS would be the appropriate choice for the audit engagement for the following reasons, which are provided in more detail in our proposal. Our firm:

- Has an established reputation in the governmental and not-for-profit accounting and auditing community for providing excellent, timely service and high quality reporting to our clients.
- Provides auditing services to over 50 governmental entities and not-for-profit organizations, including over 20 cities, most of which have enterprise activities.
- Understands the audit process, as a whole, can be a stressful experience for you and your staff; we understand that you will have other commitments and your regular workloads during the audit period. We make every effort to ensure the audit process, from the interim field work to the preparation of the required financial reports, will be as trouble-free as possible for you and your staff. We accomplish this through comprehensive planning of the audit and utilizing our staff in the most efficient and effective manner.
- Has audit team members that are personable and easy to work with. Through open and responsive communication with all parties involved in the audit process, we work to have the most efficient audit possible by minimizing operational distractions of your staff, while maximizing quality service and products.

- Provides extensive training and continuing education to all of our audit staff through a combined use of in-house instruction and third-party providers. Our audit team members are experienced with and receive regular training in performing Single Audits in accordance with Federal OMB Circulars A-21 and A-133.
- Is committed to helping you meet all reporting/auditing deadlines, resolving any issues encountered during your audit (e.g., accounting or auditing, new pronouncements, etc.), and providing you with quality audit services.
- Has an extensive quality control review process to ensure your financial reports meet the highest standards. In addition to the preparation of financial reports by the engagement team and review by the engagement manager, *each report is also examined by 2 audit partners and 2 professional proofreaders.*
- Has assisted many of our clients with the preparation of their Comprehensive Annual Financial Reports, and all of our clients that have submitted their reports for the Government Finance Officers Association (GFOA) or California Society of Municipal Finance Officers (CSMFO) awards have received the awards. Our participation as a GFOA reviewer also indirectly benefits our clients in the quality review process.
- Is a full service firm, with specialists in auditing, reviews and compilations, tax planning and preparation, as well as business consulting. The diverse experience and accessibility of the professionals in these areas help us to provide a comprehensive approach to a wide variety of needs.
- Believes that our fee estimate and arrangement provides a fair and reasonable cost, commensurate with the experience of the audit team members, to perform the annual audit and tax services for the Town.

We understand the scope of the work to be performed, auditing standards to be followed, and the reports to be issued, as described in the Town's *Request for Proposal*. We also are committed to performing the required work within agreed upon time frames.

Mr. Shea (CPA license #45615) and Mr. Manno (CPA license #80428), Partners, are authorized to act on behalf of Rogers, Anderson, Malody & Scott, LLP. We can be reached at: 735 E. Carnegie Drive, Suite 100, San Bernardino, CA 92408, (909)889-0871, tshea@ramscpa.net or smanno@ramscpa.net. Please contact us if you have any questions regarding this proposal.

Thank you for the opportunity to present our proposal qualifications and to serve as independent auditors to the Town of Yucca Valley. We look forward to having a long and mutually beneficial relationship with the Town.

Respectfully yours,

ROGERS, ANDERSON, MALODY & SCOTT, LLP

Scott W. Manno, CPA, CGMA
Partner

License to practice in California

Rogers, Anderson, Malody & Scott, LLP is licensed to practice in the State of California. The key professional staff, which includes the partners, managers, and supervisors, are all certified public accountants licensed to practice in the State of California.

Independence

Rogers, Anderson, Malody & Scott, LLP is independent of the Town of Yucca Valley, and all of its component units, as defined by general standard number two of the generally accepted auditing standards.

We are also independent of the Town of Yucca Valley, as defined by the second general standard for government auditing in the U.S. Government Accountability Office's *Government Auditing Standards* (2011).

Business license

We understand that if selected we will be required to obtain a Town of Yucca Valley business license.

Insurance

If selected, we agree to maintain insurance levels no less than the Town's minimum insurance requirements during the entire term of the engagement.

About our firm

Rogers, Anderson, Malody & Scott, LLP was founded in 1948 and is located at 735 E. Carnegie Drive, Suite 100, San Bernardino, California. We are one of the oldest CPA firms in Southern California, with over 60 years of public practice experience, specializing in governmental agency and not-for-profit organization auditing, accounting and management advisory services. Over *fifteen thousand hours per year* are devoted to this area of our practice, which includes cities, redevelopment agencies, water districts, other special districts, not-for-profit corporations and joint power authorities.

Our firm has a total staff of thirty-one people, which includes sixteen certified public accountants. Our staff consists of five partners, two managers, ten supervisors/senior accountants, ten staff accountants and four support staff. Our audit staff consists of twenty members who devote over 85% of their time to municipal/not-for-profit engagements. Tentatively, the audit team assigned to the Town's engagement will consist of the following full-time staff: two audit partners, one audit manager, one audit senior and three staff auditors. All personnel are located in our San Bernardino office.

We understand that organizations desire that its auditors have a thorough understanding of the complex accounting and compliance issues confronting entities such as yours. Our firm has a long history of governmental/not-for-profit accounting and auditing. Over the years, we have gained valuable experience, acquired in-depth knowledge, and obtained the technical expertise needed for governmental/not-for-profit accounting and auditing.

Our firm is committed to providing our clients with the highest quality service at the most reasonable fee. The professionals assigned to the Town's financial audit have each made providing quality service their priority.

Please see Attachment B for a complete list of all of our current municipal clients.

Single audit experience

Most of our city clients, and some of our other governmental and not-for-profit clients, have been subject to an audit in accordance with OMB Circular A-133. We also have experience in auditing American Recovery and Reinvestment Act (ARRA) grants. We recently performed single audits for the following entities:

City of Capitola
City of Chino
City of Goleta
City of Norco
City of Fillmore
City of Rosemead
City of San Juan Capistrano
City of La Verne
City of La Mesa
City of Mission Viejo
City of Redondo Beach
City of Twentynine Palms
Community Action Partnership of San Bernardino County
University Enterprises Corporation at CSUSB
Western Municipal Water District

Housing Authority and Successor Agency experience

For the fiscal years ended June 30, 2012 and 2013 the firm audited the following Housing Authorities and Successor Agencies for the following Cities:

City of Capitola	City of San Juan Capistrano
City of Chino	City of La Verne
City of Goleta	City of San Jacinto
City of Norco	City of Twentynine Palms
City of Fillmore	City of La Mesa
City of Grand Terrace	City of Rosemead
City of El Cajon	City of Mission Viejo
City of Lemon Grove	City of Sierra Madre
City of San Bernardino	City of Moorpark

The firm also performed the Due Diligence Reviews Agreed-Upon Procedures for fourteen Successor Agencies.

CAFR preparation

We have extensive experience in the preparation of Comprehensive Annual Financial Reports (CAFR). For the fiscal year ended June 30, 2013, we prepared over 15 CAFR's, and each entity received the Certificate of Achievement for Excellence in Financial Reporting from the GFOA. For the fiscal year ended June 30, 2014, we again prepared over 15 CAFR's for our clients for their submittal to the GFOA. In addition, we have helped many cities develop their first year's report for submittal. The engagement partner currently serves as a CAFR reviewer for the GFOA.

Governmental Audit Quality Center

As a member of the American Institute of CPAs *Governmental Audit Quality Center*, we are committed to adhering to the highest quality standards by voluntarily agreeing to the Center membership requirements, which include designating a partner responsible for the quality of our governmental and not-for-profit audit practice, establishing quality control programs, performing annual internal inspection procedures, and making our peer review report findings publicly available. At RAMS, our goal is to continue to enhance our quality initiatives within our governmental and not-for-profit audit practice to deliver the highest quality audit services possible.

In addition, the Governmental Audit Quality Center provides access to comprehensive resources that will assist us in further enhancing the quality of your audit. The Center membership will provide us timely information on a variety of technical, legislative and regulatory subjects that we can in turn apply to your audit to help ensure compliance with the appropriate standards and changes in regulations.

Our team of auditor specialists stays current in this highly technical practice area by adhering to the continuing professional education requirements of *Government Auditing Standards* and attending various continuing education programs including the annual AICPA National Governmental Accounting and Auditing Update Conference, the AICPA National Not-for-Profit Industry Conference, the Governmental Audit Quality Center Annual Webcast Update and other relevant seminars and by reviewing monthly publications from the American AICPA, the GFOA, and various other resources.

Other services

Our firm provides various other services in addition to auditing services to governmental and not-for-profit entities, including:

- Study and evaluation of financial condition and fiscal policies
- Transient Occupancy Tax Agreed Upon Procedures
- Financial projections
- Organizational studies
- Franchise (refuse, cable) Agreed Upon Procedures
- EDP control reviews and computer feasibility studies
- Accounting policies and procedures
- Cost control and cost allocation plans
- Capital improvement program procedures and policies
- Cash management studies
- Financing and public bond offering assistance
- Franchise agreement assistance (ambulance, cable, television, refuse, etc.)

Quality control

We have an extensive quality control review process to ensure your audit meets the highest standards. In addition to the preparation of financial reports by the engagement team and review by the engagement manager, each report is also examined by the engagement partner and the technical review partner, and is proofread by two professional staff. Our firm is a member of the AICPA's Governmental Audit Quality Center (GAQC) and the AICPA's Private Company Practice Section (PCPS). We perform an in-house peer review over our audit and attest engagements annually, and receive an independent external peer review every three years.

External quality control examinations

As a member of the AICPA Private Companies Practice Section, our firm has participated in "Peer Review" since 1993 and has been examined every three years since that date. Throughout our participation in this program, the firm has received unqualified opinions from the peer reviewers. A copy of our most recent external quality control review dated May 31, 2012 for the year ended November 30, 2011 (Attachment A) is attached. The latest review included reviews of specific governmental and not-for-profit entities.

The firm is not aware of any federal or state desk reviews or field reviews of its audits during the last three years.

The firm ***has never*** had any disciplinary action taken or pending against it with state regulatory bodies or professional organizations, nor has it ever had any pending or settled litigation, civil or criminal investigations. Our firm does not have a record of substandard work.

Subcontractors

In the past, our firm has used the professional service firm Thales Consulting Inc to complete our clients Financial Transaction Reports to the State Controller's Office. For the Town's audit, we would consider this option if possible. For information about Thales Consulting Inc, please see their website at www.thales-consulting.com.

The quality of service you receive is dependent on the capabilities of the individuals assigned to the engagement, and the manner in which those personnel resources are organized to efficiently focus their abilities on providing you with the requested audit services.

Our engagement team will provide significant experience coupled with an extensive, practical understanding of governmental and not-for-profit accounting and auditing. These professionals are highly trained and knowledgeable and have a thorough understanding of the environment in which governmental and not-for-profit entities operate.

Partner and supervisory staff involvement

All partners and supervisory staff are working professionals and are actively and continually involved in all aspects of their engagements. We believe that partner and supervisory staff involvement in all areas of the audit is a key aspect of the overall audit process. This involvement includes being on-site for interim and year-end field work, thus facilitating a proper, efficient and effective audit, with minimal disruption of your staff. In addition, the time spent on-site by the partners and supervisory staff ensures they gain an understanding of the entire organization's accounting processes and procedures. This understanding will enable them to evaluate and develop opportunities for efficiency as well as offer practical and functional advice for improving your accounting processes and procedures.

Continuity of audit staff is a principal concern with our firm. Therefore, we plan to provide staff continuity from year to year, which is in the best interest of the organization and our firm. Continuity ensures an orderly, efficient, and less disruptive audit experience. Since we cannot guarantee staff will remain with us, principal supervisory and management staff, including engagement partners, managers, other supervisory staff, and specialists, may be changed if those personnel leave the firm or are promoted.

In summary, we want to emphasize the credentials of the above professionals who will be directly responsible for the quality of service that you will receive. Additionally, our audit team has another attribute that is very important, even though it is intangible -- the professionals assigned to the audits have previously worked together as a multi-disciplined team, thus ensuring a smooth, efficient and effective audit. We are committed to allocating the necessary resources to ensure that we provide continuity of personnel throughout the term of our relationship with the Town.

Continuing professional education

All professionals at our firm participate in continuing professional education (CPE) programs, which are sponsored by various organizations including the Government Finance Officers Association, the American Institute of Certified Public Accountants, the California State Society of Certified Public Accountants, the California Society of Municipal Finance Officers and the City of Government Accountants. Participation in these programs helps us to ensure that our clients are serviced with the best trained and most proficient government and not-for-profit auditors and accountants available. In addition, we provide in-house training taught by our partners and senior level staff using published resources.

In accordance with our firm's Quality Control document and *Government Auditing Standards (GAS)*, all staff members who work on audits subject to GAS are required to complete CPE in accordance with GAS standards.

In April 2013, our firm hosted a training event sponsored by the California Society of Certified Public Accountants titled GASB Update – Just the Facts in which we paid for clients to attend. On March 20, 2014 we hosted an update class titled Update on Clarified Audit Standards and GASB 67, 68 and 71; again we paid for clients attendance. Our firm plans on hosting two sessions in May 2015, one at our San Bernardino office and another in the San Diego area.

Assigned personnel

It is our goal to provide the Town with capable, competent, and personable individuals who offer an extensive background, not only in governmental and not-for-profit accounting and auditing, but also in general business practices. We offer practical solutions, as well as provide technical support. This enables you to stay at the forefront of governmental and not-for-profit accounting and provides you with the support you need in dealing with the complex issues confronting entities such as yours.

In addition, our engagement team has the managerial and supervisory experience to provide the Town with a comprehensive audit of the highest quality, while still focusing on personal service. The resumes of the key engagement personnel assigned to the audit are presented near the end of this proposal. The following individuals will be assigned to the engagement for the entire contract period:

Scott Manno, – CPA, CGMA – Engagement Partner

Mr. Scott Manno, CPA, CGMA is a municipal audit partner with the firm and will be the engagement partner. He is licensed to practice as a certified public accountant in the State of California. Mr. Manno has been in public accounting for 20 years serving local governments such as yours. As the engagement partner, he will be responsible for overall engagement quality, as well as ensuring that the engagement is performed in the most effective and efficient manner. He will review all work-papers prepared during the engagement, in addition to all required reports.

Partner, supervisory and staff qualifications and experience (continued)

Mr. Manno has assisted the following cities in their endeavors to obtain the CSMFO and/or GFOA awards for outstanding financial reporting: Town of Yucca Valley, Elsinore Valley Municipal Water District, Rincon del Diablo Municipal Water District, City of Lake Elsinore, City of Ontario, Ventura Regional Sanitary District, City of Norco, Big Bear Area Regional Wastewater Authority, Western Municipal Water District, Vista Irrigation District, Helix Water District and City of Twentynine Palms.

From 1997 to 2000, Mr. Manno served as a technical reviewer under the CSMFO award program and currently serves as a technical reviewer for the GFOA CAFR Award program. Mr. Manno has served as a volunteer on the California Special Districts Association Audit Committee since 2010. In addition, he is part of the California State Society of Certified Public Accountants Governmental Accounting and Auditing Committee which meets periodically to discuss current events, pronouncements, etc.

Terry Shea, CPA – Quality Control Partner

Mr. Terry Shea, CPA, will be the quality control partner. He is licensed to practice as a certified public accountant in the State of California. Mr. Shea has been in public accounting for 34 years serving local governments such as yours. As the quality control partner, he will be responsible for engagement quality and will review all required reports.

Mr. Shea has assisted the following cities in their endeavors to obtain the CSMFO and/or GFOA awards for outstanding financial reporting: City of Goleta, City of Mission Viejo, City of Norco, City of Redondo Beach, the Ventura Regional Sanitary District and the City of Twentynine Palms. He currently serves as the Contract Finance Director for one Riverside County City and one Los Angeles County City.

Brad A. Welebir, CPA, MBA – Manager

Mr. Brad A. Welebir, CPA, is a manager with the firm. He is licensed to practice as a certified public accountant in the State of California. Mr. Welebir has over 11 years of public accounting experience. He has provided accounting, auditing, and consulting services for municipalities, special districts, water agencies, and various nonprofit organizations. He will be responsible for overseeing the audit, managing the staff assigned to the engagement, and performing reviews of all work-papers prepared for the engagement.

Charles De Simoni, CPA – Supervisor

Mr. Charles De Simoni, CPA, is a supervisor with the firm. He is licensed to practice as a certified public accountant in the State of California. Mr. De Simoni has over 5 years of public accounting experience. He has provided accounting, auditing, and consulting services for municipalities, special districts, water agencies, and various nonprofit organizations. He will be responsible for supervising the audit and the staff assigned to the engagement, and performing reviews of all work-papers prepared for the engagement. In addition, he will also be responsible for the preparation of any required reports.

Partner, supervisory and staff qualifications and experience (continued)

Nathan Statham, CPA, MBA – Senior Accountant

Mr. Nathan Statham, CPA, is a senior accountant with the firm. He is licensed to practice as a certified public accountant in the State of California. Mr. Statham has 3 years of public accounting experience. He has provided accounting, auditing, and consulting services for municipalities, special districts, water agencies, and various nonprofit organizations. He will be responsible for planning the audit, supervising the staff assigned to the engagement, and performing reviews of all work-papers prepared for the engagement.

Similar engagements with other governmental entities and client references

All of the below entities are also considered references.

   Engagement partner: Mr. Terry P. Shea
   Total hours: Approximately 500 hours each year
   Contact person: Mr. Craig Koehler, Finance Director,
   (310) 937-6629, Craig.koehler@redondo.org

4. *Entity:* ***CITY OF CHINO***
   Scope of work: Financial Audit/Single Audit/CAFR*/Successor Agency
   Date: Year ending June 30, 2011 through 2014
   Engagement partner: Mr. Scott Manno
   Total hours: Approximately 450 hours each year
   Contact person: Mr. Rod Burns, Director of Finance,
   (909) 334-3262, rburns@cityofchino.org

5. *Entity:* ***CITY OF LA MESA***
   Scope of work: Financial Audit/Single Audit /CAFR*/Successor Agency
   Date: Years ending June 30, 2011 through 2014
   Engagement partner: Mr. Terry P. Shea
   Total hours: Approximately 325 hours each year
   Contact person: Ms. Sarah Waller-Bullock, Finance Director,
   (619) 667-1122, sbullock@ci.la-mesa.ca.us

* = received GFOA award.

Specific audit strategy

The following is a summary of the audit team's approach for the Town's engagement. The audit will be divided into the following phases:

Interim phase – planning, pre-audit administration and internal control testing

During this phase of the audit, our principal objectives will be as follows:

- ✓ Discuss the dates of the interim and year-end field work.
- ✓ Perform risk assessment procedures by completing the following procedures:
  - Obtain an understanding of the Town and its environment, including its internal control, sufficient to plan the audit.
  - Evaluate the design and effectiveness of the Town's internal controls and determine whether they have been implemented.
  - Perform walkthrough of all significant transaction classes.
  - Perform tests of controls, if applicable.

In order to achieve the desired objectives of this phase of the audit, we will:

- Meet with the Town's staff in order to determine convenient dates in which we can begin our audit, and to discuss the assistance to be provided by the Town's staff.
- Review and evaluate the Town's accounting and reporting processes by reviewing the prior year's audit work-papers, any Town-prepared documents such as budgets, in-house financial reports, policies and procedures manuals, minutes of board meetings, etc., and by using various analytical procedures. Analytical procedures will enhance our understanding of the Town and will help us identify areas that may need further assessment and additional testing.
- Review and retain copies of any pertinent local, state and federal statutes, regulations, or charters that apply to the Town. We will also review and retain copies of any agreements or contractual obligations (e.g., debt and grant documents, lease agreements, revenue agreements, etc.).
- Evaluate the design of controls that are relevant to the audit by obtaining a thorough understanding of the Town's internal controls over financial reporting and compliance by documenting key internal control components, utilizing questionnaires, walkthroughs, inquiring of the Town's personnel, and observing and reviewing key supporting documentation (a more thorough explanation of this process is discussed later in the technical proposal).
- Hold brainstorming sessions with engagement team members to discuss the susceptibility of the Town's financial statements to material misstatement and fraud.

Specific audit strategy (audit approach) (continued)

- Review and analyze supporting data and determine what reliance will be placed on internal controls and assess control risk.

- Test controls, if control risk is assessed below the maximum, by selecting a sample of transactions within the audit area being tested and reviewing supporting documentation, and evaluating the completeness of the documentation tested, as well as the adequacy of support and approvals as they appear on the support.

- Document and review with management, any findings noted during the testing of internal controls and provide a preliminary management letter that will include our recommendations for improving any weaknesses in operations noted during our internal control analysis and tests of controls. The letter will also include suggestions for improving the efficiency of the Town's operations.

This phase of the engagement for the audit will take approximately 65 hours and be performed by the manager, senior/supervisor accountant and two staff accountants with direct supervision by the audit partner.

Year-end phase I – substantive testing

During this phase of the audit, our principal objectives will be as follows:

- ✓ Assess the risk of material misstatement at the financial statement level and specific assertions.

- ✓ Design overall responses to assessed risks and further audit procedures.

- ✓ Perform substantive tests, as needed, and complete the audit.

- ✓ Evaluate audit findings, if applicable.

In order to achieve the desired objectives of this phase of the audit, we will:

- Determine whether our testing supports the assessed level of risk initially assigned at the financial statement level and at the assertion level.

- Identify significant risks.

- Develop a detailed audit plan.

- Design substantive tests of account balances, modified specifically for the Town's operations and assessed level of risk. Substantive procedures could, depending on our risk assessment, consist of the following:
  - Confirmation of cash and investment balances
  - Testing of cash and investment reconciliations
  - Testing GASB 40 disclosures
  - Testing for compliance with the Town's investment policy

Specific audit strategy (audit approach) (continued)

- Testing of interest income allocations to the various funds
- Analytical review and subsequent receipt testing of significant receivables
- Evaluate if receivables are valued properly and perform tests of balances in conjunction with the testing of revenues
- Testing of significant inventory and other asset accounts
- Testing of additions and deletions to capital assets, including CIP accounts
- Perform a search for unrecorded liabilities
- Testing of significant liability and accrued liability accounts
- Evaluate the support for compensated absences
- Review the valuation of claims and judgments
- Testing of long-term debt balances and debt covenants
- Analytical review of interest expense
- Testing of net position (net asset) classifications
- Testing of revenues through either analytical procedures and/or detailed testing
- Testing of expenses through either analytical procedures and/or detailed testing
- Payroll testing for compliance with approved salary schedules
- Examination of interfund transfers and testing of transfers out of restricted funds
- Review the minutes of the board meetings
- Review significant contracts, debt issuances, leases and other agreements
- Review of subsequent events after year end (through the completion of our audit)
- Testing for significant commitments to be disclosed in the financial statements
- Confirm with legal counsel any significant legal matters affecting the Town's financial position

The above list is not all-inclusive. After our detailed risk assessment procedures, we will determine which procedures to perform relative to the audit. All of our audits are customized to each entity, helping to ensure a complete, effective, and efficient audit.

This phase of the engagement will take approximately 155 hours and be performed by the manager, senior accountant and two staff accountants with direct supervision by the audit partner.

Year-end phase II – reporting/audit conclusion

During this phase of the audit, our principal objectives will be as follows:

- ✓ Evaluate whether the financial statements, taken as a whole, are free from material misstatement.
- ✓ Form an opinion and issue the audit reports.

In order to achieve the desired objectives of this phase of the audit, we will:

Specific audit strategy (audit approach) (continued)

- Determine whether, based on our substantive testing and other procedures, the financial statements, taken as a whole, are free of material misstatement. This will provide the basis for our opinion.

- Review of all audit work-papers by the engagement partner and manager to ensure that the audit was performed in accordance with the required standards (GAAS, GAGAS, etc.).

- Prepare drafts of all required reports by the agreed-upon dates.

- Conduct an independent review of the financial statement draft by the firm's technical review partner.

- Issue all reports by the agreed-upon dates.

This phase of the engagement will take approximately 90 hours and be performed by the audit manager, senior and one staff accountant with direct supervision by the audit partner. In addition, the quality control partner will perform a quality control review of the financial statements.

Understanding of internal control

Our approach to obtaining an understanding of the Town's internal control over financial reporting will be performed in accordance with professional standards as promulgated by the American Institute of Certified Public Accountants -- our understanding will include the *Control Environment, Risk Assessment, Control Activities, Information and Communication,* and *Monitoring.* Our approach is as follows:

Control Environment. Through inquiry of the Town's personnel, prompted by questionnaires, personal knowledge, and review of the minutes of the Town's council meetings, we will obtain an understanding of management's and the Town Council's attitudes, awareness and actions concerning the control environment, focusing on the substance of the controls rather than their form.

Risk Assessment. Through inquiry of the Town's personnel and the use of questionnaires, we will obtain sufficient knowledge of the Town's risk assessment process to understand how management considers risks relevant to financial reporting objectives and decides upon actions to address those risks. This will include understanding how management identifies risks, estimates the significance of these risks, assesses the likelihood of their occurrence, and relates them to financial reporting.

Control Activities. Certain control procedures will be documented during our analysis of the control environment and the accounting system. However, many specific control procedures will still need to be documented that will focus primarily on the Town's major transaction cycles. As mentioned above, we will test the Town's control procedures on which we intend to rely for safeguarding assets from unauthorized use or disposition and detecting/preventing unauthorized transactions. Any flow charts, organizational charts and any other manuals, programs, and financial and management information systems will be analyzed during this process.

Information and Communication. Through inquiry of the Town's personnel, we will identify the major types of transactions engaged in by the Town. We will become familiar with the treatment of those transactions, including how the transactions are initiated, the related accounting records, and the manner of processing the transactions. Finally, we will obtain an understanding of the Town's financial reporting process used to prepare financial reports, including the approaches used in making accounting estimates and disclosures.

Monitoring. Through the inquiry of the Town's personnel and the use of questionnaires, we will obtain sufficient knowledge of the major types of activities the Town uses to monitor internal control over financial reporting. We will also determine how those activities are used to initiate corrective actions.

Sample sizes

Our sample sizes will be determined in accordance with the AICPA's *Audit and Accounting Guide, Audit Sampling*, and will be selected using professional judgment as permitted by SAS No. 111: *Amendment to Statement on Auditing Standards No. 39, Audit Sampling*. Our methods are designed to provide the most audit coverage without expending excess time. Our sample sizes will depend upon our preliminary assessment of control risk, as well as our planned substantive testing and analytical procedures.

Approach in drawing samples for compliance testing

Our approach to be taken in drawing audit samples for purposes of tests of compliance will depend on the number of transactions, the amounts of financial assistance provided (as applicable), and the Town's internal controls over the respective programs. We will select samples that will provide sufficient evidence of the Town's compliance with the laws and regulations that will have a material effect on compliance with laws and regulations.

Computer technology in the audit

Our firm has adopted a paperless audit approach. Using our engagement software, all audit team members are linked to each other using a local router which enables them to share information at an almost real-time speed. In addition, once your trial balances and financial statements are entered into our software, we are able to observe your statements in the field allowing us to notice any variances and address them at your office. With this in mind, we would prefer all audit information in an electronic format, particularly trial balances and general ledgers. If electronic formatting is not available, all audit teams have portable scanners and printers while on location during fieldwork. In addition, we can access our accounting and auditing resources through either a wireless or wired internet connection. We link the CAFR schedules directly to our audit software trial balances, and as result, we can provide the Town with fund financial statements almost immediately after importing the trial balances. Additionally, journal entries are easy to post to the CAFR schedules and the risk of data entry error is minimized. We can provide the Town with our audited trial balances which show the coding of the CAFR schedules for ease of review for Town staff. These reports show each account coded to a specific CAFR line item as well as journal entries posted during the audit.

Analytical procedures

We will utilize analytical review procedures throughout our audit of the Town. During the *interim* phase of our audit, we will compare current and prior year unadjusted balances to determine areas that may need additional analysis; we will also compare current year actual amounts to the Town's annual budget. During the *final* phase of our audit, we will perform procedures similar to those mentioned above, as well as compare certain financial ratios for current and prior years. We will also conduct certain "reasonableness" tests. Finally, after we have completed our field work, we will compare current and prior year audited balances, keeping in mind expected relationships obtained from our knowledge of the Town and various other entities.

Approach in determining applicable laws and regulations

We understand the importance of laws and regulations in planning an audit of a local government or not-for-profit entity. As part of our audit process, our audit team will obtain an understanding of the laws and regulations that will have a direct and material effect on the Town's financial statements. In determining which laws and regulations are applicable to the Town's financial statement audit, we will consult the following sources:

- AICPA Audit and Accounting Guide, *Audits of State and Local Governments*
- The Division of Local Government Fiscal Affairs Minimum Audit Requirements
- US Government Accountability Office's *Government Auditing Standards* (The Yellow Book), 2011 Revision
- Applicable contracts/grants of the Town of Yucca Valley
- The Single Audit Act Amendments of 1996
- Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*
- OMB Circular A-87, *Cost Principles for State and Local Governments*
- OMB's Circular A-133, *Compliance Supplement*

After consulting the applicable sources, we will design our audit to provide reasonable assurance of detecting material instances of noncompliance.

Evaluation of internal controls and management letter comments

During our audit, we will consider the Town's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Our consideration of internal control is not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. There are three classifications of internal control deficiencies. We will work carefully with your staff to ensure the correct classification of any identified internal control deficiencies. The three classifications are as follows:

- *Control deficiency* – a minor internal control deficiency that can be communicated either verbally or in writing to management.

- *Significant deficiency* – a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance, and must be communicated in writing.

- *Material weakness* – a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis, and must be communicated in writing to those charged with governance.

When we prepare internal control recommendations, we obtain a thorough understanding of the specific circumstances surrounding the finding, and discuss the matters with management prior to drafting the letter. We work with your staff to ensure that the recommendation is reasonable and practical to implement.

Identification of anticipated potential audit problems

One potential problem could be the implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – and amendment of GASB Statement No. 27*. We are currently in the process of determining what each plan will be supplying to any member agencies. Once this is determined, we will be able to form a plan, meet with Town staff to discuss our plan so the Town staff can obtain a clear understanding of the issues, and then assist Town staff with the implementation of the statement.

Scott W. Manno, CPA, CGMA
Engagement Partner

Professional experience

Mr. Manno began his career with Thomas, Bigbie and Smith in 1995. He spent six years with the firm primarily working on audits of municipalities, special districts and redevelopment agencies as well as various non-profit organizations. He joined Rogers, Anderson, Malody & Scott, LLP in July 2001.

Education / licenses

Bachelor of Science degree from California State University, San Bernardino
Certified Public Accountant – State of California
Chartered Global Management Accountant – American Institute of Certified Public Accountants

Related professional experience

Governmental agencies that Mr. Manno has served include the following (*includes enterprise fund accounting):

City of Fillmore*
City of Chino*
City of Sierra Madre*
City of Calimesa
City of San Jacinto*
City of La Verne*
City of Lake Elsinore*
City of Twentynine Palms
City of Goleta
City of Norco*
City of Mission Viejo*
City of La Mesa*
City of Lemon Grove
City of San Juan Capistrano*

Mr. Manno has completed approximately 132 hours of continuing professional education courses over the past two years of which the following select courses are relevant to this engagement:

- Association of Certified Fraud Examiners, *How to Detect and Prevent Financial Statement Fraud*
- American Institute of Certified Public Accountants, *Frequent Frauds in Government*
- American Institute of Certified Public Accountants, *Governmental Accounting and Reporting*

Professional affiliations

Mr. Manno is a member of the following organizations:

- American Institute of Certified Public Accountants (AICPA)
- California Society of Certified Public Accountants (CSCPA)
- Association of Certified Fraud Examiners (ACFE)
- Association of Government Accountants (AGA)
- California Special Districts Association (CSDA)
- Government Finance Officers Association (GFOA)
- California Society of Municipal Finance Officers (CSMFO)

Resumes of key engagement personnel (continued)

Terry P. Shea, CPA
Quality Control Partner

Professional experience

Mr. Shea began his career with Thomas, Byrne and Smith in 1981. He spent five years with the firm primarily working on audits of municipalities, special districts, redevelopment and other governmental agencies. He joined Rogers, Anderson, Malody & Scott, LLP in 1987 where he has completed governmental audits including municipalities and provided financial consulting services for various cities.

Education / licenses

Bachelor of Arts degree from California State University, Fullerton
Certified Public Accountant – State of California

Related professional experience

Governmental and not-for-profit entities that Mr. Shea has served include the following (*includes enterprise fund accounting):

System Review Report

May 31, 2012

To the Owners of
Rogers, Anderson, Malody & Scott, LLP
and the Peer Review Committee of the
California Society of Certified Public Accountants

We have reviewed the system of quality control for the accounting and auditing practice of **Rogers, Anderson, Malody & Scott, LLP** (the firm) in effect for the year ended November 30, 2011. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants. The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review. The nature, objectives, scope, limitations of, and the procedures performed in a *System Review* are described in the standards at www.aicpa.org/prsummary.

As required by the standards, engagements selected for review included engagements performed under *Government Auditing Standards* and audits of employee benefit plans.

In our opinion, the system of quality control for the accounting and auditing practice of **Rogers, Anderson, Malody & Scott, LLP** in effect for the year ended November 30, 2011, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of *pass, pass with deficiency(ies) or fail.* **Rogers, Anderson, Malody & Scott, LLP** has received a peer review rating of *pass*.

Independent Auditor's Report

The Honorable Town Council
City of Example, California

Report on the financial statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Example (the Town), California, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Example, California, as of June 30, 2014, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other matters

Required supplementary information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and the schedule of funding progress as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The introductory section, the combining and individual nonmajor fund financial statements, the budgetary comparison schedules, and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor fund financial statements and the budgetary comparison schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other reporting required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2014, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

San Bernardino, CA
October 30, 2015

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Town Council
Town of Example, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of Town of Example (the Town), California, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated October 30, 2014.

Internal control over financial reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and other matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

San Bernardino, CA
October 30, 2015

May 15, 2015

Town Council
Town of Example
Town of Example, California

We are engaged to audit the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Example (the Town) for the year ended June 30, 2014. Professional standards require that we provide you with the following information related to our audit. We would also appreciate the opportunity to meet with you to discuss this information further since a two-way dialogue can provide valuable information for the audit process.

Our Responsibilities under U.S. Generally Accepted Auditing Standards and OMB Circular A-133

As stated in our engagement letter dated April XX, 2014, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

In planning and performing our audit, we will consider the Town's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. We will also consider internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

As part of obtaining reasonable assurance about whether the Town's financial statements are free of material misstatement, we will perform tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions is not an objective of our audit. Also in accordance with OMB Circular A-133, we will examine, on a test basis, evidence about the Town's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement applicable to each of its major federal programs for the purpose of expressing an opinion on the Town's compliance with those requirements. While our audit will provide a reasonable basis for our opinion, it will not provide a legal determination on the Town's compliance with those requirements.

1. Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement.

2. We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Other Information in Documents Containing Audited Financial Statements

The Town currently issues a Comprehensive Annual Financial Report (CAFR) which contains certain required supplementary information such as *Management's Discussion and Analysis*, the *PERS/OPEB schedule of funding progress* and budget vs. actual comparisons for the general fund and each major special revenue fund. Our responsibility for the supplementary information accompanying the financial statements, as described by professional standards, is to evaluate the presentation of the supplementary information in relation to the financial statements as a whole and to report on whether the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole. The CAFR will also include various budget vs. actual comparison schedules. This information will be subjected to the auditing procedures applied in the audit of the basic financial statements.

Also included in the CAFR will be an introductory section and a statistical section which will contain certain statistical data as required by the Government Finance Officers Association. The above mentioned introductory and statistical information will not be subjected to the auditing procedures applied in our audit of the financial statements and our audit report will disclaim our opinion on the data.

Planned Scope and Timing of the Audit

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested.

Our audit will include obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. We will generally communicate our significant findings at the conclusion of the audit. However, some matters could be communicated sooner, particularly if significant difficulties are encountered during the audit where assistance is needed to overcome the difficulties or if the difficulties may lead to a modified opinion. We will also communicate any internal control related matters that are required to be communicated under professional standards.

We expect to begin our year-end audit on approximately September 1, 2015 and issue our report on approximately October 31, 2015.

This information is intended solely for the use of the Town Council and management of the Town and is not intended to be, and should not be, used by anyone other than these specified parties.

San Bernardino, CA
October 30, 2015

The Honorable Town Council
Town of Example
Example, California

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Example (the Town) for the year ended June 30, 2014. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and OMB Circular A-133), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 5, 2014. Professional standards also require that we communicate to you the following information related to our audit.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Town are described in Note A to the financial statements. The Town adopted Governmental Accounting Standards Board Statements 63 and 65 during the year. The application of existing policies was not changed during the year to June 30, 2014. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the Town's financial statements were:

> The estimate of the asset for the other post employment benefits is based on actuarial reports provided by independent actuaries. We evaluated the key factors and assumptions used to develop the estimate in determining that it is reasonable in relation to the financial statements taken as a whole.
>
> Management's estimate of the fair value of investments is based on information provided by financial institutions. We evaluated the key factors and assumptions used to develop the fair value of investments in determining that it is reasonable in relation to the financial statements taken as a whole.
>
> Depreciation expense is the allocation of capital asset costs over the estimated useful life of a particular asset. The actual life of any single asset may vary significantly based on a variety of unknown factors, such as defects in the quality of manufacturing or materials used in the asset. Assets may last longer or shorter than anticipated resulting in disproportionate allocation of expense to various accounting periods. We evaluated the useful lives employed by the Town to determine if the lives utilized appeared reasonable based on the asset classes in service.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

> The disclosure of fair value of investments in the notes to the financial statements represents amounts susceptible to market fluctuations.
>
> The disclosure of accumulated depreciation in the notes to the financial statements is based on estimated useful lives which could differ from actual useful lives of each capitalized item.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no such misstatements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 30, 2014.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Information in Documents Containing Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Town Council and management of the Town and is not intended to be and should not be used by anyone other than these specified parties.

San Bernardino, CA
October 30, 2015

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Report on Compliance for Each Major Federal Program

We have audited the Town of Yucca Valley's (the Town) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Town's major federal programs for the year ended June 30, 2014. The Town's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Town's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Town's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Town's compliance.

Opinion on Each Major Federal Program

In our opinion, the Town complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of the Town is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Town's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Town's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of Yucca Valley as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements. We issued our report October 30, 2014, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

San Bernardino, CA
October 30, 2015

The Honorable Town Council
Town of Yucca Valley, California

INDEPENDENT ACCOUNTANT'S REPORT ON AGREED-UPON PROCEDURES APPLIED TO APPROPRIATIONS LIMIT WORKSHEETS

We have performed the procedures enumerated below to the accompanying Appropriations Limit worksheet of the Town of Yucca Valley, California, for the year ended June 30, 2014. These procedures, which were agreed to by the Town of Yucca Valley, California and the League of California Cities (as presented in the publication entitled *Agreed-upon Procedures Applied to the Appropriations Limitation Prescribed by Article XIII-B of the California Constitution),* were performed solely to assist the Town in meeting the requirements of Section 1.5 of Article XIII-B of the California Constitution. The Town of Yucca Valley's management is responsible for the Appropriations Limit worksheet. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures performed and our findings were as follows:

1. We obtained the completed worksheets and compared the limit and annual adjustment factors included in those worksheets to the limit and annual adjustment factors that were adopted by resolution of the Town Council. We also compared the population and inflation options included in the aforementioned documents to those that were selected by a recorded vote of the Town Council.

Finding: No exceptions were noted as a result of our procedures.

2. For the accompanying Appropriations Limit worksheet, we added last year's limit to total adjustments and agreed the resulting amount to this year's limit.

Finding: No exceptions were noted as a result of our procedures.

3. We agreed the current year information presented in the accompanying Appropriations Limit worksheet to the other documents referenced in #1 above.

Finding: No exceptions were noted as a result of our procedures.

4. We agreed the prior year appropriations limit presented in the accompanying Appropriations Limit worksheet to the prior year appropriations limit adopted by the Town Council during the prior year.

Finding: No exceptions were noted as a result of our procedures.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on the accompanying Appropriations Limit worksheet. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you. No procedures have been performed with respect to the determination of the appropriation limit for the base year, as defined by the League publication entitled *Article XIII-B of the California Constitution.*

This report is intended solely for the information and use of the Town Council and management of the Town of Yucca Valley, California and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

San Bernardino, CA
October 30, 2015

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Iryna Hess, Staff Accountant

Date: April 30, 2026

Meeting Date: June 2, 2026

Subject: AB1234 Reporting Requirements

Recommendation:
Receive and file the AB1234 Reporting Requirement Schedule for the month of April 2026.

Prior Review:
Current reimbursement policy for Council members and Successor Agency members reviewed and approved by Council August 2006.

Discussion:

AB1234 requires members of a legislative body to report on "meetings" attended at public expense at the next meeting of the legislative body. "Meetings" for purpose of this section are tied to the Brown Act meaning of the term: *any congregation of a majority of the members of a legislative body at the same time and place to hear, discuss, or deliberate upon any item that is within the subject matter jurisdiction of the legislative body or the local agency to which it pertains.* Qualifying expenses include reimbursement to the member related to meals, lodging, and travel.

An example of when a report is required is when a Town Council member represents his or her agency on a joint powers agency board and the Town pays for the official's expenses in serving in that representative capacity. Additionally, in the spirit of AB1234, the Yucca Valley Town Council also reports all travel related to conference and training attended at public expense.

Although the AB1234 report can be either written or oral, this report must be made at the next meeting of the legislative body that paid for its member to attend the meeting.

Alternatives
None

Fiscal Impact:
There is no anticipated financial impact associated with the recommended approval of AB1234 reporting requirements.

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Iryna Hess, Staff Accountant, Jordan Gumbish, Finance Manager

Date: April 30, 2026

Meeting Date: June 2, 2026

Subject: Ratification of Warrant Registers

Recommendation:
Ratify the Payroll Registers totaling $334,197.69 dated April 10, 2026, and $305,831.27 dated April 24, 2026. Ratify the Warrant Registers totaling $3,404,664.94 for the period of April 1, 2026, through April 30, 2026.

Prior Review:
None for this item.

Discussion:
The attached Warrant Registers lists the warrants that have been paid for the periods identified above. The Finance Department certifies that to the best of staff's knowledge and review, the listed warrants were drawn in payment of demands conforming to the adopted budget and that these demands are being presented to the Town Council for ratification.

Alternatives
None for this item.

Fiscal Impact:
The warrants presented were drawn in payment of demands included within the adopted budget.

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Curtis Yakimow, Town Manager

Date: May 18, 2026

Meeting Date: June 2, 2026

Subject: Town/County Waste Disposal Agreement (WDA) Amendment #9

Recommendation:
That the Town Council approves the Nineth Amendment to the Waste Disposal Agreement between the Town of Yucca Valley and the County of San Bernardino dated May 5, 1998.

Prior Review:

On May 5, 1998, the Town and San Bernardino County entered into a standard Waste Disposal Agreement (WDA) for use of the County landfill system for a 15-year period. This agreement established the framework for disposal of Town solid waste at the County's Landers Landfill, and included the rights and obligations of each party. The Town is one of fifteen cities that are party to the Waste Disposal Agreement.

The last amendment to the WDA was approved in 2021 extending the term for a 5-year period and reset the contract rate to $38.00 per ton for FY 21/22. As part of the annual rate calculation, the WDA contract rate increased 14%, making the contract rate $43.41 per ton for FY 22/23, while the open gate rate at County landfills remained unchanged. The contract cities questioned the County methodology, and asked for reconsideration of the WDA rate calculation provisions. The County proposed a solution that would cap the WDA contract rate in order to maintain a 15% buffer between the WDA contract rate and the County's posted gate rate, thus making the WDA contract rate $40.75 per ton, effective July 1, 2022. This solution addressed the rate for FY 22/23, as well as put a mechanism in place for the future to prevent compaction with the County's posted gate rate.

Amendment No. 9 proposes 1) an adjustment to the WDA contract rate to be set at 83% of the County's posted gate rate, 2) removes the annual adjustment calculation factor, and 3) extends the term of the WDA agreement through July 30, 2035. With this change, the FY 26/27 WDA Contract Rate will be $41.08/ton. This change in term will align the WDA with other key agreements the County currently has in place concerning out of county waste streams. It is anticipated that the WDA rate methodology may change considerably at that time.

Additionally, all fifteen WDA contract cities/towns must adopt Amendment #9 on or before June 30, 2026.

As a recap, since 1998, the WDA has been amended seven times as follows:

· Amendment 1 - implemented Article 19 Solid Waste revenue sharing

· Amendment 2 - increased allowable Article 19 imports

· Amendment 3 - established fee for Town controllable waste

· Amendment 4 - allowed for COLA calculation earlier in the fiscal year

· Amendment 5 - extended the term through June 30, 2016

· Amendment 6 - extended the term through June 30, 2021, removal of Article 19 Solid Waste Revenue Sharing and added In-County Non-WDA Waste revenue sharing, disposal rate decrease.

· Amendment 7 - reset the WDA contract rate to $38.00 per ton and extended the term for five years to June 30, 2026.

- Amendment 8 - capped the WDA contract at 85% of the County's posted gate rate and extend the term to June 30, 2026.

· Amendment 9 (Proposed) - Cap the WDA contract at 83% of the County's posted gate rate; remove the annual adjustment factor, and extend the term to June 30, 2035.

Discussion:
Over the past eight months, Town staff led a working group of the WDA cities through the negotiations with County to address operational concerns, financial concerns, and equity considerations associated with County landfill operations. Through extensive discussion and debate, the working group developed the recommended amendment for consideration by all WDA cities.

Town staff will continue to stay engaged with County Solid Waste Division to ensure the interests of the WDA cities are represented on behalf of Town residents.

Alternatives
None recommended.

Fiscal Impact:
The proposed amendment will provide disposal rate certainty through June 30, 2035 at a lower rate than currently in place providing modest savings to the Town, and operational certainty for solid waste disposal.

AMENDMENT NO. 9 TO THE
WASTE DISPOSAL AGREEMENT NO. 98-288

On May 5, 1998, the Town of Yucca Valley ("Town") and the County of San Bernardino ("County") entered into a Waste Disposal Agreement ("WDA"). The parties hereby amend the WDA, on the Effective Date as provided herein, by their respective execution of this agreement (hereinafter "Amendment').

Recitals

A. The parties have previously entered into the following amendments to the WDA. Amendment No. 1 to the WDA was to implement the "Article 19 Solid Waste" component of the County's waste management system and define the Town's share of that revenue. Amendment No. 2 was to increase the annual maximum limits of "Article 19 Solid Waste" in the County landfill system. Amendment No. 3 allowed the County to charge the fee of $10.00 per ton (prorated) for identified controllable waste of the Town (e.g., roll off container trucks and other County/City/Town vehicles such as pickups and dump trucks) and have such waste subject to being processed in the recycling program. Amendment No. 4 allowed the County to calculate the annual cost of living adjustment earlier in the calendar year. Amendment No. 5 extended the end date of the WDA to June 30, 2016. Amendment No. 6 extended the term of the WDA to June 30, 2021, applied an annual fixed WDA renewal discount adjustment of $0.82 per ton for the term of the WDA, and allowed the County to enter into agreements to accept in-County waste from non-WDA users of the Disposal System at a rate lower than the WDA Contract Rate in exchange for sharing the net revenue generated from those agreements. Amendment No. 7 reset the WDA Contract Rate and extended the term for five (5) years to June 30, 2026. Amendment No. 8 capped the WDA Contract Rate in order to maintain a 15% buffer between the WDA Contract Rate and the County's posted gate rate.

B. In connection with the ongoing administration of the WDA, the parties have determined it is now in their best interests to extend the term 9 years to June 30, 2035, adjust the WDA Contract Rate to be equal to 83% of the County's posted gate rate, and eliminate the provision for annual adjustments.

NOW THEREFORE, in consideration of the forgoing recitals and the following covenants and promises the Parties agree as follows:

1. Section 4.2, entitled "CONTRACT RATE" is hereby deleted and replaced in its entirety to read:

   SECTION 4.2 CONTRACT RATE. Effective July 1, 2026, and each July 1 thereafter during the term of the Agreement, the Contract Rate shall be equal to 83% of the County's posted gate rate effective that July 1st. For July 1, 2026, the County's posted gate rate is $49.49 ($61.49 minus the $12 CDSDP fee); therefore, the WDA Rate, effective July 1, 2026, will be $41.08 per ton.

   Please note that, due to timing, in future years where the gate rate is recommended to be increased, the WDA rate notification letter may be delayed until final approval of the gate rate by the Board of Supervisors.

2. Section 5.2, entitled "CITY CONVENIENCE TERMINATION" is hereby deleted and replaced in its entirety to read:

   SECTION 5.2 CITY CONVENIENCE TERMINATION. In exchange for adjusting the WDA Contract Rate to be equal to 83% of the County's posted gate rate, the City agrees to commit to remaining a WDA City, with no provision to terminate without cause, for the remainder of the WDA Term.

3. Section 6.1, entitled "EFFECTIVE DATE AND TERM", paragraph (A) Term, is hereby deleted and replaced in its entirety to read:

   SECTION 6.1. EFFECTIVE DATE AND TERM. (A) Term. This Agreement shall become effective, shall be in full force and effect and shall be legally binding upon the City and the County from the Contract

Date and shall continue in full force and effect until June 30, 2035, unless earlier terminated in accordance with its terms.

4. Effective Date. This Amendment shall be effective if and only when all fifteen cities/towns listed on Exhibit A have each adopted and executed a counterpart of this Amendment No. 9 (the amendment number may differ for each city/town listed on Exhibit A) and such amendment has been adopted and executed by the County on or before June 30, 2026. In all events, the conditions in the forgoing sentence shall occur otherwise this Amendment No. 9 shall be null and void and without any effect whatsoever.

5. This Amendment may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts shall together constitute one and the same Amendment. The parties shall be entitled to sign and transmit an electronic signature of this Amendment (whether by facsimile, PDF or other email transmission), which signature shall be binding on the party whose name is contained therein. Each party providing an electronic signature agrees to promptly execute and deliver to the other party an original signed Amendment upon request.

6. Except as modified in this Amendment (or in any prior Amendment(s)) all other terms and conditions of the WDA shall remain in full force and effect.

Briefly describe the general nature of the contract: *The Waste Disposal Agreement (WDA) that is the subject of this amendment is an agreement between the County and the Town of Yucca Valley for use of the County landfill system. Amendment No. 1 was to implement the "Article 19 Solid Waste" component of the County's waste management system and define the City's share of that revenue. Amendment No. 2 was to increase the annual maximum limits of "Article 19 Solid Waste" in the County landfill system. Amendment No. 3 allowed the County to charge the fee of $10.00 per ton (prorated) for identified controllable waste of the City (e.g., roll off container trucks and other County/City vehicles such as pickups and dump trucks) and have such waste subject to being processed in the recycling program. Amendment No. 4 allowed the County to calculate the annual cost of living adjustment earlier in the calendar year. Amendment No. 5 extended the end date of the WDA to June 30, 2016. Amendment No. 6 allowed the Parties to extend the end date of the WDA to June 30, 2021, apply an annual fixed WDA renewal discount adjustment of $0.82 per ton for the term of the WDA, and allow the County to enter into agreements to accept in-County waste from non-WDA users of the Disposal System at a rate lower than the WDA Contract Rate in exchange for the sharing of the net revenue generated from those agreements. Amendment No.7 extended the end date of the WDA to June 30, 2026 and reset the WDA Contract Rate to $38.00 per ton, effective July 1, 2021.*

This Amendment No. 8 will cap the WDA Contract Rate in order to maintain a 15% buffer between the WDA Contract Rate and the County's posted gate rate.

AMENDMENT NO. 8 TO THE
WASTE DISPOSAL AGREEMENT NO. 98-288

On May 5, 1998, the Town of Yucca Valley ("Town") and the County of San Bernardino ("County") entered into a Waste Disposal Agreement ("WDA"). The parties hereby amend the WDA, on the Effective Date as provided herein, by their respective execution of this agreement (hereinafter "Amendment').

Recitals

A. The parties have previously entered into the following amendments to the WDA. Amendment No. 1 to the WDA was to implement the "Article 19 Solid Waste" component of the County's waste management system and define the Town's share of that revenue. Amendment No. 2 was to increase the annual maximum limits of "Article 19 Solid Waste" in the County landfill system. Amendment No. 3 allowed the County to charge the fee of $10.00 per ton (prorated) for identified controllable waste of the Town (e.g., roll off container trucks and other County/City/Town vehicles such as pickups and dump trucks) and have such waste subject to being processed in the recycling program. Amendment No. 4 allowed the County to calculate the annual cost of living adjustment earlier in the calendar year. Amendment No. 5 extended the end date of the WDA to June 30, 2016. Amendment No. 6 extended the term of the WDA to June 30, 2021, applied an annual fixed WDA renewal discount adjustment of $0.82 per ton for the term of the WDA, and allowed the County to enter into agreements to accept in-County waste from non-WDA users of the Disposal System at a rate lower than the WDA Contract Rate in exchange for sharing the net revenue generated from those agreements. Amendment No. 7 reset the WDA Contract Rate and extended the term for five (5) years to June 30, 2026.

B. In connection with the ongoing administration of the WDA, the parties have determined it is now in their best interests to cap the WDA Contract Rate in order to maintain a 15% buffer between the WDA Contract Rate and the County's posted gate rate.

C. This change will assist both the Town and the County in planning for future fiscal years' budgeting of solid waste disposal services and costs by putting a mechanism in place for the future to prevent compaction with the County's posted gate rate.

NOW THEREFORE, in consideration of the forgoing recitals and the following covenants and promises the Parties agree as follows:

1. Amended Section 4.2 CONTRACT RATE. (A) Generally. This section is amended in its entirety to read:

SECTION 4.2. CONTRACT RATE. (A) Generally. Effective July 1, 2022, the Contract Rate payable by each Franchise Hauler shall be $40.75 per ton, subject to potential adjustment necessary to reflect the circumstances set forth below:

(i) increased costs incurred by the County (in excess of available insurance proceeds) due to the occurrence of one or more Uncontrollable Circumstances, including Changes in Law; and

(ii) escalation during the Term of this Agreement calculated in accordance with Section 4.2(B). In no case will the calculation of escalation exceed 85% of the County approved general public gate rate (currently $59.94 minus the current CDSDP recycling fee of $12.00), as such fees may be amended.

Prior to adjusting the Contract Rate as a result of any of the circumstances described in Section 4.2(A)(i), the County shall utilize the following remedy: reduce the costs of operating the Disposal System to the extent practicable.

Any adjustments to the Contract Rate permitted by Section 4.2(A)(i) shall be calculated by the County to reflect the actual costs or expenses of addressing the circumstance or circumstances pursuant to which the adjustment is authorized, and shall also reflect, where applicable, the then remaining capacity in the Disposal System. Such adjustment may not reflect circumstances other than the circumstances described in Section 4.2(A)(i).

2. Amended Section 4.2. CONTRACT RATE. (B) Calculation of Escalation. This section is amended in its entirety to read:

SECTION 4.2. CONTRACT RATE. (B) Calculation of Escalation. For purposes of Section 4.2(A)(ii), the Contract Rate shall be adjusted in accordance with the formula described in this Section each July 1 during the term hereof, commencing July 1, 2022. The adjustment shall be calculated in accordance with the following formula:

Contract Rate = Fixed Portion + [Escalating Portion x Index]

Where,

Fixed Portion = $10.87

Escalating Portion = $17.63

Index = Price Index, which shall be determined in accordance with the following formula:

$I = .7[PPI_1/PPI_2] + .3[EI_1/EI_2]$

PPI_1 = The Producer Price Index, Industrial Commodities Commodity Data, as published at the United States Department of Labor, Bureau of Labor Statistics web site, Series ID WPU03 thru 15 for the month of September in the year prior to the year for which the adjustment is being made (e.g., the adjustment effective July 1, 2011 will use the September 2010 value)

PPI_2 = Producer Price Index, Industrial Commodities Commodity Data for the month of September, 1997

EI_1 = Employment Cost Index, Total Compensation, Private Industry All Workers, as published at the United States Department of Labor, Bureau of Labor Statistics web site, Series ID: CIU2010000000000I for the last quarter of the year preceding the year for which the adjustment is being made (e.g., the adjustment effective July 1, 2011 will use the third quarter, 2010 value)

EI_2 = Employment Cost Index, Compensation, Private Industry All Workers, as published at the United States Department of Labor, Bureau of Labor Statistics web site, Table 3, established for the third quarter of 1997.

Effective July 1, 2022, and each July 1 thereafter during the term of the Agreement, the Contract Rate adjustment will be calculated as provided above, except that an annual fixed WDA renewal discount adjustment of $0.82 per ton will be applied after the annual Cost of Living Adjustment (COLA) adjustment. In no case will the adjustment to the Contract Rate exceed 85% of the County's approved general public gate rate (without the current CDSDP recycling fee of $12.00), as such fees may be amended. For example, the current County's posted gate rate is $47.94 ($59.94 minus the $12 CDSDP fee). Therefore, the WDA Contract Rate cannot be more than 85% of that rate, which is $40.75. However, if the County adjusts its posted gate rate in any future year of the term of the WDA, the WDA Contract Rate will be adjusted according to the above calculation formula, including the renewal discount adjustment of $0.82 per ton, up to the maximum of 85% of the newly posted gate rate. If the calculated annual adjustment of any year would exceed the 85%, then the capped maximum amount of 85% will be used. If, however,

the posted gate rate does not change, and the WDA Contract Rate is already at the capped 85% amount, the WDA Contract Rate will remain the same for the calculated fiscal year. Any decrease in the calculated adjustment to the Contract Rate, calculated according to the above formula, including the renewal discount adjustment, will be applied to the then WDA Contract Rate.

Please note that, due to timing, in future years where the gate rate is recommended to be increased, the WDA rate notification letter may be delayed until final approval of the gate rate by the Board of Supervisors.

If at any time either the Employment Cost Index or the Producer Price Index is no longer published, or are otherwise unavailable, then the COLA shall be determined by using standard official statistics measuring changes to, respectively, labor costs and cost of materials, as the parties shall mutually agree.

3. Amended Section 5.2 CITY CONVENIENCE TERMINATION. This section is amended in its entirety to read:

SECTION 5.2. CITY CONVENIENCE TERMINATION. In exchange for capping the WDA Contract Rate, the City agrees to commit to remaining a WDA City, with no provision to terminate without cause, for the remainder of the WDA Term.

4. Effective Date. This Amendment shall be effective if and only when all fifteen cities/towns listed on Exhibit A have each adopted and executed a counterpart of this Amendment No. 8 (the amendment number may differ for each city/town listed on Exhibit A) and such amendment has been adopted and executed by the County on or before June 30, 2022. In all events, the conditions in the forgoing sentence shall occur otherwise this Amendment No. 8 shall be null and void and without any effect whatsoever.

5. This Amendment may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts shall together constitute one and the same Amendment. The parties shall be entitled to sign and transmit an electronic signature of this Amendment (whether by facsimile, PDF or other email transmission), which signature shall be binding on the party whose name is contained therein. Each party providing an electronic signature agrees to promptly execute and deliver to the other party an original signed Amendment upon request.

6. Except as modified in this Amendment (or in any prior Amendment(s)) all other terms and conditions of the WDA shall remain in full force and effect.

REPORT/RECOMMENDATION TO THE BOARD OF SUPERVISORS OF SAN BERNARDINO COUNTY AND RECORD OF ACTION

June 28, 2022

FROM

BRENDON BIGGS, Director, Department of Public Works – Solid Waste Management

SUBJECT

Amendments to Revenue Generating Waste Disposal Agreements

RECOMMENDATION(S)

Approve amendments to the revenue generating Waste Disposal Agreements for 15 cities and towns listed below to cap the Waste Disposal Agreement Contract Rate in order to prevent compaction between the Contract Rate and the County's posted gate rate, effective July 1, 2022 through June 30, 2026.

1. City of Adelanto, **Amendment No. 5** to Waste Disposal **Agreement No. 04-321**
2. Town of Apple Valley, **Amendment No. 8** to Waste Disposal **Agreement No. 98-48**
3. City of Barstow, **Amendment No. 8** to Waste Disposal **Agreement No. 98-590**
4. City of Big Bear Lake, **Amendment No. 8** to Waste Disposal **Agreement No. 98-744**
5. City of Colton, **Amendment No. 8** to Waste Disposal **Agreement No. 98-302**
6. City of Fontana, **Amendment No. 8** to Waste Disposal **Agreement No. 98-105**
7. City of Grand Terrace, **Amendment No. 9** to Waste Disposal **Agreement No. 98-107**
8. City of Hesperia, **Amendment No. 8** to Waste Disposal **Agreement No. 98-959**
9. City of Highland, **Amendment No. 8** to Waste Disposal **Agreement No. 01-735**
10. City of Loma Linda, **Amendment No. 8** to Waste Disposal **Agreement No. 98-745**
11. City of Rialto, **Amendment No. 8** to Waste Disposal **Agreement No. 97-1043**
12. City of Twentynine Palms, **Amendment No. 8** to Waste Disposal **Agreement No. 98-642**
13. City of Victorville, **Amendment No. 7** to Waste Disposal **Agreement No. 97-1052**
14. City of Yucaipa, **Amendment No. 8** to Waste Disposal **Agreement No. 98-679**
15. Town of Yucca Valley, **Amendment No. 8** to Waste Disposal **Agreement No. 98-288**

(Presenter: Brendon Biggs, Director, 387-7906)

COUNTY AND CHIEF EXECUTIVE OFFICER GOALS & OBJECTIVES

Operate in a Fiscally-Responsible and Business-Like Manner.
Pursue County Goals and Objectives by Working with Other Agencies.

FINANCIAL IMPACT

Approval of this item will not result in the use of Discretionary General Funding (Net County Cost) as the Department of Public Works – Solid Waste Management Division (SWMD) is funded by fee revenue. SWMD establishes fees that are charged to the public and other agencies for utilization of the County's Waste Disposal System.

The proposed amendment would cap the Waste Disposal Agreement (WDA) rate so that it cannot exceed 85% of the current approved general public gate rate. Currently, the general public gate rate, without the Comprehensive Disposal Site Diversion Program (CDSDP)

recycling fee of $12.00, is $47.94 per ton. Thus, the WDA rate would be capped at $40.75. If approved, the amendment would reduce the current 2022-23 WDA rate of $43.41 to $40.75, effective July 1, 2022, reducing revenue by approximately $1.8 million. Annual Cost of Living Adjustments (COLA) are applied to the WDA rate throughout the term of the WDA. The anticipated revenue has been included in SWMD's 2022-23 budget and estimated future revenue will be reflected in future recommended budgets.

BACKGROUND INFORMATION

The proposed amendments to the WDAs (Amendments) will cap the WDA Contract Rate so that it cannot exceed 85% of the County's approved general public gate rate (minus the CDSDP fee) for the remainder of the term of the WDAs, which currently expire on June 30, 2026, while guaranteeing that all of the waste is delivered to the County's Disposal System.

The WDAs were originally 15-year agreements with 16 cities and towns within San Bernardino County that obligated the cities and towns to deliver their controllable waste to the County's Disposal System in exchange for a reduced contract rate for disposal at a designated disposal facility for each city and town. In 1997, the Board of Supervisors (Board) approved the first WDAs with the cities of Rialto, San Bernardino, and Victorville. Over the following years, a total of 16 cities and towns entered into WDAs, with Adelanto being the last city to sign in 2004. In December 2012, the City of San Bernardino's WDA expired and their City Council took action not to extend its WDA. On December 18, 2012 (Item No. 62), the Board approved extending the end date of 14 WDAs to June 30, 2016, under the same terms and conditions. The City of Adelanto's WDA expired on April 26, 2019. On June 14, 2016 (Item No. 93), the Board approved extending the WDAs for all of the WDA cities and towns to June 30, 2021. On June 22, 2021 (Item No. 62), the Board approved extending the term of the agreements to June 30, 2026, and reset the WDA Contract Rate to $38.00 per ton, adjusted annually according to the agreements.

As a result of concerns raised by some of the WDA cities/towns regarding their calculated rate for 2022-23 resulting in an increase of 14%, SWMD and the County Administrative Office evaluated the rate methodology and financial needs of the County's Waste Disposal System to determine whether an adjustment was possible. An analysis of the WDA rate compared to the gate rate (the rate paid by the general public at the landfill) since the inception of the WDAs showed an average difference of approximately 15%. The proposed amendment addresses the current rate and puts a mechanism in place for the future to prevent compaction with the standard gate rate paid by the general public at the landfills by capping the WDA rate so that it cannot exceed 85% of the standard gate rate paid by the public (minus the CDSDP recycling fee). In exchange for capping the rate, the WDA cities/towns agree to commit to remaining a WDA city/town, with no provision to terminate without cause, for the remainder of the WDA term. This amendment would reduce the calculated 2022-23 WDA rate of $43.41 per ton to $40.75 per ton due to the cap. If the County adjusts the standard rate gate rate in any future year of the term of the WDA, the WDA rate will be adjusted according to the agreement, up to a maximum of 85% of the newly posted gate rate.

All of the cities, except Grand Terrace and Big Bear Lake, have approved the WDA amendment. The WDA amendment is scheduled to be considered by the City of Grand Terrace at its City Council meeting scheduled for June 28, 2022 at 6:00 p.m. and the City of Big Bear Lake is scheduled on June 29, 2022. Should any revisions be requested to the WDA amendment by Grand Terrace and/or Big Bear Lake, SWMD will return to the Board to present the revised amendment for approval.

These recommended actions support the goals and objectives of the County and Chief Executive Office by operating in a fiscally-responsible and business-like manner and working with other agencies by ensuring the continued waste stream from the WDA cities/towns to the County's Waste Disposal System.

PROCUREMENT
Not applicable.

REVIEW BY OTHERS
This item has been reviewed by County Counsel (Jolena Grider, Deputy County Counsel, 387-5455) on June 6, 2022; Finance (Carl Lofton, Administrative Analyst, 387-5404) on June 10, 2022; and County Finance and Administration (Paloma Hernandez-Barker, Deputy Executive Officer, 387-5423) on June 14, 2022.

REPORT/RECOMMENDATION TO THE BOARD OF SUPERVISORS OF SAN BERNARDINO COUNTY, CALIFORNIA AND RECORD OF ACTION

Agree. 98-288

May 5, 1998

FROM: GERRY NEWCOMBE, Contract Administrator
Public Services Group, **Waste System Division**

SUBJECT: **WASTE DELIVERY AGREEMENT BETWEEN THE COUNTY AND THE TOWN OF YUCCA VALLEY**

RECOMMENDATION: Approve 15 year Waste Delivery Agreement (WDA) with the Town of Yucca Valley for use of the County landfill system from May 5, 1998 through May 4, 2013.

BACKGROUND INFORMATION: On November 4, 1997, the Board approved a standard WDA and directed staff to present the agreement for approval to the cities and return any signed agreements to the Board for final approval. The Yucca Valley Town Council approved the WDA on April 16, 1998, and it is now being presented to the Board for final approval.

Approval of the recommendation will execute the WDA whereby the Town of Yucca Valley is obligated to deliver all of its controllable waste to the Landers Landfill for 15 years, and the County is obligated to provide capacity for that waste at the Contract Rate.

When WDA's representing 60 percent of the system tonnage of 1,390,000 tons (less the unincorporated tonnage which will be controlled by the County through franchise agreements) have been executed, it will be necessary to modify the compensation provisions in NORCAL's contract. Staff has met with NORCAL and reached agreement on the rationale for a revised compensation program that is consistent with the controls placed on the contract rate contained in the WDA's. The WSD will present the modified compensation program for Board consideration when the 60 percent threshold is within reach. Prior to reaching that threshold, the system can continue to function with the existing compensation program in place.

REVIEW BY OTHERS: This item has been reviewed by Deputy County Counsel Robert L. Jocks on April 22, 1998.

FINANCIAL IMPACT: This action will have no impact on the General Fund. The difference between the budgeted $33/ton tip fee and the $28.50/ton Contract Rate will reduce revenue in the FY 1997/98 Solid Waste Enterprise Fund. This reduction will be offset by a combination of expenditure reductions and new revenue sources.

APPENDIX 1 DESIGNATED DISPOSAL FACILITY

WASTE DISPOSAL AGREEMENT

THIS WASTE DISPOSAL AGREEMENT is made and dated as of the date indicated on the cover page hereof between the County of San Bernardino, a political subdivision of the State of California (the "County"), and the City designated on the cover page of this Agreement, a general law or charter city and political subdivision of the State of California (the "City").

RECITALS

The County owns, manages and operates a sanitary landfill system for the disposal of municipal solid waste generated in the unincorporated area within the County and which it has made available for the disposal of municipal solid waste generated within cities located within the County (the "Disposal System"). The Disposal System currently includes 12 active landfills and is expected to consist of five active landfills upon implementation of the Solid Waste Partnership Strategy and Implementation Plan.

The Disposal System is used for the disposal of municipal solid waste which is not composted, reused, recycled, transformed or otherwise diverted from landfill disposal, pursuant to the California Integrated Waste Management Act of 1989 (Division 30 of the California Public Resources Code). The Act, which mandates the diversion of 50% of waste from landfill disposal by 2000, has already reduced the volume of waste delivered to the landfills.

The County wishes to enter into an agreement with the City to accept all of the City's municipal solid waste in the Disposal System for the term and subject to the provisions of this Agreement, and the City desires to use all legal and contractual powers it possesses to deliver or cause to be delivered the municipal solid waste generated within its boundaries to the Disposal System for the term of and subject to the provisions of this Agreement.

The City, in the exercise of its police power and its powers under the Act, either (i) has entered into a franchise or other agreement with or issued permits or licenses to one or more private haulers for the collection and disposal of municipal solid waste generated within the City or (ii) collects municipal solid waste generated within the City in City owned and operated collection vehicles.

The City has determined that the execution of this Agreement by the City will serve the public health, safety and welfare of the City by providing greater disposal rate stability, more predictable and reliable long-term disposal service, and the continuation of sound environmental management.

The County has determined that the execution by the County of this Agreement will serve the public health, safety and welfare by providing a more stable, predictable and reliable supply of municipal solid waste and the resulting service payment revenue to the Disposal System, thereby enabling the County to plan, manage, operate and finance improvements to the Disposal System on a more prudent and sound long term, businesslike basis.

Official action approving this Agreement and determining it to be in the public interest and authorizing its execution and delivery was duly taken by the County on the County authorization date indicated on the cover page hereof.

Official action approving this Agreement and determining it to be in the public interest and authorizing its execution and delivery was duly taken by the City on the City authorization date indicated on the cover page hereof.

It is, therefore, agreed as follows:

ARTICLE I
DEFINITIONS AND INTERPRETATION

SECTION 1.1. DEFINITIONS. As used in this Agreement, the following terms shall have the meanings set forth below.

"Acceptable Waste" means all garbage, refuse, rubbish and other materials and substances discarded or rejected as being spent, useless, worthless or in excess to the owners at the time of such discard or rejection and which are normally disposed of by or collected from residential (single family and multi-family), commercial, industrial, governmental and institutional establishments which are acceptable at Class III landfills under Applicable Law (including, without limitation, the Legal Entitlements for each facility).

"Act" means the California Integrated Waste Management Act of 1989 (Division 30 of the California Public Resources Code), as amended, supplemented, superseded and replaced from time to time.

"Agreement" means this Waste Disposal Agreement between the County and the City as the same may be amended or modified from time to time in accordance herewith.

"Appendix" means an appendix to this Agreement, as the same may be amended or modified from time to time in accordance with the terms hereof.

"Applicable Law" means the Act, the San Bernardino County Code, CERCLA, RCRA, CEQA, any Legal Entitlement and any federal or state rule, regulation, requirement, guideline, permit, action, determination or order of any Governmental Body having jurisdiction, applicable from time to time to the siting, design, permitting, acquisition, construction, equipping, financing, ownership, possession, operation or maintenance of the Disposal System, the transfer, handling, transportation and disposal of Acceptable Waste, Unacceptable Waste, or any other transaction or matter contemplated hereby (including any of the foregoing which concern health, safety, fire, environmental protection, mitigation monitoring plans and building codes.).

"Board" means the California Integrated Waste Management Board.

"CEQA" means the California Environmental Quality Act, codified at Cal. Pub. Res. Code Section 21000 et seq. (West 1996) as amended or superseded, and the regulations promulgated thereunder.

"CERCLA" means the Comprehensive Environmental Responsibility Compensation and Liability Act, 42 U.S.C.A. Section 9601 et seq. (West 1995 & Supp. 1996), as amended or superseded, and the regulations promulgated thereunder.

"Change in Law" means any of the following events or conditions which has a material and adverse effect on the performance by the parties of their respective obligations under this Agreement (except for payment obligations), or on the siting, design, permitting, acquisition, construction, equipping, financing, ownership, possession, operation or maintenance of the Disposal System or other matters to which Applicable Law applies:

(1) the enactment, adoption, promulgation, issuance, material modification or written change in administrative or judicial interpretation on or after the Contract Date of any Applicable Law (other than Applicable Law enacted by the County);

(2) the order or judgment of any Governmental Body (other than the County), on or after the Commencement Date, to the extent such order or judgment is not the result of willful or negligent action, error or omission or lack of reasonable diligence of the County or of the City, whichever is asserting the occurrence of a Change in Law; provided, however, that the contesting in good faith or the good faith decision not to contest any such order or judgment shall not constitute or be construed as such a willful or negligent action, error or omission or lack of reasonable diligence; or

(3) the denial of an application for, delay in the review, issuance or renewal of, or suspension, termination, interruption, imposition of a new or more stringent condition in connection with the issuance, renewal or failure of issuance or renewal on or after the Commencement Date of any Legal Entitlement to the extent that such denial, delay, suspension, termination, interruption, imposition or failure materially and adversely interferes with the performance of this Agreement, if and to the extent that such denial, delay, suspension, termination, interruption, imposition or failure is not the result of willful or negligent action, error or omission or a lack of reasonable diligence of the County or of the City, whichever is asserting the occurrence of a Change in Law; provided, however that the contesting in good faith or the good faith decision not to contest any such denial, delay, suspension, termination, interruption, imposition or failure shall not be construed as such a willful or negligent action, error or omission or lack of reasonable diligence.

"Change in Law" shall not include actions taken by Governmental Bodies to enforce requirements of Applicable Law.

"City" means, as applicable, the city designated on the cover page of this Agreement and party to this Agreement.

"City Acceptable Waste" means all Acceptable Waste which was originally discarded by the first generator thereof within the geographical limits of the City, and Residue from the foregoing (or Tonnage equivalencies of such Residues, as and to the extent provided in subsection 3.1(C) hereof).

"Contract Date" means the date of the adoption of this Agreement by the County.

"Contract Rate" has the meaning specified in Section 4.2 hereof.

"Contract Year" means the fiscal year commencing on July 1 in any year and ending on June 30 of the following year.

"Controllable Waste" means all City Acceptable Waste with respect to which the City has the legal or contractual ability to determine the disposal location therefor and which is:

(1) Non-Diverted City Acceptable Waste;

(2) not generated from the operations of the Governmental Bodies which, under Applicable Law, have the independent power to arrange for the disposal of the waste they generate (such as school districts and State correctional facilities);

(3) not Residue excluded from the Waste Disposal Covenant pursuant to Section 3.1(C);

(4) not inert materials, construction and demolition debris, green waste and other materials which can be disposed at landfills other than Class III landfills; and

(5) collected and hauled by Franchise Haulers.

"County" means the County of San Bernardino, a political subdivision of the State of California and party to this Agreement.

"County Waste Management Enterprise Fund" means the waste management enterprise fund established and managed by the County pursuant to Section 25261 of the Government Code separate from its other funds and accounts for receipts and disbursements in connection with the Disposal System.

"County-wide Recycling Services" has the meaning set forth in subsection 3.6(A) hereof.

"Designated Disposal Facility" means the sanitary landfill or other facility operated by or for the County as part of the Disposal System which is designated in Appendix 1 hereto as the disposal location for Controllable Waste delivered to the County pursuant hereto as of the Commencement Date, or such other additional, alternate or replacement sanitary landfills or other disposal facilities as may be designated by the County as the Designated Disposal Facility (subject to the approval of the City) in accordance with Section 3.2 hereof.

"Disposal Agreements" means each of the waste disposal agreements entered into between the County and any city within the County in accordance herewith.

"Disposal Services" means the solid waste disposal services to be provided by the County pursuant to the Service Covenant and otherwise hereunder.

"Disposal System" means all sanitary landfills and other solid waste transfer, transportation, storage, handling, processing and disposal facilities, now or at any time owned, leased, managed, operated by or under contract to the County for the acceptance, handling, processing and disposal of Acceptable Waste delivered by or on behalf of the City under this Agreement, including the Designated Disposal Facilities listed on Appendix 1 and any expansion thereof, all as more particularly described in the Solid Waste Partnership Strategy and Implementation Plan.

"Disposal System Component" means any landfill, facility, structure, work, equipment, site or other real or personal property constituting a component part of the Disposal System.

"Diverted City Acceptable Waste" means any otherwise Controllable Waste which is separated from Acceptable Waste by the generator thereof or by processing and which is diverted within the meaning of Section 40180 of the Public Resources Code.

"Franchise Hauler" means any hauler or collector who provides Acceptable Waste collection services within the City pursuant to, or under authority granted by, a contract, franchise or other agreement with the City. The term Franchise Hauler includes the City itself if Acceptable Waste collection and transportation services are provided directly by City operated municipal collection service.

"Governmental Body" means any federal, State, county, city or regional legislative, executive, judicial or other governmental board, agency, authority, committee, administration, court or other body, or any officer thereof acting within the scope of his or her authority.

"Hazardous Substance" has the meaning given such term in the Resource Conservation and Recovery Act, 42 U.S.C. 6901 et seq., CERCLA, and all future amendments to either of them or as defined by California statute or by the California Environmental Protection Agency or the California Integrated Waste Management Board, or any of them.

"Hazardous Waste" means (a) any waste which by reason of its quality, concentration, composition or physical, chemical or infectious characteristics may do either of the following: cause, or significantly contribute to, an increase in mortality or an increase in serious irreversible, or incapacitating reversible, illness, or pose a substantial threat or potential hazard to human health or the environment, or any waste which is defined or regulated as a hazardous waste, toxic substance, hazardous chemical substance or mixture, or asbestos under Applicable Law, as amended from time to time including, but not limited to: (1) the Resource Conservation and Recovery Act and the regulations contained in 40 CFR Parts 260-281; (2) the Toxic Substances Control Act (15 U.S.C. Sections 2601 et seq.) and the regulations contained in 40 CFR Parts 761-766; (3) the California Health and Safety Code, Section 25117 (West 1992 & Supp. 1996); (4) the California Public Resources Code, Section 40141 (West 1996); (5) CERCLA and regulations promulgated thereunder and (6) future additional or substitute Applicable Law pertaining to the identification, treatment, storage or disposal of toxic substances or hazardous wastes; or (b) radioactive materials which are source, special nuclear or by-product material as defined by the Atomic Energy Act of 1954 (42 U.S.C. Section 2011 et seq.) and the regulations contained in 10 CFR Part 40.

"Imported Acceptable Waste" means Acceptable Waste that is generated outside of the geographical boundaries of the County and delivered to the Disposal System.

"In-County Processing Facility" means any Processing Facility located within the geographical boundaries of the County, whether owned and/or operated by the County, any city, or private operator.

"Independent Haulers" means those waste collection/hauler companies primarily engaged as a principal business in the collection and transportation of municipal solid waste generated in the County of San Bernardino and not under a franchise or other contract with a city in the County.

"Legal Entitlement" means all permits, licenses, approvals, authorizations, consents and entitlements of whatever kind and however described which are required under Applicable Law to be obtained or maintained by any person with respect to the Disposal System or the performance of any obligation under this Agreement or the matters covered hereby.

"Legal Proceeding" means every action, suit, litigation, arbitration, administrative proceeding, and other legal or equitable proceeding having a bearing upon this Agreement.

"Loss-and-Expense" means any and all loss, liability, obligation, damage, delay, penalty, judgment, deposit, cost, expense, claim, demand, charge, tax, or expense, including all fees and costs.

"Out-of-County Processing Facility" means a Processing Facility located outside the geographical boundaries of the County.

"Non-Diverted City Acceptable Waste" means all City Acceptable Waste other than Diverted City Acceptable Waste.

"Overdue Rate" means the post-judgment rate of interest specified by the laws of the State.

"Processing Facility" means any materials recovery facility, composting facility, intermediate processing center, recycling center, incinerator or other waste management facility to which City Acceptable Waste is delivered for processing prior to disposal.

"Prohibited Medical Waste" means any medical or infectious waste prohibited or restricted under Applicable Law from being received by or disposed at the Disposal System.

"Qualified Household Hazardous Waste" means waste materials determined by the Board, the Department of Health Services, the State Water Resources Control Board, or the Air Resources Board to be:

(1) Of a nature that they must be listed as hazardous in State statutes and regulations;
(2) Toxic/ignitable/corrosive/reactive; and
(3) Carcinogenic/mutagenic/teratogenic;

which are discarded from households as opposed to businesses. Qualified Household Hazardous Waste shall not include Unacceptable Waste.

"Residue" means any material remaining from the processing in permitted solid waste facilities or other facilities, by any means and to any extent, of City Acceptable Waste or Diverted City Acceptable Waste.

"Resource Conservation and Recovery Act" or "RCRA" means the Resource Conservation and Recovery Act, 42 U.S.C.A. Section 6901 et seq. (West 1983 & Supp 1989), as amended and superseded.

"Self-Hauled Waste" means City Acceptable Waste collected and hauled by Self-Haulers.

"Self-Hauler" means any person not engaged commercially in waste haulage who collects and hauls Acceptable Waste generated from residential or business activities conducted by such person.

"Service Covenant" means the covenants and agreements of the County set forth in Sections 3.2 and 3.3 hereof.

"State" means the State of California.

"Term" shall mean the Term of this Agreement specified in Section 6.1.

"Ton" means a "short ton" of 2,000 pounds.

"Transfer Station" means any transfer station or other waste handling or management facility to which solid waste collected for the City is delivered for transfer, processing or transformation before disposal in the Disposal System.

"Unacceptable Waste" means Hazardous Waste; Hazardous Substances; Prohibited Medical Waste; Qualified Household Hazardous Waste separated from Acceptable Waste (or otherwise identified by the County in loads otherwise containing Acceptable Waste); explosives, ordnance, highly flammable substances, and noxious materials and lead-acid batteries (except if delivered in minimal quantities); drums and closed containers; liquid waste, oil, human wastes; machinery and equipment from commercial or industrial sources, such as hardened gears, shafts, motor vehicles or major components thereof, agricultural equipment, trailers, marine vessels and steel cable; hot loads; and any waste which the Disposal System is prohibited from receiving under Applicable Law.

"Uncontrollable Circumstance" means any act, event or condition affecting the Disposal System, the County, the City, or any of their Franchise Haulers, contractors or suppliers to the extent that

it materially and adversely affects the abili[illegible] of either party to perform any obligation under the Agreement (except for payment obligations), if such act, event or condition is beyond the reasonable control and is not also the result of the willful or negligent act, error or omission or failure to exercise reasonable diligence on the part of the party relying thereon as justification for not performing an obligation or complying with any condition required of such party under the Agreement; provided, however, that the contesting in good faith or the good faith decision not to contest such action or inaction shall not be construed as willful or negligent action or a lack of reasonable diligence of either party. Examples of Uncontrollable Circumstances are:

(1) an act of God, landslide, lightning, earthquake, fire, explosion, flood, sabotage or similar occurrence, acts of a public enemy, extortion, war, blockade or insurrection, riot or civil disturbance; and

(2) a Change in Law.

It is specifically understood that none of the following acts or conditions shall constitute Uncontrollable Circumstances: (a) general economic conditions, interest or inflation rates, currency fluctuations or changes in the cost of fuel, the availability of commodities, supplies or equipment; (b) changes in the financial condition of the County, the City or any Subcontractor affecting their ability to perform their obligations; (c) the consequences of errors, neglect or omissions by the County, the City, or any Subcontractor of any tier in the performance of their obligations hereunder; (d) union work rules, requirements or demands which have the effect of increasing the number of employees employed in connection with the Disposal System or otherwise increase the cost to the County of operating and maintaining the Disposal System or providing the Disposal Services; (e) strikes, work stoppages or other labor disputes or disturbances occurring with respect to any activity performed or to be performed by the City or the County or any of the City's or County's Subcontractors in connection with the Disposal System or the Disposal Services; (f) any failure of any Subcontractor to furnish labor, materials, service or equipment for any reason (other than an Uncontrollable Circumstance); (g) equipment failure; (h) any impact of minimum wage law, prevailing wage law, customs or practices on the County's construction or operating costs; or (i) changing conditions in the local, regional, or national waste disposal market.

"Unincorporated Area" means those portions of the County which are not contained within the jurisdictional boundaries of incorporated cities.

"Waste Disposal Covenant" means the covenants and agreements of the City set forth in Section 3.1 hereof.

SECTION 1.2. INTERPRETATION. In this Agreement, unless the context otherwise requires:

(A) References Hereto. The terms "hereby", "hereof", "herein", "hereunder" and any similar terms are references to this Agreement, and the term "hereafter" means after, and the term "heretofore" means before, the Contract Date.

(B) Gender and Plurality. Words of the masculine gender mean and include correlative words of the feminine and neuter genders and words importing the singular number mean and include the plural number and vice versa.

(C) Persons. Words importing persons include firms, companies, associations, general partnerships, limited partnerships, trusts, business trusts, corporations and other legal entities, including public bodies, as well as individuals.

(D) Headings. The table of contents and any headings preceding the text of the Articles, Sections and subsections of this Agreement shall be solely for convenience of reference and shall not constitute a part of this Agreement, nor shall they affect its meaning, construction or effect.

(E) No Third Party Beneficiaries. Except as expressly provided otherwise herein, nothing in this Agreement is intended to confer on haulers or any other person other than the parties hereto and their respective permitted successors and assigns hereunder any rights or remedies under or by reason of this Agreement.

(F) Counterparts. This Agreement may be executed in any number of original counterparts. All such counterparts shall constitute but one and the same Agreement.

(G) Applicable Law. This Agreement shall be governed by and construed in accordance with the Applicable Laws of the State of California.

(H) Accounting Terms. All accounting terms used but not specifically defined herein shall be construed in accordance with, all accounting determinations hereunder to be made shall be prepared in accordance with generally acceptable accounting principles applied on a consistent basis.

(I) Severability. If any clause, provision, subsection, Section or Article of this Agreement shall be ruled invalid by any court of jurisdiction, then the parties shall: (1) promptly meet and negotiate a substitute for such clause, provision, subsection, Section or Article which shall, to the greatest extent legally permissible, effect the intent of the parties therein; (2) if necessary or desirable to accomplish item (1) above, apply to the court having declared such invalidity for a judicial construction of the invalidated portion of this Agreement; and (3) negotiate such changes in, substitutions for or additions to the remaining provisions of this Agreement as may be necessary in addition to and in conjunction with items (1) and (2) above to effect the intent of the parties in the invalid provision. The invalidity of such clause, provision, subsection, Section or Article shall not affect any of the remaining provisions hereof, and this Agreement shall be construed and enforced as if such invalid portion did not exist, unless such invalidity frustrates the underlying primary purpose of the Agreement.

(J) Integration. This Agreement contains the entire agreement between the parties with respect to the transactions contemplated hereby. This Agreement shall completely and fully supersede all prior understandings and agreements between the Parties with respect to such transactions.

(K) Recitals. The recitals to this Agreement are not intended to bind the parties hereto. In the event of a conflict between the recitals and the operative provisions of this Agreement, the operative provisions shall prevail. The recitals shall not be used to interpret the provisions of the Agreement.

ARTICLE II
REPRESENTATIONS AND WARRANTIES

SECTION 2.1. REPRESENTATIONS AND WARRANTIES OF THE CITY. The City represents and warrants that:

(A) Existence. The City is a general law or charter city validly existing under the Constitution and laws of the State.

(B) Due Authorization. The City has duly authorized the execution and delivery of this Agreement, and this Agreement has been duly executed and delivered by the City.

(C) No Conflict. Neither the execution nor the delivery by the City of this Agreement nor the performance by the City of its obligations hereunder nor the consummation by the City of the transactions contemplated hereby (1) conflicts with, violates or results in a breach of any Applicable Law or (2) conflicts with, violates or results in a breach of any term or conditions of any contract, agreement, franchise, judgment, instrument or decree to which the City is a party or by which the City or any of its properties or assets are bound, or constitutes a default under any such contract, franchise, judgment, decree, agreement or instrument.

(D) No Litigation. There is no action, suit or other proceeding, at law or equity, before or by any court or Governmental Body pending or, to the City's best knowledge, threatened against the City in which an unfavorable decision, ruling or finding which would materially and adversely affect the validity of or enforceability of this Agreement or any other agreement or instrument to be entered into by the City in connection with the transactions contemplated hereby, or which would materially and adversely affect the performance by the City of its obligations hereunder or under any such other agreement or instrument.

SECTION 2.2. REPRESENTATIONS AND WARRANTIES OF THE COUNTY. The County represents and warrants that:

(A) Existence. The County is a political subdivision of the State of California validly existing under the Constitution and laws of the State.

(B) Due Authorization. The County has duly authorized the execution and delivery of this Agreement, and this Agreement has been duly executed and delivered by the County.

(C) No Conflict. Neither the execution nor the delivery by the County of this Agreement nor the performance by the County of its obligations hereunder nor the consummation by the County of the transactions contemplated hereby (1) conflicts with, violates or results in a breach of any Applicable Law or (2) conflicts with, violates or results in a breach of any term or conditions of any contract, agreement, franchise, judgment, instrument or decree to which the County is a party or by which the County or any of its properties or assets are bound, or constitutes a default under any such contract, franchise, judgment, decree, agreement or instrument.

(D) No Litigation. There is no action, suit or other proceeding, at law or equity, before or by any court or Governmental Body pending or, to the County's best knowledge, threatened against the County in which an unfavorable decision, ruling or finding which would materially and adversely affect the validity of or enforceability of this Agreement or any other agreement or instrument to be entered into by the County in connection with the transactions contemplated hereby, or which would materially and

adversely affect the performance by the County of its obligations hereunder or under any such other agreement or instrument.

ARTICLE III
DELIVERY AND ACCEPTANCE OF WASTE AND PROVISION OF DISPOSAL SERVICE

SECTION 3.1. DELIVERY OF WASTE. (A) Waste Disposal Covenant. Subject to the occurrence of the Commencement Date and throughout the Term of this Agreement, the City shall exercise all legal and contractual power and authority which it may possess from time to time to deliver or cause the delivery of all Controllable Waste to the Disposal System in accordance herewith beginning on January 1, 1998.

(B) Diverted City Acceptable Waste. The parties hereto acknowledge the responsibility of the City to meet the recycling and landfill diversion goals contained in the Act. Nothing in this Agreement is intended or shall be interpreted to prohibit or impair the ability of the City to meet or exceed such responsibilities, or to restrict the right of the residents, businesses or organizations in the City to practice source separation, source reduction, recycling, composting or other materials recovery activities, or to restrict the right of the City to conduct, sponsor, encourage or require such activities in any form. No reduction in the amount of Controllable Waste generated in the City and delivered to the Disposal System by or on behalf of the City which may result from any such source separation or recycling program (whether or not such program meets or exceeds the diversion requirements of the Act) shall cause the City any liability hereunder and shall not constitute a breach of this Agreement.

(C) Waste Delivered to Transfer Station or Processing Facilities. Subject to the provisions of this Section, all Residue from any processing of Controllable Waste by materials recovery, composting, recycling or other means, performed at In-County Processing Facilities or Out-of-County Processing Facilities shall constitute Controllable Waste and be subject to the Waste Disposal Covenant. The County specifically acknowledges that the City shall have the right to deliver or cause the delivery of City Acceptable Waste to Out-of-County Processing Facilities, and that the City is not obligated to require that Residue from such Out-of-County Processing Facilities be delivered to the Disposal System, after final processing or re-processing of such Residue as long as such Residue from Out-of-County Processing Facilities does not exceed, in any Contract Year, the lesser of (i) 40% of the amount of City Acceptable Waste delivered to such Out-of-County Processing Facility in such Contract Year or (ii) 2% of the total amount of Controllable Waste generated in the City during such Contract Year. To the extent that Residue from the processing of Controllable Waste exceeds the amount specified in the preceding sentence, the City shall exercise all legal and contractual authority which it may possess from time to time to require that such excess Residue be delivered to the Disposal System, and shall include a requirement to that effect in any contracts, agreements or other arrangements for processing at Out-of-County Processing Facilities which it enters into or amends after the Contract Date. Where City Acceptable Waste is processed at an In-County or Out-of-County Processing Facility which concurrently processes other Acceptable Waste in a manner which produces commingled residue which cannot be traced to a geographic source, generic residues from such Processing Facility in Tonnage equal to the residues that would have been produced had City Acceptable Waste only been processed at the facility shall constitute Controllable Waste and be subject to the Waste Disposal Covenant (subject to the exclusion from Controllable Waste of the amounts of Residue from Out-of-County Processing Facilities specified in this Section 3.1(C).) Such generic residues shall be delivered to the Disposal System regularly, in approximately the same frequency as deliveries of City Acceptable Waste to the Processing Facility. (In making any determination of Residue attributable to the City, the City may rely on the reports or certifications of the owner or operator of the Transfer Station or Processing Facility.)

(D) Power to Obligate Waste Disposal and Comply with this Agreement. On or before the Contract Date, (i) any City franchise, contract, lease, or other agreement which is lawfully in effect

relating to or affecting Controllable Waste · all provide, or shall have been amended to provide, that the City shall have the right without material restriction on and after the January 1, 1998 to direct the delivery of all Controllable Waste to a disposal location selected by the City (whether or not such Controllable Waste is delivered to a transfer station as an intermediate step prior to landfill disposal) and otherwise to comply with its obligations under this Agreement with respect to Controllable Waste and Franchise Haulers, and (ii) the City shall designate the Designated Disposal Site as the disposal location pursuant to such franchise, contract, lease or other agreement. Throughout the Term of this Agreement the City (a) shall not enter into any franchise, contract, lease, agreement or obligation, issue any permit, license or approval, or adopt any ordinance, resolution or law which is materially inconsistent with the requirements of the Waste Disposal Covenant, and (b) shall maintain non-exclusive or exclusive franchises or other contractual arrangements (or collection through City owned and operated collection services) over any City Acceptable Waste which, as of the Contract Date, is subject to non-exclusive or exclusive franchise or other contractual arrangements. The City agrees that the County shall be a third party beneficiary of the obligation of Franchise Haulers to deliver Controllable Waste to the Disposal System, and may directly enforce such obligation through any legal or means available; provided, however, that such designation of the County as a third party beneficiary does not relieve the City of its obligations hereunder to enforce the waste delivery obligation of the Franchise Haulers. The City shall notify in writing each Franchise Hauler of the County's third party beneficiary rights.

(E) Waste Flow Enforcement. The City, in cooperation with the County, shall establish, implement, carry out and enforce a waste flow enforcement program which is sufficient to assure the delivery of all Controllable Waste to the Disposal System pursuant to and in accordance with the Waste Disposal Covenant for disposal at the times and in the manner provided herein. The waste flow enforcement program shall consist of amending City franchises with all Franchise Haulers, to the extent required by this Section, and shall include in addition, to the extent necessary and appropriate in the circumstances to assure compliance with the Waste Disposal Covenant, but shall not be limited to: (1) licensing or permitting Franchise Haulers, upon the condition of compliance with the Waste Disposal Covenant, (2) providing for and taking appropriate enforcement action under any such franchise, license, or permit, such as but not limited to the suspension, revocation and termination of collection rights and privileges, the imposition of fines or collection of damages, and the exercise of injunctive relief against non-complying Franchise Haulers and (3) causing any Transfer Station to which Controllable Waste is delivered for processing to deliver certification, under the penalty of perjury, of the amounts of Controllable Waste received and Residue remaining from processing at such Transfer Station. The City acknowledges and agrees that in the event of a breach of the Waste Disposal Covenant by the City, the City shall pay the County an amount equal to 100% multiplied by the Contract Rate in effect at the time of such breach multiplied by the number of tons of Controllable Waste which were not delivered to the Disposal System as a result of the failure of the City to comply with the Waste Disposal Covenant. The parties recognize that if the City fails to meet its obligations hereunder, the County will suffer damages and that it is and will be impracticable and extremely difficult to ascertain and determine the exact amount of such damages. Therefore, the parties agree that the damages specified above represent a reasonable estimate of the amount of such damages, considering all of the circumstances existing on the date hereto, including the relationship of the sums to the range of harm to the County that reasonably could be anticipated and anticipation that proof of actual damages would be costly or inconvenient. In signing this Agreement, each party specifically confirms the accuracy of the statements made above and the fact that each party had ample opportunity to consult with legal counsel and obtain an explanation of this liquidated damage provision at the time that this Agreement was made.

(F) Legal Challenges to Franchise System. The City shall use its best efforts to preserve, protect and defend (by diligent pursuit of claims through the trial court level) its right to exercise and comply with the Waste Disposal Covenant against any challenge thereto, legal or otherwise (including any lawsuits against the City or the County, whether as plaintiff or defendant), by a Franchise Hauler or any other person, based upon breach of contract, violation of law or any other legal theory. The City shall bear

the cost and expense of any such Legal Proceeding or other challenge. In the event any such Legal Proceeding relating to the Waste Disposal Covenant or the City's exercise thereof establishes in a final determination that such covenant or exercise thereof is void, unlawful or unenforceable, or if any Franchise Hauler fails to deliver Controllable Waste to the Disposal System in breach of its franchise with the City on the grounds that a judicial determination made by any court or other Applicable Law has rendered its obligation to deliver Controllable Waste to the Disposal System void, unlawful or unenforceable on any legal grounds, with the result that actual waste deliveries of the City's Controllable Waste to the Disposal System in any Contract Year fall below 93% of the amount of the City's Controllable Waste delivered to the Disposal System during the preceding Contract Year, the County shall be entitled to terminate this Agreement upon 60 days prior written notice to the City. Such right of the County to terminate must be exercised within one year of the end of the Contract Year during which the delivery shortfalls described in this Section giving rise to the right to terminate occurred. Upon any termination by the County pursuant to the provisions of this Section, the obligations of the County pursuant to Section 7.3 hereof shall not apply to any Loss-and-Expense of the City which may arise from deliveries of waste to the Disposal System after such date of termination.

(G) Franchise Haulers. The City shall compile and provide the County with the following information concerning all Franchise Haulers: name, address and phone number; identification number; area of collection and transportation; and franchise and permit terms.

(H) Waste Information System. The City shall cooperate with the County in collecting information and otherwise monitoring Franchise Haulers in order to assure compliance with this Agreement. Such information may include, to the extent practicable, data pertaining to Controllable Waste collected, transported, stored, processed and disposed of; Diverted City Acceptable Waste collected, transported, stored, processed and marketed or disposed of; Franchise Haulers' franchise, permit or license terms, collection areas, transportation routes and compliance with Applicable Law; and all other information which may reasonably be required by the County in connection with this Agreement.

(I) City Actions Affecting County. The City agrees not to conduct any disposal services for Controllable Waste to be provided in competition with the Disposal Services provided by the County hereunder, and not to take or omit to take any action with respect to Controllable Waste or its collection, transportation, transfer, storage, treatment or disposal that may materially and adversely affect the County's ability to timely comply with its obligations hereunder. The County acknowledges that development by the City (or cooperation by the City in connection with the private development of) any materials recovery facility or transfer station located within or without the City shall not violate the provisions of this section as long as the ultimate disposal site for any Controllable Waste (or Residue therefrom) which is delivered to such materials recovery facility or transfer station is the Disposal System. Notwithstanding the foregoing, the City shall not be required to (i) approve or deny any permit or license or grant or refuse to grant any approval while exercising its police powers or (ii) waive, modify or otherwise limit in any manner the City's land use authority.

(J) No Right of Waste Substitution. Nothing in this Agreement shall authorize or entitle the City to deliver or cause the delivery to the Disposal System of Acceptable Waste originating from or generated outside the jurisdiction of the City, nor obligate the County to receive or dispose of any such Acceptable Waste. The City shall not assign in whole or in part its right to deliver or cause to be delivered Controllable Waste to the County hereunder, and shall not permit any Acceptable Waste originating from or generated outside the jurisdiction of the City to be substituted for Controllable Waste for any purpose hereunder.

(K) Annexations and Restructuring. It is the intention of the parties that this Agreement and the obligations and rights of the City hereunder, including particularly the Waste Disposal Covenant and the Contract Rate, shall, to the extent permitted by Applicable Law (and subject to any rights of waste haulers operating in such areas prior to such annexation), extend to any territory annexed by the City (or any territory with respect to which the City assumes solid waste management responsibility from a sanitary district or other public entity) and shall bind any successor or restructured Governmental Body which shall assume or succeed to the rights of the City under Applicable Law.

SECTION 3.2. PROVISION OF DISPOSAL SERVICES BY THE COUNTY. (A) Service Covenant. Commencing on the Contract Date, the County shall provide or cause the provision of the service of (1) receiving and disposing of all Controllable Waste at the Designated Disposal Facility, (2) disposing in accordance with subsection 3.2(C) hereof of Controllable Waste which, at any time and for any reason, is in excess of the disposal capacity of the Designated Disposal Facility, and (3) in accordance with subsection 3.3(C) hereof, disposing of Unacceptable Waste inadvertently accepted at the Designated Disposal Facility. The County shall do and perform all acts and things which may be necessary or desirable in connection with its covenants in this subsection, including without limitation all planning, development, administration, implementation, construction, operation, maintenance, management, financing and contract work related thereto or undertaken in connection therewith. The County shall exercise all reasonable efforts to minimize the costs incurred in complying with the Service Covenant consistent with its responsibilities hereunder and under this Agreement, Applicable Law and prudent solid waste management practice and environmental considerations, so as to enable the County to provide the services hereunder at the Contract Rate.

(B) Temporary Unavailability of Designated Disposal Facility; Provision of Transfer Capacity. The County shall immediately advise the City and Franchise Hauler by telephone and facsimile of any situation, event or circumstance which results in the partial or complete inability of the County to receive Controllable Waste at the Designated Disposal Facility, its effect on the County's ability to perform its obligations hereunder, and the County's best estimate of the probable duration. The County shall confirm such advice in writing within 24 hours of the occurrence of any such inability. The County shall use its best efforts to resume normal operation of the Designated Disposal Facility as soon as possible in accordance with subsection 3.2(C) hereof. In the event that, at any time during the term hereof, the County is unable to accept City Acceptable Waste for disposal at any particular Designated Disposal Facility for a period in excess of 14 consecutive days, it shall nonetheless provide sufficient transfer capacity at such Designated Disposal Facility, and shall accept for transfer and disposal City Acceptable Waste at such Designated Disposal Facility for the Contract Rate. In the event that the County cannot provide such transfer capacity, it shall be obligated to accept such City Acceptable Waste at another facility within the Disposal System and to reimburse the City for any increased transportation cost (including without limitation, equipment rental costs, overtime and increased fuel costs resulting from the unavailability of the Designated Disposal Facility) incurred by the City or the Franchise Haulers in transporting City Acceptable Waste to another disposal facility within the Disposal System. In the event that the County cannot provide disposal capacity at another facility within the Disposal System, it shall be obligated to reimburse the City for (i) any increased transportation cost (including without limitation, equipment rental costs, overtime and increased fuel costs resulting from the unavailability of the Designated Disposal Facility) incurred by the City or the Franchise Haulers in transporting City Acceptable Waste to any other disposal facility used by the City or Franchise Hauler and (ii) the amount, if any, by which the tipping fee at the alternative facility utilized by the City or Franchise Hauler (because of the unavailability of any facility within the Disposal System) exceeds the then current Contract Rate. The invoice shall include reasonable substantiation of the amount invoiced.

(C) Termination by County in Certain Circumstances. In the event that the Designated Disposal Facility becomes unavailable pursuant to Section 3.2(B) for a period exceeding 14 days, the County shall

have the right to terminate this Agreement pursuant to this Section. The County may exercise such right by providing 10 days prior written notice thereof to the City. In the event that the County exercises such right, the County shall be obligated to pay the City an amount equal to (i) any aggregate increased transportation cost (including without limitation, equipment rental costs, overtime and increased fuel costs resulting from the unavailability of the Designated Disposal Facility) reasonably expected to be incurred by the City or the Franchise Haulers in transporting City Acceptable Waste to any other disposal facility used by the City or Franchise Hauler for a period of one year following the date of termination and (ii) the aggregate amount, if any, by which the tipping fee at the alternative facility utilized by the City or Franchise Hauler (because of the unavailability of any facility within the Disposal System) is reasonably expected to exceed the then current Contract Rate for a period of one year following the date of termination. Such amounts shall be payable by the County within 60 days of the date of termination.

(D) Change in Designated Disposal Facility by Mutual Consent. The Designated Disposal Facility has been initially designated in Appendix 1 hereto. The Designated Disposal Facility may be changed, and other Designated Disposal Facilities added, at any time with the mutual consent of the parties.

(E) Change in Designated Disposal Facility at City Request. In the event the City wishes to change the Designated Disposal Facility to another Disposal System Component, the City shall provide written notice and the reasons therefor to the County, and shall indicate whether the requested change is permanent or temporary. The County shall consider any such request in good faith and provide a response to the City within 14 days, taking into account the reasons for the request, the County's obligations to other cities which have executed Disposal Agreements, the requirements of Applicable Law, and the implications of any such change for the Disposal System as a whole. The County shall honor any such request to the extent commercially practicable based on such considerations and the overall interests of the Disposal System.

(F) Annual Notification of Remaining Disposal Capacity. At the end of each Contract Year, the City shall advise the County in writing as to the expected delivery levels of Controllable Waste during the next Contract Year, and the County shall submit to the City a statement specifying (1) the amount of disposal capacity at the Designated Disposal Facility expected to be available for use by the City during the next Contract Year; (2) the aggregate amount of Disposal System capacity expected to be available for use by the cities which have executed Disposal Agreements during the remaining Term of this Agreement; and (3) any plans the County may have with respect to redesignating the Designated Disposal Facility, increasing or decreasing the number of cities using the Designated Disposal Facility, or curtailing or expanding the use of the Designated Disposal Facility. The annual notification to be provided by the County pursuant to this Section shall also describe the status of any permits required with respect to the Designated Disposal Facility, including a description of (i) any permit revisions expected to be proposed by the County; and (ii) any abatement orders or other permit compliance or enforcement actions taken or proposed by Governmental Bodies.

SECTION 3.3. COUNTY RIGHT TO REFUSE WASTE. (A) Right of Refusal. Notwithstanding any other provision hereof, the County may refuse delivery of:

(1) Unacceptable Waste; and

(2) Controllable Waste delivered at hours other than those provided in the facility operating permit.

(B) Identification of Unacceptable Waste. The County shall have the right (but not the duty or the obligation) to inspect the vehicles of all Franchise Haulers delivering material to the Disposal System,

and may require that the Franchise Hauler remove any Unacceptable Waste from such vehicle before it is unloaded. If the County determines that it is impractical to separate Controllable Waste from Unacceptable Waste in any vehicle, or if the Franchise Hauler delivering such waste is unwilling to make such separation, or if any vehicle is carrying waste which may spill or leak, then the County may reject the entire vehicle, and the County shall require that the Franchise Hauler shall forthwith remove or cause the removal of the entire delivery from the Disposal System.

(C) Hazardous Waste and Hazardous Substances. The parties acknowledge that the Disposal System has not been designed or permitted, and is not intended to be used in any manner or to any extent, for the handling, transportation, storage or disposal of Hazardous Waste or Hazardous Substances. Neither the County nor the City shall countenance or knowingly permit the delivery of Hazardous Waste or Hazardous Substances to the Disposal System.

(D) Disposal of Unacceptable Waste and Hazardous Waste. If Unacceptable Waste or Hazardous Waste is discovered in a vehicle at any landfill within the Disposal System, the driver of the vehicle will not be permitted to discharge the load. If a vehicle is observed unloading Unacceptable Waste or Hazardous Waste in the tipping area of a landfill within the Disposal System County personnel will use reasonable efforts to assure that such material has been characterized, properly secured and its disposition resolved. The return or reloading on to the delivery vehicle of any Hazardous Waste, Prohibited Medical Waste or other waste requiring handling or transportation shall be conducted in accordance with Applicable Law. Whenever Hazardous Waste is detected at any landfill within the Disposal System, the County shall take immediate action in accordance with Applicable Law. In addition, if the County inadvertently accepts Unacceptable Waste, it shall have the right to pursue any remedies which it may against the person delivering such Unacceptable Waste to recoup the cost of handling and properly disposing of such Unacceptable Waste.

(E) Environmental Insurance. Prior to the Contract Date, the County will obtain insurance for potential CERCLA or other environmental liability of the Disposal System, in an amount equal to $10,000,000 with deductibles of: (i) $1,000,000 for events giving rise to coverage which events occurred prior to October 1, 1995 and (ii) $250,000 for events giving rise to coverage which events occurred on or after October 1, 1995. The County shall maintain comparable insurance throughout the term hereof so long as commercially available on reasonable terms, as determined in the reasonable discretion of the County risk manager. The County shall notify the City in the event that the County does not maintain the insurance described in this Section.

SECTION 3.4. MISCELLANEOUS OPERATIONAL MATTERS. (A) Permit Revisions or Stipulated Orders. The County shall provide the City with any application of the County to revise the Legal Entitlements for the Designated Disposal Facility (or any draft or final stipulated notice and order relating to the Designated Disposal Facility which may be under consideration by the local enforcement agency with jurisdiction over the Designated Disposal Facility). Such applications shall be provided to the City concurrently with its submittal to the appropriate regulatory agency.

(B) Scales and Weighing. The County shall operate and maintain permanent scales at the Disposal System in compliance with Applicable Law. The County shall weigh all vehicles delivering Controllable Waste by or on behalf of the City (whether or not the County accepts such waste) and prepare a daily weight record with regard to such delivery. (In the event that scales are temporarily unavailable, the County shall reasonably estimate the weight of Controllable Waste delivered by volume.)

SECTION 3.5. OTHER USERS OF THE DISPOSAL SYSTEM. (A) Generally. The County shall have the right to enter into waste disposal agreements with other cities in the County, Sanitary

Districts, Transfer Stations or Independent Haulers; provided, however, that in no event shall such agreements have terms and provisions more favorable than the terms and provisions of this Agreement (including but not limited to the Contract Rate and availability of disposal capacity) unless the County has first offered the City such more favorable contract (or amendments to this Agreement).

(B) Receipt of Imported Acceptable Waste on a Contract Basis. The County shall have the right to enter into a contract or other agreement with any municipal or private non-County entity for the delivery of Imported Acceptable Waste on terms and conditions that the County determines to be necessary to ensure and enhance the viability of the Disposal System for the benefit of the County and the cities which have executed Disposal Agreements. The County shall not enter into any such arrangements if such arrangements would materially and adversely affect the ability of the County to receive and dispose of Acceptable Waste from the cities which have executed Disposal Agreements in accordance with the Disposal Agreements throughout the Term thereof. Any such agreements shall provide that, in the event there is insufficient capacity at the Designated Disposal Facility for both Controllable Waste and Imported Acceptable Waste, Controllable Waste shall have priority with respect to existing capacity.

SECTION 3.6. COUNTY PROVISION OF WASTE DIVERSION SERVICES. (A) County-Wide Recycling Services. This Agreement does not require the County to provide for any source reduction, materials recovery, recycling, composting, or other waste diversion services by the County nor any payment therefor by the City, by Franchise Haulers or by ratepayers; provided, however, any County-Wide Recycling Services, or recycling services provided at any Designated Disposal Facility (such as providing drop boxes for wood waste, green waste or other recyclable materials delivered to such Designated Disposal Facility), may be funded through the County Waste Management Enterprise Fund. Any such recycling services may be expanded, contracted or modified by the County at any time in its sole discretion.

(B) Separate City-County Diversion Service Agreements. Nothing in this Agreement is intended to limit the right of the County to enter into a separate agreement with the City or any other person to provide source reduction, materials recovery, recycling, composting or other waste diversion services. Any such program conducted by the County, whether in participation with the City, any other of the cities which have executed Disposal Agreements, other cities, Sanitary Districts, Transfer Stations, Independent Haulers, Unincorporated Area or non-County entity, shall be operated, managed and accounted for as a program separate and distinct from the Disposal Services program contemplated by the Disposal Agreements and shall not be funded through the general revenues of the Disposal System.

(C) Diversion Programs in Unincorporated Areas. To the extent the County implements diversion or other related programs in the Unincorporated Area of the County, the cost of such diversion programs shall be paid by the residences and businesses receiving the benefit of such diversion programs, and shall not be payable from the revenues of the Disposal System.

ARTICLE IV
CONTRACT RATE

SECTION 4.1. CHARGING AND SECURING PAYMENT OF CONTRACT RATE. The City acknowledges that the County shall have the right to charge and collect a Contract Rate for the acceptance and disposal of Controllable Waste delivered to the System by any Franchise Hauler. The Contract Rate shall be calculated and established, and may be modified, as provided in Section 4.2 hereof. In addition, the City acknowledges that the County shall have the right to establish as part of the operating rules and regulations reasonable measures to secure the payment of all Contract Rates. Notwithstanding Section 4.2(A), the County shall have the right to impose special charges for the receipt of hard to handle materials, such as bulky materials, construction and demolition debris, tires and sludge. Such special charges shall be calculated to reflect the reasonable incremental costs to the County of accepting such hard to handle materials.

SECTION 4.2. CONTRACT RATE. (A) Generally. Effective January 1, 1998, the Contract Rate payable by each Franchise Hauler shall be $28.50 per ton, subject to potential adjustment necessary to reflect the circumstances set forth below:

(i) increased costs incurred by the County (in excess of available insurance proceeds) due to the occurrence of one or more Uncontrollable Circumstances, including Changes in Law; and

(ii) escalation during the Term of this Agreement calculated in accordance with Section 4.2 (B).

Prior to adjusting the Contract Rate as a result of any of the circumstances described in Section 4.2(A)(i), the County shall utilize the following remedy: reduce the costs of operating the Disposal System to the extent practicable.

Any adjustments to the Contract Rate permitted by this Section 4.2(A)(i) shall be calculated by the County to reflect the actual costs or expenses of addressing the circumstance or circumstances pursuant to which the adjustment is authorized, and shall also reflect, where applicable, the then remaining capacity in the Disposal System. Such adjustment may not reflect circumstances other than the circumstances described in Section 4.2(A)(i).

(B) Calculation of Escalation. For purposes of Section 4.2(A)(ii), the Contract Rate shall be adjusted in accordance with the formula described in this Section each July 1 during the term hereof, commencing July 1, 1999. The adjustment shall be calculated in accordance with the following formula:

Contract Rate = Fixed Portion + [Escalating Portion x Index]

Where,

Fixed Portion	=	$10.87
Escalating Portion	=	$17.63
Index	=	Price Index, which shall be determined in accordance with the following formula
I	=	$.7[PPI_1/PPI_2]+.3[EI_1/EI_2]$

PPI_1	=	The Producer Price Index, Industrial Commodities, as published by the United States Department of Labor Statistics in the publication *Producer Price Indices*, Table 6, for the month of February in the year the adjustment is being made (e.g., the first adjustment will use the February, 1999 value)
PPI_2	=	Producer Price Index, Industrial Commodities for the month of February, 1998
EI_1	=	Employment Cost Index, Compensation, Private Industry Workers, as published by the United States Department of Labor Statistics in the publication *Monthly Labor Review*, Table 22 for the last quarter of the year preceding the year the adjustment is being made (e.g., the first adjustment will use the last quarter, 1998 value)
EI_2	=	Employment Cost Index, Compensation, Private Industry Workers established for the last quarter of 1997

If the Employment Cost Index or Producer Price Index are no longer published, or are otherwise unavailable, then the Cost of Living Adjustment shall be determined by using standard official statistics measuring changes to, respectively, labor costs and cost of materials, as the parties shall mutually agree.

(C) Procedure for Rate Adjustments. In the event the County determines that it is entitled to an adjustment of the Contract Rate pursuant to Section 4.2(A)(i), it shall utilize the procedures described in this Section 4.2(C). The County shall be required to provide the City with at least 60 days prior written notice of the adjustment, which notice shall identify the specific event(s) or circumstances which require the adjustment. The notice shall also specify the earliest date on which the County Board of Supervisors shall consider the proposed adjustment. At least 45 days prior to such meeting of the Board of Supervisors, the County shall provide the City with a report which shall contain the following information: a description of the specific event(s) or circumstances which require the adjustment; a description (including cost estimates) of any activities (which may include, but not be limited to capital improvements to the Disposal System) required in order to remedy such event or circumstance; certification by the County that it has implemented the remedy described in Section 4.2(A) prior to requiring the rate adjustment; and a description of the methodology used by the County to calculate the adjustment to the Contract Rate (hereinafter the "County Report"). In the event the City disputes the adjustment, it shall provide the County with a written description of the reason for the dispute at least 10 days prior to the meeting of the Board of Supervisors identified in the initial notice of the County (hereinafter the "City Report"). The City Report shall be provided to the Board of Supervisors for consideration at such meeting in connection with the proposed rate adjustment. At any time from and after the date that the County provides the City with the County Report, upon the request of either party, the City and County shall meet and confer in good faith to resolve any dispute that may arise regarding the proposed adjustment to the Contract Rate. In the event the Board of Supervisors approves all or a portion of the proposed rate adjustment, such rate adjustment shall become effective on the date identified in the initial notice sent by the County, but subject to potential reimbursement pursuant to Section 4.2(D).

(D) Challenges to Rate Adjustment. In the event that the City challenges a Rate Adjustment made pursuant to Section 4.2(A) and a court of applicable jurisdiction determines that any portion of the County's adjusted Contract Rate was improperly imposed, the County shall, within 30 days of the date of the statement of decision, reimburse to the City the amount improperly imposed, together with interest

calculated at the Overdue Rate. Such reimbursement may be made in the form of a reduction in the Contract Rate for a future period reasonably calculated to provide full reimbursement of the amounts described above.

SECTION 4.3. RESPONSIBILITY FOR PAYMENT OF THE CONTRACT. (A) Payment by City. In the event and to the extent (1) the City uses municipal collection forces directly for the haulage of Controllable Waste to the Disposal System or (2) the City uses non-municipal Franchise Haulers for collection but nonetheless elects to pay the Contract Rate from City revenues, the City shall have direct responsibility for payment of the Contract Rate, and shall take all such budgetary, appropriation and other action as may be necessary to provide for the timely payment of the Contract Rate. Such action may include, depending upon the means authorized by the City to provide for such payment, the levy and collection of general or special taxes, the imposition of benefit assessments, or the collection of user fees, generator charges or other similar impositions for municipal solid waste disposal. The City shall use best efforts in accordance with Applicable Law to levy and impose all such taxes, assessments, fees or charges, and will take all steps, actions and proceedings for the enforcement, collection and payment of all such amounts which shall become delinquent, to the full extent permitted by Applicable Law. To the extent provided in Section 7.5 hereof, the obligation of the City for such Contract Rate or Transfer Rates shall be limited to amounts in the City's Solid Waste Enterprise Fund. From the Commencement Date to the date of expiration or termination of this Agreement, the obligation of the City to pay the Contract Rate or Transfer Rate, to the extent the City rather than Franchise Haulers is responsible directly for payment and provided that the Service Covenant has been complied with, shall be absolute and unconditional and shall not be subject to delay or diminution by reason of set-off, abatement, counterclaim, existence of a dispute or otherwise. The obligation of the City hereunder shall be limited in all circumstances to amounts available in any enterprise fund created by the City for solid waste management purposes, and there shall be no recourse hereunder against the City's general fund or other funds not related to solid waste management purposes for amounts owed by the City hereunder.

(B) Payment by Franchise Haulers. With respect to Controllable Waste delivered by Franchise Haulers other than City municipal collection forces, the obligation to pay the Contract Rate shall rest with such Franchise Haulers and not with the City and, unless the City has agreed with the County to be responsible for Franchise Hauler payments, the City shall not be financially responsible for any delay or failure by such Franchise Hauler to pay the Contract Rate or any portion thereof when due. In the event of any such failure, the County and the City shall cooperate with each other and use their best efforts to obtain timely payment. Such efforts by the County may include, as appropriate, requiring cash payments for disposal rights from such Franchise Hauler and bringing a legal proceeding for payment and damages. Such efforts by the City shall include, as appropriate, legal proceedings to suspend, revoke or terminate the Franchise Hauler's franchise, permit or license rights.

(C) Disputes. If the City or the Franchise Hauler disputes any amount billed by the County in any Billing Statement, the City or the Franchise Hauler shall nonetheless pay undisputed amounts identified on such Billing Statement and shall provide the County with written objection within 30 days of the receipt of such Billing Statement indicating the amount that is being disputed and providing all reasons then known to the City or the Franchise Hauler for any objection to or disagreement with such amount. The County shall then respond to such written objection (providing additional documentation substantiating the amount disputed if applicable) within 30 days of receipt of the written objection. If the City or the Franchise Hauler and the County are not able to resolve such dispute within 30 days after the County's response, either party may pursue appropriate legal remedies. In addition, in the event of nonpayment by the City or Franchise Hauler, as applicable, the County shall have the right to discontinue any credit arrangements it may have had with the City or Franchise Hauler, and require cash payment for subsequent deliveries.

SECTION 4.4. BILLING OF THE CONTRACT RATE. The County shall continue to bill Contract Rate after January 1, 1998, in the same manner as it has customarily billed tipping fees. Subject to the other provisions of this Agreement, the County shall have the right to modify or amend such manner of billing on reasonable notice to affected parties.

SECTION 4.5. SOLID WASTE DISPOSAL FEE OPTION. Notwithstanding the other provisions of this Article IV, City shall have the option to adopt the following procedure:

City agrees that it or its Franchise Hauler will pay the then current Solid Waste Disposal Fee (which Fee is, at this time, set forth in Section 16.0222 of the County Code), as same may be amended from time to time, relative to the City's Controllable Waste delivered to the Disposal System. In turn, the City will receive a monthly payment from the County equal to the product of: the City's Controllable Waste delivered to the Disposal System for the month in question multiplied by the difference between the then current Solid Waste Disposal Fee and the then current Contract Rate (as the Contract Rate is determined under the provisions of this Agreement). City acknowledges that the County shall have the right to establish as part of the operating rules and regulations reasonable measures to secure the payment of all Solid Waste Disposal Fees. Further, all references to "Contract Rate" in Sections 4.3 and 4.4 shall be deemed to refer to the Solid Waste Disposal Fee.

City shall elect the option set forth in this Section 4.5 by notifying the County of such election as provided in Section 7.16. The election shall be effective on the first day of the second month following receipt of the notice by County.

ARTICLE V
BREACH, ENFORCEMENT AND TERMINATION

SECTION 5.1. BREACH; REMEDIES. The parties acknowledge that the money damages provided hereunder may not be adequate to compensate either party for the other party's nonperformance. The parties agree that in the event either party breaches any obligation under this Agreement or any representation made by either party hereunder is untrue in any material respect, the other party shall have the right to take any action at law or in equity (including actions for injunctive relief, mandamus and specific performance) it may have to enforce the payment of any amounts due or the performance of any obligations to be performed hereunder. Neither party shall have the right to terminate this Agreement except as provided in Section 3.1(F), Section 3.2(C), Section 5.2 and Section 5.3 hereof or as otherwise provided in this Agreement.

SECTION 5.2. CITY CONVENIENCE TERMINATION. The City shall have the right to terminate this Agreement in its sole discretion, for its convenience and without cause at any time during the Term hereof upon 90 days' written notice to the County. If the City exercises its rights to terminate the Agreement pursuant to this Section, the City shall pay the County a termination fee equal to (x) $14.25 multiplied by (y) the amount of Controllable Waste delivered to the Disposal System during the prior Contract Year multiplied by (z) remaining term of the Waste Disposal Agreement, stated in years (assuming such termination for convenience did not occur). Upon any termination by the City pursuant to the provisions of this Section, the obligations of the County pursuant to Section 7.3 hereof shall not survive such termination, notwithstanding Section 6.1(B).

SECTION 5.3. TERMINATION. (A) By City. Except as expressly provided herein, the City shall have no right to terminate this Agreement for cause except in the event of the repeated failure or refusal by the County substantially to perform any material obligation under this Agreement unless such failure or refusal is excused by an Uncontrollable Circumstance; except that no such failure or refusal shall give the City the right to terminate this Agreement for cause under this subsection unless:

(1) The City has given prior written notice to the County stating that a specified failure or refusal to perform exists which will, unless corrected, constitute a material breach of this Agreement on the part of the County and which will, in its opinion, give the City the right to terminate this Agreement for cause under this subsection unless such breach is corrected within a reasonable period of time, and

(2) The County has neither challenged in an appropriate forum (in accordance with Section 5.6) the City's conclusion that such failure or refusal to perform has occurred or constitutes a material breach of this Agreement nor corrected or diligently taken steps to correct such breach within a reasonable period of time not more than 90 days from the date of the notice given pursuant to clause (1) of this subsection (but if the County shall have diligently taken steps to correct such breach within such reasonable period of time, the same shall not constitute a breach giving rise to the right of termination for as long as the County is continuing to take such steps to correct such breach).

(B) By County. Except as expressly provided herein, the County shall have no right to terminate this Agreement for cause except in the event of the repeated failure or refusal by the City substantially to perform any material obligation under this Agreement unless such failure or refusal is excused by an Uncontrollable Circumstance; except that no such failure or refusal shall give the County the right to terminate this Agreement for cause under this subsection unless:

(1) The County has given prior written notice to the City stating that a specified failure or refusal to perform exists which will, unless corrected, constitute a material breach of this Agreement on the part of the City and which will, in its opinion, give the County right to terminate this Agreement for cause under this subsection unless such breach is corrected within a reasonable period of time, and

(2) The City has neither challenged in an appropriate forum (in accordance with Section 5.6 the County's conclusion that such failure or refusal to perform has occurred or constitutes a material breach of this Agreement nor corrected or diligently taken steps to correct such breach within a reasonable period of time not more than 90 days from the date of the notice given pursuant to clause (1) of this subsection (but if the City shall have diligently taken steps to correct such breach within such reasonable period of time, the same shall not constitute a breach giving rise to the right of termination for as long as the City is continuing to take such steps to correct such breach).

SECTION 5.4. NO WAIVERS. No action of the County or the City pursuant to this Agreement (including, but not limited to, any investigation or payment), and no failure to act, shall constitute a waiver by either party of the other party's compliance with any term or provision of this Agreement. No course of dealing or delay by the County or the City in exercising any right, power or remedy under this Agreement shall operate as a waiver thereof or otherwise prejudice such party's rights, powers and remedies. No single or partial exercise of (or failure to exercise) any right, power or remedy of the County or the City under this Agreement shall preclude any other or further exercise thereof of the exercise of any other right, power or remedy.

SECTION 5.5 DAMAGES. (A) City. In the event that the City terminates the Agreement pursuant to Section 5.3(A), the County shall be obligated to pay to the City as damages the amount by which the City's reasonably expected cost of transporting and disposing of City Acceptable Waste (for a period commencing on the date of termination and ending one year after such date of termination) exceeds the aggregate Contract Rate that would have been payable with respect to such City Acceptable Waste had the County met its obligations hereunder and the Agreement had not been terminated.

(B) County. In the event that the County terminates the Agreement pursuant to Section 5.3(B), the City shall pay the County as damages an amount equal to the Contract Rate in effect at the time of such termination multiplied by the number of tons of City Acceptable Waste delivered to the Disposal System during the preceding twelve months.

SECTION 5.6. FORUM FOR DISPUTE RESOLUTION. It is the express intention of the parties that all legal actions and proceedings related to this Agreement or to the Disposal System or to any rights or any relationship between the parties arising therefrom shall be solely and exclusively initiated and maintained in courts of the State of California having appropriate jurisdiction.

ARTICLE VI
TERM

SECTION 6.1. EFFECTIVE DATE AND TERM. (A) Term. This Agreement shall become effective, shall be in full force and effect and shall be legally binding upon the City and the County from the Contract Date and shall continue in full force and effect until the fifteenth anniversary of the Contract Date, unless earlier terminated in accordance with its terms.

(B) Survival; Accrued Rights. The rights and obligations of the parties hereto pursuant to Sections 3.1(E), 5.1, 5.3, 5.5, 7.2, 7.3, 7.5, 7.7, 7.8, 7.9, and 7.10 hereof shall survive the termination or expiration of this Agreement, and no such termination or expiration shall limit or otherwise affect the respective rights and obligations of the parties hereto accrued prior to the date of such termination or expiration provided, however, that Section 7.3 shall not survive if the termination of the Waste Disposal Agreement is due to the occurrence of an Event of Default on the part of the City. At the end of the Term of this Agreement, all other obligations of the parties shall terminate.

ARTICLE VII
GENERAL PROVISIONS

SECTION 7.1. OPERATION AND MAINTENANCE OF THE DISPOSAL SYSTEM. The County, at its cost and expense through the County Solid Waste Enterprise Fund, shall at all times operate, or cause to be operated, the Disposal System in accordance with Applicable Law and the operating rules and regulations of the County.

SECTION 7.2. UNCONTROLLABLE CIRCUMSTANCES GENERALLY. (A) Performance Excused. Except as otherwise specifically provided in this Agreement, neither the County nor the City shall be liable to the other for any failure or delay in the performance of any obligation under this Agreement (other than any payment at the time due and owing) to the extent such failure or delay is due to the occurrence of an Uncontrollable Circumstance.

(B) Notice, Mitigation. The party experiencing an Uncontrollable Circumstance shall notify the other party by telecommunication or telephone and in writing, on or promptly after the date the party experiencing such Uncontrollable Circumstance first knew of the commencement thereof, followed within 15 days by a written description of (1) the Uncontrollable Circumstance and the cause thereof (to the extent known), (2) the date the Uncontrollable Circumstance began and the cause thereof, its estimated duration, the estimated time during which the performance of such party's obligations hereunder will be delayed, (3) the estimated amount, if any, by which the Contract Rate may need to be adjusted as a result of such Uncontrollable Circumstance, (4) its estimated impact on the other obligations of such party under this Agreement and (5) potential mitigating actions which might be taken by the County or City and any areas where costs might be reduced and the approximate amount of such cost reductions. Each party shall provide prompt written notice of the cessation of such Uncontrollable Circumstance. Whenever such act, event or condition shall occur, the party claiming to be adversely affected thereby shall, as promptly as reasonably possible, use its best efforts to eliminate the cause therefor, reduce costs and resume performance under this Agreement. In addition, with respect to Changes in Law, the County shall diligently contest any such changes the imposition of which would have a material adverse impact on the Disposal System. While the delay continues, the County or City shall give notice to the other party, before the first day of each succeeding month, updating the information previously submitted.

(C) Impact on Contract Rate. If and to the extent that Uncontrollable Circumstances interfere with, delay or increase the cost to the County of meeting its obligations hereunder and providing Disposal Services to the cities which have executed Disposal Agreements in accordance herewith, the County shall be entitled to an increase in the Contract Rate as provided in Section 4.2 herein or an extension in the schedule for performance equal to the amount of the increased cost or the time lost as a result thereof. The proceeds of any insurance available to meet any such increased cost shall be applied to such purpose prior to any determination of cost increases payable under this subsection. Any cost reductions achieved through the mitigating measures undertaken by the County pursuant to subsection 7.2(B) hereof upon the occurrence of an Uncontrollable Circumstance shall be reflected in a reduction of the amount by which the Contract Rate would have otherwise been increased or shall serve to reduce the Contract Rate to reflect such mitigation measures, as applicable.

SECTION 7.3. INDEMNIFICATION. The County shall indemnify, defend with competent counsel reasonably selected by the County, protect and hold harmless City, its officers, employees and assigns from and against all Loss-and-Expense, including natural resources damages, injuries, costs, response, assessment, remediation and removal costs, losses, demands, debts, liens, liabilities, causes of action, suits, legal or administrative proceedings, interest, fines, charges, penalties and expenses (including but not limited to attorneys' and expert witness fees and costs incurred in connection with defending against

any of the foregoing or in enforcing this indemnity) of any kind whatsoever paid, incurred or suffered by, or asserted against, City or its officers or employees arising from or attributable to any repair, cleanup or detoxification, or preparation and implementation of any removal, remedial, response, closure or other plan (regardless of whether undertaken due to governmental action) or replacement or restoration of natural resources arising from or related to Hazardous Substance or Hazardous Wastes or petroleum products at any place where County transfers, stores or disposes of municipal solid waste pursuant to this agreement, or the County's activities pursuant to this Agreement which result in a release or threatened release of Hazardous Substances or Hazardous Wastes or petroleum products into the environment. The foregoing indemnity is intended to operate as an agreement pursuant to but not limited to Section 107(e) of the Comprehensive Environmental Response, Compensation and liability Act ("CERCLA"), 42 U.S.C. Section 9607(e), and California Health and Safety Code Section 25364, to defend, protect, hold harmless and indemnify City from liability. This indemnity shall not apply to willful, deliberate or grossly negligent delivery by the City of Hazardous Substances or Hazardous Waste to the Disposal System. This indemnity shall also not apply with respect to (i) vehicle accidents or other waste delivery activities or (ii) to any Hazardous Substances, Hazardous Waste, petroleum product or other Unacceptable Waste not accepted for disposal in the Disposal System. The City agrees that the County may provide counsel to jointly represent itself, the City and any and all other parties who disposed of waste in the Disposal System. The City hereby agrees to waive, in writing, any conflict, actual or apparent, created by the joint representation of such parties pursuant to this indemnity. The City also hereby agrees to cooperate fully and completely with the County and with counsel provided by the County in resolving any legal matter that arises pursuant to this indemnity. The City further agrees that the County has complete discretion in the conduct of any matter to which this indemnity applies, and may resolve or settle such matters to which this indemnity applies in its sole discretion without the permission or approval of the City. The County agrees that it will not bring any action against the City claiming or alleging that the City has any responsibility for matters, actions or liabilities within the scope of the indemnity provided above.

SECTION 7.4. RELATIONSHIP OF THE PARTIES. Neither party to this Agreement shall have any responsibility whatsoever with respect to services provided or contractual obligations or liabilities assumed by the other party hereto, whether accrued, absolute, contingent or otherwise, or whether due or to become due. The County is an independent contractor of the City and nothing in this Agreement shall be deemed to constitute either party a partner, agent or legal representative of the other party or to create any fiduciary relationship between the parties.

SECTION 7.5. LIMITED RECOURSE. (A) To the City. Except in the event the City has not established or maintained a City Solid Waste Enterprise Fund, no recourse shall be had to the general funds or general credit of the City for the payment of any amount due the County hereunder, or the performance of any obligation incurred hereunder, including any Loss-and-Expense of any nature arising from the performance or non-performance of the City's obligations hereunder. The sole recourse of the County for all such amounts shall be to the funds held in any such Solid Waste Enterprise Fund. All amounts held in any City Solid Waste Enterprise Fund shall be held for the uses permitted and required thereby, and no such amounts shall constitute property of the County. The City shall make adequate provision in the administration of any City Solid Waste Enterprise Fund for the payment of any amount or the performance of any obligation which may be due hereunder.

(B) To the County. No recourse shall be had to the general funds or general credit of the County for the payment of any amount due the City hereunder, or the performance of any obligation incurred hereunder, including any Loss-and-Expense of any nature arising from the performance or non-performance of the County's obligations hereunder. The sole recourse of the City for all such amounts shall be to the funds held in the County Solid Waste Enterprise Fund in accordance with the terms of this Agreement. All amounts held in the County Solid Waste Enterprise Fund shall be held for the uses permitted

and required thereby, and no such amounts shall constitute property of the City. The County shall make adequate provision in the administration of the County Solid Waste Enterprise Fund for the payment of any amount or the performance of any obligation which may be due hereunder.

SECTION 7.6. PRE-EXISTING RIGHTS AND LIABILITIES. Except as specifically set forth herein, nothing in this Agreement is intended to affect, release, waive or modify any rights, obligations or liabilities which any party hereto may have to or against the other party as of the Contract Date relating to the disposal of waste in the Disposal System or any other related matter.

SECTION 7.7. NO VESTED RIGHTS. The City shall not acquire any vested property, license or other rights in the Disposal System by reason of this Agreement.

SECTION 7.8. LIABILITY FOR COLLECTION, TRANSPORTATION AND PROCESSING. Any liability incurred by the City as a result of collecting Acceptable Waste or processing it for diversion from landfill, or as a result of causing, franchising, permitting, licensing, authorizing or arranging any of the foregoing, shall be its sole liability, except as expressly otherwise provided herein.

SECTION 7.9. NO CONSEQUENTIAL OR PUNITIVE DAMAGES. In no event shall either party hereto be liable to the other or obligated in any manner to pay to the other any special, incidental, consequential, punitive or similar damages based upon claims arising out of or in connection with the performance or non-performance of its obligations or otherwise under this Agreement, or the material inaccuracy of any representation made in this Agreement, whether such claims are based upon contract, tort, negligence, warranty or other legal theory.

SECTION 7.10. AMENDMENTS. Neither this Agreement nor any provision hereof may be changed, modified, amended or waived except by written agreement duly authorized and executed by both parties.

SECTION 7.11. NOTICE OF LITIGATION. Each party shall deliver written notice to the other of any Legal Proceeding to which it is a party and which questions the validity or enforceability of this Agreement executed by the City or the County or any Legal Entitlement issued in connection herewith.

SECTION 7.12. FURTHER ASSURANCES. At any and all times the City and the County so far as may be authorized by law shall pass, make, do, execute, acknowledge and deliver any and every such further resolutions, acts, deeds, conveyances, instruments, assignments, transfers and assurances as may be necessary or reasonably requested by the other in order to give full effect to this Agreement.

SECTION 7.13. ASSIGNMENT OF AGREEMENT. Neither this Agreement nor any of the rights or obligations hereunder may be assigned by either party hereto without the prior written consent of the other party, which may be withheld in the other party's sole discretion. Notwithstanding the foregoing, that either party may assign this Agreement to another successor public entity, subject to the reasonable consent of the other party. In such circumstances the party not requesting the assignment shall have the right to demand assurances of the financial, technical and legal ability of the proposed assignee to undertake the responsibilities and obligations of the assigning party.

SECTION 7.14. INTEREST ON OVERDUE OBLIGATIONS. Except as otherwise provided herein, all amounts due hereunder, whether as damages, credits, revenue or reimbursements, that are not paid when due shall bear interest at the Overdue Rate on the amount outstanding from time to time, on the basis of a 365-day year, counting the actual number of days elapsed, and all such interest accrued at any time shall, to the extent permitted by Applicable Law, be deemed added to the amount due, as accrued.

SECTION 7.15. BINDING EFFECT. This Agreement shall bind and inure to the benefit of the parties hereto and any successor or assignee acquiring an interest hereunder consistent with the provisions of Section 7.13 hereof.

SECTION 7.16. NOTICES. Any notice or communication required or permitted hereunder shall be in writing and sufficiently given if delivered in person or sent by certified or registered mail, postage prepaid, to the notice address of the respective parties set forth on the cover page of this Agreement. Changes in the respective addresses to which such notices may be directed may be made from time to time by any party by notice to the other party.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their duly authorized officers or representatives as of the day and year first above written.

DESIGNATED DISPOSAL FACILITY

DESIGNATED DISPOSAL FACILITY

The designated disposal facility for the City/Town Yucca Valley is the Landers Sanitary Landfill.

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Jordan Gumbish, Finance Manager

Date: May 18, 2026

Meeting Date: June 2, 2026

Subject: Spending Limitation for Fiscal Year 2026-27

Recommendation:
It is recommended that the Council adopt Resolution No. 26-XX establishing the spending limitation for fiscal year 2026-27.

Prior Review:
None

Discussion:
The Town of Yucca Valley is required to establish its appropriations limit for the following fiscal year at a regularly scheduled meeting. Fifteen days prior to the meeting, the documentation used in the determination of the appropriations limit is made available to the public pursuant to Section 7910 of the California Government Code. Anticipated Fiscal Year 2026-27 appropriations are anticipated to be significantly under the appropriations limit.

Alternatives
None.

Fiscal Impact:
None.

Under Article XIII of the California Constitution (the Gann Spending Limitation Initiative), the Town is restricted as to the amount of annual appropriations from the proceeds of taxes. If the proceeds from taxes exceed the allowed appropriations limit, the excess must either be refunded to the State Controller, or returned to the taxpayers through revised tax rates, revised fee schedules, or other refund arrangements.

The base year amount of $10,000,000 is increased each year by the multiplier consisting of the change in population for the Town of Yucca Valley and the change in the cost of living, both numbers of which are provided by the Department of Finance, State of California.

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Alex Qishta, Public Works Director, Shane Stueckle, Deputy Town Manager

Date: May 19, 2026

Meeting Date: June 2, 2026

Subject: Authorization to Purchase a Fleet Vehicle

Recommendation:

That the Town Council:

1. Waives the competitive bidding requirements (found in section 3.12.050 of the Town Code) because adherence to the procedures would be inefficient, impractical, and unnecessary (as stated in section 3.12.060, (G)) and authorizes the Town Manager or designee to execute a purchase agreement for a new 2026 Ford Truck in an amount not to exceed $60,000
2. Approves a Budget Amendment in the amount of $150,000 from Capital Project Reserve Fund 800 to assign funds for the vehicle fleet reserves from unassigned capital project reserve funds as identified in Exhibit A.
3. Approves the purchase of the vehicle from Tim Moran Ford, or Ken Grody Ford, or Diamond Ford, based upon availability and as outlined in the staff report; or
4. If those vehicles are unavailable, authorize the purchase from any dealer who can provide the vehicle to meet the Town's timing needs, and direct staff to return to the Town Council with a final action report following the purchase.

Prior Review:
There has been no prior review of this matter.

Discussion:
The newly created Community Engagement and Homelessness Coordinator function requires a vehicle for daily operations and field response activities. The new position has an anticipated start date of Thursday June 15, 2026. Town staff contacted Sourcewell and obtained a cooperative purchasing quote; however, the estimated delivery timeframe was approximately 12 to 14 weeks. In an effort to avoid operational delays, staff also contacted dealerships within a 200-mile radius of the Town and obtained competitive quotes for vehicles currently available

on dealer lots. The dealer pricing was lower than the Sourcewell quote and allows for immediate delivery of the vehicle.

The quote received for the 2026 Ford Truck as follows:

Dealer	Price $	Delivery
Sourcewell	$53,877.34	12 to 14 Weeks
Tim Moran Ford	$51,390.98	Immediately depending on inventory
Ken Grody Ford	$49,341.01	Immediately depending on inventory
Diamond Ford	$57,865.34	Immediately depending on inventory

To expedite the procurement process, Town staff prepared and distributed detailed vehicle specifications to local dealerships within a 200-mile radius, requesting pricing on available inventory. This approach eliminates the significant delays currently associated with vehicles purchased through government contract purchasing programs.

Pursuant to Town of Yucca Valley Municipal Code Section 3.12.060(G):

> "3.12.060: EXCEPTIONS TO COMPETITIVE BIDDING REQUIREMENTS: Notwithstanding any provision of this Chapter to the contrary, the competitive bidding procedures and requirements may be dispensed with in any of the following instances:
> G. When the Town Council finds that adherence to the procedures in this Chapter would be inefficient, impractical, and unnecessary."

Utilizing the State bid list and cooperative purchasing contracts has proven inefficient due to extended and unreasonable delivery timeframes, often ranging from 6 to 12 weeks.

Therefore, staff is requesting authorization to utilize Section 3.12.060(G), as outlined in the attached policy, to conduct an informal bid process consisting of direct quote solicitations from local dealerships immediately available.

As the Council will recall, with the Town's recently completed vehicle purchases, vehicles for which the Town received quotes were sold prior to the Town being able to schedule Town Council action. Therefore the recommendation on this vehicle varies slightly from standard practice, and allows the Town to acquire a vehicle within the desired timeline and within Town Council authorized budget limits.

Alternatives

Staff recommends no alternative action.

Fiscal Impact:

There are no federal funds or grants associated with this purchase. It is recommended to assign a total of $150,000 of unassigned capital project reserve funds to fleet reserves to approparite funding for this purchase and backfill necessary funds for year-to-date equipment and vehicle replacements previously approved by Council.

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Alex Qishta, Public Works Director, Shane Stueckle, Deputy Town Manager

Date: May 19, 2026

Meeting Date: June 2, 2026

Subject: Resolution No. 26-XX - Authorization of the Levy of A Special Service Tax Upon Real Property Within Community Facilities District (CFD) No. 11-1; Improvement Areas # 1, 2, 3, 4, 5, 6, 7, and 8

Recommendation:
That the Town Council adopts the Resolution authorizing the annual levy of special taxes for Community Facility District No. 11-1, Improvement Areas #1, #2, #3, #4, #5, #6, #7 and #8 for Fiscal Year 2026-2027.

Prior Review:
There has been no prior review of this specific item. The Town Council previously established Town of Yucca Valley Community Facilities District No. 11-1.

Discussion:
Development projects are approved subject to conditions of approval that require the formation of maintenance districts. The assessment of an annual fee upon properties within the District provides the revenue to offset the cost of maintenance of the public improvements necessary to serve the development.

The Town of Yucca Valley previously established Community Facilities District (CFD) No. 11-1 (Maintenance Services) pursuant to the Mello-Roos Community Facilities Act (Act) of 1982, as amended, to finance a portion of the cost of providing street maintenance, storm drain maintenance, landscape maintenance, signal light maintenance, and street lighting services (the "services") that are in addition to those provided in the territory within the CFD prior to the formation of the CFD.

The Town Council acting as a legislative body is authorized each year, by resolution as provided in section 53340 of the Act, to determine the specific special tax rate and amount to be levied for the current or future tax years, except that the special tax rate to be levied shall not exceed the maximum rate.

The authorized Services Special Tax shall be collected in the same manner as ordinary ad valorem taxes are collected and shall be subject to the same penalties and the same procedure and sale in cases of delinquency and provided for ad valorem taxes; provided, however, the CFD may collect the Services Special Tax and the Special Tax at a different time or in a different manner, if necessary, to meet its financial obligations.

The Town has formed eight (8) such service areas. The following information identifies those areas:

Improvement Area	**Name**	**FY 2026-2027 Total Maximum Allowable Special Tax Levy**	**FY 2026-2027 Total Applied Special Tax Levy**
Improvement Area No. 1	Warren Vista Center	$10,835.24	$6,239.96
Improvement Area No. 2	Dollar General	$2,776.50	$2,080.00
Improvement Area No. 3	Super Wall-Mart	$25,742.10	$17,680.00
Improvement Area No. 4	Yucca Valley Transfer Station	$114,437.29	$47,840.00
Improvement Area No. 5	Hawks Ridge	$9,818.42	$2,080.00
Improvement Area No. 6	Sage Estates	$40,943.92	$35,359.30
Improvement Area No. 7	O'Reilly Auto Parts	$3,086.37	$2,704.00
Improvement Area No. 8	Mohawk Car Wash	$4,672.22	$2,600.00

Alternatives

No alternatives are recommended. The Town Council is authorized to establish the annual levy of special taxes for maintenance programs within CFD No. 11-1.

Fiscal Impact:

The District provides revenue to finance a portion of the cost of providing street, storm drain, landscape, and traffic signal maintenance and street lighting services within the boundaries of

CFD No. 11-1, as outlined within this report. The Maximum Allowable Assessment Rates increase by an annual escalation factor defined in the Rate and Method of Apportionment as the greater of the increase in the annual percentage change in the Consumer Price Index or four percent (4%). The annual percent change in the consumer price index for Fiscal Year 2026-2027 is 3.09%, in accordance with the Riverside-San Bernardino-Ontario, CA Consumer Price Index, therefore the Maximum Allowable Assessment Rates increased by 4.00%.

RESOLUTION NO. 26-___

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF YUCCA VALLEY AUTHORIZING THE ANNUAL LEVY OF SPECIAL TAXES FOR COMMUNITY FACILITIES DISTRICT NO 11-1 FOR FISCAL YEAR 2026-2027

WHEREAS, the Town Council (the "Council") of the Town of Yucca Valley (the "Town") has previously established Town of Yucca Valley Community Facilities District No. 11-1 (Maintenance Services) (the "CFD") pursuant to the Mello-Roos Community Facilities Act of 1982, as amended (the "Act"), to finance a portion of the cost of providing street maintenance, storm drain maintenance, landscape maintenance and street lighting services (the "services") that are in addition to those provided in the territory within the CFD prior to the formation of the CFD No 11-1:

NOW, THEREFORE BE IT RESOLVED by the Town Council of the Town of Yucca Valley as follows:

SECTION I. A Special Tax (the "maintenance services Special Tax") is levied within the boundaries of each Improvement Area of the CFD, pursuant to the formula set forth in the Rate and Method of Apportionment and in accordance with the specific rates and amounts set forth in Exhibit "A" attached hereto and incorporated by reference, in an amount necessary to pay all of the costs of providing the services, periodic costs, and costs of the tax levy and collection, and all other costs, including CFD administrative costs and all maintenance activities and programs as originally approved.

SECTION 2. This legislative body is hereby further authorized each year, by Resolution adopted as provided in Section 53340 of the Act, to determine the specific Special Tax rate and amount to be levied for the then current or future tax years, except that the Special Tax rate to be levied shall not exceed the rate set forth in Exhibit "A."

SECTION 3. The above authorized Services Special Tax shall be collected in the same manner as ordinary ad valorem taxes are collected and shall be subject to the same penalties and the same procedure and sale in cases of delinquency and provided for ad valorem taxes; provided, however, the CFD may collect the Services Special Tax and the Special Tax at a different time or in a different manner if necessary to meet its financial obligations.

SECTION 4: The rate determined and as set forth does not exceed the amount as previously authorized by the Ordinance and is not in excess of that amount previously approved by the qualified electors of the CFD, and is exempt from Proposition 218, Section XIIID of the California State Constitution. After adoption of this Resolution, the Director of Administrative Services may make any necessary modification to these Special Taxes to correct errors, omission or inconsistencies in the listing or categorization of parcels to be taxed or in the amount to be charged to any category of parcels, provided, however, that any such modification shall not result in an increase in the tax applicable to any category of parcels.

Section 5: The Town has formed eight (8) such service areas. The following Information identifies those areas:

Improvement Area	Name	FY 2026-2027 Total Maximum Allowable Special Tax Levy	FY 2026-2027 Total Applied Special Tax Levy
Improvement Area No. 1	Warren Vista Center	$10,835.24	$6,239.96
Improvement Area No. 2	Dollar General	$2,776.50	$2,080.00
Improvement Area No. 3	Super Wall-Mart	$25,742.10	$17,680.00
Improvement Area No. 4	Yucca Valley Transfer Station	$114,437.29	$47,840.00
Improvement Area No. 5	Hawks Ridge	$9,818.42	$2,080.00
Improvement Area No. 6	Sage Estates	$40,943.92	$35,359.30
Improvement Area No. 7	O'Reilly Auto Parts	$3,086.37	$2,704.00
Improvement Area No. 8	Mohawk Car Wash	$4,672.22	$2,600.00

APPROVED AND ADOPTED on this 2nd day of June 2026.

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Alex Qishta, Public Works Director

Date: May 19, 2026

Meeting Date: June 2, 2026

Subject: Town Project No. 8061 – Senior Center Roof Replacement Project – Notice of Completion

Recommendation:
That the Town Council accepts the project as substantially complete, authorizes staff to file the Notice of Completion, authorizes the reduction of the Faithful Performance Bond to 10%, directs staff to retain the Labor and Material Bond for six (6) months for Project No. 8061.

Prior Review:
On August 19, 2025, the Town Council adopted Resolution No. 25-19, approving the specifications for Project No. 8061, the Senior Center Roof Replacement Project, and authorized the Town Clerk to advertise and receive bids.

On November 4, 2025, the Town Council,

- Approved the award of a construction contract with Letner Roofing Company, in the amount of $187,000.00 to construct Senior Center Roof Replacement;
- Authorized construction, construction contingencies, and inspection costs in the total amount of $240,000.00; and
- Authorized the Mayor, Town Manager, and Town Attorney to execute the agreement, and authorized the Town Manager to expend contingency funds, if necessary, for project completion.

On January 20, 2026, the Town Council,

- Adopted Resolution 26-01, amending the budget to allocate $70,000.00 from CDBG Funding for Town Project No. 8061.
- Approved Change Order #1 to the contract with Letner Roofing Co. for installing PVC roof décor profile, increasing the contract by $44,506.48, bringing the original contract amount of $178,100.00 to $231,506.48.

- Approved Change Order #2 to the contract with Letner Roofing Co. install flashing at stucco, new riglet and counterflashing, and stucco repair and paint to match existing, increasing the contract by $21,809.41, bringing the contract amount from $231,506.48 to $253,315.89.

Discussion:
Final project reports, finding that a capital project is substantially complete pending punch list items, and reducing performance bonds as necessary, are the last steps in the capital project process brought before the Town Council.

The Senior Center Roof Replacement Project consists of removing and disposing of the existing roof system and installing an adhered thermoplastic (PVC) felt-backed membrane system. The current roof system has exhausted its useful life and replacement is needed to avoid any water leaks. In addition, the project included the installation of PVC roof décor profile, flashing, riglet, counter-flashing at the stucco, stucco repair, and painting to match existing.

The project started on January 13, 2026, and was substantially completed by April 6, 2026. The Town Inspector provided a punch list of items for the contractor to correct and revise the work until found satisfactory and accepted by the Town.

It is appropriate for the Town to accept the work as substantially complete and file a Notice of Completion. It is also appropriate to reduce the Faithful Performance Bond being held as a surety to 10%. The Labor and Material Bond shall be retained for a period of six (6) months, and then released provided no liens or stop notices have been filed, following completion of the punch list items.

Alternatives
No alternatives are recommended by staff. The recommended action is necessary for the project to move forward.

Fiscal Impact:
The overall cost of the improvement work is accommodated by the San Bernardino County Community Development Block Grant (CDBG) funding, allocating $401,998.00 to the Senior Center Roof Replacement project. Funding breakdown is as follows:

FY 2025/26 Budget:	
Special Revenue Fund 560 - CDBG	$401,998.00
Total Project Funding	**$401,998.00**

The total project cost is summarized below:

Description	**Cost**

Original Construction Cost	$187,000.00
Change Order #1	$ 44,506.48
Change Order #2	$ 21,809.41
Bid Advertisement	$ 635.00
Total Construction Cost	**$253,950.89**

Item Moved From Consent

10. First Amendment Provision and Protection Policy

Mayor Drozd pulled the item from the consent agenda for discussion.

Deputy Town Manager Luckino presented the staff report, providing background to the item relating to First Amendment provisions at Town events.

Town Attorney Jex provided legal information relating to the item, noting a balance between the First Amendment freedom and public's safety.

Mayor Drozd public comments.

The following commented in opposition of the proposed policy.
Debra Savitt, Yucca Valley
Melissa Spurr, Joshua Tree
Susan Walls, Joshua Tree
Greg Herring, Pioneertown
Cheryl Contopulos, Yucca Valley
Leah Aguanyo, No City of Residence Given
Sondra Hamelin, Yucca Valley
Jeffrey Raffensperger, Joshua Tree
Lynn May Rivas, Yucca Valley
Teresa Harris, Yucca Valley
Allie Irwin, Joshua Tree
James, Porter, Yucca Valley
Linda Root, Yucca Valley
Danielle Wallis, Yucca Valley
Matthew Case, Yucca Valley
Victor Lewis, Joshua Tree
Eric Menendez, Twentynine Palms
Natasha Francis, Yucca Valley
Pat Wallis, Yucca Valley
Meg Madison, Yucca Valley
Candy Moulten, Yucca Valley
Hashem Bajua, Yucca Valley

With no other members of the public wishing to speak, Mayor Drozd closed public comments.

Council Member Denison commented on past public comment practices and noted peaceful protests will not be shut down.

Council Member Schooler explained that the policy is not to limit free speech but to protect the integrity of Town events.

Council Member Lombardo expressed he wants the film festival to go smoothly.

Mayor Drozd stated he appreciates all the comments and explained the policy is for all events, not just the film festival.

Mayor Drozd moved to approve the recommendation. The motion died for a lack of a second.

Motion:

Table the item to a future meeting.

Result:	(Yes 3, No 1, Abstained 0)
Mover:	Council Member Robert Lombardo
Seconder:	Council Member Jim Schooler
Ayes:	Denison, Lombardo, Schooler
Nays:	Drozd

Public Hearings

11. Ordinance Adoption- 2025 Building and Safety Codes

Paul Osterman presented the staff report, providing an overview of the updated building codes.

Mayor Drozd opened the public hearing with no members of the public wishing to speak, the pubic hearing was closed.

Council Member Lombardo inquired if any of the new building code requirements could significantly affect building costs.

Council Member Denison commented on the benefits of up-to-date building codes.

Motion:
Adopt Ordinance 332, amending Title 8 of the Town of Yucca Valley Municipal Code by the addition of Chapter 8.02.115, and 8.02.125 amending Chapters 8.02.010, 8.02.020, 8.02.030, 8.02.040, 8.02.050, 8.02.060, 8.02.070, 8.02.080, 8.02.090, 8.02.110, AND 8.02.120, adopting as modified the 2025 Edition of the California Building Code Models 1, 2 including the Appendix and Standards, the 2025 Edition of the California Electrical Code, the 2025 Edition of the California Plumbing Code, the 2025 Edition of the California Mechanical Code, the 2025 Edition of the Green Building Code, the 2025 Edition of the California Residential Code, the 2025 Edition California Energy Code, the 2025 Edition of the California Fire Code, The 2025 Edition of the California Wildland Urban Interface Code, and adopting other regulations relating to building requirements.

Result:	(Yes 4, No 0, Abstained 0)
Mover:	Council Member Rick Denison
Seconder:	Council Member Robert Lombardo
Ayes:	Jeff Drozd, Jim Schooler

Department Reports

12. Building & Safety Annual Presentation/Report

Building Official Paul Osterman provided an annual report for building and safety activity for the fistcal year 2024-25.

Mayor Drozd opened public comments.

Building Official Osterman fielded questions from the public.

With no other members of the public wishing to speak, Mayor Drozd closed public comments.

Council Member Denison commented on the fabulous response times that the building and safety staff are providing.

Council Member Schooler thanked Osterman and staff for the great customer service being provided.

Received and Filed.

13. Animal Shelter Operational Review Status Update

Town Manager Yakimow provided a status update on the operational review for the Yucca Valley Animal Shelter.

Mayor Drozd opened public comments.

The following commented on the current operations at the shelter.

Eric Menendez, Twentynine Palms
Christie Carter, No city of residence given
Greg Gendron, Yucca Valley
Melissa Spurr, Joshua Tree
Cheryl Contopulos, Yucca Valley
Sondra Hamelin, Yucca Valley
Allie Irwin, Joshua Tree
Jennifer Howell, Landers
James Porter, Yucca Valley
Christine Bostrom, Yucca Valley
Susan Herring, Pioneertown
Candy Moulton, Yucca Valley
Susan Walls, Joshua Tree

Diana Persinger, Yucca Valley

Council Member Denison inquired for clarification on activity from rescue groups and would like to formalize a partnership with the Morongo Basin Humane Society.

Council Member Lombardo requested clarification on the status of the volunteer program at the shelter.

Council Member Schooler inquired about the anticipated increase in the shelter's budget and if the County would provide assistance with the additional costs. Schooler also asked about the frequency of the Town's spay and neuter clinics and noted that spay and neutering outreach is key for the overpopulation problems.

Mayor Drozd expressed much anticipation of getting the additional staffing up and running at the shelter and inquired on the vet visit schedule. Mayor Drozd gave much earned kudos to the shelter staff.

14. Public Safety Contract Amendment

Finance Manager Gumbish presented the staff report for the contract amendment with San Bernardino County Sheriff's Department for public safety services.

Mayor Drozd opened public comments. With no members of the public wishing to speak, public comments were closed.

Council Member Schooler complemented the public safety team provided by San Bernardino County Sheriff's Department.

Council Member Denison agreed with Council Member Schooler's comments and thanked Captain Warrick for leading the local team.

Council Member Lombardo commented on the safe community thanks to a responsive Sheriff's Department.

Mayor Drozd spoke about local sheriff's activity and expressed appreciation of the local public safety team.

Motion:
- Approve an amendment for fiscal year 2025-26 to the contract with the San Bernardino County Sheriff's Department in the amount of $6,909,216 and authorize the Town Manager or Mayor to sign on behalf of the Town.
- Amend the FY2025-26 General Fund Budget and Measure Y Special Revenue Fund Budget as identified in Exhibit A.

Result:	Passed (Yes 4, No 0, Abstained 0)
Mover:	Council Member Robert Lombardo
Seconder:	Council Member Rick Denison
Ayes:	Jeff Drozd, Rick Denison, Jim Schooler, Robert Lombardo

15. Land Development Update

Associate Planner Jerome presented a land use development update to the Town Council.

Mayor Drozd opened public comments. With no members of the public wishing to speak, public comments were closed.

Council Member Schooler inquired on the Farmers' Market event in the Old Town area.

Council Member Lombardo commented favorably on the amount of project activity happening in Yucca Valley.

Council Member Denison expressed it is nice to see Nice Dreams moving along.

Received and Filed.

Public Comments

Mayor Drozd opened public comments for items not on the agenda.

Eric Menendez, Twentynine Palms spoke of needed services for the local unhoused community.

Pilar Crossman, Yucca Valley commented on the proposed monument sign.

With no other members of the public wishing to speak, Mayor Drozd closed public comments.

Staff Reports and Comments

Community Services Manager Earnest provided an after report for the recent Spooktacular event and provided information on this week's film festival event. The Town will be hosting a Veterans' Day Breakfast event on November 11th.

Mayor and Council Member Reports and Comments

Council Member Lombardo complimented the Planning staff and Building and Safety staff for

their assistance to the community on all of the private projects moving foward.

Announcements

With no further business, Mayor Drozd adjourned the meeting at 8:17 PM.

Respectfully Submitted,

Lesley Copeland, CMC
Town Clerk

Town of Yucca Valley

Public Hearings

16. Community Development Block Grant (CDBG) Prioritization Hearing

Finance Manager Gumbish presented the staff report for the CDBG prioritization hearing.

Mayor Abel opened public comment for the public hearing. With no members of the public wishing to speak, the public hearing was closed.

Motion:

1. Allocate the entire final Town's FY2026-27 CDBG allocation to the eligible Town Project Allocate the entire final Town's FY2026-27 CDBG allocation to eligible Town Project Brehm II Turf and Irrigation Project, in accordance with Town's historical project funding allocations.

2. Direct staff to invite non-funded organizations to apply for General Fund or Measure Y Fund Partnership consideration as part of the FY2026-27 budget process.

Result:	Passed (Yes 5, No 0, Abstained 0)
Mover:	Mayor Pro Tem Jim Schooler
Seconder:	Council Member Jeff Drozd
Ayes:	Merl Abel, Jeff Drozd, Rick Denison, Jim Schooler, Robert Lombardo

Department Reports

17. 2026 Yucca Valley Animal Shelter Microchip Program

Deputy Town Manager Stueckle presented the staff report, explaining the proposed the reduced cost on a microchip program for 2026.

Mayor Drozd opened public comments.

Cheryl Contopulous, Yucca Valley complemented shelter staff for their recent attention to a particular case relating to a missing dog and looks forward to the next Animal Shelter Committee Meeting.

Susan Herring, Pioneertown complemented shelter staff for their attention to a recent missing dog in the Essig Park area.

Mayor Pro Tem Schooler inquired on the schedule for the next spay and neuter event.

Council Member Denison spoke kindly of the proposed program assisting animal owners to stay connected to their pets.

Mayor Abel thanked the public comments for outreach suggestions and offered to support additional chip readers at Town office locations.

Motion:

Approve the 2026 Yucca Valley Animal Shelter microchip program, establishing no fee microchipping for Town residents and $5.00 microchipping fees for Morongo Basin

County residents for calendar year 2026.

Result:	Passed (Yes 5, No 0, Abstained 0)
Mover:	Mayor Merl Abel
Seconder:	Council Member Rick Denison
Ayes:	Merl Abel, Jeff Drozd, Rick Denison, Jim Schooler, Robert Lombardo

18. Town-wide Landscape Beautification Program

Public Works Director Qishta presented the staff report for the contract amendment #1 on the design contract with Hermann Design Group for the four beautification areas along Hwy 62.

Mayor Abel opened public comments. With no members of the public wishing to speak, public comments were closed.

Mayor Pro Tem Schooler inquired on landscape irrigation at the sites. Qishta explained water meters and irrigation lines will be installed.

Council Member Denison spoke of the drought-tolerant landscaping being planned.

Mayor Abel expressed he would like to see options to improve the landscape without the need for irrigation for cost savings.

Town Manager Yakimow explained staff will bring back options for Council's review.

Motion:
Approve Amendment #1 to Hermann Design Group, Inc. to prepare plans, specifications, and cost estimate for the design of the SR62 Beautification Project in the amount of $85,880.00, extending the Hermann Design Group on-call contract to December 2027 and authorize the Town Manager or designee to sign all related documents.

Result:	Passed (Yes 5, No 0, Abstained 0)
Mover:	Council Member Robert Lombardo
Seconder:	Council Member Rick Denison
Ayes:	Merl Abel, Jeff Drozd, Rick Denison, Jim Schooler, Robert Lombardo

19. Temporary Short-Term Term Vacation Rental - Ordinance Review and GIS Map

Presentation

Senior Planner Jerome presented an update on the Town's short-term vacation rental program. Jerome provided a demo of the online GIS map identifying the locations and contact information of the STVR properties in the Town of Yucca Valley.

Deputy Town Manager Stueckle provided additional insight on challenges staff experiences with the current STVR program and noted potential changes needed to provide additional structure for enforcement.

Finance Manager Gumbish provided financial information the STVR revenue generates.

Mayor Abel opened public comments.

Tim Humphreville, Yucca Valley commented on the number of STVRs in his neighborhood and impacts they are creating with traffic, noise and other issues.

Eric Menendez, Twentynine Palms commented on a community group located in Twentynine Palms for the STVR use in the community.

Council Member Lombardo requested to increase the tools for enforcement to support our local residents.

Council Member Drozd spoke favorably of having the GIS map online.

Mayor Pro Tem Schooler complemented the past reviews of the STVR ordinance and spoke of the challenges of the properties that have multiple investors operating the STVR property. Schooler suggested to have only one priority contact for property issues. If owners are not available or responsive, the Town should have enforcement ability. Limiting cars onsite might need to be lowered to assist with parking and traffic concerns. Schooler inquired on the administrative hearing process. Managerment companies should be held accountable to assist in reducing issues.

Mayor Abel commented in favor of fellow Council Member suggestions.

No Motion Made.

20. FY 2026-28 Draft Strategic Plan Review

Town Manager Yakimow presented the staff report for the draft 2026-28 strategic plan review and requested input and comments to prepare the final draft.

Mayor Abel opened public comments. With no members of the public wishing to speak, public comments were closed.

Council Member Lombardo would like to have trail enhancements completed at North Park for a better defined trail including benches. Lombardo inquired if an art district designation in Old Town would come under Old Town Specific Plan.

Council Member Drozd expressed he would like a dirt road maintenance plan discussed.

No Motion Made

Public Comments

Cheryl Contopulous, Yucca Valley commented on the recently cancelled Animal Shelter Committee Meeting and expressed additional chip scanners at Town facilities would be very nice.Contopulous commented on the apparently out of balance statistics on shelter animals and spoke favorably on some of the changes already happening.

Norman Shertzman, Yucca Valley spoke of the tumbleweeds in the neighborhood and the lack of clean up by a nearby property owner.

Eric Menendez, Twentynine Palms spoke of concern on the lack of available services for the local unhoused community.

With no other members of the public wishing to speak, Mayor Abel closed public comments.

Staff Reports and Comments

Town Manager Yakimow reported on a recent meeting with the Department of Fish and Wildlife and Senator Ochoa Bogh and announced support by Congressment Obernolte for a sidewalk project on Palm Ave.

Mayor and Council Member Reports and Comments

Mayor Abel commented on new businesses getting established in town and reported on the recent military award luncheon with the Armed Services YMCA.

Announcements

Mayor Abel closed the meeting at 6:36 p.m. in remembrance of Michale Ramos Jr. who recently passed by act of violence in our community.

Respectfully Submitted,

Lesley Copeland, CMC
Town Clerk

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Alex Qishta, Public Works Director, Shane Stueckle, Deputy Town Manager

Date: May 19, 2026

Meeting Date: June 2, 2026

Subject: Amendment 1 to Agreement with Valley Pipeline Inc., for Emergency Street Debris Cleanup/Removal July 20, 2023

Recommendation:
That the Town Council approves Amendment 1 to the 2023 agreement with Valley Pipeline Inc., for a three (3) year extension (from July 1, 2026, through June 30, 2029) of emergency street debris cleanup and/or removal services for the additional amount of $90,000.00 and authorizes the Town Manager to sign the amendment.

Prior Review:
On December 15, 2023, the Town Council approved an Agreement between the Town and Valley Pipeline, Inc., to provide emergency street debris cleanup and/or removal services for a term of three years.

Discussion:
On December 15, 2023, Town Council awarded a professional services agreement to Valley Pipeline, Inc., to provide emergency street debris cleanup and/or removal services for a term of three years. The agreement amount was $25,000.00 per year for a term of three (3) years, not to exceed $75,000.00.

Amendment 1 to the Valley Pipeline, Inc., July 2023 agreement, will increase the agreement term for an additional three (3) years, until June 30, 2029. Amendment 1 will increase the Agreement sum by $30,000.00 a year or $90,000.00 from the original three-year term sum of $75,000.00 to a six-year term sum of $165,000.00.

Alternatives
No alternatives were recommended by staff. If the contract is not amended, Public Works would have to request the Town Council approve an RFP for these services and enter into a bidding process.

Fiscal Impact:

Emergency Street Debris Cleanup/Removal Services are accommodated in the Gas Tax Fund 515 Street Maintenance Division Professional Services budget. The contract service costs for this agreement are included in the proposed FY2026-2028 budget.

12. **Approve the Emergency Street Debris Cleanup/Removal Services, Award of Professional Services Agreement, Valley Pipeline, Three (3) Year Contract**

MOTION:

Approve and award a professional services agreement for Emergency Street Debris Cleanup/Removal Services to Valley Pipeline, Inc., in the amount of twenty-five thousand dollars annually, for a total of $75,000 over a three (3) year contract period, authorizing the Town Manager, Town Attorney, and Mayor to sign all necessary documents to implement the program.

AGREEMENT FOR PROFESSIONAL SERVICES

By and Between

TOWN OF YUCCA VALLEY

and

VALLEY PIPELINE, INC.

SERVICES
EMERGENCY STREET DEBRIS CLEANUP/REMOVAL
JULY 2023

AGREEMENT FOR PROFESSIONAL SERVICES BETWEEN THE TOWN OF YUCCA VALLEY AND VALLEY PIPELINE, INC.

THIS AGREEMENT FOR SERVICES (herein "Agreement") is made and entered into this 20th day of July 2023 by and between the Town of Yucca Valley, a general law city ("Town") and Valley Pipeline, Inc. ("Consultant"). Town and Consultant are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties".

RECITALS

A. Town has sought, by Request For Proposal (RFP) the performance of the services defined and described particularly in Article 1 of this Agreement.

B. Consultant, following submission of a proposal or bid for the performance of the services defined and described particularly in Article 1 of this Agreement, was selected by the Town to perform those services.

C. Pursuant to the Town's Municipal Code, Town has authority to enter into and execute this Agreement.

D. The Parties desire to formalize the selection of Consultant for performance of those services defined and described particularly in Article 1 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained herein and other consideration, the value and adequacy of which are hereby acknowledged, the parties agree as follows:

ARTICLE 1. SERVICES OF CONSULTANT

1.1 Scope of Services.

In compliance with all terms and conditions of this Agreement, the Consultant shall provide those services specified in the "Scope of Services" attached hereto as Exhibit "A" and incorporated herein by this reference, which services may be referred to herein as the "services" or "work" hereunder. As a material inducement to the Town entering into this Agreement, Consultant represents and warrants that it has the qualifications, experience, and facilities necessary to properly perform the services required under this Agreement in a thorough, competent, and professional manner, and is experienced in performing the work and services contemplated herein. Consultant shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all services described herein. Consultant covenants that it shall follow the highest professional standards in performing the work and services required hereunder and that all materials will be of good quality, fit for the purpose intended. For purposes of this Agreement, the phrase "highest professional standards" shall mean those standards of practice recognized by one or more first-class firms performing similar work under similar circumstances.

1.2 Consultant's Proposal.

This Agreement shall include the Request for Proposal or Invitation for Bids ("Contract Documents") and the Scope of Service shall include the Consultant's scope of work in Consultant's accepted bid proposal ("Accepted Bid") shall be incorporated herein by this reference as though fully set forth herein. In the event of any inconsistency between the Contract Documents, Accepted Bid, and/or this Agreement, the terms of this Agreement shall govern.

1.3 Compliance with Law.

Consultant shall keep itself informed concerning, and shall render all services hereunder in accordance with all ordinances, resolutions, statutes, rules, and regulations of the Town and any Federal, State or local governmental entity having jurisdiction in effect at the time service is rendered.

1.4 Licenses, Permits, Fees and Assessments.

Consultant shall obtain at its sole cost and expense such licenses, permits and approvals as may be required by law for the performance of the services required by this Agreement. Consultant shall have the sole obligation to pay for any fees, assessments and taxes, plus applicable penalties and interest, which may be imposed by law and arise from or are necessary for the Consultant's performance of the services required by this Agreement, and shall indemnify, defend and hold harmless Town, its officers, employees or agents of Town, against any such fees, assessments, taxes penalties or interest levied, assessed or imposed against Town hereunder.

1.5 Familiarity with Work.

By executing this Agreement, Consultant warrants that Consultant (i) has thoroughly investigated and considered the scope of services to be performed, (ii) has carefully considered how the services should be performed, and (iii) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement. If the services involve work upon any site, Consultant warrants that Consultant has or will investigate the site and is or will be fully acquainted with the conditions there existing, prior to commencement of services hereunder. Should the Consultant discover any latent or unknown conditions, which will materially affect the performance of the services hereunder, Consultant shall immediately inform the Town of such fact and shall not proceed except at Town's risk until written instructions are received from the Contract Officer.

1.6 Care of Work.

The Consultant shall adopt reasonable methods during the life of the Agreement to furnish continuous protection to the work, and the equipment, materials, papers, documents, plans, studies and/or other components thereof to prevent losses or damages, and shall be responsible for all such damages, to persons or property, until acceptance of the work by Town, except such losses or damages as may be caused by Town's own negligence.

1.7 Further Responsibilities of Parties.

Both parties agree to use reasonable care and diligence to perform their respective obligations under this Agreement. Both parties agree to act in good faith to execute all instruments, prepare all documents and take all actions as may be reasonably necessary to carry out the purposes of this Agreement. Unless hereafter specified, neither party shall be responsible for the service of the other.

1.8 Additional Services.

Town shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Services or make changes by altering, adding to or deducting from said work. No such extra work may be undertaken unless a written order is first given by the Contract Officer to the Consultant, incorporating therein any adjustment in (i) the Contract Sum for the actual cost of the extra services, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Consultant. Any increase in compensation of up to ten percent (10%) of the Contract Sum or $25,000, whichever is less; or in the time to perform of up to one hundred eighty (180) days may be approved by the Contract Officer. Any greater increases, taken either separately or cumulatively must be approved by the Town Council. It is expressly understood by Consultant that the provisions of this Section shall not apply to services specifically set forth in the Scope of Services. Consultant hereby acknowledges that it accepts the risk that the services to be provided pursuant to the Scope of Services may be more costly or time consuming than Consultant anticipates and that Consultant shall not be entitled to additional compensation therefor. Town may in its sole and absolute discretion have similar work done by other contractors. No claims for an increase in the Contract Sum or time for performance shall be valid unless the procedures established in this Section are followed.

1.9 Special Requirements.

Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements" attached hereto as Exhibit "B" and incorporated herein by this reference. In the event of a conflict between the provisions of Exhibit "B" and any other provisions of this Agreement, the provisions of Exhibit "B" shall govern. In the event of a conflict between the provisions of any other Exhibits and any provisions of this Agreement, the provisions of this Agreement shall govern.

ARTICLE 2. COMPENSATION AND METHOD OF PAYMENT.

2.1 Prevailing Wage.

It is the understanding of the Town and Consultant that California prevailing wage laws do not apply to this Agreement because the Agreement does not involve any of the following services subject to prevailing wage rates pursuant to the California Labor Code or regulations promulgated thereunder: Construction, alteration, demolition, installation, or repair work performed on public buildings, facilities, streets or sewers done under contract and paid for in whole or in part out of public funds. In this context, "construction" includes work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work.

2.2 Contract Sum.

Subject to any limitations set forth in this Agreement, Town agrees to pay Consultant the amounts specified in the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed Seventy Five Thousand Dollars ($75,000.00) (the "Contract Sum"), unless additional compensation is approved pursuant to Section 1.8.

2.3 Method of Compensation.

The method of compensation may include: (i) a lump sum payment upon completion; (ii) payment in accordance with specified tasks or the percentage of completion of the services less contract retention; (iii) payment for time and materials based upon the Consultant's rates as specified in the Schedule of Compensation, provided that (a) time estimates are provided for the performance of sub tasks, (b) contract retention is maintained, and (c) the Contract Sum is not exceeded; or (iv) such other methods as may be specified in the Schedule of Compensation. In accordance with California Government Code Section 8546.7, if the Not to Exceed Amount exceeds TEN THOUSAND DOLLARS ($10,000.00), this Agreement and the Consultant's books and records related to this Agreement shall be subject to the examination and audit of the State Auditor, at the request of Town or as part of any audit of the Town, for a period of three (3) years after final payment under the Agreement.

2.4 Reimbursable Expenses.

Compensation may include reimbursement for actual and necessary expenditures for reproduction costs, telephone expenses, and travel expenses approved by the Contract Officer in advance, or actual subcontractor expenses of an approved subcontractor pursuant to Section 4.5, and only if specified in the Schedule of Compensation. The Contract Sum shall include the attendance of Consultant at all project meetings reasonably deemed necessary by the Town. Coordination of the performance of the work with Town is a critical component of the services. If Consultant is required to attend additional meetings to facilitate such coordination, Consultant shall not be entitled to any additional compensation for attending said meetings.

2.5 Invoices.

Each month Consultant shall furnish to Town an original invoice for all work performed and expenses incurred during the preceding month in a form approved by Town's Finance Manager. By submitting an invoice for payment under this Agreement, Consultant is certifying compliance with all provisions of the Agreement. The invoice shall detail charges for all necessary and actual expenses by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and sub-contractor contracts. Sub-contractor charges shall also be detailed by such categories. Consultant shall not invoice Town for any duplicate services performed by more than one person.

Town may independently review each invoice submitted by the Consultant to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. Except as to any charges for work performed or expenses incurred by Consultant which are disputed by Town, or as provided in Section 7.3. Town will use its best efforts to cause Consultant to be paid within thirty (30) days of receipt of Consultant's correct and undisputed invoice; however, Consultant acknowledges and agrees that due to Town warrant run procedures, the Town cannot guarantee that payment will occur within this time period. In the event any charges or expenses are disputed by Town, the original invoice shall be returned by Town to Consultant for correction and resubmission. Review and

payment by the Town of any invoice provided by the Consultant shall not constitute a waiver of any rights or remedies provided herein or any applicable law.

2.6 Waiver.

Payment to Consultant for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Consultant.

ARTICLE 3. PERFORMANCE SCHEDULE

3.1 Time of Essence.

Time is of the essence in the performance of this Agreement.

3.2 Schedule of Performance.

Consultant shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as Exhibit "D" and incorporated herein by this reference. When requested by the Consultant, extensions to the time period(s) specified in the Schedule of Performance may be approved in writing by the Contract Officer but not exceeding one hundred eighty (180) days cumulatively.

3.3 Force Majeure.

The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Consultant, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics or pandemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the Town, if the Consultant shall within ten (10) days of the commencement of such delay notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Contract Officer such delay is justified. The Contract Officer shall extend the time for performance in accordance with the procedures set forth in Section 1.8. The Contract Officer's determination shall be final and conclusive upon the parties to this Agreement. In no event shall Consultant be entitled to recover damages against the Town for any delay in the performance of this Agreement, however caused, Consultant's sole remedy being extension of the Agreement pursuant to this Section.

3.4 Term.

Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services but not exceeding three (3) years from the date hereof, except as otherwise provided in the Schedule of Performance (Exhibit "D").

ARTICLE 4. COORDINATION OF WORK

4.1 Representatives and Personnel of Consultant.

The following principals of Consultant ("Principals") are hereby designated as being the principals and representatives of Consultant authorized to act in its behalf with respect to the work specified herein and make all decisions in connection therewith:

Bryan Jansson	Vice President
(Name)	(Title)
Steve Vatter	President
(Name)	(Title)
_____	_____
(Name)	(Title)

It is expressly understood that the experience, knowledge, capability and reputation of the foregoing Principals were a substantial inducement for Town to enter into this Agreement. Therefore, the Principals shall be responsible during the term of this Agreement for directing all activities of Consultant and devoting sufficient time to personally supervise the services hereunder. All personnel of Consultant, and any authorized agents, shall at all times be under the exclusive direction and control of the Principals. For purposes of this Agreement, the Principals may not be replaced nor may their responsibilities be substantially reduced by Consultant without the express written approval of Town. Additionally, Consultant shall utilize only competent personnel to perform services pursuant to this Agreement. Consultant shall make every reasonable effort to maintain the stability and continuity of Consultant's staff and subcontractors, if any, assigned to perform the services required under this Agreement. Consultant shall notify Town of any changes in Consultant's staff and subcontractors, if any, assigned to perform the services required under this Agreement, prior to and during any such performance. In the event that Town, in its sole discretion, at any time during the term of this Agreement, desire to reassign any staff or subcontractor of Consultant, Consultant shall, immediately upon reassign notice from Town of such desire of Town, reassign such persons or persons.

4.2 Status of Consultant.

Consultant shall have no authority to bind Town in any manner, or to incur any obligation, debt or liability of any kind on behalf of or against Town, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by Town. Consultant shall not at any time or in any manner represent that Consultant or any of Consultant's officers, employees, or agents are in any manner officials, officers, employees or agents of Town. Neither Consultant, nor any of Consultant's officers, employees or agents, shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to Town's employees. Consultant expressly waives any claim Consultant may have to any such rights.

4.3 Contract Officer.

The Contract Officer shall be such person as may be designated by the Town Manager. It shall be the Consultant's responsibility to assure that the Contract Officer is kept informed of the progress of the performance of the services and the Consultant shall refer any decisions which must be made by Town to the Contract Officer. Unless otherwise specified herein, any approval of Town required hereunder shall mean the approval of the Contract Officer. The Contract Officer shall have authority, if specified in writing by the Town Manager, to sign all documents on behalf of the Town required hereunder to carry out the terms of this Agreement.

4.4 Independent Consultant.

(a) Consultant is and shall at all times remain a wholly independent contractor and not an officer, employee or agent of Town. Nothing in this Agreement may be construed to be inconsistent with this relationship or status. Consultant shall not at any time or in any manner represent that it or any of its agents or employees are agents or employees of Town. Consultant shall have no authority to bind Town in any manner, nor to incur any obligation, debt or liability of any kind on behalf of or against Town, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by Town.

(b) Consultant shall perform all Services as an independent contractor of Town and shall remain at all times as to Town a wholly independent contractor with only such obligations as are consistent with that role. Consultant shall be solely responsible for the means, methods, techniques, sequences and procedures in performance of Services. The personnel performing the Services under this Agreement on behalf of Consultant shall at all times be under Consultant's exclusive direction and control. Any terms within this Agreement regarding Town directives apply to an concern the result of Consultant's provision of service and not the means, methods, or scheduling of the Consultant's work. Neither Town, nor any elected or appointed boards, officers, officials, employees or agents of Town, shall have control over the conduct of Consultant or any of Consultant's officers, employees, or agents except as set forth in this Agreement. Consultant shall not at any time or in any manner represent that Consultant or any of Consultant's officers, employees, or agents are in any manner officials, officers, employees or agents of Town.

(c) Neither Consultant, nor any of Consultant's officers, employees or agents, shall obtain any privileges or rights to retirement, health care or any other benefits which may otherwise accrue to Town's employees. Consultant expressly waives any claim Consultant may have to any such benefits, privileges or rights.

4.5 Prohibition Against Subcontracting or Assignment.

The experience, knowledge, capability and reputation of Consultant, its principals and employees were a substantial inducement for the Town to enter into this Agreement. Therefore, Consultant shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the Town. In addition, neither this Agreement nor any interest herein may be transferred, assigned, conveyed, hypothecated or encumbered voluntarily or by operation of law, whether for the benefit of creditors or otherwise, without the prior written approval of Town. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Consultant, taking all transfers into account on a cumulative basis. In the event of any such unapproved transfer, including any

bankruptcy proceeding, this Agreement shall be void. No approved transfer shall release the Consultant or any surety of Consultant of any liability hereunder without the express consent of Town.

ARTICLE 5. INSURANCE, INDEMNIFICATION AND BONDS

5.1 Insurance Coverages.

The Consultant shall not commence Work under this Agreement until it has provided evidence satisfactory to the Town that it has secured all insurance required under this section. In addition, Consultant shall not allow any subconsultant to commence work on any subcontract until it has provided evidence satisfactory to the Town and the subconsultant has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the Town to terminate this Agreement for cause.

Minimum requirements. Consultant shall, at its sole cost and expense, procure and maintain for at least the duration of the Agreement, including any extension thereof, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Agreement by the Consultant, its agents, representatives, employees or subconsultants. Consultant shall also require of the subconsultants to procure and maintain the same insurance for the duration of the Agreement including any extension thereof. Such insurance shall meet at least the following minimum levels of coverage:

(a) Commercial General Liability Insurance (Occurrence Form CG0001 or equivalent). Commercial General Liability (CGL): Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than $1,000,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (ISO CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.

(b) Workers Compensation Insurance. A policy of workers compensation insurance in such amount as will fully comply with the Labor Code of the State of California and Employer's Liability limits of $1,000,000 per accident for bodily injury or disease.

(c) Automotive Insurance (Form CA 0001 (Ed 1/87) including "any auto" and endorsement CA 0025 or equivalent). A policy of comprehensive automobile liability insurance written on a per occurrence for bodily injury and property damage in an amount not less than $1,000,000. The Town shall be named additional insured.

(d) Professional Liability. Professional liability insurance appropriate to the Consultant's profession. This coverage may be written on a "claims made" basis and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of, or related to services performed under this Agreement. If the insurance is on a Claims-Made basis, the retroactive date shall be no later than the commencement of the work. Coverage applicable to the work performed under this agreement shall be continued for five (5) years after completion of the work. Such continuation coverage may be provided by one of the following: (1) renewal of the existing policy; (2) an extended reporting period endorsement; or (3) replacement insurance with a retroactive date no later than the commencement of the work under this Agreement.

(e) Consultant shall provide to the Town an endorsement that the workers' compensation insurer waives all rights of subrogation against the Town and its officials, officers, employees and volunteers.

(f) Additional Insurance. Policies of such other insurance, as may be required in the Special Requirements.

(g) Subcontractors. Consultant shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.

(h) If the Consultant maintains broader coverage and/or higher limits than the minimums shown above, the Town requires and shall be entitled to the broader coverage and/or higher limits maintained by the Consultant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the Town.

5.2 General Insurance Requirements.

The Town, its officers, officials, employees, and volunteers shall be named additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Consultant including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the Consultant's insurance (at least as broad as ISO Form CG 20 10 11 85 or both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 forms if later revisions used).

For any claims related to this contract, the Consultant's insurance coverage shall be primary insurance primary coverage at least as broad as ISO CG 20 01 04 13 as respects the Town, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the Town, its officers, officials, employees, or volunteers shall be excess of the Consultant's insurance and shall not contribute with it.

If the deductible or self-insured retention exceeds $10,000.00, it must be approved in advance by the Town. Consultant is responsible for any deductible or self-insured retention and shall fund it upon the Town's written request, regardless of whether Consultant has a claim against the insurance or is named as a party in any action. The insurance policy must specify that where the primary insured does not satisfy the self-insured retention, any additional insured may satisfy the self-insured retention.

The policy shall cover inter-insured suits and include a "separation of insureds" or "severability" clause which treats each insured separately.

No work or services under this Agreement shall commence until the Consultant has provided the Town with Certificates of Insurance or appropriate insurance binders evidencing the above insurance coverages and said Certificates of Insurance or binders are approved by the Town. Town reserves the right to inspect complete, certified copies of all required insurance policies at any time. Any failure to comply with the reporting or other provisions of the policies including breaches or warranties shall not affect coverage provided to Town.

The insurance required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A" or better in the most recent edition of Best Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a financial category Class VII or

better, unless such requirements are waived by the Town's Risk Manager or other designee of the Town due to unique circumstances.

All Coverages. Consultant shall provide immediate written notice if (1) any of the required insurance policies is terminated; (2) the limits of any of the required policies are reduced; (3) or the deductible or self-insured retention is increased.

The coverage shall contain no special limitations on the scope of protection afforded to Town, and their respective elected and appointed officers, officials, employees or volunteers. Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

Consultant hereby grants to Entity a waiver of any right to subrogation which any insurer of said Consultant may acquire against the Entity by virtue of the payment of any loss under such insurance. Consultant agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the Town has received a waiver of subrogation endorsement from the insurer.

The Consultant agrees that the requirement to provide insurance shall not be construed as limiting in any way the extent to which the Consultant may be held responsible for the payment of damages to any persons or property resulting from the Consultant's activities or the activities of any person or persons for which the Consultant is otherwise responsible nor shall it limit the Consultant's indemnification liabilities as provided in Section 5.3.

In the event the Consultant subcontracts any portion of the work in compliance with Section 4.5 of this Agreement, the contract between the Consultant and such subcontractor shall require the subcontractor to maintain the same policies of insurance that the Consultant is required to maintain pursuant to Section 5.1, and such certificates and endorsements shall be provided to Town.

5.3 Indemnification.

(a) Indemnification for Professional Liability. Where the law establishes a professional standard of care for Consultant's services, to the fullest extent permitted by law, Consultant shall indemnify, protect, defend and hold harmless Town and any and all of its officials, employees and agents ("Indemnified Parties") from and against any and all liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorney's fees and costs, court costs, interest, defense costs, and expert witness fees) arise out of, are a consequence of, or are in any way attributable to, in whole or in part, any negligent or wrongful act, error or omission of Consultant, or by any individual or entity for which Consultant is legally liable, including but not limited to officers, agents, employees or sub-contractors of Consultant, in the performance of professional services under this Agreement.

(b) Indemnification for Other than Professional Liability. Other than in the performance of professional services and to the full extent permitted by law, Consultant shall indemnify, protect, defend and hold harmless Town, and any and all of its employees, officials and agents from and against any liability (including liability for claims, suits, actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorney's fees and costs, court costs, interest, defense costs, and expert witness fees), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in

part, the performance of this Agreement by Consultant, or by any individual or entity for which Consultant is legally liable, including but not limited to officers, agents, employees or sub-contractors of Consultant.

(c) Indemnification from Sub-Consultants. Consultant agrees to obtain executed indemnity agreements with provisions identical to those set forth in this section from each and every sub-Consultant or any other person or entity involved by, for, with or on behalf of Consultant in the performance of this Agreement naming the Indemnified Parties as additional indemnitees. In the event Consultant fails to obtain such indemnity obligations from others as required herein, Consultant agrees to be fully responsible according to the terms of this section. Failure of Town to monitor compliance with these requirements imposes no additional obligations on Town and will in no way act as a waiver of any rights hereunder. This obligation to indemnify and defend Town as set forth herein is binding on the successors, assigns or heirs of Consultant and shall survive the termination of this Agreement or this section.

(d) Town's Negligence. The provisions of this section do not apply to claims occurring as a result of Town's sole negligence. The provisions of this section shall not release Town from liability arising from gross negligence or willful acts or omissions of Town or any and all of its officials, employees and agents.

5.4 Sufficiency of Insurer or Surety.

Insurance required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A" or better in the most recent edition of Best Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a financial category Class VII or better, unless such requirements are waived by the Risk Manager of the Town ("Risk Manager") due to unique circumstances. If this Agreement continues for more than 3 years duration, or in the event the Risk Manager determines that the work or services to be performed under this Agreement creates an increased or decreased risk of loss to the Town, the Consultant agrees that the minimum limits of the insurance policies may be changed accordingly upon receipt of written notice from the Risk Manager.

ARTICLE 6. RECORDS, REPORTS, AND RELEASE OF INFORMATION

6.1 Records.

Consultant shall keep, and require subcontractors to keep, such ledgers books of accounts, invoices, vouchers, canceled checks, reports, studies or other documents relating to the disbursements charged to Town and services performed hereunder (the "books and records"), as shall be necessary to perform the services required by this Agreement and enable the Contract Officer to evaluate the performance of such services. Any and all such documents shall be maintained in accordance with generally accepted accounting principles and shall be complete and detailed. The Contract Officer shall have full and free access to such books and records at all times during normal business hours of Town, including the right to inspect, copy, audit and make records and transcripts from such records. Such records shall be maintained for a period of 3 years following completion of the services hereunder, and the Town shall have access to such records in the event any audit is required. In the event of dissolution of Consultant's business, custody of the books and records may be given to Town, and access shall be provided by Consultant's successor in interest.

6.2 Reports.

Consultant shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement as the Contract Officer shall require. Consultant hereby acknowledges that the Town is greatly concerned about the cost of work and services to be performed pursuant to this Agreement. For this reason, Consultant agrees that if Consultant becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services contemplated herein or, if Consultant is providing design services, the cost of the project being designed, Consultant shall promptly notify the Contract Officer of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto and, if Consultant is providing design services, the estimated increased or decreased cost estimate for the project being designed.

6.3 Ownership of Documents.

All drawings, specifications, maps, designs, photographs, studies, surveys, data, notes, computer files, reports, records, documents and other materials (the "documents and materials") prepared by Consultant, its employees, subcontractors and agents in the performance of this Agreement shall be the property of Town and shall be delivered to Town upon request of the Contract Officer or upon the termination of this Agreement, and Consultant shall have no claim for further employment or additional compensation as a result of the exercise by Town of its full rights of ownership use, reuse, or assignment of the documents and materials hereunder. Any use, reuse or assignment of such completed documents for other projects and/or use of uncompleted documents without specific written authorization by the Consultant will be at the Town's sole risk and without liability to Consultant, and Consultant's guarantee and warranties shall not extend to such use, reuse or assignment. Consultant may retain copies of such documents for its own use. Consultant shall have the right to use the concepts embodied therein. All subcontractors shall provide for assignment to Town of any documents or materials prepared by them, and in the event Consultant fails to secure such assignment, Consultant shall indemnify Town for all damages resulting therefrom.

All Final Work Product developed by Consultant in the course of providing the Services pursuant to this Agreement shall become the sole property of Town and may be used, reused or otherwise disposed of by Town without the permission of the Consultant. Upon completion, expiration or termination of this Agreement, Consultant shall turn over to Town all such Final Work Product if paid for by the Town. This provision specifically excludes Consultants' work notes and drafts, which are owned by Consultant, not Town.

6.4 Confidentiality and Release of Information.

(a) All information gained or work product produced by Consultant in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Consultant. Consultant shall not release or disclose any such information or work product to persons or entities other than Town without prior written authorization from the Contract Officer.

(b) Consultant, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the Contract Officer or unless requested by the Town Attorney, voluntarily provide documents, declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to

a subpoena or court order shall not be considered "voluntary" provided Consultant gives Town notice of such court order or subpoena.

(c) If Consultant, or any officer, employee, agent or subcontractor of Consultant, provides any information or work product in violation of this Agreement, then Town shall have the right to reimbursement and indemnity from Consultant for any damages, costs and fees, including attorneys fees, caused by or incurred as a result of Consultant's conduct.

(d) Consultant shall promptly notify Town should Consultant, its officers, employees, agents or subcontractors be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed there under. Town retains the right, but has no obligation, to represent Consultant or be present at any deposition, hearing or similar proceeding. Consultant agrees to cooperate fully with Town and to provide Town with the opportunity to review any response to discovery requests provided by Consultant. However, this right to review any such response does not imply or mean the right by Town to control, direct, or rewrite said response.

ARTICLE 7. ENFORCEMENT OF AGREEMENT AND TERMINATION

7.1 California Law.

This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of San Bernardino, State of California, or any other appropriate court in such county, and Consultant covenants and agrees to submit to the personal jurisdiction of such court in the event of such action. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in San Bernardino County.

7.2 Disputes; Default.

In the event that Consultant is in default under the terms of this Agreement, the Town shall not have any obligation or duty to continue compensating Consultant for any work performed after the date of default. Instead, the Town may give notice to Consultant of the default and the reasons for the default. The notice shall include the timeframe in which Consultant may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Consultant is in default, the Town shall hold all invoices and shall proceed with payment on the invoices only when the default is cured. In the alternative, the Town may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Consultant does not cure the default, the Town may take necessary steps to terminate this Agreement under this Article. Any failure on the part of the Town to give notice of the Consultant's default shall not be deemed to result in a waiver of the Town's legal rights or any rights arising out of any provision of this Agreement.

7.3 Retention of Funds.

Consultant hereby authorizes Town to deduct from any amount payable to Consultant (whether or not arising out of this Agreement) (i) any amounts the payment of which may be in dispute hereunder or which are necessary to compensate Town for any losses, costs, liabilities, or damages suffered by Town, and (ii) all amounts for which Town may be liable to third parties, by reason of Consultant's acts or

omissions in performing or failing to perform Consultant's obligation under this Agreement. In the event that any claim is made by a third party, the amount or validity of which is disputed by Consultant, or any indebtedness shall exist which shall appear to be the basis for a claim of lien, Town may withhold from any payment due, without liability for interest because of such withholding, an amount sufficient to cover such claim. The failure of Town to exercise such right to deduct or to withhold shall not, however, affect the obligations of the Consultant to insure, indemnify, and protect Town as elsewhere provided herein.

7.4 Waiver.

Waiver by any party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision or a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by Town of any work or services by Consultant shall not constitute a waiver of any of the provisions of this Agreement. No delay or omission in the exercise of any right or remedy by a non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

7.5 Rights and Remedies are Cumulative.

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.6 Legal Action.

In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Agreement. Notwithstanding any contrary provision herein, Consultant must file a statutory claim pursuant to Government Code Sections 905 et seq. and 910 et. seq., in order to pursue a legal action under this Agreement.

7.7 Termination Prior to Expiration of Term.

This Section shall govern any termination of this Contract except as specifically provided in the following Section for termination for cause. The Town reserves the right to terminate this Contract at any time, with or without cause, upon thirty (30) days' written notice to Consultant, except that where termination is due to the fault of the Consultant, the period of notice may be such shorter time as may be determined by the Contract Officer. Upon receipt of any notice of termination, Consultant shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Consultant shall be entitled to compensation for all services rendered prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation or such as may be approved by the Contract Officer, except as provided in Section 7.3. In the event of termination without cause pursuant to this Section, the Town need not provide the Consultant with the opportunity to cure pursuant to Section 7.2.

7.8 Termination for Default of Consultant.

If termination is due to the failure of the Consultant to fulfill its obligations under this Agreement, Town may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Consultant shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the Town shall use reasonable efforts to mitigate such damages), and Town may withhold any payments to the Consultant for the purpose of set-off or partial payment of the amounts owed the Town as previously stated.

7.9 Attorneys' Fees.

If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees. Attorney's fees shall include attorney's fees on any appeal, and in addition a party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, taking depositions and discovery and all other necessary costs the court allows which are incurred in such litigation. All such fees shall be deemed to have accrued on commencement of such action and shall be enforceable whether or not such action is prosecuted to judgment.

ARTICLE 8. TOWN OFFICERS AND EMPLOYEES: NON-DISCRIMINATION

8.1 Non-liability of Town Officers and Employees.

No officer or employee of the Town shall be personally liable to the Consultant, or any successor in interest, in the event of any default or breach by the Town or for any amount which may become due to the Consultant or to its successor, or for breach of any obligation of the terms of this Agreement.

8.2 Conflict of Interest.

Consultant covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of Town or which would in any way hinder Consultant's performance of services under this Agreement. Consultant further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the Contract Officer. Consultant agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of Town in the performance of this Agreement.

No officer or employee of the Town shall have any financial interest, direct or indirect, in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which effects his financial interest or the financial interest of any corporation, partnership or association in which he is, directly or indirectly, interested, in violation of any State statute or regulation. The Consultant warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement.

8.3 Covenant Against Discrimination.

Consultant covenants that, by and for itself, its heirs, executors, assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, age, color, creed, religion, sex, gender, religion, marital status,

national origin, gender identity, veteran status, disability, medical condition, pregnancy, childbirth and related medical conditions, military service, genetic information or testing, sexual orientation, ancestry, or other protected class in the performance of this Agreement. Consultant shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, marital status, national origin, ancestry, or other protected class.

8.4 Unauthorized Aliens.

Consultant hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, *et seq.*, as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Consultant so employ such unauthorized aliens for the performance of work and/or services covered by this Agreement, and should the any liability or sanctions be imposed against Town for such use of unauthorized aliens, Consultant hereby agrees to and shall reimburse Town for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by Town.

ARTICLE 9. MISCELLANEOUS PROVISIONS

9.1 Notices.

Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the Town, to the Town Manager and to the attention of the Contract Officer, TOWN OF YUCCA VALLEY, 57090 Twentynine Palms Highway, Yucca Valley, California 92284 and in the case of the Consultant, to the person at the address designated on the execution page of this Agreement. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

9.2 Interpretation.

The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

9.3 Counterparts.

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, and such counterparts shall constitute one and the same instrument.

9.4 Integration; Amendment.

This Agreement including the attachments hereto is the entire, complete and exclusive expression of the understanding of the parties. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement.

No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Consultant and by the Town. The Contract Officer shall have the authority to approve any amendment to this Agreement that includes additional work, time to perform, or an increase in the

Contract Sum in accordance with Section 1.8 of this Agreement. The Town's Contract Officer may, but is not required to, make additional minor amendments not affecting substantive terms without further authorization from the Town Council. The Town Council hereby authorizes the Contract Officer to execute any such amendments as required by this Agreement or that do not otherwise reduce Town's rights under this Agreement. All other amendments shall be approved by the Town Council. The Parties agree that the requirement for written modifications cannot be waived and that any attempted waiver shall be void.

9.5 Severability.

In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

9.6 Authority to Execute.

The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the parties.

SCOPE OF SERVICES

I. **Consultant will perform the following Services:**

A. Emergency Street Debris Cleanup/Removal Services

II. **As part of the Services, Consultant will prepare and deliver the following tangible work products to the Town:**

A. Emergency Street Debris Cleanup/Removal Services

III. **In addition to the requirements of Section 6.2, during performance of the Services, Consultant will keep the Town appraised of the status of performance by delivering the following status reports:**

A. Reports of Debris removed

IV. **All work product is subject to review and acceptance by the Town and must be revised by the Consultant without additional charge to the Town until found satisfactory and accepted by Town.**

V. **Consultant will utilize the following personnel to accomplish the Services**:

A. See EXHIBIT "A-1"

EXHIBIT "A-1"

VALLEY PIPELINE INC.

GENERAL ENGINEERING

We are pleased to submit this technical proposal on behalf of Valley Pipeline Services, Inc. to offer our comprehensive services for emergency debris removal. With our extensive experience in the construction industry and our specialized equipment, we are confident in our ability to swiftly and efficiently handle emergency situations involving debris cleanup.

1. Overview of Services:

We understand the urgency and critical nature of emergency debris removal, and our proposal outlines a comprehensive approach to address this challenge effectively. Our services include the following:

1.1 Initial Assessment:

We understand that every project has unique requirements, and therefore, we will carefully assess your site conditions and debris types to select the most suitable equipment for the job. Our equipment is well-maintained, highly reliable, and operated by skilled professionals, ensuring optimal performance and safety throughout the debris removal process.

1.2 Equipment and Machinery:

Our construction company possesses a diverse fleet of advanced equipment specifically designed for heavy debris removal. This includes but is not limited to:

- Excavators with various bucket attachments for efficient debris loading and removal.
- Front-end loaders capable of handling large volumes of debris quickly.
- Skid-steer loaders for maneuvering in confined spaces and facilitating debris collection.

1.3 Safety Measures:

The safety of our team and everyone involved in the emergency debris removal process is of utmost importance. We strictly adhere to all relevant safety guidelines and protocols. Our personnel are well-trained and equipped with appropriate personal protective equipment (PPE) to ensure a safe working environment.

2. Methodology:

Our team will implement the following methodology to carry out the emergency debris removal operations:

73161 Fred Waring Dr, Ste #200 • Palm Desert, CA, 92260 • Office (760) 610-5538 • Fax (760) 610-5539
State License No. 988742 • www.valleypipeline.com

2.1 Mobilization:

Upon receiving approval to proceed, our team will mobilize immediately, ensuring all necessary equipment and personnel are deployed to the site without delay.

2.2 Debris Removal Process:

Our skilled operators will employ the most suitable equipment for the debris removal process, ensuring maximum efficiency and minimal disruption to the surrounding environment. We will carefully sort and separate the debris to facilitate proper disposal and recycling, whenever feasible.

2.3 Ongoing Support and Communication:

Throughout the debris removal process, we will maintain open lines of communication to keep you informed about project progress, any unforeseen challenges, and any adjustments required to the plan. Our dedicated project management team will be available to address any questions or concerns promptly.

3. Conclusion:

Valley Pipeline Services, Inc. is dedicated to providing exceptional construction services and understands the urgency and gravity of emergency debris removal. We are confident that our experience, skilled personnel, and specialized equipment will ensure a swift and efficient cleanup operation.

Thank you for considering our proposal. We are available to discuss any questions or concerns you may have.

SCHEDULE OF COMPENSATION

I. **Consultant shall perform the following tasks at the following rates:**

		RATE	TIME	SUB-BUDGET
A.	Dump Trk/Driver	$160.00	Per Hour	N/A
B.	Wheel Loader 2.5 CY/Operator	$170.00	Per Hour	N/A
C.	Wheel Loader 3.5 CY/Operator	$170.00	Per Hour	N/A
D.	Wheel Loader 4.5 CY/Operator	$170.00	Per Hour	N/A
E.	Backhoe 1 – 1.5 CY/Operator	$160.00	Per Hour	N/A

II. **Within the budgeted amounts for each Task, and with the approval of the Contract Officer, funds may be shifted from one Task sub budget to another so long as the Contract Sum is not exceeded per Section 2.1, unless Additional Services are approved per Section 1.9.**

III. **The Town will compensate Consultant for the Services performed upon submission of a valid invoice. Each invoice is to include:**

A. Line items for all personnel describing the work performed, the number of hours worked, and the hourly rate.

B. Line items for all materials and equipment properly charged to the Services.

C. Line items for all other approved reimbursable expenses claimed, with supporting documentation.

D. Line items for all approved subcontractor labor, supplies, equipment, materials, and travel properly charged to the Services.

IV. **The total compensation for the Services shall not exceed $75,000 as provided in Section 2.1 of this Agreement.**

EXHIBIT "D"

SCHEDULE OF PERFORMANCE

I. **Consultant shall perform all Services timely in accordance with the schedule to be developed by Consultant and subject to the written approval of the Contract Officer and the Town Attorney's office.**

II. **Consultant shall deliver the following tangible work products to the Town by the following dates.**

A. Reports of Equipment Used and Amount of Debris removed.

III. **The Contract Officer may approve extensions for performance of the services in accordance with Section 3.2.**

AMENDMENT 1
TO THE PROFESSIONAL SERVICES AGREEMENT DATED 20 JULY 2023
BY AND BETWEEN TOWN OF YUCCA VALLEY AND VALLEY PIPELINE, INC.,
FOR EMERGENCY STREET DEBRIS CLEANUP/REMOVAL SERVICES

This amendment (hereinafter referred to as the "AMENDMENT") to an agreement (hereinafter "AGREEMENT") is made and entered into this 2nd day of June 2026**,** by and between the Town of Yucca Valley (hereinafter "TOWN"), and Valley Pipeline Inc., (hereinafter "CONTRACTOR"), sometimes referred to individually as the "PARTY" and collectively as "PARTIES", for landscape maintenance services (hereinafter "PROJECT") within the Town of Yucca Valley.

RECITALS

A. On December 15, 2023, Town Council awarded a professional services agreement to Valley Pipeline, Inc., to provide emergency street debris cleanup and/or removal services for a term of three years. The agreement amount was $25,000.00 per year for a term of three (3) years, not to exceed $75,000.00.

B. This AMENDMENT 1 modifies the Agreement Sum; Agreement Term; and Exhibit "C" Hourly Equipment and Labor Price Schedule.

C. This AMENDMENT provides three additional years to the Agreement Term with an increase of $30,000.00 per year. The Agreement Sum increases by $90,000.00 from $75,000.00 to an amount not to exceed $165,000.00.

TERMS

1. Article 2.2 Contract Sum of the original AGREEMENT is hereby amended to read as follows:
   2.2 Contract Sum. Subject to any limitations set forth in this Agreement, Town agrees to pay Consultant the amounts specified in the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed One Hundred Sixty-Five Thousand Dollars ($165,000.00) (the "Contract Sum"), unless additional compensation is approved pursuant to Article 1.8.

2. Article 3.4 Term of the original AGREEMENT is hereby amended to read as follows:
   3.4 Term. Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services but not exceeding six (6) years from the date hereof, except as otherwise provided in the Schedule of Performance (Exhibit "D").

3. EXHIBIT "C" SCHEDULE OF COMPENSATION Section I is hereby amended to read as follows:
   I. Contractor shall perform the following tasks at the following rates during years one, two, and three of this Agreement:

		RATE	TIME	SUB-BUDGET
A.	Dump Trk/Driver	$160.00	Per Hour	N/A
B.	Wheel Loader 2.5 CY/Operator	$170.00	Per Hour	N/A
C.	Wheel Loader 3.5 CY/Operator	$170.00	Per Hour	N/A
D.	Wheel Loader 4.5 CY/Operator	$170.00	Per Hour	N/A
E.	Backhoe 1 – 1.5 CY/Operator	$160.00	Per Hour	N/A

Contractor shall perform the following tasks at the following rates during years four, five, and six of this Agreement:

Equipment Type	**Hourly Equipment Rate**
Bobcat Loader w/Operator	$ 205
Dozer, Tracked, D5 or Similar w/Operator	$ 425
Dump Truck, 18 CY-20 CY w/Driver	$ 175
Hydraulic Excavator, 1.5 CY w/Operator	$ 359
Hydraulic Excavator, 2.5 CY w/Operator	$ 424
Lowboy Trailer w/ tractor and Driver	$ 190
Pickup Truck, .5 Ton	$ 65
Pickup Truck, 1.0 Ton	$ 70
Water Truck w/Driver	$ 175
Wheel Loader, 2.5 CY or similar w/Operator	$ 219
Wheel Loader, 3.5 CY or similar w/Operator	$ 219
Wheel Loader, 4.5 CY or similar w/Operator	$ 219
Wheel Loader-Backhoe 1.0 – 1.5 CY or similar w/Operator	$ 183

Labor Category	Hourly Labor Rate
Operations (Project) Manager w/communications	$ 115
Crew Forman	$ 135
Laborer w/small tools, traffic control, or flag person	$ 115

4. EXHIBIT "C" SCHEDULE OF COMPENSATION Section IV is hereby amended to read as follows: The total compensation for the Services shall not exceed $165,000.00 as provided in Article 2.2 of this Agreement.

Except as amended by this AMENDMENT, all provisions of the original AGREEMENT shall remain in full force and effect and shall govern the actions of the parties under this AMENDMENT.

[SIGNATURES ON NEXT PAGE]

AMENDMENT 1
TO THE PROFESSIONAL SERVICES AGREEMENT DATED 20 JULY 2023
BY AND BETWEEN TOWN OF YUCCA VALLEY AND VALLEY PIPELINE, INC.,
FOR EMERGENCY STREET DEBRIS CLEANUP/REMOVAL SERVICES

IN WITNESS WHEREOF, the parties hereto have executed this AMENDMENT 1 on the date first herein above written.

TOWN OF YUCCA VALLEY

By: _____

VALLEY PIPELINE INC.

By: _____
Stephen Vatter, President

ATTEST:

_____
Brooke Dudra, Town Clerk

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Alex Qishta, Public Works Director, Shane Stueckle, Deputy Town Manager

Date: May 19, 2026

Meeting Date: June 2, 2026

Subject: On-Call Concrete Repair and Maintenance Services - Authorization to release a Request For Proposal

Recommendation:
That the Town Council authorizes the release of an RFP for On-Call Concrete Repair and Maintenance services.

Prior Review:
There has been no prior review of this matter.

Discussion:
The Town of Yucca Valley maintains various public infrastructure improvements throughout the community, including sidewalks, curb and gutter, driveway approaches, headwalls, and other related concrete facilities. Routine maintenance and timely repairs are necessary to maintain public safety, preserve infrastructure, and address deficiencies identified through inspections, service requests, capital improvement projects, and emergency situations.

Due to the ongoing need for concrete repair and replacement services, staff proposes soliciting proposals from qualified contractors to provide on-call maintenance services on an as-needed basis. Establishing an on-call services agreement will allow the Town to respond more efficiently to maintenance needs and streamline project delivery for smaller repair projects throughout the Town.

The proposed RFP will seek qualified contractors experienced in concrete construction and maintenance services. Work may include, but not limited to:

- Sidewalk repair and replacement
- Curb and gutter repair and replacement
- Driveway approach reconstruction
- Concrete headwall repairs

- ADA improvements and curb ramps
- Removal and replacement of damaged concrete improvements
- Related concrete maintenance and miscellaneous appurtenant work

The on-call contract will provide flexibility for staff to address maintenance issues as they arise without the need to bid individual small-scale projects separately. Services will be performed on a task-order basis, with work assigned according to the Town's operational needs or as directed by staff.

The preliminary schedule for the RFP process is as follows:

- Release of RFP – Wednesday, June 3, 2026
- Proposal due date – Thursday, June 25, 2026 (3:00 PM)
- Review of Proposals – June 26 – July 3, 2026
- Town Council Meeting – July 21, 2026

Alternatives
No alternatives are recommended.

Fiscal Impact:
There are no fiscal impacts created by the release of the attached RFP, less advertising and circulation costs.

Proposals shall be submitted no later than **3:00 p.m. on Thursday, June 25, 2026.** Postmarks and late proposals will not be accepted. The email subject shall be "**REQUEST FOR PROPOSALS FOR ON-CALL CONCRETE REPAIR AND MAINTENANCE SERVICES".**

SECTION I – Background & Introduction

Summary

The Town of Yucca Valley is soliciting Requests for Proposals (RFP) from qualified contractors/ firms to assist the Town with on-call concrete repair and maintenance services.

To serve and promote welfare of its residents, the Town intends to procure the services, as described below.

On-Call Concrete Repair and Maintenance Services Townwide.

Background

The Town of Yucca Valley is a municipality located in San Bernardino County in the high desert region of Southern California. Incorporated in 1991, the Town serves a population of approximately 20,000 residents and functions as a gateway community to Joshua Tree National Park. Yucca Valley provides a range of municipal services, including public works, community development, and parks and recreation, and is committed to prioritizing community identity, economic vitality, and the enhancement of public infrastructure and aesthetics.

The Town operates under a council-manager form of government with a five-member Town Council elected at large. Each council member serves a four-year term. The Town Council meets on the first and third Tuesdays of the month at the Yucca Valley Community Center, 57090 Twentynine Palms Highway.

Tentative Project Timeline

RFP Issued	June 3, 2026
Pre-Proposal Meeting	June 16, 2026 (9:00 AM)
Proposal Due Date	**June 25, 2026 (3:00 PM)**
Proposals Review Period	June 26 – July 3, 2026
Anticipated Award Date	July 21, 2026

The Town reserves the right to waive or modify any of these deadlines prior to the opening of submitted proposals by duly noticed addendum. Any proposal received after June 25, 2026, at 3:00 pm will be considered non-responsive and returned to the consultant.

Proposal Contact

All contractors may obtain this Request for Proposal from the Town of Yucca Valley website at: https://www.yucca-valley.org/business/request-for-proposal-rfp. All contractors downloading the Request for Proposal and Qualifications MUST complete all required information on the website to be placed on the contractors' list in the event that addenda are issued. If assistance is required, please contact Mr. Victor Ledua at the Town of Yucca Valley Engineering Division at (760) 369-6579 Ext. 327.

SECTION II – Scope of Work

The Town of Yucca Valley is seeking qualified contractors to furnish and be solely responsible for all labor, materials, and equipment to perform on-call concrete repair and maintenance work throughout town.

The Contractor shall provide on-call concrete repair and replacement services throughout the Town of Yucca Valley on an as-needed, task order basis. Work shall include furnishing all labor, materials, equipment, traffic control, and incidentals necessary to remove, repair, and replace concrete improvements within the public right-of-way and Town facilities.

Typical work includes demolition and disposal of existing concrete, subgrade preparation, and installation of improvements such as sidewalks, curb and gutter, curb ramps, driveway approaches, headwalls, drainage structures, and related concrete work.

All repair work for curb, gutter, sidewalk, curb ramps, and related work shall use **4" thick Portland Cement Concrete Class "B" at 3000psi.** Headwalls, drainage structures, and other specialized concrete work shall use **Portland Cement Concrete Class "B" at 4000psi with Buckeye Fiber**.

The Contractor shall provide traffic control in accordance with the California MUTCD. Work will be authorized by written task orders defining scope, location, schedule, and compensation. The Contractor may be required to perform emergency repairs and shall restore all disturbed areas to equal or better condition upon completion.

The established prices shall be based on a per linear foot/square foot cost for labor, equipment, and typical materials used for the work.

For individual small maintenance, the Contractor will be asked to provide estimates based upon these established prices. On occasion, materials will be required that are not specifically established in the fee schedule. For those materials, the Contractor will submit actual costs prior to conducting the work and will be allowed a markup as established in the basic Agreement.

General Work Requirements

- All work shall conform to the most recent version of the Standards for Public Works Construction and the Town of Yucca Valley Standards.
- Contractor shall possess a valid Class A or C8 Contractor' s License.
- Prior to commencement of work, Contractor must obtain and maintain in effect during the term of this Agreement, a valid Town of Yucca Valley Business Registration Certificate.
- Contractor shall furnish all labor and materials to complete each necessary project.
- Contractor shall provide traffic control where necessary per MUTCD guidelines.
- Contractor shall keep the worksite clean and safe at all times.
- Contractor shall be responsible for the removal of all concrete, dirt, and debris generated by any project at the Contractor's expense.
- Contractor shall be responsible to repair any incidental damage caused to the Town's infrastructure.
- Contractor shall be responsible for preventing the general public from entering any work location.
- Any vandalism or disruption to work areas shall be corrected by the Contractor at their expense.
- Contractor shall provide all necessary personnel, instruments, equipment, and materials to perform the services described.

The Contractor shall respond to individual calls for service within ten (10) working days. The work will then be scheduled by mutual agreement and be completed within the time agreed upon for each specific item of work. Failure to promptly respond or to complete the work in a timely manner shall give cause for termination of the agreement.

SECTION III – Proposal Requirements

Envelope One – Contractor Proposal (maximum 10 pages)

The technical proposal shall contain the following information:

A project approach for all work describing how the Contractor and any proposed Subcontractor plan to accomplish the tasks described, including an estimate of the level of effort (man-hours) to be expended. This project approach should demonstrate a clear understanding of the required scope of services.

A discussion of the proposed project schedule for each project phase and what methods Contractor will use to meet the proposed schedule. Included in this discussion should be a description of the Contractor's capacity to perform the project within a required timeframe.

- The names of the Contractor's staff to be assigned to this project, their proposed duties, and their relative experience. Any specialized experience of the firm and its personnel, relative to the required scope of services, should be mentioned here.

- A maximum of three (3) descriptions of similar projects recently performed by Contractor. References must be submitted for each project, including the name and telephone number of a current contact familiar with Contractor's performance on the identified project. References should be able to verify such things as, but not limited to, completion of a quality product, in a timely manner, and within budget constraints. The Town would prefer projects in which the proposed team members had direct participation.

- Provide two (2) client references within the past two (2) years, including contact name, firm or agency name, phone number, email and a brief summary of services provided. The Town is especially interested in references that can attest to the Contractor's performance and abilities in similar work, organizations, and scopes of services.

- Any requested modifications to the Town's standard Agreement (see APPENDIX B), or a statement that there will be no exceptions.

- Full disclosure of other client relationships that could present possible conflicts of interest or affect the proposed project.

- Physical location of Contractor's office.

Envelope Two – Cost Proposal

A complete Standard Pricing Fee Schedule (to include all Labor, Equipment, Materials, and Disposal), in a Per Linear Foot/Square Foot/Cubic Yard cost for concrete installation.

SECTION IV – Selection Criteria

The following selection criteria will be used in evaluating the proposals and selecting the successful Contractor. This criterion is not listed in any order of priority.

Originality, soundness, and matter of completeness in which the service approach is presented in the proposal.

Of significance is the timeline for the design, the ability to commence work immediately, and completing the services in a timely matter within the current workload of the Contractor.

The qualifications and experience of the company to be awarded the service contract.

Quality of work previously performed, and record of Contractor in accomplishing their work on schedule, within budget allocations, and providing cost estimates.

Accessibility to Contractor's office with the primary responsibility of services.

Arrangements for compensation will be negotiated, if necessary, after the Contractor is selected. The Contractor shall enter into a formal agreement with the Town for the services to be rendered.

The Contractor shall carefully review the agreement, especially in regard to the indemnity and insurance provisions, and include with the proposal a description of any exceptions requested to the standard agreement. If there are no exceptions, a statement to that effect shall be included in the proposal.

SECTION V – Additional Information

Indemnification:

Contractor shall indemnify, protect, defend and hold harmless the Town, and any and all of its employees, officials and agents from and against any liability (including liability for claims, suits actions, arbitration proceedings, administrative proceedings, regulatory proceedings, losses, expenses or cost of any kind, whether actual alleged, or threatened, including attorneys' fees and costs, court costs, interest, defense costs and expert witness fees) where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by Contractor or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or sub-contractor of Contractor.

Independent Contractor:

While engaged to carry out and comply with the terms and conditions of the duties outlined in this RFP, the Contractor is an independent contractor, and not an officer, agent, or employee of the Town of Yucca Valley. The personnel performing services shall at all times be under the Contractor's exclusive direction and control and shall be employees of Contractor and not employees of the Town of Yucca Valley. The Contractor shall pay all wages, salaries, and other

amounts due its employees in connection with the Agreement and shall be responsible for all reports and obligations respecting them, including, but not limited to Social Security, income tax withholding, unemployment compensation, worker's compensation insurance, state disability insurance, and all similar matters.

All services to be rendered under the Agreement by the Contractor shall be subject to the control of the Town. Contractor shall advise the Town of matters of importance and make recommendations when appropriate; however, final authority shall rest with the Town.

Term of Agreement:

The Agreement awarded to the successful Contractor under this RFP shall be for a period of two (2) years and may be extended for an additional two (2) years upon the mutual consent of both parties.

Termination:

The Town of Yucca Valley, or the Contractor, may terminate this agreement at any time during the term, upon thirty (30) days prior written notice to the other party without further liability.

DISCLAIMER

This Request for Proposal does not commit the Town to award a contract, or to pay any costs incurred in the preparation of the proposal. The Town reserves the right to extend the due date for the proposal; to accept or reject any or all proposals received as a result of this request; to negotiate with any qualified Contractor; to cancel this Request for Proposal in part or in its entirety; and to procure alternate or additional services. The Town may require the selected Contractor to participate in negotiations and to submit such technical fees or other revisions of their proposals as may result from negotiations.

It is the responsibility of the Contractor and/or individual to inquire about any requirement of this RFP that is not understood. If responses to inquiries change or clarify the RFP in a substantial manner, the changes will be forwarded by addenda to all parties that have received a copy of the RFP. The Town will not be bound by oral or written responses to inquiries other than those made by addenda.

Inquiries about the RFP must be made to:

PROPOSER'S BID CERTIFICATION

To Whom It May Concern: I have carefully examined the Request for Proposal and any other documents accompanying or included to be part of this Request for Proposal. I hereby propose to perform the services as specified in this On-Call Concrete Repair and Maintenance Services Request for Proposal at the rates described in APPENDIX A. I certify that all information contained in this proposal is truthful to the best of my knowledge and belief. I further certify that I am duly authorized, as its act and deed, to submit this proposal on behalf of the firm and, if awarded the contract, that the firm is ready, willing, and able to perform. I further certify, under oath, that this proposal is made without prior understanding, agreement, connection, discussion, or collusion with any other person, firm, or corporation submitting a proposal for the same product or service; nor any officer, employee, or agent of the Town of Yucca Valley; nor any other proposer interested in said proposal; and that the undersigned executed this Proposer's Bid Certification with full knowledge and understanding of the matters therein contained. It is distinctly understood that the Town Council of Town of Yucca Valley reserves the right to reject any or all proposals.

AGREEMENT FOR CONSTRUCTION SERVICES
BETWEEN THE TOWN OF YUCCA VALLEY
AND _____

THIS AGREEMENT FOR CONSTRUCTION SERVICES (herein "Agreement") is made and entered into this ____ day of _____, 20___ by and between the Town of Yucca Valley, a general law city ("Town") and _____, _____ ("Contractor"). Town and Contractor are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties".

RECITALS

A. Town has sought, by issuance of a Request for Proposals or Invitation for Bids, the performance of the services defined and described particularly in Article 1 of this Agreement.

B. Contractor, following submission of a proposal or bid for the performance of the services defined and described particularly in Article 1 of this Agreement, was selected by the Town to perform those services.

C. Pursuant to the Town's Municipal Code, Town has authority to enter into and execute this Agreement.

D. The Parties desire to formalize the selection of Contractor for performance of those services defined and described particularly in Article 1 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained herein and other consideration, the value and adequacy of which are hereby acknowledged, the parties agree as follows:

ARTICLE 1. WORK OF CONTRACTOR.

1.1 Scope of Work.

In compliance with all terms and conditions of this Agreement, the Contractor shall provide those services specified in the "Scope of Work" attached hereto as Exhibit "A" and incorporated herein by this reference, which may be referred to herein as the "services" or "work" hereunder. As a material inducement to the Town entering into this Agreement, Contractor represents and warrants that it has the qualifications, experience, and facilities necessary to properly perform the work required under this Agreement in a thorough, competent, and professional manner, and is experienced in performing the work and services contemplated herein. Contractor shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all services described herein. Contractor covenants that it shall follow the highest professional standards in performing the work and services required

SAMPLE

hereunder and that all materials will be of good quality, fit for the purpose intended. For purposes of this Agreement, the phrase "highest professional standards" shall mean those standards of practice recognized by one or more first-class firms performing similar work under similar circumstances.

1.2 Contractor's Proposal.

This Agreement shall include the Request for Proposals or Invitation for Bids ("Contract Documents") and the Scope of Service shall include the Contractor's scope of work in Contractor's accepted bid proposal ("Accepted Bid"). The Contract Documents and Accepted Bid shall be incorporated herein by this reference as though fully set forth herein. In the event of any inconsistency between the Contract Documents, Accepted Bid and/or this Agreement, the terms of this Agreement shall govern.

1.3 Compliance with Law.

Contractor shall keep itself informed of and shall render all services hereunder in accordance with all ordinances, resolutions, statutes, rules, and regulations of the Town and any Federal, State or local governmental entity having jurisdiction in effect at the time service is rendered. [**DELETE IF NO FEDERAL FUNDS ARE USED**. In addition to the terms, conditions, and performance obligations for the Work set forth in this Contract, Contractor must also comply with the federal contract terms, conditions, rules, and regulations set forth in the attached Exhibit G ("**Federal Contract Terms, Conditions, and Regulations**").]

1.4 Licenses, Permits, Fees and Assessments.

Contractor shall obtain at its sole cost and expense such licenses, permits, registrations, and approvals as may be required by law for the performance of the services required by this Agreement. Contractor shall have the sole obligation to pay for any fees, assessments and taxes, plus applicable penalties, and interest, which may be imposed by law and arise from or are necessary for the Contractor's performance of the services required by this Agreement, and shall indemnify, defend and hold harmless Town, its officers, employees or agents of Town, against any such fees, assessments, taxes penalties or interest levied, assessed or imposed against Town hereunder.

1.5 Familiarity with Work.

(a) By executing this Agreement, Contractor warrants that Contractor (i) has thoroughly investigated and considered the scope of work to be performed, (ii) has carefully considered how the services should be performed, and (iii) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement. If the services involve work upon any site, Contractor warrants that Contractor has or will investigate the site and is or will be fully acquainted with the conditions there existing, prior to commencement of services hereunder.

(b) Contractor shall promptly, and before the following conditions are disturbed, notify the Town, in writing, of any (i) material Contractor believes may be hazardous waste as

SAMPLE

defined Section 25117 of the Health & Safety Code required to be removed to a Class I, II, or III disposal site in accordance with existing law; (ii) subsurface, unknown or latent conditions, materially different from those indicated; or (iii) unknown physical conditions at the site of any unusual nature, different from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this Agreement, and will materially affect the performance of the services hereunder.

(c) Town shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in Contractor's cost of, or the time required for, performance of any part of the work shall issue a change order per Section 1.10 of this Agreement.

(d) In the event that a dispute arises between Town and Contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in Contractor's cost of, or time required for, performance of any part of the work, Contractor shall not be excused from any scheduled completion date set, but shall proceed with all work to be performed under the Agreement. Contractor shall retain any and all rights provided either by contract or by law, which pertain to the resolution of disputes and protests between the contracting parties.

1.6 Protection and Care of Work and Materials.

The Contractor shall adopt reasonable methods, including providing and maintaining storage facilities, during the life of the Agreement to furnish continuous protection to the work, and the equipment, materials, papers, documents, plans, studies and/or other components thereof to prevent losses or damages, and shall be responsible for all such damages, to persons or property, until acceptance of the work by Town, except such losses or damages as caused by Town's own negligence. Stored materials shall be reasonably accessible for inspection. Contractor shall not, without Town's consent, assign, sell, mortgage, hypothecate, or remove equipment or materials which have been installed or delivered and which may be necessary for the completion of the work.

1.7 Warranty.

Contractor warrants all work under the Agreement (which for purposes of this Section shall be deemed to include unauthorized work which has not been removed and any non-conforming materials incorporated into the work) to be of good quality and free from any defective or faulty material and workmanship. Contractor agrees that for a period of one year (or the period of time specified elsewhere in the Agreement or in any guarantee or warranty provided by any manufacturer or supplier of equipment or materials incorporated into the work, whichever is later) after the date of final acceptance, Contractor shall within ten (10) days after being notified in writing by the Town of any defect in the work or non-conformance of the work to the Agreement, commence and prosecute with due diligence all work necessary to fulfill the terms of the warranty at its sole cost and expense. Contractor shall act sooner as requested by the Town in response to an emergency. In addition, Contractor shall, at its sole cost and expense, repair, remove and replace any portions of the work (or work of other contractors) damaged by

SAMPLE

its defective work or which becomes damaged in the course of repairing or replacing defective work. For any work so corrected, Contractor's obligation hereunder to correct defective work shall be reinstated for an additional one-year period, commencing with the date of acceptance of such corrected work. Contractor shall perform such tests as the Town may require to verify that any corrective actions, including, without limitation, redesign, repairs, and replacements comply with the requirements of the Agreement. All costs associated with such corrective actions and testing, including the removal, replacement, and reinstitution of equipment and materials necessary to gain access, shall be the sole responsibility of the Contractor. All warranties and guarantees of subcontractors, suppliers and manufacturers with respect to any portion of the work, whether express or implied, are deemed to be obtained by Contractor for the benefit of the Town, regardless of whether or not such warranties and guarantees have been transferred or assigned to the Town by separate agreement and Contractor agrees to enforce such warranties and guarantees, if necessary, on behalf of the Town. In the event that Contractor fails to perform its obligations under this Section, or under any other warranty or guaranty under this Agreement, to the reasonable satisfaction of the Town, the Town shall have the right to correct and replace any defective or non-conforming work and any work damaged by such work or the replacement or correction thereof at Contractor's sole expense. Contractor shall be obligated to fully reimburse the Town for any expenses incurred hereunder upon demand.

1.8 Prevailing Wages.

Contractor is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 1600, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "Public Works" and "Maintenance" projects. If the services are being performed as part of an applicable "Public Works" or "Maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Contractor agrees to fully comply with such Prevailing Wage Laws. Town shall provide Contractor with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Contractor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the services available to interested parties upon request, and shall post copies at the Contractor's principal place of business and at the project site. Contractor shall defend, indemnify and hold the Town, its elected officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

1.9 Further Responsibilities of Parties.

Both parties agree to use reasonable care and diligence to perform their respective obligations under this Agreement. Both parties agree to act in good faith to execute all instruments, prepare all documents and take all actions as may be reasonably necessary to carry out the purposes of this Agreement. Unless hereafter specified, neither party shall be responsible for the service of the other.

SAMPLE

1.10 Additional Work and Change Orders.

(a) Town shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Work or make changes by altering, adding to or deducting from said work. No such extra work may be undertaken unless a written change order is first given by the Contract Officer to the Contractor, incorporating therein any adjustment in (i) the Contract Sum, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Contractor ("Change Order"). All Change Orders must be signed by the Contractor and Contract Officer prior to commencing the extra work thereunder.

(b) Any increase in compensation of up to ten percent (10%) of the Contract Sum or $25,000, whichever is less; or any increase in the time to perform of up to one hundred eighty (180) days; and does not materially affect the work and which are not detrimental to the work or to the interest of the Town, may be approved by the Contract Officer. Any greater increases, taken either separately or cumulatively must be approved by the Town Council.

(c) Any adjustment in the Contract Sum for a Change Order must be in accordance with the rates set forth in the Schedule of Compensation in Exhibit "C". If the rates in the Schedule of Compensation do not cover the type of work in the Change Order, the cost of such work shall not exceed an amount agreed upon in writing and signed by Contractor and Contract Officer. If the cost of the Change Order cannot be agreed upon, the Town will pay for actual work of the Change Order completed, to the satisfaction of the Town, as follows:

(i) Labor: the cost of labor shall be the actual cost for wages of workers and subcontractors performing the work for the Change Order at the time such work is done. The use of labor classifications that would increase the cost of such work shall not be permitted.

(ii) Materials and Equipment: the cost of materials and equipment shall be at cost to Contractor or lowest current price which such materials and equipment are reasonably available at the time the work is done, whichever is lower.

(iii) If the cost of the extra work cannot be agreed upon, the Contractor must provide a daily report that includes invoices for labor, materials and equipment costs for the work under the Change Order. The daily report must include: list of names of workers, classifications, and hours worked; description and list of quantities of materials used; type of equipment, size, identification number, and hours of operation, including loading and transportation, if applicable; description of other Town authorized services and expenditures in such detail as the Town may require. Failure to submit a daily report by the close of the next working day may, at the Town's sole and absolute discretion, waive the Contractor's rights for that day.

It is expressly understood by Contractor that the provisions of this Section 1.10 shall not apply to services specifically set forth in the Scope of Work. Contractor hereby acknowledges that it accepts the risk that the services to be provided pursuant to the Scope of Work may be more costly or time consuming than Contractor anticipates and that Contractor shall not be entitled to

SAMPLE

additional compensation therefor. Town may in its sole and absolute discretion have similar work done by other contractors.

1.11 Special Requirements.

Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements" attached hereto as Exhibit "B" and incorporated herein by this reference. In the event of a conflict between the provisions of Exhibit "B" and any other provisions of this Agreement, the provisions of Exhibit "B" shall govern.

ARTICLE 2. COMPENSATION AND METHOD OF PAYMENT.

2.1 Contract Sum.

Subject to any limitations set forth in this Agreement, Town agrees to pay Contractor the amounts specified in the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed _____ Dollars ($_____) (the "Contract Sum"), unless additional compensation is approved pursuant to Section 1.10.

2.2 Method of Compensation.

The method of compensation may include: (i) a lump sum payment upon completion, (ii) payment in accordance with specified tasks or the percentage of completion of the services less the contract retention; (iii) payment for time and materials based upon the Contractor's rates as specified in the Schedule of Compensation, provided that (a) time estimates are provided for the performance of sub tasks; (b) contract retention is maintained; (c) the Contract Sum is not exceeded; or (iv) such other methods as may be specified in the Schedule of Compensation.

2.3 Reimbursable Expenses.

Compensation may include reimbursement for actual and necessary expenditures for reproduction costs, telephone expenses, and travel expenses approved by the Contract Officer in advance, or actual subcontractor expenses of an approved subcontractor pursuant to Section 4.5, and only if specified in the Schedule of Compensation. The Contract Sum shall include the attendance of Contractor at all project meetings reasonably deemed necessary by the Town. Coordination of the performance of the work with Town is a critical component of the services. If Contractor is required to attend additional meetings to facilitate such coordination, Contractor shall not be entitled to any additional compensation for attending said meetings.

2.4 Invoices.

Contractor shall furnish to Town an original invoice for all work performed and expenses incurred at intervals consistent with the Schedule of Compensation in a form approved by Town's Finance Manager. By submitting an invoice for payment under this Agreement, Contractor is certifying compliance with all provisions of the Agreement. The Contractor shall provide Town

SAMPLE

will all information detailed on the Town's standard form application for payment to support the invoice.

Town shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. Except as to any charges for work performed or expenses incurred by Contractor which are disputed by Town, or as provided in Section 7.3. Town will cause Contractor to be paid within thirty (30) days of receipt of Contractor's correct and undisputed invoice; however, Contractor acknowledges and agrees that due to Town warrant run procedures, the Town cannot guarantee that payment will occur within this time period. In the event any charges or expenses are disputed by Town, the original invoice shall be returned by Town to Contractor for correction and resubmission. Review and payment by the Town of any invoice provided by the Contractor shall not constitute a waiver of any rights or remedies provided herein or any applicable law.

2.5 Waiver.

Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Contractor.

ARTICLE 3. PERFORMANCE SCHEDULE

3.1 Time of Essence.

Time is of the essence in the performance of this Agreement.

3.2 Schedule of Performance.

Contractor shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as Exhibit "D" and incorporated herein by this reference. When requested by the Contractor, extensions to the time period(s) specified in the Schedule of Performance may be approved in writing by the Contract Officer but not exceeding one hundred eighty (180) days cumulatively.

3.3 Force Majeure.

The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the Town, if the Contractor shall within ten (10) days of the commencement of such delay notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Contract Officer such delay is justified. The Contract Officer shall extend the time for performance in accordance with the procedures set forth in Section 1.10.

SAMPLE

The Contract Officer's determination shall be final and conclusive upon the parties to this Agreement. In no event shall Contractor be entitled to recover damages against the Town for any delay in the performance of this Agreement, however caused, Contractor's sole remedy being extension of the Agreement pursuant to this Section. Contractor shall be responsible for the cost of repairing or restoring damage to the work, which damage is determined to have been proximately caused by an act of God, up to five percent of the Contract Sum, in compliance with Public Contract Code section 7105.

3.4 Inspection and Final Acceptance.

Town may inspect and accept or reject any of Contractor's work under this Agreement, either during performance or when completed. Town shall reject or finally accept Contractor's work within forth five (45) days after submitted to Town. Town shall accept work by a timely written acceptance, otherwise work shall be deemed to have been rejected. Town's acceptance shall be conclusive as to such work except with respect to latent defects, fraud and such gross mistakes as to amount to fraud. Acceptance of any work by Town shall not constitute a waiver of any of the provisions of this Agreement including, but not limited to, Articles 1 and 5, pertaining to warranty and indemnification and insurance, respectively.

3.5 Term.

Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services but not exceeding one (1) year from the date hereof, except as otherwise provided in the Schedule of Performance (Exhibit "D").

ARTICLE 4. COORDINATION OF WORK

4.1 Representatives and Personnel of Contractor.

The following principals of Contractor ("Principals") are hereby designated as being the principals and representatives of Contractor authorized to act in its behalf with respect to the work specified herein and make all decisions in connection therewith:

(Name)	(Title)
(Name)	(Title)
(Name)	(Title)

SAMPLE

It is expressly understood that the experience, knowledge, capability and reputation of the foregoing Principals were a substantial inducement for Town to enter into this Agreement. Therefore, the Principals shall be responsible during the term of this Agreement for directing all activities of Contractor and devoting sufficient time to personally supervise the services hereunder. All personnel of Contractor, and any authorized agents, shall at all times be under the exclusive direction and control of the Principals. For purposes of this Agreement, the Principals may not be replaced nor may their responsibilities be substantially reduced by Contractor without the express written approval of Town. Additionally, Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor's staff and subcontractors, if any, assigned to perform the services required under this Agreement. Contractor shall notify Town of any changes in Contractor's staff and subcontractors, if any, assigned to perform the services required under this Agreement, prior to and during any such performance.

4.2 Status of Contractor.

Contractor shall have no authority to bind Town in any manner, or to incur any obligation, debt or liability of any kind on behalf of or against Town, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by Town. Contractor shall not at any time or in any manner represent that Contractor or any of Contractor's officers, employees, or agents are in any manner officials, officers, employees or agents of Town. Neither Contractor, nor any of Contractor's officers, employees or agents, shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to Town's employees. Contractor expressly waives any claim Contractor may have to any such rights.

4.3 Contract Officer.

The Contract Officer shall be such person as may be designated by the Town Manager. It shall be the Contractor's responsibility to assure that the Contract Officer is kept informed of the progress of the performance of the services and the Contractor shall refer any decisions which must be made by Town to the Contract Officer. Unless otherwise specified herein, any approval of Town required hereunder shall mean the approval of the Contract Officer. The Contract Officer shall have authority, if specified in writing by the Town Manager, to sign all documents on behalf of the Town required hereunder to carry out the terms of this Agreement.

4.4 Independent Contractor.

Neither the Town nor any of its employees shall have any control over the manner, mode or means by which Contractor, its agents or employees, perform the services required herein, except as otherwise set forth herein. Town shall have no voice in the selection, discharge, supervision or control of Contractor's employees, servants, representatives or agents, or in fixing their number, compensation or hours of service. Contractor shall perform all services required herein as an independent contractor of Town and shall remain at all times as to Town a wholly independent contractor with only such obligations as are consistent with that role. Contractor shall not at any time or in any manner represent that it or any of its agents or employees are

SAMPLE

agents or employees of Town. Town shall not in any way or for any purpose become or be deemed to be a partner of Contractor in its business or otherwise or a joint venturer or a member of any joint enterprise with Contractor.

4.5 Prohibition Against Subcontracting or Assignment.

The experience, knowledge, capability and reputation of Contractor, its principals and employees were a substantial inducement for the Town to enter into this Agreement. Therefore, Contractor shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the Town. All subcontractors shall obtain, at its or Contractor's expense, such licenses, permits, registrations and approvals (including from the Town) as may be required by law for the performance of any services or work under this Agreement. In addition, neither this Agreement nor any interest herein may be transferred, assigned, conveyed, hypothecated or encumbered voluntarily or by operation of law, whether for the benefit of creditors or otherwise, without the prior written approval of Town. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Contractor, taking all transfers into account on a cumulative basis. In the event of any such unapproved transfer, including any bankruptcy proceeding, this Agreement shall be void. No approved transfer shall release the Contractor or any surety of Contractor of any liability hereunder without the express consent of Town.

ARTICLE 5. INSURANCE, INDEMNIFICATION AND BONDS

5.1 Insurance Coverages.

Contractor shall not commence Work under this Agreement until it has provided evidence satisfactory to the Town that it has secured all insurance required under this section. In addition, Contractor shall not allow any subcontractor to commence work on any subcontract until it has provided evidence satisfactory to the Town and the subcontractor has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the Town to terminate this Agreement for cause.

Contractor shall, at its sole cost and expense, procure and maintain for the duration of the Agreement and two years thereafter, including any extension thereof, insurance against claims for injuries to persons for damages to property which may arise from or in connection with the performance of the Agreement by the Contractor, its agents, representatives, employees or subcontractors. Contractor shall also require of the subcontractors to procure and maintain the same insurance for the duration of the Agreement including any extension thereof. Such insurance shall meet at least the following minimum levels of coverage:

(a) Commercial General Liability (CGL): Insurance Services Office (ISO) Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than $5,000,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit

SAMPLE

shall apply separately to this project/location (ISO CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.

(b) Workers Compensation Insurance. A policy of workers compensation insurance in such amount as will fully comply with the laws of the State of California including the Labor Code and Employer's Liability limit of $1,000,000 per accident for bodily injury or disease.

(c) Automotive Insurance (Form CA 0001 (Ed 1/87) including "any auto" and endorsement CA 0025 or equivalent). A policy of comprehensive automobile liability insurance written on a per occurrence for bodily injury and property damage in an amount not less than $1,000,000.

(d) Professional Liability (for Design Build). Professional liability insurance appropriate to the Contractor's profession. This coverage may be written on a "claims made" basis, and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to services performed under this Agreement. If the insurance is on a Claims-Made basis, the retroactive date shall be no later than the commencement of the work. Coverage applicable to the work performed under this agreement shall be continued for five (5) years after completion of the work. Such continuation coverage may be provided by one of the following: (1) renewal of the existing policy; (2) an extended reporting period endorsement; or (3) replacement insurance with a retroactive date no later than the commencement of the work under this Agreement.

(e) Contractors' Pollution Legal Liability and/or Asbestos Legal Liability and/or Errors and Omissions (if project involves environmental hazards) with limits no less than $1,000,000 per occurrence or claim, and $2,000,000 policy aggregate. If the services involve lead-based paint or asbestos identification/remediation, the Contractors Pollution Liability policy shall not contain lead-based paint or asbestos exclusions. If the services involve mold identification/remediation, the Contractors Pollution Liability policy shall not contain a mold exclusion, and the definition of Pollution shall include microbial matter, including mold.

(f) Builder's Risk (Course of Construction) insurance utilizing an "All Risk" (Special Perils) coverage form, with limits equal to the completed value of the project and no coinsurance penalty provisions.

(g) If the contractor maintains broader coverage and/or higher limits than the minimums shown above for all policies, the Town requires and shall be entitled to the broader coverage and/or higher limits maintained by the contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the Town.

(h) Contractor hereby agrees to waive rights of subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation.

SAMPLE

The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of the Town for all work performed by the Contractor, its employees, agents and subcontractors.

(i) Additional Insurance. Policies of such other insurance, as may be required in the Special Requirements.

(j) Subcontractors. Contractor shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.

5.2 General Insurance Requirements.

The Town, its officers, officials, employees, and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts, or equipment furnished in connection with such work or operations and automobiles owned, leased, hired, or borrowed by or on behalf of the Contractor. General liability coverage can be provided in the form of an endorsement to the Contractor's insurance (at least as broad as ISO Form CG 20 10, CG 11 85 or both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 forms if later revisions used).

For any claims related to this project, the Contractor's insurance coverage shall be primary insurance coverage at least as broad as ISO CG 20 01 04 13 as respects the Town, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the Town, its officers, officials, employees, or volunteers shall be excess of the Contractor's insurance and shall not contribute with it.

If the deductible or self-insured retention exceeds $100,000, it must be approved in advance by the Town. Contractor is responsible for any deductible or self-insured retention and shall fund it upon the Town's written request, regardless of whether Contractor has a claim against the insurance or is named as a party in any action. The insurance policy must specify that where the primary insured does not satisfy the self-insured retention, any additional insured may satisfy the self-insured retention.

The policy shall cover inter-insured suits and include a "separation of insureds" or "severability" clause which treats each insured separately.

No work or services under this Agreement shall commence until the Contractor has provided the Town with Certificates of Insurance or appropriate insurance binders evidencing the above insurance coverages and said Certificates of Insurance or binders are approved by the Town. Town reserves the right to inspect complete, certified copies of all required insurance policies at any time. Any failure to comply with the reporting or other provisions of the policies including breaches or warranties shall not affect coverage provided to Town.

The insurance required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A" or better in the most recent edition of Best Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a financial category

SAMPLE

Class VII or better, unless such requirements are waived by the Town's Risk Manager or other designee of the Town due to unique circumstances.

All Coverages. Contractor shall provide immediate written notice if (1) any of the required insurance policies is terminated; (2) the limits of any of the required policies are reduced; (3) or the deductible or self-insured retention is increased.

The Contractor agrees that the requirement to provide insurance shall not be construed as limiting in any way the extent to which the Contractor may be held responsible for the payment of damages to any persons or property resulting from the Contractor's activities or the activities of any person or persons for which the Contractor is otherwise responsible nor shall it limit the Contractor's indemnification liabilities as provided in Section 5.3.

In the event the Contractor subcontracts any portion of the work in compliance with Section 4.5 of this Agreement, the contract between the Contractor and such subcontractor shall require the subcontractor to maintain the same policies of insurance that the Contractor is required to maintain pursuant to Section 5.1, and such certificates and endorsements shall be provided to Town.

5.3 Indemnification.

To the full extent permitted by law, Contractor agrees to indemnify, defend and hold harmless the Town, its officers, employees and agents ("Indemnified Parties") against, and will hold and save them and each of them harmless from, any and all actions, either judicial, administrative, arbitration or regulatory claims, damages to persons or property, losses, costs, penalties, obligations, errors, omissions or liabilities whether actual or threatened (herein "claims or liabilities") that may be asserted or claimed by any person, firm or entity arising out of or in connection with the negligent performance of the work, operations or activities provided herein of Contractor, its officers, employees, agents, subcontractors, or invitees, or any individual or entity for which Contractor is legally liable ("indemnors"), or arising from Contractor's reckless or willful misconduct, or arising from Contractor's or indemnors' negligent performance of or failure to perform any term, provision, covenant or condition of this Agreement, and in connection therewith:

(a) Contractor's obligation to indemnify the Indemnified Parties applies unless it is finally adjudicated that the liability was caused by the sole negligence, active negligence, or willful misconduct of an Indemnified Party. If a claim is finally adjudicated and a determination made that liability was caused by the sole negligence, active negligence, or willful misconduct of an Indemnified Party, then Contractor's indemnification obligation will be reduced in proportion to the established comparative liability.

(b) Contractor will defend any action or actions filed in connection with any of said claims or liabilities and will pay all costs and expenses, including legal costs and attorneys' fees incurred in connection therewith. The defense obligation includes an obligation to provide independent defense counsel if Contractor asserts that liability is caused in whole or in part by the negligence or willful misconduct of any Indemnified Party. If it is finally adjudicated that

SAMPLE

liability was caused by the sole negligence, active negligence, or willful misconduct of any Indemnified Party, then Contractor may submit a claim to Town for reimbursement of reasonable attorneys' fees and defense costs in proportion to the established comparative liability of the Indemnified Party.

(c) Contractor will promptly pay any judgment rendered against the Town, its officers, agents or employees for any such claims or liabilities arising out of or in connection with the negligent performance of or failure to perform such work, operations or activities of Contractor hereunder; and Contractor agrees to save and hold the Town, its officers, agents, and employees harmless therefrom;

(d) In the event the Town, its officers, agents or employees is made a party to any action or proceeding filed or prosecuted against Contractor for such damages or other claims arising out of or in connection with the negligent performance of or failure to perform the work, operation or activities of Contractor hereunder, Contractor agrees to pay to the Town, its officers, agents or employees, any and all costs and expenses incurred by the Town, its officers, agents or employees in such action or proceeding, including but not limited to, legal costs and attorneys' fees.

In addition, Contractor agrees to indemnify, defend and hold harmless the Indemnified Parties from, any and all claims and liabilities for any infringement of patent rights, copyrights or trademark on any person or persons in consequence of the use by the Indemnified Parties of articles to be supplied by Contractor under this Agreement, and of which the Contractor is not the patentee or assignee or has not the lawful right to sell the same.

Contractor shall incorporate similar, indemnity agreements with its subcontractors and if it fails to do so Contractor shall be fully responsible to indemnify Town hereunder therefore, and failure of Town to monitor compliance with these provisions shall not be a waiver hereof. This indemnification includes claims or liabilities arising from any negligent or wrongful act, error or omission, or reckless or willful misconduct of Contractor in the performance of professional services and work hereunder. The provisions of this Section do not apply to claims or liabilities occurring as a result of Town's sole negligence or willful acts or omissions, but, to the fullest extent permitted by law, shall apply to claims and liabilities resulting in part from Town's negligence, except that design professionals' indemnity hereunder shall be limited to claims and liabilities arising out of the negligence, recklessness or willful misconduct of the design professional. The indemnity obligation shall be binding on successors and assigns of Contractor and shall survive termination of this Agreement.

5.4 Performance and Labor Bonds.

Concurrently with execution of this Agreement Contractor shall deliver to the Town, the following:

(a) A performance bond in the amount of the Contract Sum of this Agreement, in the form provided by the Town Clerk, which secures the faithful performance of this Agreement.

SAMPLE

(b) A labor and materials bond in the amount of the Contract Sum of this Agreement, in the form provided by the Town Clerk, which secures the payment of all persons furnishing labor and/or materials in connection with the work under this Agreement.

Both the performance and labors bonds required under this Section 5.4 shall contain the original notarized signature of an authorized officer of the surety and affixed thereto shall be a certified and current copy of his power of attorney. The bond shall be unconditional and remain in force during the entire term of the Agreement and shall be null and void only if the Contractor promptly and faithfully performs all terms and conditions of this Agreement and pays all labor and materials for work and services under this Agreement.

5.5 Sufficiency of Insurer or Surety.

Insurance and bonds required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A" or better in the most recent edition of Best Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a financial category Class VII or better, unless such requirements are waived by the Risk Manager of the Town ("Risk Manager") due to unique circumstances. If this Agreement continues for more than 3 years duration, or in the event the Risk Manager determines that the work or services to be performed under this Agreement creates an increased or decreased risk of loss to the Town, the Contractor agrees that the minimum limits of the insurance policies and the performance bond required by Section 5.4 may be changed accordingly upon receipt of written notice from the Risk Manager; provided that the Contractor shall have the right to appeal a determination of increased coverage by the Risk Manager to the Town Council of Town within 10 days of receipt of notice from the Risk Manager.

5.6 Substitution of Securities.

Pursuant to Public Contract Code Section 22300, substitution of eligible equivalent securities for any funds withheld to ensure performance under this Agreement may be permitted at the request and sole expense of the Contractor. Alternatively, the Contractor may, pursuant to an escrow agreement in a form prescribed by Public Contract Code Section 22300, request payment of retentions funds earned directly to the escrow agent at the sole expense of the Contractor.

5.7 Release of Securities.

Town shall release the Performance and Labor Bonds when the following have occurred:

(a) Contractor has made a written request for release and provided evidence of satisfaction of all other requirements under Article 5 of this Agreement;

(b) the Work has been accepted; and

(c) after passage of the time within which lien claims are required to be made pursuant to applicable laws; if lien claims have been timely filed, Town shall hold the Labor Bond

SAMPLE

until such claims have been resolved, Contractor has provided statutory bond, or otherwise as required by applicable law.

ARTICLE 6. RECORDS, REPORTS, AND RELEASE OF INFORMATION

6.1 Records.

Contractor shall keep, and require subcontractors to keep, such ledgers books of accounts, invoices, vouchers, canceled checks, reports, studies, certified copies of accurate payroll records in compliance with all applicable laws, or other documents relating to the disbursements charged to Town and services performed hereunder (the "books and records"), as shall be necessary to perform the services required by this Agreement and enable the Contract Officer to evaluate the performance of such services. Any and all such documents shall be maintained in accordance with generally accepted accounting principles and shall be complete and detailed. The Contract Officer shall have full and free access to such books and records at all times during normal business hours of Town, including the right to inspect, copy, audit and make records and transcripts from such records. Such records shall be maintained for a period of 3 years following completion of the services hereunder, and the Town shall have access to such records in the event any audit is required. In the event of dissolution of Contractor's business, custody of the books and records may be given to Town, and access shall be provided by Contractor's successor in interest. Notwithstanding the above, the Contractor shall fully cooperate with the Town in providing the public access to the books and records if a public request for such records is made and disclosure is required by law including but not limited to the California Public Records Act.

6.2 Reports.

Contractor shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement as the Contract Officer shall require. Contractor hereby acknowledges that the Town is greatly concerned about the cost of work and services to be performed pursuant to this Agreement. For this reason, Contractor agrees that if Contractor becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services contemplated herein or, if Contractor is providing design services, the cost of the project being designed, Contractor shall promptly notify the Contract Officer of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto and, if Contractor is providing design services, the estimated increased or decreased cost estimate for the project being designed.

6.3 Ownership of Documents.

All drawings, specifications, maps, designs, photographs, studies, surveys, data, notes, computer files, reports, records, documents and other materials (the "documents and materials") prepared by Contractor, its employees, subcontractors and agents in the performance of this Agreement shall be the property of Town and shall be delivered to Town upon request of the Contract Officer or upon the termination of this Agreement, and Contractor

SAMPLE

shall have no claim for further employment or additional compensation as a result of the exercise by Town of its full rights of ownership use, reuse, or assignment of the documents and materials hereunder. Any use, reuse or assignment of such completed documents for other projects and/or use of uncompleted documents without specific written authorization by the Contractor will be at the Town's sole risk and without liability to Contractor, and Contractor's guarantee and warranties shall not extend to such use, reuse or assignment. Contractor may retain copies of such documents for its own use. Contractor shall have an unrestricted right to use the concepts embodied therein. All subcontractors shall provide for assignment to Town of any documents or materials prepared by them, and in the event Contractor fails to secure such assignment, Contractor shall indemnify Town for all damages resulting therefrom.

6.4 Confidentiality and Release of Information.

(a) All information gained or work product produced by Contractor in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor shall not release or disclose any such information or work product to persons or entities other than Town without prior written authorization from the Contract Officer.

(b) Contractor, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the Contract Officer or unless requested by the Town Attorney, voluntarily provide documents, declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Contractor gives Town notice of such court order or subpoena.

(c) If Contractor, or any officer, employee, agent or subcontractor of Contractor, provides any information or work product in violation of this Agreement, then Town shall have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorneys fees, caused by or incurred as a result of Contractor's conduct.

(d) Contractor shall promptly notify Town should Contractor, its officers, employees, agents or subcontractors be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed there under. Town retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with Town and to provide Town with the opportunity to review any response to discovery requests provided by Contractor. However, this right to review any such response does not imply or mean the right by Town to control, direct, or rewrite said response.

6.5 Compliance Monitoring Requirements by Department of Industrial Relations.

Contractor is aware of the requirements of Section 1771.4 of the Labor Code and that if the Services are being performed as part of an applicable "Public Works" project, Contractors

SAMPLE

shall be subject to compliance monitoring and enforcement by the Department of Industrial Relations.

ARTICLE 7. ENFORCEMENT OF AGREEMENT AND TERMINATION

7.1 California Law.

This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of San Bernardino, State of California, or any other appropriate court in such county, and Contractor covenants and agrees to submit to the personal jurisdiction of such court in the event of such action. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in Los Angeles.

7.2 Disputes; Default.

(a) The occurrence of any of the following is a default by Contractor under this Agreement:

1) Contractor refuses or fails to prosecute the work or any part thereof with such diligence as will ensure its completion within the time specified or any permitted extension.

2) Contractor fails to complete the work on time.

3) Contractor is adjudged bankrupt, or makes a general assignment for the benefit of creditors, or a receiver is appointed on account of Contractor's insolvency.

4) Contractor fails to supply enough properly skilled workers or proper materials to complete the work in the time specified.

5) Contractor fails to make prompt payment to any subcontractor or for material or labor.

6) Contractor fails to abide by any applicable laws, ordinances or instructions of Town in performing the work,

7) Contractor breaches or fails to perform any obligation or duty under the Agreement and such breach or failure remains uncorrected following Town's notice to Contractor of the breach.

(b) In the event that Contractor is in default, the Town shall not have any obligation or duty to continue compensating Contractor for any work performed after the date of default. Instead, the Town may give notice to Contractor of the default and the reasons for the default. The notice shall include the timeframe in which Contractor may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if

SAMPLE

circumstances warrant. During the period of time that Contractor is in default, the Town shall hold all invoices and shall proceed with payment on the invoices only when the default is cured. In the alternative, the Town may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Contractor does not cure the default, the Town may take necessary steps to terminate this Agreement under this Article. Any failure on the part of the Town to give notice of the Contractor's default shall not be deemed to result in a waiver of the Town's legal rights or any rights arising out of any provision of this Agreement. In the event of such termination, Town will also immediately serve written notice of the termination upon Contractor's surety. The surety will have the right to take over and perform pursuant to this Agreement; provided, however, that if the surety does not give Town written notice of its intention to take over and perform this Agreement within five days after service of the notice of termination or does not commence performance within 10 days from the date of such notice, Town may take over the work pursuant to Section 7.9 below.

7.3 Retention of Funds.

Contractor hereby authorizes Town to deduct from any amount payable to Contractor (whether or not arising out of this Agreement) (i) any amounts the payment of which may be in dispute hereunder or which are necessary to compensate Town for any losses, costs, liabilities, or damages suffered by Town, and (ii) all amounts for which Town may be liable to third parties, by reason of Contractor's acts or omissions in performing or failing to perform Contractor's obligation under this Agreement. In the event that any claim is made by a third party, the amount or validity of which is disputed by Contractor, or any indebtedness shall exist which shall appear to be the basis for a claim of lien, Town may withhold from any payment due, without liability for interest because of such withholding, an amount sufficient to cover such claim. The failure of Town to exercise such right to deduct or to withhold shall not, however, affect the obligations of the Contractor to insure, indemnify, and protect Town as elsewhere provided herein.

7.4 Waiver.

Waiver by any party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision or a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by Town of any work or services by Contractor shall not constitute a waiver of any of the provisions of this Agreement. No delay or omission in the exercise of any right or remedy by a non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

7.5 Rights and Remedies are Cumulative.

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or

SAMPLE

different times, of any other rights or remedies for the same default or any other default by the other party.

7.6 Legal Action.

In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Agreement. In addition to the claim requirements of Article 8 of this Agreement, Contractor must file a claim pursuant to Government Code Sections 905 et seq. and 910 et. seq., in order to pursue a legal action under this Agreement.

7.7 Liquidated Damages.

Since the determination of actual damages for any delay in performance of this Agreement would be extremely difficult or impractical to determine in the event of a breach of this Agreement, the Contractor and its sureties shall be liable for and shall pay to the Town the sum of ONE THOUSAND DOLLARS ($1,000.00) as liquidated damages for each calendar day of delay in the performance of any service required hereunder, as specified in the Schedule of Performance (Exhibit "D"). The Town may withhold from any monies payable on account of services performed by the Contractor any accrued liquidated damages. Liquidated damages for delay will cover administrative, overhead, interest on bonds, and general loss of public use damages suffered by Town as a result of delay. Liquidated damages will not cover the cost of completion of the work, damages resulting from defective work, lost revenues or costs of substitute facilities, or damages suffered by others who then seek to recover their damages from Town (for example, delay claims of other contractors, subcontractors, tenants, or other third-parties), and defense costs thereof.

7.8 Termination Prior to Expiration of Term.

This Section shall govern any termination of this Contract except as specifically provided in the following Section for termination for cause. The Town reserves the right to terminate this Contract at any time, with or without cause, upon thirty (30) days' written notice to Contractor, except that where termination is due to the fault of the Contractor, the period of notice may be such shorter time as may be determined by the Contract Officer. In addition, the Contractor reserves the right to terminate this Contract at any time, with or without cause, upon sixty (60) days' written notice to Town, except that where termination is due to the fault of the Town, the period of notice may be such shorter time as the Contractor may determine. Upon receipt of any notice of termination, Contractor shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Except where the Contractor has initiated termination, the Contractor shall be entitled to compensation for all services rendered prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation or such as may be approved by the Contract Officer, except as provided in Section 7.3. In the event the Contractor has initiated termination, the Contractor shall be entitled to compensation only for the reasonable value of the work product actually produced hereunder. In the event of termination without

SAMPLE

cause pursuant to this Section, the terminating party need not provide the non-terminating party with the opportunity to cure pursuant to Section 7.2.

7.9 Termination for Default of Contractor.

If termination is due to the failure of the Contractor to fulfill its obligations under this Agreement, Town may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Contractor shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the Town shall use reasonable efforts to mitigate such damages), and Town may withhold any payments to the Contractor for the purpose of set-off or partial payment of the amounts owed the Town as previously stated.

7.10 Attorneys' Fees.

If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees. Attorney's fees shall include attorney's fees on any appeal, and in addition a party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, taking depositions and discovery and all other necessary costs the court allows which are incurred in such litigation. All such fees shall be deemed to have accrued on commencement of such action and shall be enforceable whether or not such action is prosecuted to judgment.

7.11 Unfair Business Practices Claims.

In entering into this Agreement, Contractor offers and agrees to assign to the Town all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. § 15) or under the Cartwright Act (Chapter 2, (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services or materials related to this Agreement. This assignment shall be made and become effective at the time the Town renders final payment to the Contractor without further acknowledgment of the Parties.

ARTICLE 8. CONSTRUCTION CLAIMS

8.1 All Claims.

Public Contract Code Section 9204 specifies required provisions on resolving public works project contract claims. Those provisions shall apply to any claim (as claimed in defined in Public Contract Code section 9204(c)(1)) by Contractor under this Agreement.

8.2 Claims of $375,000 or less.

Public Contract Code Sections 20104 et seq. specify required provisions on resolving public works project contract claims of $375,000 or less. Those provisions shall apply to any claim

SAMPLE

(as claim in defined in Public Contract Code Section 20104(b)(2)) by Contractor under this Agreement for $375,000 or less in addition to the requirements of Section 8.1.

ARTICLE 9. TOWN OFFICERS AND EMPLOYEES: NON-DISCRIMINATION

9.1 Non-liability of Town Officers and Employees.

No officer or employee of the Town shall be personally liable to the Contractor, or any successor in interest, in the event of any default or breach by the Town or for any amount which may become due to the Contractor or to its successor, or for breach of any obligation of the terms of this Agreement.

9.2 Conflict of Interest.

Contractor covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of Town or which would in any way hinder Contractor's performance of services under this Agreement. Contractor further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the Contract Officer. Contractor agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of Town in the performance of this Agreement.

No officer or employee of the Town shall have any financial interest, direct or indirect, in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which effects his financial interest or the financial interest of any corporation, partnership or association in which he is, directly or indirectly, interested, in violation of any State statute or regulation. The Contractor warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement.

9.3 Covenant Against Discrimination.

Contractor covenants that, by and for itself, its heirs, executors, assigns, and all persons claiming under or through them, there shall be no discrimination against or segregation of, any person or group of persons on account of race, age, color, creed, gender, religion, sex, marital status, national origin, gender identity, gender expression, veteran status, disability, medical condition, pregnancy, childbirth and related medical conditions, military service, sexual orientation, genetic information or testing, ancestry, or other protected class in the performance of this Agreement. Contractor shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, marital status, national origin, ancestry, or other protected class.

9.4 Unauthorized Aliens.

Contractor hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, et seq., as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Contractor so employ

SAMPLE

such unauthorized aliens for the performance of work and/or services covered by this Agreement, and should any liability or sanctions be imposed against Town for such use of unauthorized aliens, Contractor hereby agrees to and shall reimburse Town for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by Town.

ARTICLE 10. MISCELLANEOUS PROVISIONS

10.1 Notices.

Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the Town, to the Town Manager and to the attention of the Contract Officer, Town of Yucca Valley, 57090 Twentynine Palms Highway, Yucca Valley, California 92284 and in the case of the Contractor, to the person at the address designated on the execution page of this Agreement. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section. All correspondence relating to this Agreement shall be serialized consecutively.

10.2 Interpretation; Governing Law; Venue.

The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply. Each party has had the opportunity to review this Agreement with legal counsel. This Agreement will be interpreted, construed and governed according to the laws of the State of California. In the event of litigation between the parties, venue in state trial courts will be in the County of San Bernardino, California.

10.3 Counterparts.

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, and such counterparts shall constitute one and the same instrument.

10.4 Integration; Amendment.

This Agreement including the attachments hereto is the entire, complete and exclusive expression of the understanding of the parties. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Contractor and by the Town Council. The parties agree that this requirement for written modifications cannot be waived and that any attempted waiver shall be void.

SAMPLE

10.5 Severability.

In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

10.6 Third-Party Beneficiaries.

Contractor's subcontractor must agree to be bound to the terms of this Agreement to the extent of their scope of work, including but not limited to, terms regarding indemnity and dispute resolution, and must agree that Town is deemed an express third-party beneficiary of their subcontracts. Nothing in this Agreement, however, shall operate to confer such or similar rights or benefits on persons or entities not party to this Agreement.

10.7 Corporate Authority.

The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the parties.

EXHIBIT "A"

SCOPE OF WORK

I. Project Name:

II. Project Number:

III. Project Description:

IV. The location(s) of the work, its general nature and extent, and the form and general dimensions of the Project and appurtenant work are shown on the Construction Drawings and are hereby made a part of this Agreement as listed herein:

List of Drawings

Construction Schedule – Town of Yucca Valley

Contractors shall have on file a minimum of one (1) set of Construction Drawings upon which Contractor shall record all variations between the work as built and as originally shown on the Construction Drawings or other Contracts Documents ("Record Drawings"). Record Drawings must be kept at the work site and be accessible at all times during the construction periods and shall be delivered to the Town Engineer within thirty (30) days after completion of the work.

V. In addition to the requirements of Section 6.2, during performance of the work, Contractor will keep the Town appraised of the status of performance by delivering the following status reports:

A.

B.

C.

VI. All work is subject to review and acceptance by the Town, and must be revised by the Contractor without additional charge to the Town until found satisfactory and accepted by Town.

VII. Contractor shall provide safe and continuous passage for pedestrian and vehicular traffic in accordance with the California Manual of Uniform Traffic Control Devices (CA MUTCD), latest edition.

VIII. Contractor will utilize the following personnel to accomplish the work:

See attached Exhibit "A-1" List of Personnel

SAMPLE

EXHIBIT "B"

SPECIAL REQUIREMENTS
(Superseding Contract Boilerplate)

SAMPLE

EXHIBIT "C"

SCHEDULE OF COMPENSATION

I. Contractor shall perform all tasks as specified in the schedule of values, at the rates specified in the accepted bid. The schedule of value of the accepted bid is attached as Exhibit "C-1".

II. A retention of five percent (5%) shall be held from each payment as a contract retention to be paid as part of the final payment upon satisfactory completion of services.

III. Within the budgeted amounts for each Task, and with the approval of the Contract Officer, funds may be shifted from one Task sub budget to another so long as the Contract Sum is not exceeded per Section 2.1, unless Additional Work are approved per Section 1.10.

IV. The Town will compensate Contractor for the services performed upon submission of a valid invoice. Each invoice is to include:

A. Application for payment in the following format AIA G702 and G703.

B. Unredacted Certified payroll.

V. The total compensation for the services shall not exceed $_____ as provided in Section 2.1 of this Agreement.

SAMPLE

EXHIBIT "D"

SCHEDULE OF PERFORMANCE

I. Contractor shall perform all work timely in accordance with the schedule to be developed by Contractor and subject to the written approval of the Contract Officer.

II. Contractor shall deliver the project to the Town in accordance to the time frame stated in the accepted Notice to Proceed.

III. The Contract Officer may approve extensions for performance of the services in accordance with Section 3.2.

Appendix E of the Title VI Assurances

(US DOT Order 1050.2A)

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "contractor") agrees to comply with the following nondiscrimination statutes and authorities; including but not limited to:

Pertinent Nondiscrimination Authorities:

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21.
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 et seq.), (prohibits discrimination on the basis of sex);
- Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.), as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27;
- The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 et seq.), (prohibits discrimination on the basis of age);
- Airport and Airway Improvement Act of 1982, (49 U.S.C. § 4 71, Section 4 7123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex);
- The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, subrecipients and contractors, whether such programs or activities are Federally funded or not);
- Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131-12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38;
- The Federal Aviation Administration's Nondiscrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);
- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on

SAMPLE

minority and low-income populations;

- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100);
- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et seq).

SAMPLE

EXHIBIT "F"

PREVAILING WAGE DETERMINATION

Notice is hereby given that in accordance with the provisions of California Labor Code, Division 2, Part 7, Chapter 1, Articles 1 and 2, the Contractor is required to pay not less than the general prevailing rate of per diem wages for work of a similar character in the locality in which the public work is performed, and not less than the general prevailing rate of per diem wages for holiday and overtime work. In that regard, the Director of the Department of Industrial Relations of the State of California is required to and has determined such general prevailing rates of per diem wages. Copies of such prevailing rates of per diem wages are on file in the office of the Town Engineer, 58928 Business Center Drive, Yucca Valley, CA 92284, and are available to any interested party on request. The Town also shall cause a copy of such determinations to be posted at the job site. . These wages are available from the California Department of Industrial Relations' Internet web site at http://www.dir.ca.gov/dirdatabases.html. General prevailing wage rates, in effect ten (10) days prior to the actual Bid Opening, which have been predetermined and are on file with the California Department of Industrial Relations are referenced and made a part thereof.

Pursuant to Labor Code § 1775, the Contractor shall forfeit, as penalty to the Town, not more than fifty dollars ($50.00) for each laborer, workman, or mechanic employed for each calendar day or portion thereof, if such laborer, workman, or mechanic is paid less than the general prevailing rate of wages hereinbefore stipulated for any work done under the attached contract, by him or by any subcontractor under him, in violation of the provisions of said Labor Code.

EXHIBIT "G"

[*OPTIONAL – DELETE IF NOT USED*]

FEDERAL CONTRACT TERMS, CONDITIONS, AND REGULATIONS

In performing its Work under the Contract, Contractor must conform to all applicable federal, state, and local codes, laws, ordinances, rules and regulations, which will have full force and effect as though printed in full in the Contract. In addition to the terms, conditions, performance obligations, and other requirements set forth in the Contract, Contractor must comply with the following federal contract terms, conditions, and regulations, which are incorporated by reference in the Contract:

1. **Equal Employment Opportunity**. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60–1.3 must include the equal opportunity clause provided under 41 CFR 60–1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964–1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

   41 CFR 60–1.4(b) provides:

   > The applicant hereby agrees that it will incorporate or cause to be incorporated into any contract for construction Work, or modification thereof, as defined in the regulations of the Secretary of Labor at 41 CFR Chapter 60, which is paid for in whole or in part with funds obtained from the Federal Government or borrowed on the credit of the Federal Government pursuant to a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, the following equal opportunity clause:
   >
   > During the performance of this contract, the contractor agrees as follows:
   >
   > (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action will include, but not be limited to the following:
   >
   > Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

SAMPLE

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision will not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of Workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or Workers' representatives of the contractor's commitments under this section, and must post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will

SAMPLE

take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction Work: Provided, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in Work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

2. **Davis–Bacon Act, as amended (40 U.S.C. 3141–3148)**. When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non– Federal entities must include a provision for compliance with the Davis–Bacon Act (40 U.S.C. 3141–3144, and 3146–3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage

SAMPLE

determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non–Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non–Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti–Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public Work, to give up any part of the compensation to which he or she is otherwise entitled. The non–Federal entity must report all suspected or reported violations to the Federal awarding agency.

3. **Contract Work Hours and Safety Standards Act (40 U.S.C. 3701–3708)**. Where applicable, all contracts awarded by the non–Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard Work week of 40 hours. Work in excess of the standard Work week is permissible provided that the Worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours Worked in excess of 40 hours in the Work week. The requirements of 40 U.S.C. 3704 are applicable to construction Work and provide that no laborer or mechanic must be required to Work in surroundings or under Working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

4. **Rights to Inventions Made Under a Contract or Agreement**. If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research Work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

5. **Clean Air Act (42 U.S.C. 7401–7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251–1387), as amended**. Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non–Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401–7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251–1387).

SAMPLE

Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

6. **Debarment and Suspension (Executive Orders 12549 and 12689)**. A contract award (see 2 CFR 180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

7. **Byrd Anti–Lobbying Amendment (31 U.S.C. 1352)**. Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non–Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non–Federal award.

8. **2 CFR § 200.322 Procurement of Recovered Materials**. .A non–Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

9. **Certification for Contracts, Grants, Loans, and Cooperative Agreements**. The parties to this Contract agree to comply with the provisions of 43 CFR 18, New Restrictions on Lobbying, including the following certification requirements:

   In accordance with 43 C.F.R. § Part. 18, Appendix A, each of the parties to this Contract certifies, to the best of his or her knowledge and belief, that:

   (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the parties, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee

SAMPLE

of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the parties must complete and submit Standard Form–LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The parties must require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients must certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification must be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

10. **Executive Order 13513 of October 1, 2009, Federal Leadership On Reducing Text Messaging While Driving.** Text Messaging While Driving by Government Contractors, Subcontractors, and Recipients and Subrecipients. Each Federal agency, in procurement contracts, grants, and cooperative agreements, and other grants to the extent authorized by applicable statutory authority, entered into after the date of this order, must encourage contractors, subcontractors, and recipients and subrecipients to adopt and enforce policies that ban text messaging while driving company-owned or -rented vehicles or GOV, or while driving POV when on official Government business or when performing any Work for or on behalf of the Government. Agencies should also encourage Federal contractors, subcontractors, and grant recipients and subrecipients as described in this section to conduct initiatives of the type described in section 3(a) of this order.

11. **Drug-Free Workplace (2 CFR §182 and §1401).** The Department of the Interior regulations at 2 CFR 1401—Government-wide Requirements for Drug-Free Workplace (Financial Assistance), which adopt the portion of the Drug-Free Workplace Act of 1988 (41 U.S.C. 701 et seq., as amended) are hereby incorporated by reference and made a part of this Contract. By entering into this Contract, the Contractor agrees to comply with 2 CFR 182.

12. **Copeland Anti-Kickback Act (18 U.S.C. 874).** Contractor agrees to comply with the Copeland Anti-Kickback Act as supplemented by Department of Labor regulations (29 CFR part 5).

SAMPLE

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Alex Qishta, Public Works Director, Shane Stueckle, Deputy Town Manager

Date: May 19, 2026

Meeting Date: June 2, 2026

Subject: Hi-Desert Nature Museum Re-Plumbing Project – Town Project No. 8067

Recommendation:

That the Town Council:

1. Amends the FY 25/26 Budget to allocate $60,000.00 from the Special Revenue Fund Measure Y Fund 801 for the Hi-Desert Nature Museum Re-Plumbing Project, Town Project No. 8067.
2. Waives formal bidding procedures pursuant to Town purchasing policies and approves the informal bid specification for the Hi-Desert Nature Museum Re-Plumbing Project, Town Project No. 8067.

Prior Review:
This project has been identifed in capital planning needs for several years due to the deterioration of hte galvanized water pipes. There has been no prior review of the recommended action contained in this staff report.

Discussion:
The Hi-Desert Nature Museum Re-Plumbing Project consists of replacing the existing corroded galvanized piping system with new copper plumbing. The existing galvanized pipes at the Museum have reached the end of their service life and are exhibiting significant internal corrosion. This condition has resulted in restricted water flow, reduced water pressure, and an increased risk of leaks and pipe failures. In a facility dedicated to preserving exhibits and serving the public, the potential for water damage and service disruptions is a significant concern.

Replacing the deteriorated galvanized piping with copper plumbing will provide the Town with a durable, reliable, and long-term solution. This improvement is a necessary investment to ensure the continued safe and efficient operation of the Museum, protect Town assets, and enhance the overall experience for staff and visitors.

Due to the operational needs of the Museum, this project must be completed by September 2026, during the period when the Museum is closed to the public. The limited construction window requires the project to move forward on an expedited schedule, which is the basis for utilizing the informal bidding process in accordance with the Town's purchasing policies.

Alternatives

Staff recommends no alternative actions.

Fiscal Impact:

The total estimated construction cost for the Museum Re-Plumbing Project is $60,000.00. It is recommended to amend the FY 25/26 Special Revenue Fund Budget to allocate $60,000.00 from Measure Y Fund 801 for the Hi-Desert Nature Museum Re-Plumbing Project, Town Project No. 8067.

Description	Cost
Removal and replacement of existing galvanized pipes	$ 45,000.00
Removal and replacement of drywall and tiling	$ 10,000.00
Construction Contingency	$ 5,000.00
Estimated Construction Cost	**$ 60,000.00**

Funding Source	Amount
Measure Y Fund 801	$ 60,000.00
Estimated Construction Cost	**$ 60,000.00**

INFORMAL BID SPECIFICATIONS
Hi Desert Nature Museum Re-Pipe Project

The Town of Yucca Valley is requesting informal bids from qualified contractors for the Hi Desert Nature Museum Re-Pipe Project. The Contractor shall provide all labor, materials, equipment, supervision, transportation, tools, and incidentals necessary to complete the work described in these specifications.

Scope of Work

- Remove drywall at ceilings and walls as necessary to access and remove existing galvanized piping and install new piping.
- Remove wall tile and backing in three (3) restrooms as required for plumbing access and replacement work.
- Remove additional drywall as necessary to tie into existing hot and cold water systems serving one (1) kitchen sink, one (1) work room sink, one (1) bottle filler, three (3) lavatories, three (3) water closets, and two (2) hose bibbs.
- Remove and reinstall three (3) existing water closets and three (3) existing wall-mounted lavatories.
- Remove and replace the existing 1-1/2 inch brass gate valve with a new 1-1/2 inch brass ball valve at the main water service connection.
- Remove and replace existing 1-1/2 inch galvanized piping with new Type L hard copper piping from the connection point into the building, up to approximately 125 linear feet.
- Provide new cold water piping to serve one (1) water heater, one (1) kitchen sink, one (1) work room sink, three (3) lavatories, three (3) water closets, one (1) bottle filling station, two (2) hose bibbs, and three (3) evaporative coolers located on the roof.
- Supply and install new 3/4 inch Type L hard copper hot water piping overhead from the existing water heater to serve one (1) kitchen sink, one (1) work room sink, and three (3) lavatories.
- Insulate all exposed hot and cold water piping with Thermacel insulation or approved equal.
- Insulate all exterior piping and hose bibbs with fiberglass insulation and aluminum jacketing.
- Supply and install three (3) new Sloan manual flush valves for the existing water closets.
- Supply and install new quarter-turn angle stops and stainless steel supply lines for three (3) lavatories, one (1) kitchen sink, and one (1) work room sink.
- Replace all drywall, tile, and wall backing removed during construction and finish to match existing adjacent surfaces.
- Maintain a clean and safe work area throughout the duration of the project.

General Requirements

- All work shall comply with applicable building, plumbing, and safety codes.
- Contractor shall verify all field conditions prior to submitting a bid.

- Contractor shall coordinate work to minimize disruption to museum operations.
- All debris generated from construction activities shall be removed and legally disposed of by the Contractor.
- Any damaged finishes or surfaces caused by construction activities shall be repaired to match existing conditions.
- Contractor shall obtain all necessary permits and inspections unless otherwise directed by the Town of Yucca Valley.

Bid Submittal Requirements

Bid pricing shall include all labor, materials, equipment, overhead, permits, and incidentals necessary to complete the project as specified. This project is subject to prevailing wages in accordance with the California Labor Code and applicable Department of Industrial Relations requirements.

Sealed bids must be submitted to the Town Clerk's office at 57090 29 Palms Highway no later than **June 26, 2026 at 2:00 pm.** Any bid received after the proposal due date and time will be deemed non-responsive and will not be considered.

The Town of Yucca Valley reserves the right to reject any or all bids and to waive any informalities or irregularities in the bid process.

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Jordan Gumbish, Finance Manager

Date: May 20, 2026

Meeting Date: June 2, 2026

Subject: Adoption of Resolution Updating the Town Master Fee Schedule and Implementing Phase II Fee Adjustments Effective July 1, 2026

Recommendation:

That the Town Council:

1. Adopt the attached Resolution No. 26-XX updating the Town's Master Fee Schedule;
2. Approve implementation of Phase II of the previously adopted Master Fee Schedule effective July 1, 2026; and
3. Authorize a Consumer Price Index (CPI) adjustment of 5.5% to applicable fees to maintain cost recovery and account for inflationary impacts on service delivery.

Prior Review:

The Town of Yucca Valley periodically reviews and updates its Master Fee Schedule to ensure that fees charged for municipal services reasonably reflect the actual cost of providing those services. Maintaining an updated fee schedule supports fiscal sustainability, promotes equitable cost recovery, and reduces the reliance on General Fund subsidies for fee-supported programs and services.

In 2023, the Town completed a comprehensive fee study and adopted a phased implementation approach to gradually align fees with current operational and administrative costs. Phase I adjustments were previously implemented with Resolution 23-33, with Phase II scheduled for consideration and implementation during Fiscal Year 2026–27.

Since the initial fee study was completed, inflationary pressures, increased labor costs, contractual service increases, technology expenditures, and operational costs have continued to impact the Town's ability to fully recover service delivery expenses. To address these ongoing cost increases, staff recommends applying a 5.5% CPI adjustment to applicable fees in

conjunction with implementation of Phase II of the Master Fee Schedule.

Discussion:
The proposed update includes the second phase of the Town's adopted fee implementation strategy and incorporates a CPI-based increase intended to maintain alignment between fees and the actual cost of services provided.The proposed 5.5% adjustment reflects inflationary trends impacting municipal operations and is intended to:

- Preserve cost recovery levels for development, planning, engineering, and administrative services;
- Reduce subsidization of fee-supported services by the General Fund:
- Maintain consistency with regional agency practices regarding periodic fee adjustments; and
- Support long-term financial sustainability.

The CPI adjustment would apply to applicable fees throughout the Master Fee Schedule unless otherwise restricted by law, contractual obligation, or previously established fee methodology. Certain pass-through fees, state-regulated fees, or fees governed by separate agreements may be excluded as appropriate. Implementation of Phase II fee adjustments and the CPI increase is proposed to become effective July 1, 2026, to coincide with the beginning of Fiscal Year 2026–27.

Alternatives
None.

Fiscal Impact:

Approval of the proposed Master Fee Schedule update is expected to increase cost recovery for Town services and reduce pressure on unrestricted General Fund revenues. The exact fiscal impact will vary depending on service demand and development activity levels during the fiscal year.

The proposed adjustments are anticipated to partially offset increased operational costs associated with staffing, contracted services, technology systems, materials, and inflationary impacts affecting Town operations.

Building

#	Description	Unit	Implementation Schedule 7/1/2024	CPI Adjustment	Final 7/1/26
	Plan Review Fees:				
	When no construction plan review fee is charged and an electrical plan is required to be submitted, a plan review fee shall be paid at the time of submitting plans and specifications for review.				
140	Plan Review Fee		50% of Electrical Permit Fee		50% of Electrical Permit Fee
	Antenna				
141	Antenna-Monopole	each	$482.00	5.5%	$509.00
142	Cellular/Mobile Phone, free-standing	each	$482.00	5.5%	$509.00
143	Cellular/Mobile Phone, attached to building	each	$347.00	5.5%	$366.00
144	Each additional antenna installed on a pole 10%	each	10% each additional antenna		10% each additional antenna
	Solar Energy Fees:				
	Solar Plan Review Fees				
145	Roof mount or ground mount , residential small system (all)		$200.00		$200.00
146	Commercial roof mount or ground mount solar not to exceed 50KW.		$400.00		$400.00
147	Commercial roof mount or ground mount solar exceeding 10KW. Per additional KW or fraction thereof		$65.00		$65.00
	Solar Permit Fees				
148	Roof mount or ground mount , residential small system (under 15KW)		$250.00		$250.00
149	Roof mount or ground mount residential solar (over 15KW). Each additional KW or fraction thereof.		$15.00		$15.00
150	Commercial roof mount or ground mount solar not to exceed 50KW.		$600.00		$600.00
151	Commercial roof mount or ground mount solar exceeding 50-250KW. Per additional KW or fraction thereof		$7.00		$7.00
152	Commercial roof mount or ground mount solar exceeding 250KW. Per additional KW or fraction thereof		$5.00		$5.00
	MECHANICAL PERMIT FEES				
153	Installation or relocation of each forced-air gravity-type furnace or burner, including ducts and vents, attached to such appliance (TWINPAC includes).	each	$202.00	5.5%	$213.00
154	Installation or relocation of each recessed wall heater, floor furnace, suspended heater, or floor mounted heater including vent.	each	$161.00	5.5%	$170.00
155	Installation, relocation or replacement of each appliance vent installed and not included in an appliance permit.	each	$127.00	5.5%	$134.00
156	Alteration of or addition to each heating appliance, refrigeration unit, cooling unit, absorption unit, or each heating, cooling, absorption or evaporative cooling system, including controls regulated by the Uniform Mechanical Code.	each	$161.00	5.5%	$170.00
	Installation or relocation of each boiler or compressor				
157	0 to 15 HP or 0 to 500,000 B.T.U.'s absorption system	each	$188.00	5.5%	$198.00
158	Over 15 HP, or over 500,000 B.T.U's absorption system	each	$300.00	5.5%	$317.00
159	For each air handling unit (HVAC)	each	$223.00	5.5%	$235.00
160	For each evaporative cooler other than portable type ie.swamp cooler. 10% of fee for each additional fixture.	each	$127.00	5.5%	$134.00
161	For each ventilation fan connected to a single duct including mini-splits. 10% of fee for each additional fixture.	each	$127.00	5.5%	$134.00
162	For each ventilation system which is not a portion of heating or air condition system	each	$127.00	5.5%	$134.00
163	For the installation of each hood, other than Type 1 grease hood, served by mechanical exhaust, including the ducts from such hood	each	$223.00	5.5%	$235.00
164	Each Type 1 grease hood, including the exhaust system	each	$273.00	5.5%	$288.00
165	For each appliance or piece of equipment regulated by the Mechanical Code, not classed in other appliance categories, or for which no other fee is listed in the section	each	$259.00	5.5%	$273.00

#	Description	Unit	Implementation Schedule 7/1/2024	CPI Adjustment	Final 7/1/26
	PLUMBING PERMIT FEES				
166	Plumbing fixture or trap (including water, drainage piping and backflow protection) 10% of fee for each additional fixture.	each	$127.00	5.5%	$134.00
167	Private sewer line, each connection	each	$127.00	5.5%	$134.00
168	Private sewage lift station or sump pump	each	$181.00	5.5%	$191.00
169	Building sewer	each	$150.00	5.5%	$158.00
170	Septic tank, cesspool or leach line / Including Abandonment	each	$281.00	5.5%	$296.00
171	Water heater and/ or vent	each	$127.00	5.5%	$134.00
172	For each gas piping system, per outlet	each	$127.00	5.5%	$134.00
173	Inspection for installment of idle gas meter (removed by utility company)	each	$142.00	5.5%	$150.00
174	Industrial waste pre-treatment interceptor, including its trap and vent, excepting kitchen-type grease interceptors functioning as fixture traps	each	$185.00	5.5%	$195.00
175	Installation, alternation or repair of water piping and/or treating equipment	each	$127.00	5.5%	$134.00
176	For each water distribution system on private property, per connection	each	$188.00	5.5%	$198.00
177	For each gas distribution system on private property, per connection	each	$188.00	5.5%	$198.00
178	For each public swimming pool, including all necessary piping	each	$397.00	5.5%	$419.00
179	For each private swimming pool, including all necessary piping	each	$258.00	5.5%	$272.00
180	Alternation of drain or vent piping	each	$103.00	5.5%	$109.00
181	Vacuum breakers or backflow protection devices on tanks, vats etc or for installation on unprotected plumbing fixtures, including necessary water piping	each	$127.00	5.5%	$134.00
	ACTIVE WATER SOLAR ENERGY PERMIT FEES				
182	For collectors (including related piping and regulating devices) Permit Review	system	$223.00	5.5%	$235.00
183	For Storage Tanks (including related piping and regulating devices) Permit Review	system	$204.00	5.5%	$215.00
184	For Rock Storage Permit Review	system	$204.00	5.5%	$215.00
185	For each appliance or piece of equipment regulated by the Uniform Solar Energy Code for which no fee is listed	each	$258.00	5.5%	$272.00
	GRADING FEES / Over 2499 CY, Engineering Department				
	Plan Review Fee:				
186	0 - 100 CY		$164.00	5.5%	$173.00
187	101 - 1000 CY		$226.00	5.5%	$238.00

Town of Yucca Valley

Master Fee Schedule – Common Abbreviations, Acronyms, and Technical Terms Glossary

The following definitions are provided to help residents, businesses, contractors, and applicants better understand terminology used throughout the Town of Yucca Valley Master Fee Schedule. Definitions are intended for general reference and public convenience.

Term / Abbreviation	Definition
Actual Cost	The full cost incurred by the Town for staff time, consultant services, materials, legal review, or contracted services associated with processing a request or providing a service.
Add'l	Abbreviation for "Additional."
Administrative Hearing	A formal hearing conducted by Town staff or a hearing officer regarding code compliance, violations, permits, or enforcement actions.
Amendment	A change or modification to an approved permit, plan, map, or entitlement.
Applicant	The individual, property owner, business, or representative submitting an application or permit request to the Town.
B&S Plans	Building and Safety Plans reviewed by the Town's Building Division.
Boarding Fee	Daily charge for housing animals impounded or cared for by the Town Animal Shelter.
BTU / B.T.U.	British Thermal Unit – a standard unit used to measure heating or cooling energy output.
CBC Occupancy	California Building Code occupancy classification describing how a building or structure is used.
CEQA	California Environmental Quality Act, the state law governing environmental review of projects.
Certificate of Compliance	A document confirming that a parcel or property complies with applicable subdivision laws and Town regulations.
CPI	Consumer Price Index – a commonly used inflation indicator measuring changes in costs over time.
CY	Cubic Yard – a unit of volume commonly used in grading and excavation calculations.
Dedication	Granting land, easements, or right-of-way to the Town for public use or infrastructure improvements.
Deposit Fee	An upfront payment collected to cover anticipated staff, consultant, or review costs. Additional funds may be required if the deposit is exhausted.
EIR	Environmental Impact Report prepared under CEQA to analyze significant environmental impacts of a project.
Encroachment Permit	Authorization to perform work within the public right-of-way, such as streets, sidewalks, or utility corridors.
Engineered Grading Plan	A professionally prepared plan showing excavation, fill, drainage, and grading improvements for a project site.

Term / Abbreviation	Definition
Expedited Plan Review	Accelerated review service for plans requiring priority processing, generally at an increased fee.
Fixture	A permanently installed device such as a sink, toilet, light, or plumbing connection.
Flat Fee	A fixed fee amount that does not vary based on project size or review time.
Flood Zone Review	Evaluation of property located within a federally designated flood hazard area.
Form 433A	Inspection or relocation documentation referred to relocated structures or buildings.
Grading Permit	Permit required for earthmoving activities such as excavation, fill, or site grading.
Ground Disturbance	Any activity that disrupts soil or natural land surfaces, including excavation or grading.
HVAC	Heating, Ventilation, and Air Conditioning systems.
Hydrology Study	Technical report evaluating water movement, drainage, runoff, and stormwater impacts.
ICBO	International Conference of Building Officials – former building code organization referenced in older construction standards.
Impound Fee	Fee charged for taking custody of animals by the Town or Animal Shelter.
Inspection Fee	Charge for Town staff inspections to verify compliance with codes, permits, or approved plans.
KW	Kilowatt – unit used to measure electrical power generation or usage.
LF	Linear Foot – measurement of length used for walls, fences, sidewalks, and utilities.
Lot Line Adjustment	Modification of property boundaries between adjoining parcels without creating additional lots.
Mitigation Monitoring	Process of tracking and verifying environmental mitigation measures required for a project.
Occupancy Classification	Building code category identifying how a structure is used (residential, commercial, industrial, etc.).
Parcel Map	A subdivision map dividing land into four or fewer parcels under California Subdivision Map Act requirements.
Per Lot	Fee charged individually for each parcel or lot within a subdivision or development.
Plan Check	Technical review of plans and specifications for compliance with applicable codes and regulations.
Plan Review	Detailed review of submitted construction or development plans by Town staff or consultants.
Pre-Application Meeting	Preliminary meeting between applicants and Town staff prior to submitting a formal application.
Public Right-of-Way (ROW)	Publicly owned land designated for streets, sidewalks, utilities, or transportation purposes.
PW Inspector	Public Works Inspector responsible for field inspections of infrastructure or engineering projects.
Reinspection Fee	Additional fee charged when repeat inspections are required due to failed inspections or incomplete work.
Remodel	Renovation or alteration of an existing structure or building.
Reroof	Replacement or repair of an existing roof system.
SFD	Single-Family Dwelling – a detached residential home designed for one household.

Term / Abbreviation	Definition
SF / Sq. Ft. / S.F.	Square Foot – unit of area measurement used for buildings, lots, or improvements.
Site Plan Review	Review process evaluating building layout, parking, landscaping, access, and development design.
Stock Plan	Pre-approved construction plans that may be reused for multiple projects or developments.
Strong Motion Fee	State-mandated surcharge supporting earthquake-related seismic programs and safety activities.
Subdivision	Division of land into separate parcels or lots for sale, lease, or development.
Tentative Tract Map	Preliminary subdivision map showing proposed lots, streets, and improvements for a larger subdivision project.
Time Extension	Approval extending the expiration date of entitlement, permit, or application.
Title Search	Examination of public property ownership and recorded documents associated with a parcel.
Tract Map	Final subdivision map creating five or more lots pursuant to state subdivision regulations.
Uniform Mechanical Code	Model code governing mechanical systems such as HVAC and ventilation installations.
Uniform Solar Energy Code	Technical code regulating solar energy system installations and safety requirements.
Utility Connection	Connection to public services such as water, sewer, gas, or electrical systems.
Valuation	Estimated monetary value of construction work is used to determine permit fees.
Variance	Exception granted from specific zoning or development standards due to unique property conditions.
Voltage / Volts	Measurement of electrical potential or power.
Zone Change	Amendment to the zoning designation assigned to a property.

This glossary is intended as a public reference guide and does not replace applicable provisions of the Town Municipal Code, California Building Standards Code, or other governing laws and regulations.

RESOLUTION NO. 26-___

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF YUCCA VALLEY, CALIFORNIA, ADOPTING AN UPDATED MASTER FEE SCHEDULE, IMPLEMENTING PHASE II FEE ADJUSTMENTS, AND APPROVING A 5.5 PERCENT CONSUMER PRICE INDEX ADJUSTMENT EFFECTIVE JULY 1, 2026

SECTION 1. RECITALS

WHEREAS, the Town of Yucca Valley ("Town") provides a variety of municipal services for the benefit of residents, businesses, developers, and the public; and

WHEREAS, California Government Code Sections 66014 and 66016 authorize local agencies to impose and revise fees and charges to recover the reasonable cost of providing services; and

WHEREAS, the Town periodically reviews and updates its Master Fee Schedule to ensure that fees charged for services reasonably reflect the cost of providing those services; and

WHEREAS, the Town previously adopted a phased implementation strategy for updating the Master Fee Schedule based upon a comprehensive fee analysis; and

WHEREAS, the Town Council desires to implement Phase II of the adopted fee adjustments effective July 1, 2026; and

WHEREAS, since adoption of the prior fee schedule, inflationary increases in labor, materials, contractual services, technology, and operational expenses have increased the cost of providing municipal services; and

WHEREAS, staff has recommended a 5.5 percent Consumer Price Index ("CPI") adjustment to applicable fees in order to maintain appropriate cost recovery levels and support the fiscal sustainability of Town operations; and

WHEREAS, notice of the proposed fee adjustments was provided in accordance with applicable provisions of California law; and

WHEREAS, the Town Council has considered all information presented, including the staff report and supporting documentation regarding the proposed Master Fee Schedule update.

SECTION 2. ADOPTION OF UPDATED MASTER FEE SCHEDULE

The Town Council hereby adopts the updated Master Fee Schedule attached hereto as Exhibit "A" and incorporated herein by this reference.

SECTION 3. IMPLEMENTATION OF PHASE II FEE ADJUSTMENTS

The Town Council hereby approves implementation of Phase II of the previously adopted Master Fee Schedule adjustments effective July 1, 2026.

SECTION 4. CPI ADJUSTMENT

The Town Council hereby approves a 5.5 percent CPI adjustment to applicable fees contained within the Master Fee Schedule unless otherwise restricted by law, contractual agreement, or separate fee methodology.

Town staff is authorized to make necessary administrative calculations and rounding adjustments to implement the approved CPI increase.

SECTION 5. EFFECTIVE DATE

This Resolution shall take effect immediately upon adoption. The updated Master Fee Schedule and associated fee adjustments approved herein shall become effective on July 1, 2026.

SECTION 6. CEQA

The Town Council finds that adoption of this Resolution is exempt from the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines Section 15061(b)(3) because it can be seen with certainty that the activity will not have a significant effect on the environment.

APPROVED, AND ADOPTED by the Town Council of the Town of Yucca Valley, California, at a regular meeting held on the 2nd day of June, 2026, by the following vote:

_____

Mayor, Town of Yucca Valley

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Jordan Gumbish, Finance Manager, Curtis Yakimow, Town Manager

Date: May 21, 2026

Meeting Date: June 2, 2026

Subject: FY 2026-27 Public Safety Contract Amendment

Recommendation:
It is recommended that the Town Council approve an amendment for fiscal year 2026-27 to the contract with the San Bernardino County Sheriff's Department in the amount of $7,435,821 and authorize the Town Manager or Mayor to sign on behalf of the Town.

Prior Review:
Since Town incorporation in 1991, the Town of Yucca Valley contracts with the San Bernardino County Sheriff's Department for public safety services.

Discussion:
Annually, the Town and San Bernardino County Sheriff's Department review and amend the existing public safety contract to reflect updated changes to the Law Enforcement Services Contract. The proposed amendment captures all changes related to the continuation of existing service levels for FY2026-27.

The proposed amendment is for an annual cost of $7,435,821 and represents an increase of $526,605 from the FY2025-26 contract cost. This increase is due to personnel, insurance, personnel liability and bonding cost increases approved by San Bernardino County for the current service levels.

While public safety remains the priority service provided to Town residents as determined by the Town Council, it is critical to note the continued costs pressures associated with public safety. Annual increases in the Town's Schedule A service scope have averaged approximately 6% over the past 10 years. This rate of cost increase is significantly higher than corresponding revenue sources within the Town, and take a resultant larger portion of the Town's General Fund budget. Primary cost drivers are labor costs for existing service levels, as well as significant increases in liability and insurance expenditures. The increases in liability costs are primarily related to recent Department litigation jury awards and/or settlements. In the

absence of boarder tort reform efforts in the state, these cost drivers will continue to challenge local municipal budgets. Town staff will continue to monitor public safety expenditures and identify options for Town Council consideration. Equally important will be ongoing related education and information for the community on how increasing public safety budgets impacts the delivery of municipal services.

Alternatives

None recommended.

Fiscal Impact:

The recommended action is accommodated by the Adopted FY2026-27 Budget presented to Council on June 2, 2026.

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Jordan Gumbish, Finance Manager

Date: May 13, 2026

Meeting Date: June 2, 2026

Subject: FY 2026-28 General Fund Community Contracts

Recommendation:

It is recommended that the Town Council:

1. Approve the proposed agreement and scope of services for the Town's Chamber of Commerce contract services for FY 2026-28 and authorize the Town Manager or Mayor to execute the agreement on behalf of the Town, including funding in an amount not to exceed $60,000 for the two-year term.
2. Approve Amendment No. 7 to the Agreement between the Town and Desert Regional Tourism Agency (DRTA) for tourism marketing services, including a funding allocation totaling $400,000 for the two-year term, and authorize the Mayor or Town Manager to execute the amendment.

Prior Review:
In May 2026, the proposed General Fund Budget was presented to the Town Council for review and recommendation prior to final budget adoption scheduled for June 2, 2026.

Discussion:
The Town regularly partners with established nonprofit organizations to provide services that can be delivered more efficiently and effectively through external service providers. Historically, the General Fund has provided community contract funding for the following organizations:

- Desert Regional Tourism Agency (DRTA): Town funding supports the expansion of DRTA programs and services through the California Welcome Center, further enhancing the Town's tourism outreach and visitor engagement efforts.
- Yucca Valley Chamber of Commerce: Town funding supports the Chamber's community outreach and promotional activities, including coordination of the annual Grubstake

Days event.

The proposed FY 2026-28 General Fund Community Contracts allocation totals $460,000 over the two-year period, including $60,000 for the Yucca Valley Chamber of Commerce and $400,000 for the Desert Regional Tourism Agency.
Staff recommend approval and renewal of each organization's two-year agreement, as attached, for inclusion in the final General Fund Budget adoption scheduled for June 2, 2026.

Alternatives

The Town Council may increase, decrease, modify, or eliminate the proposed funding allocations at its discretion.

Fiscal Impact:

The staff recommendation includes an allocation of $460,000 for FY 2026-28 General Fund Community Contracts. Funding is incorporated into the proposed final budget for Council consideration and adoption on June 2, 2026.

AGREEMENT

THIS AGREEMENT, made and entered into this 29 th day of June, 2005, by and between the Town of Yucca Valley, a municipal corporation hereinafter designated as "Town" and the Desert Regional Tourism Agency, a 501(c) 3 non-profit corporation hereinafter designated "Agency."

WITNESSETH

WHEREAS, the Town has adopted within its General Plan an Economic Development Element, which sets forth the Town's economic development goals, objectives and implementation strategies; and has adopted an Economic Development Action Plan; and

WHEREAS, the Town recognizes the need to actively promote tourism in Yucca Valley for the purpose of bolstering the local economy; and

WHEREAS, the Town has purchased and renovated property to serve as home to the Morongo Basin's California Welcome Center, the regional center of tourism efforts; and

WHEREAS, since May of 2002, the Town has taken the lead in centralizing local tourism initiatives by providing financial, operational, maintenance and staff support to comply with California Welcome Center regulations on behalf of the Morongo Basin; and

WHEREAS, the Agency was established for the purpose of assuming the responsibilities of the California Welcome Center and continuing the work to promote Morongo Basin Tourism; and

WHEREAS, the Town and the Agency agree that the interests of the Morongo Basin communities are well served through cooperative agreements between key organizations; and

WHEREAS, it is proper for the Town Council to contract with the Agency to perform those tourism activities set forth in accordance with the purposes of the Town Council; and

WHEREAS, such activities are recognized by law as serving a public purpose.

NOW, THEREFORE, in consideration of agreements, herein contained, to be performed by the parties hereto, said parties do hereby agree as follows:

1. Town shall lease a portion (Exhibit A) ("Premises") inside the building located at 56711 Twenty-nine Palms Highway, Yucca Valley, California, to Agency for the purpose of operating the California Welcome Center in accordance with State of California regulations and established local and regional tourism objectives.

2. Agency shall be responsible for all California Welcome Center operations, including but not limited to staffing, marketing and gift shop operations. Agency shall operate the California Welcome Center in accordance with stated local and regional tourism objectives and the regulations governing the operations of California Welcome Centers. Agency may use the facility for other Morongo Basin tourism activities with Town consent. Agency shall make a written request describing the event to the Town Manager at least fifteen (15) days prior to the requested event. If a written response either in the affirmative or negative is not received by Agency within seven (7) days of the request, approval shall be assumed. Town has relied on Agency's representations for qualifications, expertise and professionalism as an inducement to enter this Agreement.

3. Agency shall be responsible for the transfer of the California Welcome Center designation from the Town to the Agency within 90 days after the execution of this Agreement. Agency shall be responsible for the timely payment of licensing fees imposed by the State of California.

4. Agency shall maintain communication with the State of California Tourism Office responsible for the operation of California Welcome Centers and ensure proper representation and compliance with the policies and rules relating to such facilities.

5. At least once each fiscal year, Agency shall convene a meeting of those agencies considered to be stakeholders in Morongo Basin tourism efforts, including Town, for the purpose of articulating common objectives and determining the role of the California Welcome Center in facilitating the successful accomplishment of those objectives.

6. Town has committed tourism funding to Agency for the first two years of the Agreement, the first payment to be made upon execution of the Agreement and the second at the beginning of the 2005-2006 fiscal year. In future years, Town may opt to contribute funds to Agency for the fulfillment of the tourism objectives associated with the operation of the California Welcome Center. The amount of contribution shall be negotiated annually in conjunction with the Town's budgetary process. Payments, if any, shall be made by Town within 30 days of receipt of invoice.

7. Agency shall submit a quarterly written report providing an accounting of California Welcome Center and tourism activities to the Town Manager,

with an accounting of income and expenditures related to the scope of this Agreement. Such report shall be for the purpose of assuring that Town contributions are being expended for those purposes set forth in the Agreement and for those purposes permitted by law.

8. Agency shall pay the Town the sum of $1.00 per year as full payment for the lease of said premises. Full payment is due by the 10th day of January each year.

9. Agency shall acknowledge Town's current agreements and right to negotiate with other tenants for the remaining space in the building, and shall abide by Town requirements with regard to common areas and exterior portions of the property.

10. The common areas of the building (restrooms, hallways, etc. as noted on Exhibit A) will be available equally to all tenants of the building. Routine maintenance of the common areas (including janitorial services and supplies, plumbing maintenance, light bulb replacement, provision of toilet paper, paper towels, soap, etc.) is shared responsibility of all tenants.

11. Town shall be responsible for maintenance of the exterior landscape and parking areas. Agency shall be responsible for the payment of all janitorial and utility costs associated with the leased premises. Town shall issue a monthly invoice based on pro-rated actual costs of gas and electricity. Agency shall make payment within 30 days of receipt of invoice. Agency shall pay all costs of janitorial and repair services, telephone, cable and internet directly to the supplier.

12. Town shall be responsible for the maintenance, repair and/or replacement of structural and mechanical components of the building. Agency shall notify the Town immediately of any major damage to the facility or failure of mechanical components.

13. TERM. The term of the lease for the premises lease shall be ten (10) years to commence on the 30th day of June, 2005(hereinafter referred to as the "Commencement Date"), and to end on the 29th day of June, 2014 (hereinafter referred to as the "Expiration Date"), both dates inclusive, unless the term be extended pursuant to paragraph 14 or earlier terminated as provided herein.

14. LEASE EXTENSION. If the agreement has not been terminated pursuant to any provisions hereof and Agency is not default under any of the terms of this agreement, then Agency may, at Agency's option, extend the term of this agreement for two (2) successive additional terms of five (5) years each, commencing on the expiration of the original term, or the immediately preceding additional term as the case may be. At least one (1) year prior to the expiration of the initial or any extended term, Agency may exercise its option by giving Town written notice of its intent to

extend. If Agency gives said written notice then the term of this Agreement shall be deemed to be automatically extended upon all the covenants, agreements, terms, provisions and conditions as set forth in this Agreement.

15. If Agency fails or omits to so give to Town the written notice referred to as above, it shall be deemed, without further notice and without further agreement between the parties to, that Agency elected not to exercise the option granted Agency pursuant to this paragraph 14 to extend the term of this Agreement for additional periods.

16. EARLY TERMINATION. Should Town determine, after a noticed public hearing, that it is not in the Town's best interest to continue with the terms of this agreement; Town shall have the option, on notice to Agency and after a noticed public hearing, to terminate this agreement. The termination shall be effective as of the last day of the twelfth (12^{th}) month after the month in which Town delivers termination notice to Agency (agreement termination date.)

17. Provided Agency retains the California Welcome Center designation and agrees to continue to operate a California Welcome Center, Town agrees to locate suitable facilities for Agency, and shall at Town's cost pay the reasonable relocation expenses of the Agency to the new facility. Reasonable relocation expenses shall be limited to the actual costs of moving furniture and fixtures to the new location, and the costs of initiating utility services.

18. ALTERATIONS. Agency shall not make any alterations in or about the premises, including installation of any fixtures, signs, or any other tenant improvements, without Town's prior written consent. Any alterations to the premises shall be done according to law and with required permits. Tenant shall give Landlord advance notice of the commencement date of any planned alterations, so that Town may post a Notice of Non Responsibility to prevent potential liens against Town's interest in the premises. Town may also require agency to provide Town with lien releases from any Contractor performing work on the premises. Agency shall provide Town with detailed plans of all work to be performed.

    Agency shall pay, when due, all claims for labor or materials furnished or alleged to have been furnished to or for Agency at or for use on the premises which claims are or may be secured by any mechanics or material mans lien against the premises or any interest therein.

19. Agency shall make premises available to Town or Town's Agent for the purpose of entering to make inspections, necessary or agreed repairs, alterations, or improvements, or to supply necessary or agreed services. Town and Agency agree that 24 hours notice (oral or written) shall be reasonable and sufficient notice. In an emergency, Town or Town's

representatives may enter the premises at any time without prior notice. Agency shall not change any locks on leased premises without prior written consent of Town. Agency shall provide Town with keys to any changed locks which have received Town's prior written consent.

20. Upon execution and again upon completion or termination of the Agreement, Town and Agency shall each provide a complete list of owned fixtures, equipment, appliances, supplies and gift shop inventory. Town and Agency shall meet and list the Town property that will remain for Welcome Center use. The actual cost of the Town-owned gift shop merchandise shall be reimbursed to the Town by the Agency.

21. Agency shall make available to the Town upon request its annual budget, including a program outline of planned activities for the current fiscal year, which incorporates the services contained herein.

22. The records and books of Agency relating to the scope and terms of this Agreement shall be open to inspection and audit by Town, its employees or representatives, at all times during the term of this Agreement and for a reasonable time thereafter; or as may be required by law.

23. At the completion or termination of this Agreement, copies of all data, studies, and any other information, work products, memoranda, documents or writings, created or generated in connection with the performance of this Agreement will be furnished to the Town. Agency may retain originals of these materials for its use or purposes. This information shall be delivered to the Town Manager.

24. The failure of the Town to insist upon the strict performance of any of the provisions of this Agreement, or failure to exercise any other right, option or remedy hereby reserved or as determined by law, shall not be construed as a waiver for the future of any such provisions, right, option, or remedy, or as a waiver of any subsequent breach thereof.

25. The Town Manager or his designee shall represent the Town in all matters pertaining to the administration of this Agreement, including attending all necessary meetings, reviewing and approving all reports submitted by the Agency; although Agency shall be responsible for coordination of all necessary meetings, and will satisfy all public information and participation requirements.

26. Agency shall defend (with attorneys approved by Town), hold harmless and indemnify the Town, its officers, employees and agents against liability (whether bodily injury, including death, and/or property damage) and against any other losses, claims, damages, actions, or judgments arising or alleged to arise out of any acts or omission of Agency or its officers, agents, employees, subcontractors or representatives in the

performance of this Agreement.

27. Agency's personal property, fixtures, equipment, inventory, and vehicles are not insured by Town against loss or damage due to fire, theft, vandalism, rain, water, criminal or negligent acts of others, or any other cause. Agency is to carry Agency's own property insurance to protect Agency from any such loss. In addition, Agency shall carry Liability Insurance in an amount of not less than One Million Dollars ($1,000,000.00). Agency's Liability Insurance shall name Town and Town's Officers, Employees and Agents as additional insured. Agency, upon Town's request, shall provide Town with a Certificate of Insurance establishing Agency's compliance.

28. Agency shall act independently of the Town under this Agreement and shall not under any circumstances or in any manner represent that it or its agents, officers or employees are agents, officers or employees of Town.

29. No officer or employee of the Town shall be personally liable to the Agency, or any successor in interest, in the event of any default or breach by the Town for any amount which may become due to the Agency or its successor, or for breach of any obligation of the terms of this Agreement.

30. All notices to be given hereunder shall be in writing and shall be deemed to have been given, if delivered in person, or two business days after mailing if properly addressed and mailed, by first class mail.

    Notice to the Town shall be sufficient if sent to:

    Town of Yucca Valley
    57090 Twenty-nine Palms Highway
    Yucca Valley, CA 92284
    Attn: Town Manager

    Notice to the Agency shall be sufficient if sent to:

    Desert Regional Tourism Agency
    56711 Twenty-nine Palms Highway
    Yucca Valley, CA 92284
    Attn: Executive Director

31. Should any section or any part of this Agreement be rendered void, invalid or unenforceable by any court of law, any such final determination shall not render void, invalid or unenforceable any other sections or portions of this Agreement unless the Town determines in writing that its purpose cannot be accomplished by the remaining provisions not so invalidated.

32. This Agreement has been made and entered into in the State of

California, and the laws of the State of California shall govern the validity and interpretation hereof and the performance hereunder.

33. This Agreement contains the entire understanding of the parties, and there are no further or other Agreements or understandings, written or oral, in effect between the parties hereto relating to the subject matter hereof. Any prior understanding or agreement of the parties shall not be binding unless set forth herein, and, except to the extent expressly provided for herein, no amendments of this Agreement may be made without the written consent of both parties hereto.

34. DISPUTE RESOLUTION. Except for actions for injunctive relief, or to compel arbitration, any controversy, dispute or claim arising out of, in connection with, or in relation to the interpretation, performance, or breach of this Agreement shall be resolved as follows:

    a. Mediation. Before instituting any arbitration relating to the rights and/or duties of the parties under this Agreement, the party that desires to initiate such action (the "Complainant") must make a good faith attempt to mediate such dispute in accordance with this section. The Complainant shall send the other party (ies) (the "Respondent") written notice of the nature of the dispute, the facts giving rise to such claims and the Complainant's desire to mediate the matter (the "Mediation Notice"). The Mediation Notice shall name a mediator (who shall have at least three (3) years' experience mediating business disputes in San Bernardino County and no personal or business relationship with the Complainant). The parties shall share the cost of initiating the conducting mediation equally. Within seven (7) days of Respondent's receipt of the Mediation Notice, Respondent shall inform Complainant in writing if Respondent does not agree with Complainant's choice of mediator (the "Rejection Notice"). Such Rejection Notice shall include the name of respondent's choice of qualified mediator as provided in this section. Complainant's and Respondent's mediators shall then select a third qualified mediator to hear the dispute. Within thirty (30) days after the final mediator is chosen, the parties shall schedule and attend a mediation session and attempt in good faith to resolve their dispute. If the mediation does not resolve the dispute or if the Respondent refuses to attend such mediation, the Complainant may commence arbitration as provided below. The requirements of this provision shall not apply under circumstances where the Complainant would be entitled to injunctive or declaratory relief.

    b. Arbitration. In case of any claim or dispute between parties that relates to the rights and/or duties of the parties under this Agreement, the dispute shall be submitted to, and conclusively determined by, binding arbitration conducted by a retired judge

from the panel of JAMS/Endispute, Inc., appointed pursuant to the provisions of panel, one shall be appointed by the Presiding Judge in San Bernardino County. The arbitrator may award costs and attorney fees to the prevailing party. The provisions of this section shall not preclude a party from seeking injunctive or other provisional or equitable relief to preserve the status quo pending the parties' resolution of their dispute, and the filing of an action seeking injunctive or other provisional relief shall not be construed as a waiver of that party's arbitration rights.

35. Agency shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, age or national origin. Agency shall take appropriate action to ensure that applicants are employed and that employees are treated during their employment without regard to their race, religion, color, sex, age or national origin. Such action shall include, but not be limited to, employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. Agency shall comply with all applicable federal laws and Executive Orders and relevant orders of the Secretary of Labor, with all State and local laws and affirmative action compliance programs and other applicable rules and regulations of all government and administrative agencies relating to any and all performance under this Agreement.

36. PUBLIC RECORDS DISCLOSURE. All information received by the TOWN from the Agency or any source concerning this Lease, including the Lease itself, may be treated by the TOWN as public information subject to disclosure under the provisions of the California Public Records Act, Government Code Section 6250 et seq. (the "Public Records Act"). Agency understands that although all materials received by the TOWN in connection with this Lease are intended for the exclusive use of the TOWN, they are potentially subject to disclosure of any part or all of any information which Agency has reasonably requested TOWN to hold in confidence is made to the TOWN, the TOWN shall notify the Agency of the request and shall thereafter disclose the requested information unless the Agency, within five (5) days of receiving notice of the disclosure request, requests nondisclosure, provides TOWN a legally sound basis for the nondisclosure, and agrees to indemnify, defend, and hold the TOWN harmless in any/all actions brought to require disclosure. Agency waives any and all claims for damages, lost profits, or other injuries of any and all kinds in the event TOWN fails to notify Agency of any such disclosure request and/or releases any information concerning the contract received from the Agency or any other source.

37. SIGNS. Agency may display from the windows and/or marquee of the premises, such sign or signs as are not prohibited by law, and subject to

having obtained any required sign permits from the Town.

38. Both parties hereby admit that they have read each and every clause in this Agreement and fully understand the meaning of same, and hereby agree that they will comply with all the terms, covenants, and conditions herein set forth.

39. SUBLETTING-ASSIGNMENT. Agency shall not sublet or encumber all or any part of the premises, or assign or transfer this Agreement or any interest in it.

EXHIBIT "A"

Town of Yucca Valley/Desert Regional Tourism Agency
California Welcome Center

AMENDMENT NO.7

WITNESSETH

WHEREAS, the Town of Yucca Valley (Town) and the Desert Regional Tourism Agency (Agency) entered into a Lease Agreement dated June 29, 2005 (Lease), and amended the lease with Amendment No. 1 dated October 15, 2013, and with Amendment No. 2 dated June 18, 2019, and with Amendment No. 3 dated June 2, 2020, and with Amendment No. 4 dated July 23, 2021, and with Amendment No. 5 dated June 30, 2022, and with Amendment No. 6 dated July 02, 2024 by which the Town Council contracted with the Agency to perform those tourism activities set forth in accordance with the purposes of the Town Council;

WHEREAS, the Town and Agency wish to amend the lease with respect to certain provisions contained therein;

NOW, THEREFORE, the lease is amended as follows:

1. **Section 13 of the Lease is revised as follows:**

The term of the lease for the premises lease shall be for two years to commence on the 30th day of June 2026, and to end on the 30th day of June 2028, both dates inclusive.

2. **Amend the original agreement by deleting Section 5 in its entirety and replacing it with the following:**

Within one hundred eighty (180) days of the effective date of this Agreement, the Town and Agency shall collaboratively develop a Comprehensive Scope of Services ("Scope"), which shall include, but not be limited to, proposed operational objectives, hours of operation, labor force, marketing and website strategy, external partnership development, tourism industry participation, reporting metrics, and other operational and analytical parameters.
The proposed Scope, along with any modification to scope and financial contribution by the Town, shall be subject to approval by both the Town and Agency through a formal amendment to this Agreement no later than December 31, 2026.

3. All other provisions of the Lease remain unchanged.

AGREEMENT FOR SERVICES BETWEEN
THE YUCCA VALLEY CHAMBER OF COMMERCE AND
THE TOWN OF YUCCA VALLEY

FY2026-28

THIS AGREEMENT, made and entered into this 1st of July 2026, by and between the Town of Yucca Valley, a municipal corporation hereinafter designated as "Town" and the Yucca Valley Chamber of Commerce, a nonprofit corporation hereinafter designated "Chamber."

WITNESSETH

WHEREAS, the Town has adopted within its General Plan an Economic Development Element and has determined that the welfare of the citizens of Yucca Valley requires ongoing economic progress; and

WHEREAS, the Town has identified certain activities necessary to implement the economic development goals and objectives including administrative, marketing, promotional, job creation & retention, and tourism activities; and

WHEREAS, the Chamber is duly organized and constituted, and has the resources to render to the Town and its citizens such services in addition to those through which it serves the purposes of its members; and

WHEREAS, due to the Chamber's ability to participate in accomplishing the mutual objectives of both agencies with regard to local economic development, the Town deems it appropriate and in the furtherance of the public good that an Agreement be entered into for the achievement of these objectives.

NOW, THEREFORE, in consideration of the following terms and conditions, said parties do hereby agree as follows:

1. The term of this Agreement shall commence on the effective date set forth above and shall terminate two years from said date, but the Agreement may be amended in conjunction with the Town's annual budgeting process. A review of the services to be provided by the Chamber and the compensation schedule will be conducted prior to June 30th each year.

2. The Chamber will and does hereby undertake to carry on certain activities in cooperation with, and on behalf of the Town and particularly to render those services set forth in Attachment A (Scope of Services) and Attachment B (Scope of Services in Exchange for Office and Storage Space).

2a. Within one hundred eighty (180) days of the effective date of this Agreement, the Town and Agency shall collaboratively develop a Comprehensive Scope of Services (“Scope”), which shall include, but not be limited to, proposed operational objectives, hours of operation, labor force, marketing and website strategy, external partnership development, tourism industry participation, reporting metrics, and other operational and analytical parameters.

The proposed Scope, along with any modification to scope and financial contribution by the Town, shall be subject to approval by both the Town and Agency through a formal amendment to

this Agreement no later than December 31, 2026.

3. The Chamber agrees to submit to the Town Manager, an annual written report providing an accounting of program activities related to the scope of this Agreement. Such report shall be for the purpose of assuring that Town funds are being expended for those purposes set forth in the Agreement and for purposes permitted by law.

4. In consideration for services performed by the Chamber, the Town agrees to compensate the Chamber as set forth in Attachment A, upon receipt of a billing with written summary of pertinent activities as well as an accounting of applicable revenues and expenditures. Approved invoices will be paid within 30 days of receipt pursuant to this agreement.

5. Prior to receiving funds under this Agreement, the Chamber shall make available to the Town its annual budget, including a program outline of planned activities for the current fiscal year, which incorporates the services contained herein.

6. The records and books of Chamber relating to the scope and terms of this Agreement shall be open to inspection and audit by Town, its employees, or representatives, at all times during the term of this Agreement and for a reasonable time thereafter; or as may be required by law.

7. The Town may advance funds to the Chamber pursuant to this Agreement upon proof of necessity by the Chamber. Said proof shall include, but shall not be limited to, a written statement to the Town Manager that an authorized activity pursuant to this Agreement cannot be carried without an advance of sufficient funds.

8. The Town or Chamber, upon at least ninety (90) days written notice, may terminate this Agreement. In the event of termination, the Chamber shall be compensated proportionally to the effective termination date for satisfactorily performed joint marketing activities.

9. At the completion or termination of this Agreement, all data, studies, and any other information, work products, memoranda, documents, or writings, created or generated in connection with the performance of this Agreement will belong to the Town, and shall be delivered to the Town Manager. Chamber may retain copies of these materials for its use or purposes.

10. Chamber will perform the services set out in this Agreement or will cause performance of said services to occur, as contemplated herein, in accordance with the generally accepted standards for performing similar services within the State. Town has relied upon Chamber's representations for quality and professional work as an inducement to enter into this Agreement.

11. The failure of the Town to insist upon the strict performance of any of the provisions of this Agreement, or failure to exercise any other right, option or remedy hereby reserved or as determined by law, shall not be construed as a waiver for the future of any such provisions, right, option, or remedy, or as a waiver of any subsequent breach thereof.

12. The Town Manager or his designee shall represent the Town in all matters pertaining to the administration of this Agreement, including without limitation, attending all necessary meetings and conferences, and review and approve all reports submitted by the Chamber; although Chamber shall be responsible for coordination of all necessary meetings and

conferences, and will coordinate all public information and participation activities.

13. Chamber shall defend (with attorneys approved by Town), hold harmless and indemnify the Town, its officers, employees and agents against liability (whether bodily injury, including death, and/or property damage) and against any other losses, claims, damages, actions, or judgments arising or alleged to arise out of any acts or omission of Chamber or its officers, agents, employees, subcontractors or representatives in the performance of this Agreement.

14. Chamber shall procure from an admitted insurer and shall maintain at its cost comprehensive general liability and property damage insurance, including owned or non-owned automobile insurance, against all claims for injury or death against persons or damage to property resulting from Chamber's act or omission arising out of or related to Chamber's performance under this Agreement. The Chamber shall also carry workers' compensation insurance in the statutory amount prescribed under State Workers Compensation Laws. Such insurance shall be kept in effect during the term of this Agreement and shall not be subject to reduction in coverage, cancellation, or termination without thirty (30) days prior written notice received by the Town, and the liability insurance shall be primary and not contributing with other insurance available to Town. A certificate or certificate evidencing the foregoing and naming Town as an additional insured on the liability insurance shall be delivered to and approved by Town prior to commencement of the services hereunder. The procuring of such insurance or the delivery of policies or certificates evidencing the same shall not be construed as a limitation of the Chamber's obligation to indemnify the Town and its contractors or employees. The amount of insurance required hereunder for personal injury, general liability, professional liability, automobile liability and property damage shall be no less than One Million Dollars ($1,000,000) per occurrence.

15. Chamber shall act as an independent contractor when providing services under this Agreement and shall not under any circumstances be considered employees of the Town of Yucca Valley. The Chamber, its agents or employees will perform the services required herein, as contracted services under the Scope of Services, Attachment A and Attachment B. The Chamber shall not at any time or in any manner represent that it or its agents, officers or employees are agents, officers or employees of the Town.

16. No officer or employee of the Town shall be personally liable to the Chamber or any successor in interest, in the event of any default or breach by the Town for any amount which may become due to the Chamber or its successor, or for breach of any obligation of the terms of this Agreement.

17. All notices to be given hereunder shall be in writing and shall be deemed to have been given, if delivered in person, or two business days after mailing if properly addressed and mailed, by first-class mail.

    Notice to the Town shall be sufficient if sent to:

    Town of Yucca Valley
    57090 Twentynine Palms Highway
    Yucca Valley, CA 92284
    Attn: Town Manager

Notice to the Chamber shall be sufficient if sent to:

Yucca Valley Chamber of Commerce
Attn: President/CEO
56711 Twentynine Palms Highway
Yucca Valley, CA 92284

18. Should any section or any part of this Agreement be rendered void, invalid or unenforceable by any court of law, any such final determination shall not render void, invalid or unenforceable any other sections or portions of this Agreement unless the Town determines in writing that its purpose cannot be accomplished by the remaining provisions not so invalidated.

19. This Agreement has been made and entered into in the State of California, and the laws of the State of California shall govern the validity and interpretation hereof and the performance hereunder.

20. This Agreement contains the entire understanding of the parties, and there are no further or other Agreements or understandings, written or oral, in effect between the parties hereto relating to the subject matter hereof. Any prior understanding or agreement of the parties shall not be binding unless set forth herein, and, except to the extent expressly provided for herein, no amendments of this Agreement may be made without the written consent of both parties hereto.

21. Should litigation or arbitration occur between the parties hereto relating to the provisions of this Agreement, all reasonable litigation or arbitration expenses and costs, including reasonable attorneys' fees incurred by the prevailing party shall be paid by the non-prevailing party to the prevailing party.

22. Chamber shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, age, or national origin. Chamber shall take appropriate action to ensure that applicants are employed and that employees are treated during their employment without regard to their race, religion, color, sex, age, or national origin. Such action shall include, but not be limited to, employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. Chamber shall comply with all applicable federal laws and Executive Orders and relevant orders of the Secretary of Labor, with all State and local laws and affirmative action compliance programs and other applicable rules and regulations of all government and administrative agencies relating to any and all performance under this Agreement.

23. Both parties hereby admit that they have read each and every clause in this Agreement and fully understand the meaning of same and hereby agree that they will comply with all the terms, covenants, and conditions herein set forth.

24. This Agreement shall not be assigned without the written consent of the Town. It may be amended or modified only by written agreement of the parties.

EXHIBIT B

SCOPE OF SERVICES
IN EXCHANGE FOR OFFICE AND STORAGE SPACE

In exchange for the performance of certain economic development activities, the Town of Yucca Valley agrees to provide to the Yucca Valley Chamber of Commerce:

1. approximately 616 square feet of office space including basic utilities (gas, electric & water) space plus use of common areas in the California Welcome Center building;
2. approximately 66 square feet of storage space in the California Welcome Center building; and;

In exchange for use of the aforementioned office and storage space, the Yucca Valley Chamber of Commerce does hereby agree to perform the following economic development activities on behalf of the Town (estimated proportion of Chamber activity applicable to rent= $990 per month):

1. The Chamber shall maintain a guest book / log of all contacts, including addresses, and areas of interest to be used by the Town and Chamber for information purposes and follow-up contact as deemed appropriate. A copy of the log shall be forwarded to the Town upon request.

2. The Chamber shall respond to inquiries on the availability of public schools, housing, service organization activities, public services and other general matters of interest to both Yucca Valley residents and visitors to Yucca Valley.

3. When applicable, the Chamber shall respond to relocation inquiries by assembling and mailing appropriate packets of information to those inquiring about residential and commercial opportunities in Yucca Valley.

4. The Chamber shall recognize new or relocated businesses in town by organizing, publicizing and conducting ribbon-cutting ceremonies as needed.

Additionally, the Chamber shall provide general services as follows:

1. Maintain regular office hours with qualified personnel to provide information and referral services through the Chamber office.
2. When requested, the Chamber shall assist the Town in the preparation and distribution of the Town's economic development and marketing materials.
3. The Chamber and the Town staff shall work together to establish a work program to ensure the appropriate advancement toward achieving the Council's goals in Economic Development.
4. The Chamber shall cooperate with the Town in marketing Yucca Valley at tourism expos,

conferences and trade shows in a manner which is complimentary to similar Town activities, including staffing exhibit booths and distribution of promotional materials.

5. The Chamber shall assist the Town in promoting tourism and special community events that are mutually agreed upon by the Town Manager and the President of the Chamber.
6. In order to facilitate the success of business attraction strategies, the Chamber and Town shall cooperatively conduct an inventory of community assets and amenities to be used in programs that promote the desirability of visiting, living and doing business in Yucca Valley.
7. The Chamber shall assist the Town in promoting Yucca Valley's tourist attractions by arranging for leaders of the hospitality industry to tour the Town and nearby points of interest. Such familiarization tours will be conducted annually in co-operation with the other Morongo Basin Chambers.
8. The Chamber shall act as a referral headquarters to the Town regarding commercial and industrial business relocation prospects.
9. The Chamber, utilizing the resources of its membership, shall assist the Town by spearheading a local business outreach program consisting of the following components:

    a. A local business public relations campaign relying on existing mechanisms such as correspondence, local media publicity, Chamber newsletters and personal contacts. The program should significantly focus on favorably promoting the advantages and opportunities for shopping and doing business in Yucca Valley.

    b. The Town and Chamber shall collaborate on the development and implementation of a new business welcome program. The program shall include such activities as issuing news releases and conducting groundbreakings, grand openings, ribbon cuttings, dedication ceremonies, or such other activities as requested. This program shall be offered to all new businesses whether they choose to become a Chamber member immediately or not.

    c. The Chamber, in cooperation with the Town, shall asce11ain and communicate the needs and concerns of the local business community, including but not limited to the local business climate, financial problems, training and promotional needs, expansion plans, etc.

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Jordan Gumbish, Finance Manager

Date: May 26, 2026

Meeting Date: June 2, 2026

Subject: Budget Report for the Quarter Ending March 31, 2026

Recommendation:
Receive and file the Budget Report for the third quarter ended March 31, 2026

Prior Review:
There has been no prior review on this item.

Discussion:
The attached report summarizes the Town's General Fund fiscal performance through the third quarter of the current fiscal year. As indicated in the report, the Town's fiscal performance for the third quarter is in line with the levels included in the FY2025-26 Budget.
At this time, the Town does not expect actual annual fiscal results to vary significantly from the financial plan incorporated in the Fiscal Year 2025-26 General Fund Budget. As trends become more fully developed in the year, there may be more than a minimal impact on the projected annual revenues, expenditures and fund balance.

Alternatives
None

Fiscal Impact:
The Town's third quarter results are currently generally aligned with the financial plan incorporated in the FY2025-26 Budget.

Executive Summary

The Town of Yucca Valley's General Fund financial position through the third quarter of FY 2025-26 remains stable. Total General Fund revenues of approximately $13,593,690 represent 64.0% of the amended annual revenue budget. Total expenditures of approximately $14,197,973 represent 71.5% of the amended expenditure budget. Overall expenditures continue to track within budget expectations while several revenue categories show mixed performance compared to prior year trends.

Quarterly Financial Highlights

Revenues

- Property Tax revenue exceeded prior year collections by approximately $209,000, reflecting continued stability in assessed valuation growth and property tax receipts.

- Sales and Use Tax revenues were approximately $41,000 below the prior year, indicating moderation in consumer spending and taxable sales activity.

- Transient Occupancy Tax revenues remained strong and exceeded prior year's collections by approximately $159,000 due to continued tourism and lodging demand.
- Interest Revenue exceeded annual budget expectations through the third quarter, although collections trailed the prior year due to moderating investment returns
- Community Development revenues declined approximately $102,000 from the prior year, reflecting reduced permit and development activity.

Expenditures

- Personnel Services expenditures increased approximately $671,000 over the prior year due to salary adjustments, staffing changes, and higher benefit costs.

- Annual General Fund Contract Safety costs increased in comparison to the prior fiscal year but remains generally aligned with budget projections and increased modestly compared to the prior year.

- Operating Supplies and Services have increased slightly in comparison to the prior year due to higher utility service costs, increased professional service costs for expanded Town programs and services, and increased insurance costs.

Fiscal Outlook

The Town's overall fiscal condition remains stable entering the final quarter of FY 2025-26. Staff will continue monitoring sales tax trends, development activity, inflationary impacts, and expenditure growth to ensure the Town remains within adopted budget appropriations. Based on current trends, the General Fund is expected to conclude the fiscal year within budget.

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Brooke Dudra, Town Clerk

Date: May 26, 2026

Meeting Date: June 2, 2026

Subject: Calling of November 2026 General Election

Recommendation:
Adopt Resolution No. 26-XX calling and giving notice of a General Municipal Election on November 3, 2026, for the election of certain officers for District 1, District 3, and District 5.

Prior Review:
None for this item.

Discussion:
It is required under the provisions of the laws of the State of California that the Town Council call and give notice of a General Municipal Election to be held on November 3, 2026 for the election of certain officers by resolution. There are three (3) seats up for election this year.

With the adoption of Town Ordinance No. 278, By-District Elections were established for Town Council Members, with electoral district boundaries updated with the adoption of Town Ordinance No. 299 following the 2020 U.S. Census results. Council Members are elected on staggered four-year terms, based upon Districts. For the November 3, 2026 election, the three (3) seats up for election are for District 1, District 3, and District 5.

The County Registrar has advised that if a candidate chooses to file a Candidate statement, the Candidate will be required to remit a deposit check in the amount determined by the County Registrar at the time nomination papers are submitted to the Town Clerk. This deposit represents an estimate of the candidate's pro rata share as a condition of having his/her statement included in the voters' pamphlet. If a balance remains after the printing costs are paid, the balance will be refunded. Any additional costs will be billed to the Candidate and will be due and payable upon receipt.

The nomination period for the November 3, 2026 election begins on Monday, July 13, 2026 at which time those seeking a seat on the Yucca Valley Town Council may begin the filing process

with the Town Clerk. The end of the nomination period is Friday, August 7, 2026. If an incumbent fails to file, the nomination period is extended to August 12, 2026.

Alternatives
None.

Fiscal Impact:
Estimated costs to conduct the election will be accommodated in the 2026-27 Adopted Budget.

RESOLUTION NO. 26-XX

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF YUCCA VALLEY, CALIFORNIA, CALLING AND GIVING NOTICE OF THE HOLDING OF A GENERAL MUNICIPAL ELECTION TO BE HELD ON TUESDAY, NOVEMBER 3, 2026 FOR THE ELECTION OF CERTAIN OFFICERS IN DISTRICT 1, DISTRICT 3, AND DISTRICT 5 AS REQUIRED BY THE PROVISION OF THE LAWS OF THE STATE OF CALIFORNIA RELATING TO GENERAL LAW CITIES

WHEREAS, under the provision of the laws relating to general law cities in the State of California, and as implemented by Ordinance No. 5, Ordinance No. 278 and Ordinance No. 299 of the Town Council of the Town of Yucca Valley, a General Municipal election shall be held on November 3, 2026, for the election of Municipal Officers in District 1, District 3, and District 5.

NOW, THEREFORE, THE TOWN COUNCIL OF THE TOWN OF YUCCA VALLEY, CALIFORNIA, DOES RESOLVE, DECLARE, DETERMINE AND ORDER AS FOLLOWS:

SECTION 1. That pursuant to the requirements of the laws of the State of California relating to General Law Cities, there is called and ordered to be held in the Town of Yucca Valley, California, on Tuesday, November 3, 2026, a General Municipal Election for the purpose of electing Members of the Town Council for the full term of four years in District 1, District 3, and District 5.

SECTION 2. That the ballots to be used at the election shall be in form and content as required by law.

SECTION 3. That the San Bernardino County Registrar of Voters is authorized, instructed and directed to procure and furnish any and all official ballots, notices, printed matter and supplies, equipment and paraphernalia that may be necessary in order to properly and lawfully conduct the election.

SECTION 4. That the polls for the election shall be open at seven o'clock a.m. of the day of the election and shall remain open continuously from that time until eight o'clock p.m. of the same day when the polls shall be closed, except as provided in Section 14401 of the Elections Code of the State of California.

SECTION 5. That in all particulars not recited in this resolution, the election shall be held and conducted as provided by law for holding municipal elections.

SECTION 6. That notice of the time and place of holding the election will be given pursuant to section 12101 of the Elections Code and the San Bernardino County Registrar of Voters is authorized, instructed and directed to give further or additional notice of the election, in time, form and manner as required by law.

SECTION 7. A filing fee of $25 for interested candidates will be collected at the time of official filing of nomination papers pursuant to Elections Code 10228. Candidates will also assume the cost to include an optional candidate statement in the voting materials. The cost will be determined by the San Bernardino County Registrar of Voters prior to the beginning of the nomination period.

SECTION 8. That the Town Clerk shall certify to the passage and adoption of this Resolution and enter it into the book of original Resolutions.

PASSED, APPROVED, AND ADOPTED this 2nd day of June, 2026.

Adopted Council Districts

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Alex Qishta, Public Works Director, Shane Stueckle, Deputy Town Manager

Date: May 19, 2026

Meeting Date: June 2, 2026

Subject: Annual Street & Drainage and Landscape & Lighting Assessment Districts, Ordering the Levy and Collection of Assessments for Fiscal Year 2026-2027.

Recommendation:
That the Town Council adopts the Resolutions, approving and confirming the assessment diagrams and confirming the assessments as set forth in the Engineer's reports for Landscaping & Lighting Maintenance Districts and Street & Drainage Maintenance Districts within the existing Districts for the 2026-2027 tax year and authorizes the levy of assessments upon real property as identified in the Engineer's Reports.

Prior Review:
The Town Council previously approved the formation of Landscape & Lighting Assessment Districts and Street & Drainage Assessment Districts, which must be updated and approved by the Town Council annually pursuant to State law.

On April 7, 2026, the Town Council approved the Resolution directing the preparation of an Engineer's Report describing any new improvements within the Districts or any substantial changes to the existing improvements within the current Districts.

Discussion:

Development projects are subject to conditions of approval that require the formation of Landscape & Light Maintenance Assessment Districts and Street & Drainage Maintenance Districts. The assessment of an annual fee upon properties within the District provides the revenue to offset the maintenance costs of the public improvements necessary to serve the development.

The California Streets and Highways Code §22620 et. seq., with respect to Landscape & Lighting Districts and Government Code §53750 et. seq., with respect to Street & Drainage Maintenance Districts require that the Assessment Engineer's Report for each of the Districts be updated and approved by the legislative body prior to the levy of any annual assessment on properties within the

Assessment District.

The Town has formed seven (7) Assessment Districts, which are described as follow:

TM 16957
Location: 800 feet south of Joshua Drive on the east side of Acoma Trail.
No. of Lots: 34 residential lots.
Map Recorded: Yes.
District type:
Benefit Assessment Act of 1982; Street & Drainage Assessment District;
Landscape and Lighting Act of 1972; Landscape & Lighting Assessment District.

TM 16587
Location: Northeast corner of Acoma Trail and Zuni Trail.
No. of Lots: 55 Residential lots.
Map Recorded: Yes.
District type:
Benefit Assessment Act of 1982; Street & Drainage Assessment District;
Landscape and Lighting Act of 1972; Landscape & Lighting Assessment District.

TM 17328
Location: Southwest corner of Emerson Avenue and Yucca Trail.
No. of Lots: 17 residential lots.
Map Recorded: Yes.
District type:
Benefit Assessment Act of 1982; Street & Drainage Assessment District;
Landscape and Lighting Act of 1972; Landscape & Lighting Assessment District.

TM 17455
Location: East of Avalon Avenue on the south side of SR62.
No. of Lots: Four (4) commercial parcels.
Map Recorded: Yes.
District Type:
Benefit Assessment Act of 1982; Street & Drainage Assessment District.

DISTRICT/BENEFIT ZONE	Number of Equivalent Dwelling or Benefit Units	Maximum Allowable Rate per Unit	Applied Rate per Unit	Total Applied Levy*
ZONE 1 - TM #16957				
Landscape & Lighting	34	$314.13	$50.91	$1,730.82
Street & Drainage		$1,276.74	$25.34	$861.43
ZONE 2 - TM #16587				
Landscape & Lighting	55	$356.80	$48.73	$2,680.26
Street & Drainage		$713.59	$20.37	$1,120.52
ZONE 3 - TM #17328				
Landscape & Lighting	17	$617.48	$48.98	$832.70

Street & Drainage		$1,080.72	$19.76	$335.86
ZONE 5 - PM #17455				
Street & Drainage	7,184	$3.29	$0.65	$4,635.66
**Slight variance with Assessment Roll due to rounding*				

Alternatives

No alternatives are recommended. The recommended action is necessary for compliance with State law.

Fiscal Impact:

The Assessment Districts provide revenues to offset the maintenance costs of public improvements to serve the development project(s). The Engineering Report(s) set forth the "Maximum Allowable Assessment" for each parcel.

RESOLUTION NO. 2026-____

A RESOLUTION OF THE TOWN COUNCIL OF TOWN OF YUCCA VALLEY, COUNTY OF SAN BERNARDINO, STATE OF CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN LANDSCAPE AND LIGHTING MAINTENANCE DISTRICT NO. 1, BENEFIT ZONES 1-3, FISCAL YEAR 2026-27

WHEREAS, the Landscape and Lighting Act of 1972, California Streets and Highways Code §22500 et seq., and Articles XIIIC and XIIID of the Constitution of the State of California, provide for the levy and collection of assessments to fund improvements in proportion to the estimated benefit received (hereafter "Assessment Law"); and

WHEREAS, the Town Council has declared, by resolution adopted on May 5, 2026, its intention to levy and collect assessments on parcels of land within Landscape and Lighting Maintenance District No. 1, Benefit Zones 1-3 ("District") for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027; and

WHEREAS, the engineer selected by the Town Council has prepared and filed with the Town Clerk, and the Town Clerk has presented to the Town Council, an annual engineer's report in connection with the proposed levy and collection of assessments upon eligible parcels of land within the District ("Engineer's Report"); and

WHEREAS, notice was duly given to the property owners within the District of a public hearing to be held June 2, 2026, and the Town Council held said public hearing regarding the proposed levy, assessment, and the Engineer's Report, and considered all oral and written statements, protests, and communications made or filed by interested parties; and

WHEREAS, the improvements within the District to be maintained and serviced include, but are not limited to, ground cover, shrubs, plants, trees, irrigation systems, landscape lighting, street lighting, graffiti removal, sidewalks, masonry, monuments, and equipment and associated appurtenant facilities, and the costs associated with such maintenance and services include, but are not be limited to, those incurred for operations, administration, and other items necessary for maintaining and servicing the improvements; and

WHEREAS, the Town Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, to pay the costs and expenses of operating, maintaining and servicing improvements within the District.

NOW, THEREFORE BE IT RESOLVED, DETERMINED, AND ORDERED BY THE TOWN COUNCIL, AS FOLLOWS:

Section 1. Recitals

That the recitals set forth above are true and correct.

Section 2. Findings and Determinations

That the Town Council hereby finds and determines that:

A. The land within the District will receive special benefits by the operation, maintenance, and servicing of improvements contained therein which include, but are not limited to, landscaping, lighting, and appurtenant facilities within the boundaries of the District; and

B. The District includes all of the lands receiving such special benefits; and

C. The net amount to be assessed upon the lands within the District is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefit to be received by each parcel from the improvements and services.

Section 3. Acknowledgement that Engineer's Report Filed

That the Town Council hereby acknowledges that the Engineer's Report as presented to the Town Council is on file in the Office of the Town Clerk.

Section 4. District Improvements

That the Town Council hereby orders that the improvements in the District be serviced pursuant to the Assessment Law, which improvements include, but are not limited to, landscaping and appurtenant facilities associated with the streets, trees, sidewalks, landscaped slopes, park facilities, and street lighting systems.

Section 5. Approval of Levy of Assessments

That the Town Council hereby approve and authorize the County Auditor of the County of San Bernardino to enter on the County Assessment Roll opposite each parcel of land within the District the amount of levy so apportioned by the formula and method outlined in the Engineer's Report, and to collect such levies at the same time and in the same manner as the County taxes are collected, pursuant to the Assessment Law.

Section 6. Deposit of Assessment

That all monies representing assessments collected by the County of San Bernardino for the District be deposited in a fund for the District, and such money shall be expended only for the improvements as described in this Resolution.

Section 7. Directions to Town Clerk

That the Town Clerk is hereby authorized and directed to file the levy with the County Auditor upon adoption of this Resolution, pursuant to the Assessment Law, and to file a certified copy of the levy in the Office of the Town Clerk for public inspection.

Section 8. Severability

That the Town Council declares that, should any provision, section, paragraph, sentence or word of this Resolution be rendered or declared invalid by any final court action in a court of competent jurisdiction or by reason of any preemptive legislation, the remaining provisions, sections, paragraphs, sentences or words of this Resolution as hereby adopted shall remain in full force and effect.

Section 9. Effective Date

That this Resolution shall take effect upon its adoption.

Section 10. Certification

That the Town Clerk shall certify as to the adoption of this Resolution and shall cause the same to be processed in the manner required by law.

Section 11. Repeal of Conflicting Resolutions

That the Town Council hereby repeals any prior resolutions which may conflict with this Resolution.

RESOLUTION NO. 2026-____

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF YUCCA VALLEY, COUNTY OF SAN BERNARDINO, STATE OF CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN STREET AND DRAINAGE MAINTENANCE DISTRICT NO. 1, BENEFIT ZONES 1-3 AND 5, FISCAL YEAR 2026-27

WHEREAS, the Benefit Assessment Act of 1982, Title 5 Division 2, of the California Government Code (commencing with Section 54703) (hereafter referred to as the "Act"), and in particular, Sections 54710 and 54710.5 thereof, authorizes local agencies which provide drainage services to impose a benefit assessment pursuant to the Act to finance the maintenance and operation of those services; and

WHEREAS, pursuant to the Act, the Town Council of the Town of Yucca Valley ("Town") formed Street and Drainage Maintenance District No. 1, Benefit Zones 1-3 and 5 (sometimes, the "District"); and

WHEREAS, pursuant to the Act, the Town Council has, by resolution adopted on April 7, 2026, caused to be prepared the Annual Engineer's Report (hereafter referred to as the "Report"), which describes the assessments against parcels of land within the District; and

WHEREAS, the engineer selected by the Town Council, has prepared and filed with the Town Clerk, and the Town Clerk has presented to the Town Council, a Report in connection with the proposed levy and collection upon eligible parcels of land within the District, and the Town Council did by previous Resolution approve such Report; and

WHEREAS, the Town Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027, to pay the costs and expenses of operating, maintaining, and servicing the improvements within the District; and

WHEREAS, the assessment rates within the District are exempt from the assessment balloting procedures set forth in Section 4 of Proposition 218 because the District was formed by consent of the land owners, and the proposed assessments per lot or parcel are not proposed to increase by more than the assessment rates approved by the landowners at the time of annexation into the District; and

WHEREAS, the assessment levies are not based upon the assessed value of the property within the District but are based upon the special benefit received by the parcels within the District from the improvements.

NOW, THEREFORE, BE IT RESOLVED DETERMINED, AND ORDERED BY THE TOWN COUNCIL, AS FOLLOWS:

Section 1. **Recitals**

That all of the above recitals are true and correct.

Section 2. **Public Hearing**

That following notice duly and properly given, the Town Council has held a full and fair public hearing regarding its Resolution approving the Report, as may have been amended, prepared in connection therewith, the levy and collection of assessments, and considered all oral and written statements, protests and communications made or filed by interested persons.

Section 3. Findings

That based upon its review (and amendments, as applicable) of the Report, a copy of which has been presented to the Town Council and which has been filed with the Town Clerk, the Town Council hereby finds and determines that:

A. The land within the District will receive special benefit by the operation, maintenance, and servicing of flood control, graffiti removal, masonry walls, and associated appurtenant facilities within the boundaries of the District.

B. The District includes all of the lands receiving such special benefits.

C. The net amount to be assessed upon the lands within the District is in accordance with the costs for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027 and is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefit to be received by each parcel from the improvements and services.

Section 4. Report Filed with the Town Clerk

That the Report and assessment as presented to the Town Council are on file in the office of the Town Clerk as required by the Act.

Section 5. District Improvements

That the Town Council hereby orders the improvements, as discussed in the Report, to be made, which include maintenance and servicing of flood control facilities, graffiti removal, masonry walls, and associated appurtenant facilities within the boundaries of the District. The maintenance, operation and servicing of the flood control, graffiti removal, masonry walls, and associated appurtenant facilities shall be performed pursuant to the Act.

Section 6. Collection

That the County Auditor of the County of San Bernardino shall enter on the County Assessment Roll opposite each parcel of land the amount of levy, and such levies shall be collected at the same time and in the same manner as the County taxes are collected. After collection by the County, the net amount of the levy shall be paid to the Town Treasurer.

Section 7. Use of Levy Funds

That the Town Treasurer shall deposit all money representing assessments collected by the County of San Bernardino for the District to the credit of a fund for the Street and Drainage Maintenance District No. 1, Benefit Zones 1-3 and 5, and such money shall be expended only for the maintenance, operating and servicing of appurtenant facilities as described in Section 3 hereof.

Section 8. Approval of Assessments; Levy

That the Town Council hereby approves the Report, and adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2026, and ending June 30, 2027.

Section 9. Effective Date

That this Resolution shall take effect immediately upon its adoption.

Section 10. **Filing with County Auditor**

That the Town Clerk is hereby authorized and directed to file the levy with the San Bernardino County Auditor upon adoption of this Resolution.

Section 11. **Severability**

That should any provision, section, paragraph, sentence or word of this Resolution be rendered or declared invalid by any final court action in a court of competent jurisdiction or by reason of any preemptive legislation, the remaining provisions, sections, paragraphs, sentences or words of this resolution as hereby adopted shall remain in full force and effect.

Section 12. **Repeal of Conflicting Resolutions**

That the Town Council hereby repeals any prior resolutions which may conflict with this Resolution.

Section 13. **Certification**

That the Town Clerk shall certify as to the adoption of this Resolution and shall cause the same to be processed in the manner required by law. A certified copy of the levy shall be filed in the office of the Town Clerk and open for public inspection.

Report Pursuant to "Landscaping and Lighting Act of 1972"

Pursuant to direction from the Town Council (the "Town Council") of the Town of Yucca Valley (the "Town"), State of California, submitted herewith is the Engineer's Report for Landscaping and Lighting Maintenance District No. 1 (the "Report"), consisting of the following parts, pursuant to the provisions of Division 15, Part 2 of the Streets and Highways Code of the State of California, being the "Landscape and Lighting Act of 1972" (the "Act"), as amended, commencing with Section 22500, and which is in accordance with Resolution No. 26-07 adopted by the Town of Yucca Valley Town Council, San Bernardino County, California ordering the preparation of the Report for Landscaping and Lighting Maintenance District No. 1 ("LMD No. 1"). This Report is applicable for the ensuing 12-month period, being the Fiscal Year commencing July 1, 2026, to June 30, 2027.

SECTION 1 **PLANS AND SPECIFICATION** of the improvements to be maintained and-or improved for the Fiscal Year. The plans and specifications show and describe the existing improvements and are sufficient in showing and describing the general nature, location, and extent of the improvements.

SECTION 2 A **COST ESTIMATE** of the improvements to be maintained and/or improved for the mentioned Fiscal Year.

SECTION 3 The **METHOD OF APPORTIONMENT** showing the proportionate amount of the assessment to be charged in proportion to the benefits to be received by each lot or parcel within the exterior boundaries as shown in Appendix B.

SECTION 4 The **PROPOSED ASSESSMENTS** for each Benefit Zone within LMD No. 1.

i. Engineer's Statement

I, Matthew E. Webb, a Professional Civil Engineer (employed at Albert A. Webb Associates and retained through an agreement between Webb Municipal Finance, LLC and my employer), acting on behalf of the Town of Yucca Valley, pursuant to the Act, do hereby assess and apportion the total amount of the costs and expenses upon the parcels of land within Landscape and Lighting Maintenance District No. 1 liable therefore and benefited thereby, in proportion to the estimated benefits that each parcel receives, respectively, from said maintenance, works of improvement, and appurtenances.

TOWN OF YUCCA VALLEY
STATE OF CALIFORNIA

WHEREAS, on May 5, 2026, the Town Council, under the Act, adopted its Resolution of Intention for the Annual Levy of Assessments and Ordering the Preparation of an Engineer's Report for LMD No. 1;

Whereas, the Resolution of Intention directed Webb Municipal Finance, LLC to prepare and file a report presenting plans and specifications describing the general nature, location, and extent of the improvements to be maintained, an estimate of the costs of the maintenance, operations, and servicing of the improvements for LMD No. 1 for the referenced Fiscal Year, a diagram for LMD No. 1 showing the area and properties to be assessed, and an assessment of the estimated costs of the maintenance, operations, and servicing the improvements, assessing the net amount upon all assessable lots and-or parcels within LMD No. 1 in proportion to the special benefit received;

NOW THEREFORE, the following assessment is made to cover the portion of the estimated cost of maintenance, operation, and servicing of said improvements to be paid by the assessable real property within LMD No. 1 in proportion to the special benefit received:

Table i-1
Summary of Assessments

Benefit Zone	Maintenance Costs	Total Assessment*	Assessable Parcels
Zone 1 - Tract 16957	$1,730.82	$1,730.60	34
Zone 2 - Tract 16587	$2,680.26	$2,680.15	55
Zone 3 - Tract 17328	$832.70	$832.66	17

*Variance due to rounding

Introduction

To ensure a flow of funds for the maintenance, repair, and servicing of specified improvements within Tract 16957; the Town Council adopted Resolution No. 05-60 on October 27, 2005, to establish the District in accordance with the provisions of Part 2 of Division 15 of the California Streets and Highways Code, Sections 22500 through 22679, and the provisions of Article XIIID of the State Constitution (Proposition 218).

The additional Zones were annexed to the District as part of the conditions of property development within each zone and approved by the original property owner(s). The proposed assessments are based upon the costs of maintenance, repair and servicing of the improvements that provide special benefit to properties within the District. The annual levies include all proposed expenditures, fund balances, revenues, and reserves, and are set aside in a Special Fund by the Town. The assessment to be levied upon the parcels within each Benefit Zone are proportionate to the special benefit they receive as set forth in the method of apportionment established at the time the Benefit Zone was formed.

Payment of the assessment for each parcel will be made in the same manner and at the same time as payments are made for property taxes. All funds collected through the assessment must be placed in a special fund and can only be used for the purposes stated within this report.

As required by the Landscaping and Lighting Act of 1972, this Engineer's Report describes the improvements to be maintained by the District, provides an estimated budget for the District, sets the Maximum Allowable Assessment which may be levied upon each parcel and lists the proposed assessments to be levied upon each assessable lot or parcel within the District for Fiscal Year 2026-27.

The Town will hold a Public Hearing on May 19, 2026, to provide an opportunity for any interested person to be heard. Following consideration of public comments and review of this report, the Town Council may order amendments to the Report or confirm the report as submitted. Following final approval of the report and confirmation of the assessments, the Town Council may order the levy and collection of the assessment for Fiscal Year 2026-27. Upon approval, the assessments will be submitted to the San Bernardino County Auditor-Controller's Office to be included on the Fiscal Year 2026-27 tax roll.

Description of Improvements and Services

The facilities, which will be constructed, maintained, repaired, and serviced in each Benefit Zone within Landscaping and Lighting Maintenance District No. 1 and which provide special benefits to parcels and properties within each Benefit Zone, may include the following:

- Regular maintenance, repair, and replacement of all facilities within the public rights-of-ways or easements which shall include, but not be limited to, the landscaping, irrigation system, signage, perimeter wall, retaining walls, pedestrian path, and erosion control plantings within or adjacent to the detention basins and drainage swale.
- Operation, maintenance, repairs, replacement of and power for the street lighting.
- Regular maintenance, repair and replacement of the landscape parkway strip and street trees.
- Regular maintenance, repair, and replacement of landscaping within public rights-of-ways or easements, and perimeter walls, including graffiti removal.
- Regular maintenance, repair, and replacement of pedestrian pathways, within the public rights-of-ways or easements.
- Administrative services to operate the District.

Services include, but are not limited to: personnel; electrical energy; utilities such as water; materials; contractual services; grading; clearing; removal of debris; installation or construction of curbs, gutters, walls, sidewalks, paving, irrigation, drainage, hardscapes, trees, furnishings such as pots, bollards, tree grates, and appurtenant

facilities as required to provide an aesthetically pleasing environment throughout the District; and other items necessary for the maintenance or servicing or both including the facilities described below.

Maintenance means the furnishing of services and materials for the ordinary and usual operations, maintenance and servicing of the landscaping, public park facilities and appurtenant facilities, including repair, removal or replacement of all or part of any of the landscaping, public park or appurtenant facilities; providing for the life, growth, health and beauty of the landscaping, including cultivation, irrigation, trimming, spraying, fertilizing and treating for disease or injury; and the removal of trimmings, rubbish, debris and other solid waste. Servicing means the furnishing of water for the irrigation of the landscaping, and recreational facilities or appurtenant facilities.

Plans and specifications for the improvements within each Benefit Zone shall be as approved by the Town of Yucca Valley and upon approval shall be placed on file in the Office of the Town Engineer, Community Development/Public Works Department, Town of Yucca Valley. Town staff will determine the frequency and specific maintenance activities required to maintain these improvements.

Assessment Diagrams

The boundaries of each Benefit Zone within Landscape and Lighting Maintenance District No. 1 are on file in the Office of the Town Clerk and are incorporated in this Report by reference.

A detailed description of the lines and dimensions of each lot or parcel within the assessment District are those lines and dimensions shown on the maps of the Assessor of the County of San Bernardino for Fiscal Year 2026-27.

Cost Estimate

The 1972 Act provides that the total cost of installation, construction, operation, maintenance, and servicing of landscaping and appurtenant facilities can be recovered by the District. Maintenance can include the repair and replacement of existing facilities. Servicing can include electrical and associated costs from a public utility. Incidental expenses, including administration of the District, engineering fees, legal fees, printing, posting, and mailing of notices, and all other costs associated with the annual collection process can also be included.

The projected costs for the maintenance, repair, and servicing of the improvements within each Benefit Zone including contributions to reserves for Fiscal Year 2026-27 are summarized on the following tables.

Table 2-1
Benefit Zones 1 Budget

Direct Costs	FY 2025-26	FY 2026-27
Electricity for Street Lights	$0.00	$0.00
Acoma Trail Parkway Maintenance	$0.00	$0.00
Yucca Trail Parkway Maintenance	$0.00	$0.00
Irrigation Water	$0.00	$0.00
Landscape Maintenance	$0.00	$0.00
Retention Basin Landscape & Irrigation	$0.00	$0.00
Capital Replacement Reserve Collection	$0.00	$0.00
Total Direct Costs	**$0.00**	**$0.00**
Indirect Costs		
Town Personnel/Overhead	$231.95	$243.00
Administrative Consultant	$1,444.48	$1,487.82
County Administration Fees	$0.00	$0.00
Operating Reserve Collection	$0.00	$0.00
Total Indirect Costs	**$1,676.43**	**$1,730.82**
Total Direct & Indirect Costs	**$1,676.43**	**$1,730.82**
Adjustments		
Operating Reserve Contribution	$0.00	$0.00
Capital Replacement Contribution	$0.00	$0.00
Total Adjustments	**$0.00**	**$0.00**
Total Assessment [1]	**$1,676.43**	**$1,730.82**
Individual Assessment		
Total EDU's	34	34
Maximum Allowable Levy per EDU	$304.26	$314.13
Proposed Levy per EDU	**$49.31**	**$50.91**
Reserve Fund Balances		
Beginning Operating Reserve	$0.00	$0.00
Operating Reserve Collection/Contribution	$0.00	$0.00
Est. Ending Operating Reserve [2]	**$0.00**	**$0.00**
Beginning Capital Replacement Reserve	$30,387.57	$30,730.99
Capital Reserve Collection/Contribution	$0.00	$0.00
Est. Ending Capital Replacement Reserve [3]	**$30,387.57**	**$30,730.99**

[1] Slight variance due to rounding.

[2] The Operating Reserve Fund may equal up to 50% of the estimated annual cost of providing services funded by the District and shall be used to pay the cost of services until the District receives funds from the assessment levy.

[3] The Capital Replacement Reserve fund will be used for capital improvement projects including the cost to replace and/or renovate larger, more expensive improvements within the benefit zone. These improvements have finite life expectancies and will need to be replaced at some point in the future. On an annual basis, any non-expended assessment monies, in excess of the Operating Reserve Contribution, will be transferred to the Capital Replacement Reserve fund until such time as there are sufficient monies to pay for these and/or other unforeseen improvement costs.

Capital Reserve Collection/Contribution	$0.00	$0.00
Est. Ending Capital Replacement Reserve [3]	**$10,506.73**	**$9,969.30**

[1] Slight variance due to rounding.

[2] The Operating Reserve Fund may equal up to 50% of the estimated annual cost of providing services funded by the District and shall be used to pay the cost of services until the District receives funds from the assessment levy.

[3] The Capital Replacement Reserve fund will be used for capital improvement projects including the cost to replace and/or renovate larger, more expensive improvements within the benefit zone. These improvements have finite life expectancies and will need to be replaced at some point in the future. On an annual basis, any non-expended assessment monies, in excess of the Operating Reserve Contribution, will be transferred to the Capital Replacement Reserve fund until such time as there are sufficient monies to pay for these and/or other unforeseen improvement costs.

Since the construction of the improvements in Benefit Zones 1 and 3 have not been completed, a reduced assessment is proposed to be levied for Fiscal Year 2026-27. However, as established at the time of District Formation, the Maximum Allowable Annual Assessment per EDU which may be levied in future years will be increased by the Consumer Price Index for all Urban Consumers for the Los Angeles Area (December – December) to provide sufficient revenues for the maintenance of the improvements in future years. In January 2018, the United States Department of Bureau of Labor Statistics, discontinued the Los Angeles - Riverside - Orange County Consumer Price Index and created a new Riverside - San Bernardino – Ontario Consumer Price Index. This new index is what was used to adjust the Maximum Assessments for Fiscal Year 2026-27. The Maximum Allowable Annual Assessment per EDU for Fiscal Year 2026-27 shall be as shown below:

Table 2-4
Maximum Assessments

Fiscal Year	CPI Increase	Zone 1-Tract 16957 Maximum Assessment	Zone 2-Tract 16587 Maximum Assessment	Zone 3-Tract 17328 Maximum Assessment
2005-06	Not Applicable	$171.000	Not Applicable	Not Applicable
2006-07	4.46%	$178.621	Not Applicable	Not Applicable
2007-08	3.29%	$184.491	$209.550	$362.650
2008-09	4.17%	$192.176	$218.279	$377.757
2009-10	0.11%	$192.393	$218.525	$378.182
2010-11	1.83%	$195.917	$222.528	$385.110
2011-12	1.34%	$198.541	$225.509	$390.269

*All prior years are based on December to December Los Angeles-Riverside-Orange County CPI, Fiscal Year 2019-20 and on are based on the January to January Riverside-San Bernardino-Ontario CPI

The Town shall have no obligation to commit funds in excess of the assessment revenues collected for the maintenance of the improvements and the level of maintenance provided shall be adjusted to match the funds available.

The funds in the Capital Replacement Reserve will be used for the replacement or rehabilitation of landscaping, irrigation systems, signage, perimeter walls, retaining walls, streetlights, pathways, or other improvements

maintained by the District. The funds will be set aside annually and shall only be used for the replacement or rehabilitation of the improvements unless the Town determines that there is a surplus based upon expected future replacement costs.

The 1972 Act requires that a special fund be set up for the revenues and expenditures of the District. Funds raised by the assessments shall be used only for the purpose as stated herein. Any balance remaining on July 1 must be carried over to the next fiscal year unless the funds are being accumulated for future capital improvements and operating reserves. The District may accumulate an operating reserve which shall not exceed approximately fifty percent (50%) of the annual estimated costs of maintenance and servicing.

Proposition 218 Compliance

On November 5, 1996, California voters approved Proposition 218, entitled "Right to Vote on Taxes Act," which added Article XIIID to the California Constitution. While its title refers only to taxes, Proposition 218 establishes new procedural requirements for the formation and administration of assessment districts. Proposition 218 also requires that with certain specified exceptions, which are described below, all existing assessment districts must be ratified by the property owners within the District using the new procedures.

Some of these exceptions include:

1. Any assessments imposed exclusively to finance the capital cost or maintenance and operation expenses for streets.
2. Any assessments levied pursuant to a petition signed by the persons owning all of the parcels subject to the assessment at the time the assessment was initially imposed.

However, even if assessments are initially exempt from Proposition 218, if the assessments are increased in the future, the Town will need to comply with the provisions of Proposition 218 for that portion of the increased assessment formula (e.g., CPI increase).

Proposition 218 does not define the term "streets," however, based on the opinions of the public agency officials, attorneys, assessment engineers, and Senate Bill 919, it has been determined that streets include all public improvements located within the street rights-of-way. This would include median and parkway landscaping, traffic signals, safety lighting, and street lighting.

Proposition 218 defines "assessment" as "any levy or charge upon real property by an agency for a special benefit conferred upon the real property." Cal. Const., art. XIIID, §2(b). A special assessment, sometimes called a "benefit assessment," is a charge generally levied upon parcels of real property to pay for benefits the parcels receive from local improvements. Special assessments are levied according to statutory authority granted by the Legislature or, in some instances, local charters. Distinguishing among taxes, fees, and assessments can be difficult and often depends on the context in which the distinction is made. For example, taxes, assessments, and property-related fees all may be imposed on property. The key feature that distinguishes an assessment from a tax, fee, or charge is the existence of a special benefit to real property. Without identifying a special benefit, there can be no assessment.

Distinguishing General and Special Benefit

Proposition 218 added a set of procedures and requirements, which a local government must follow to levy an assessment. In addition to notice, hearing, and assessment ballot proceedings, Proposition 218 provides that "only special benefits are assessable" and requires a local government to "separate the general benefits from the special benefits conferred on a parcel."

By its nature, most public improvements financed through an assessment district contain an element of public benefit. The test is: does there exist, with relation to the improvement, a special benefit to the property assessed? The law requires that portion of the cost of the improvement, which benefits the public generally to be separated from that portion of the cost of the improvement, which specially benefits assessed properties. Proposition 218 provides the following definition of "special benefit":

> "Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit".

The actual assessment and the amount of the assessment for the Fiscal Year 2026-27 apportioned to each parcel as shown on the latest equalized roll at the County Assessor's office are listed in Appendix A of this Report. The description of each lot or parcel is part of the records of the County Assessor of the County of Riverside and such records are, by reference, made part of this Report.

Method of Apportionment

Part 2 of Division 15 of the Streets and Highways Code, the Landscaping and Lighting Act of 1972, permits the establishment of assessment districts by Agencies for the purpose of providing certain public improvements which include the operation, maintenance and servicing of landscaping and street lighting improvements for the purpose of:

- improving the livability, appearance, and economic conditions within the boundaries of the District, and
- ensuring that improvements do not reach a state of deterioration or disrepair so as to cause the depreciation of surrounding property or be materially detrimental to nearby properties and improvements; and
- protecting the health, safety and general welfare of occupants and visitors to properties.

Section 22573 of the Landscape and Lighting Act of 1972 requires that maintenance assessments must be levied according to benefit rather than according to assessed value. This Section states:

> "The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefit to be received by each such lot or parcel from the improvements.
>
> The determination of whether or not a lot or parcel will benefit from the improvements shall be made pursuant to the Improvement Act of 1911 (Division 7 (commencing with Section 5000) [of the Streets and Highways Code, State of California]."

In addition, Article XIIID, Section 4(a) of the California Constitution limits the amount of any assessment to the proportional special benefit conferred on the property.

Because assessments are levied on the basis of benefit, they are considered a user's fee, not a tax, and, therefore, are not governed by Article IIIA of the California Constitution.

The 1972 Act permits the designation of zones of benefit within any individual assessment district if "by reasons or variations in the nature, location, and extent of the improvements, the various areas will receive different degrees of benefit from the improvement" (Sec. 22547).

Thus, the 1972 Act requires the levy of a true "assessment" rather than a "special tax." Article XIIID provides that publicly owned properties must be assessed unless there is clear and convincing evidence that those properties receive no special benefit from the assessment. Exempted from the assessment would be the areas of public streets, public avenues, public lanes, public roads, public drives, public courts, public alleys, public easements, and rights-of-ways, public greenbelts, and public parkways.

As adopted at the time of formation of Landscape and Lighting Maintenance District No. 1 and confirmed by the Town Council following the public hearing, the following benefits were determined to accrue to parcels within the District:

Landscaping Benefit Determination

Trees, landscaping, irrigation system, hardscaping, and appurtenant facilities, if well maintained, provide beautification, shade, and enhance the desirability of the surroundings, and therefore increase property values of the parcels within each Benefit Zone.

Street Lighting Benefit Determination

The proper functioning of street lighting is imperative for the welfare and safety of the property owners within the District. Proper operation, maintenance, and servicing of a street lighting system benefits properties with each

Benefit Zone by providing increased illumination for ingress and egress, safety traveling at night, improved security, protection of property and the reduction of traffic accidents.

Parcel Classifications

Single Family Residential - The single-family residential parcel classification will be per the Town of Yucca Valley land use designation and will be assessed on a per parcel basis. Each single-family residential parcel will be assigned 1 Equivalent Dwelling Unit (EDU).

Exempt - Exempted from the assessment would be the areas of all public streets, public avenues, public lanes, public roads, public drives, public courts, public alleys, all easements and rights-of-ways, all public parks, greenbelts and parkways and all other public property designated open space.

Other parcel classifications will be included as necessary to accommodate future annexations.

Zone Classifications

Benefit Zones No. 1 through 3 have been established to provide a funding source for the operation, maintenance and servicing of landscaping and lighting improvements within the boundaries of each benefit zone. Future benefit zones will be established as development occurs and improvements are constructed in those benefit zones which provide a specific and special benefit to the parcels within each benefit zone.

Benefit Spread Methodology

The total operation, maintenance and servicing cost for the landscaping, street lighting, and open space improvements within each Benefit Zone are apportioned in accordance with a methodology that is consistent with standard assessment engineering practices.

Since the assessments are levied on the owners of properties as shown on the secured property tax rolls, the final charges must be assigned by Assessor's Parcel Number. If assessments were to be spread by parcel, not considering land use, this would not be equitable, because a single-family parcel would be paying the same as a 50-unit apartment parcel or a large commercial establishment. Therefore, as previously stated, the total assessment costs are spread to each parcel of land based on the benefit received by each particular parcel.

Benefit Zones No. 1-3

The costs for the operation, maintenance and servicing of the improvements are apportioned in accordance with the methodology as established by the Town Council upon formation of the District and the establishment of each benefit zone. It was determined at that time that the most equitable method for spreading the estimated benefit received by each parcel should be based on the Equivalent Dwelling Unit (EDU) method. Each residential parcel will be assessed on the basis of one EDU per parcel. The formula for each of the Benefit Zones 1-3 is as follows:

Assessable budget ÷ total EDUs = rate per EDU

Table 3-1
Proposed Assessment

Benefit Zone	Land Use	Parcels	Dwelling Units	EDU Factor	Total EDUs	FY 2026-27 Rate/EDU	Total Assessment
1	Residential	34	34	1.00/DU	34	$50.91	$1,730.82
2	Residential	55	55	1.00/DU	55	$48.73	$2,680.26
3	Residential	17	17	1.00/DU	17	$48.98	$832.70

4. Assessment Roll

A list of names and addresses of the owners of all parcels within the Town of Yucca Valley's Landscape and Lighting Maintenance District No. 1 is shown on the last equalized Property Tax Roll of the Assessor of the County of San Bernardino, which is hereby made a part of this report. This list is keyed to the Assessor's Parcel Numbers as shown on the Assessment Roll on file in the Office of the Town Clerk

The proposed assessments and the amount of assessments for Fiscal Year 2026-27 apportioned to each lot or parcel, as shown on the latest roll at the Assessor's Office, are on file in the Office of the Town Clerk. The description of each lot or parcel is part of the records of the Assessor of the County of San Bernardino and these records are, by reference, made part of this Report.

The Assessment Roll for Fiscal Year 2026-27 is included in Appendix A of this Report and is on file in the Office of the Town Clerk.

Report Pursuant to "Benefit Assessment Act of 1982"

Pursuant to direction from the Town Council (the "Town Council") of the Town of Yucca Valley (the "Town"), State of California, submitted herewith is the Engineer's Report (the "Report") for Street and Drainage Maintenance District No. 1 ("DAD No. 1"), consisting of the following parts, pursuant to the provisions of Division 2, Part 1, Chapter 6.4 of the California Government Code of the State of California, being the "Benefit Assessment Act of 1982," and which is in accordance with Resolution No. 26-07 adopted by the Town of Yucca Valley Town Council, San Bernardino County, California ordering the preparation of the Report for Street and Drainage Maintenance District No. 1 ("SDMD No. 1" or the "District"). This Report is applicable for the ensuing 12-month period, being the Fiscal Year commencing July 1, 2026, to June 30, 2027.

SECTION 1 **PLANS AND SPECIFICATION** of the improvements to be maintained and-or improved for the Fiscal Year. The plans and specifications show and describe the existing improvements and are sufficient in showing and describing the general nature, location, and extent of the improvements.

SECTION 2 A **COST ESTIMATE** of the improvements to be maintained and-or improved for the mentioned Fiscal Year.

SECTION 3 The **METHOD OF APPORTIONMENT** showing the proportionate amount of the assessment to be charged in proportion to the benefits to be received by each lot or parcel within the exterior boundaries as shown in Appendix B.

SECTION 4 The **PROPOSED ASSESSMENTS** for each Benefit Zone within SDMD No. 1.

i. Engineer's Statement

I, Matthew E. Webb, a Professional Civil Engineer (employed at Albert A. Webb Associates and retained through an agreement between Webb Municipal Finance, LLC and my employer), acting on behalf of the Town of Yucca Valley, pursuant to the Act do hereby assess and apportion the total amount of the costs and expenses upon the parcels of land within Street and Drainage Assessment District No. 1 liable therefore and benefited thereby, in proportion to the estimated benefits that each parcel receives, respectively, from said maintenance, works of improvement, and appurtenances.

Executed this _____ day of _____ 2026.

_____

TOWN CLERK
TOWN OF YUCCA VALLEY
STATE OF CALIFORNIA

WHEREAS, on May 5, 2026, the Town Council, under the Benefit Assessment Act of 1982 (the "Act"), adopted its Resolution of Intention for the Annual Levy of Assessments and the Preparation of an Engineer's Report for SDMD No. 1;

Whereas, the Resolution of Intention directed Webb Municipal Finance, LLC to prepare and file a report presenting plans and specifications describing the general nature, location, and extent of the improvements to be maintained, an estimate of the costs of the maintenance, operations, and servicing of the improvements for SDMD No. 1 for the referenced Fiscal Year, a diagram for SDMD No. 1 showing the area and properties to be assessed, and an assessment of the estimated costs of the maintenance, operations, and servicing the improvements, assessing the net amount upon all assessable lots and-or parcels within SDMD No. 1 in proportion to the special benefit received;

NOW THEREFORE, the following assessment is made to cover the portion of the estimated costs of maintenance, operations, and servicing of said improvements to be paid by the assessable real property within SDMD No. 1 in proportion to the special benefit received:

Table i-1
Summary of Assessments

Benefit Zone	Total Costs*	Total Assessment*	Assessable Parcels
Zone 1 - Tract 16957	$861.43	$861.22	34
Zone 2 - Tract 16587	$1,120.52	$1,120.35	55
Zone 3 - Tract 17328	$335.86	$335.75	17
Zone 5 - PM 17455	$4,635.66	$4,633.68	5

* Variance due to rounding

Introduction

To ensure a flow of funds for the operation, maintenance, and servicing of specified improvements within new development, the Town Council adopted Resolution No. 05-61 on October 27, 2005 to establish the Town of Yucca Valley Street and Drainage Maintenance District No. 1 in accordance with the provisions of the Government Code and the provisions of Article XIIID of the State Constitution (Proposition 218) and the Benefit Act of 1982 of the Government Code.

Since the formation of the SDMD No. 1, additional benefit zones have been established as part of the conditions of property development and approved by the original property owner(s) and the proposed assessments are based upon the costs of maintenance, repair and servicing of the improvements that provide special benefit to properties within each benefit zone in the District. The annual levy includes all proposed expenditures, fund balances, revenues, and reserves; and is set aside in a Special Fund by the Town. The assessment to be levied within each benefit zone upon the parcels within it are proportionate to the special benefit they receive as set forth in the method of apportionment established at the time the time each benefit was established.

Payment of the assessment for each parcel will be made in the same manner and at the same time as payments are made for property taxes. All funds collected through the assessment must be placed in a special fund and can only be used for the purposes stated within this report.

As required by the Benefit Assessment Act of 1982, the Engineer's Report prepared for the formation of the District described the improvements to be maintained and serviced by the District which included:

1. Maintenance and operation of streets, roads and highways including but not limited to pavement rehabilitation, restriping, slurry sealing, signing, street sweeping, traffic control devices and other repairs needed to keep the streets in a safe condition and to preserve the street network;
2. Maintenance and operation of drainage and flood control facilities, including but not limited to floodways, channels, percolation pond, storm drain systems including pipes and catch basins and appurtenant facilities.

This annual update provides an estimated budget for each benefit zone within the District for Fiscal Year 2026-27 and lists the proposed assessments to be levied upon each assessable lot or parcel within the District.

The Town Council may order amendments to the budget as presented herein or confirm the report as submitted. Following final approval of the report and confirmation of the assessments, the Town Council may order the levy and collection of the assessment for Fiscal Year 2026-27. Upon approval, the assessments will be submitted to the San Bernardino County Auditor-Controller's Office to be included on the Fiscal Year 2026-27 tax roll.

Description of Improvements and Services

The facilities, which are to be constructed within the SDMD No. 1, and those which may be subsequently constructed, will be operated, maintained, and serviced as generally described as follows:

ZONE 1 (TRACT 16957), improvements within this zone consist of streets, roads, and highways, public alleyways, and the storm drain system within Tract No. 16957. The District may maintain and operate these improvements including but not limited to pavement repair and rehabilitation, restriping, slurry sealing, street sweeping, signing, concrete repair, maintenance of storm drainpipes, catch basins and percolation ponds within the subdivision, personnel, electrical energy, utilities such as water, materials, contractual services and other items necessary for the satisfactory operation of the improvements which shall also include; vandalism abatement.

ZONE 2 (TRACT 16857), improvements within this zone consist of streets, roads, and highways, public alleyways, and the storm drain system within Tract No. 16587. The District may maintain and operate these improvements including but not limited to pavement repair and rehabilitation, restriping, slurry sealing, street sweeping, signing, concrete repair, maintenance of storm drainpipes, catch basins and percolation ponds within the subdivision,

personnel, electrical energy, utilities such as water, materials, contractual services and other items necessary for the satisfactory operation of the improvements which shall also include; vandalism abatement.

ZONE 3 (TRACT 17328), improvements within this zone consist of streets, roads, and highways, public alleyways, and the storm drain system within Tract No. 17328. The District may maintain and operate these improvements including but not limited to pavement repair and rehabilitation, restriping, slurry sealing, street sweeping, signing, concrete repair, maintenance of storm drainpipes, catch basins and percolation ponds within the subdivision, personnel, electrical energy, utilities such as water, materials, contractual services and other items necessary for the satisfactory operation of the improvements which shall also include; vandalism abatement.

ZONE 5 (PM 17455), Improvements within this zone consist of streets, roads, and highways, public alleyways, and the storm drain system. The District may maintain and operate these improvements including but not limited to pavement repair and rehabilitation, restriping, slurry sealing, street sweeping, signing, concrete repair, maintenance of storm drainpipes, catch basins and percolation ponds within the subdivision, personnel, electrical energy, utilities such as water, materials, contractual services and other items necessary for the satisfactory operation of the improvements which shall also include; vandalism abatement.

The plans and specifications for the improvements within each benefit zone are on file in the Office of the Town Engineer, Community Development/Public Works Department of the Town of Yucca Valley.

Cost Estimate

The 1982 Act provides that the total cost of maintenance and operation of the streets and drainage facilities can be recovered by the District including administration of the District, engineering fees, legal fees, printing, posting, and mailing of notices, and all other costs associated with the annual levy and collection of assessments can also be included.

The following operation, maintenance, and servicing costs for Fiscal Year 2026-27 are proposed to be included in the Street and Drainage Maintenance District No.1, including contributions to reserves. Zone 4 was dissolved for FY 2016-17 since the time to record the Tentative Tract Map including required extensions expired on March 7, 2016.

The 1982 Act requires that a special fund be set up for the revenues and expenditures of the District. Funds raised by the assessments shall be used only for the purpose as stated herein. Any balance remaining on July 1 must be carried over to the next fiscal year.

Capital Reserve Collection/Contribution	$0.00	$0.00
Est. Ending Capital Replacement Reserve (2)	**$15,223.17**	**$15,044.93**

(1) The Operating Reserve Fund may equal up to 50% of the estimated annual cost of providing services funded by the District and shall be used to pay the cost of services until the District receives funds from the assessment levy.

(2) The Capital Replacement Reserve fund will be used for capital improvement projects including the cost to replace and/or renovate larger, more expensive improvements within the benefit zone. These improvements have finite life expectancies and will need to be replaced at some point in the future. On an annual basis, any non-expended assessment monies, in excess of the Operating Reserve Contribution, will be transferred to the Capital Replacement Reserve fund until such time as there are sufficient monies to pay for these and/or other unforeseen improvement costs.

(1) The Operating Reserve Fund may equal up to 50% of the estimated annual cost of providing services funded by the District and shall be used to pay the cost of services until the District receives funds from the assessment levy.

(2) The Capital Replacement Reserve fund will be used for capital improvement projects including the cost to replace and/or renovate larger, more expensive improvements within the benefit zone. These improvements have finite life expectancies and will need to be replaced at some point in the future. On an annual basis, any non-expended assessment monies, in excess of the Operating Reserve Contribution, will be transferred to the Capital Replacement Reserve fund until such time as there are sufficient monies to pay for these and/or other unforeseen improvement costs.

As shown in the budget, Zone 2 and Zone 5 are collecting Capital Replacement Reserves, and will continue to do so over a five-year period, in order to fund the slurry seal of the following roads:

ZONE 2 (TRACT 16857):

Acoma Trail: Zuni Trail to Navajo Trail
Mountain View Trail: Acoma Trail to Cul-de-Sac
Borrego Trail: Mountain View to Nez Perce Trail
Nez Perce Trail: End to Church Street
Cibola Trail: Zuni Trail to Mountain View Trail
Borrego Court: Zuni Trail to Cul-de-Sac
Zuni Trail: Church Street to Cul-de-sac
Church Street: Zuni Trail to Navajo Trail

ZONE 5 (PM 17455)

Palisade Drive

Since the construction of the improvements in several of the benefit zones has not been completed, a reduced assessment is proposed to be levied in several of the benefit zones for Fiscal Year 2026-27. However, the Maximum Annual Assessment per EDU will be increased as established at the time of formation by the change in the Consumer Price Index for all Urban Consumers for the Los Angeles Area (December – December) to provide sufficient revenues for the maintenance of the improvements in future years. In January 2018, the United States Department of Labor, Bureau of Labor Statistics, discontinued the Los Angeles - Riverside - Orange County Consumer Price Index and created a new Riverside - San Bernardino – Ontario Consumer Price Index. This new index is what was used to adjust the Maximum Assessments for Fiscal Year 2026-27. The Maximum Allowable Assessment per EDU by Benefit Zone for Fiscal Year 2026-27 shall be as shown below:

Table 2-5
Maximum Assessments

Fiscal Year	CPI Increase	Zone 1-Tract 16957 Maximum Assessment	Zone 2-Tract 16587 Maximum Assessment	Zone 3-PM 17328 Maximum Assessment	Zone 5-Tract 17455 Maximum Assessment

*All prior years are based on December to December Los Angeles-Riverside-Orange County CPI, Fiscal Year 2019-20 and beyond are based on the January to January Riverside-San Bernardino-Ontario CPI.

The Town shall have no obligation to commit funds in excess of the assessment revenues collected for the maintenance of the improvements within each benefit zone and the level of maintenance provided shall be adjusted to match the funds available. In addition, funds collected may be used to reimburse the Town for any funds advanced, including funds advanced for district administration.

The funds in the Capital Replacement Reserve for each Benefit Zone will be set aside annually and shall only be used for the replacement or rehabilitation of the improvements within that Benefit Zone unless the Town determines that there is a surplus based upon expected future replacement costs. If it is determined that a surplus exists, the excess funds may be used for annual operations or assessments may be reduced.

Funds raised by the assessments shall be used only for the purpose as stated herein. Any balance remaining on July 1 must be carried over to the next fiscal year unless the funds are being accumulated for future capital improvements and operating reserves. The District may accumulate an operating reserve which shall not exceed approximately fifty percent (50%) of the annual estimated costs of maintenance and servicing.

2. Cost Estimate

The 1982 Act requires that a special fund be set up for the revenues and expenditures of the District. Funds raised by the assessments shall be used only for the purpose as stated herein. Any balance remaining on July 1 must be carried over to the next fiscal year.

Proposition 218 Compliance

On November 5, 1996, California voters approved Proposition 218, entitled "Right to Vote on Taxes Act," which added Article XIIID to the California Constitution. While its title refers only to taxes, Proposition 218 establishes new procedural requirements for the formation and administration of assessment districts. Proposition 218 also requires that with certain specified exceptions, which are described below, all existing assessment districts must be ratified by the property owners within the District using the new procedures.

Some of these exceptions include:

1. Any assessments imposed exclusively to finance the capital cost or maintenance and operation expenses for streets.
2. Any assessments levied pursuant to a petition signed by the persons owning all of the parcels subject to the assessment at the time the assessment was initially imposed

However, even if assessments are initially exempt from Proposition 218, if the assessments are increased in the future, the Town will need to comply with the provisions of Proposition 218 for that portion of the increased assessment formula (e.g., CPI increase).

Proposition 218 does not define the term "streets," however, based on the opinions of the public agency officials, attorneys, assessment engineers, and Senate Bill 919, it has been determined that streets include all public improvements located within the street rights-of-way. This would include median and parkway landscaping, traffic signals, safety lighting, and street lighting.

Proposition 218 defines "assessment" as "any levy or charge upon real property by an agency for a special benefit conferred upon the real property", California Constitution, Article XIII D, §2(b). A special assessment, sometimes called a "benefit assessment," is a charge generally levied upon parcels of real property to pay for benefits the parcels receive from local improvements. Special assessments are levied according to statutory authority granted by the Legislature or, in some instances, local charters. Distinguishing among taxes, fees, and assessments can be difficult and often depends on the context in which the distinction is made. For example, taxes, assessments, and property-related fees all may be imposed on property. The key feature that distinguishes an assessment from a tax, fee, or charge is the existence of a special benefit to real property. Without identifying a special benefit, there can be no assessment.

Distinguishing General and Special Benefit

Proposition 218 added a set of procedures and requirements, which a local government must follow to levy an assessment. In addition to notice, hearing, and assessment ballot proceedings, Proposition 218 provides that "only special benefits are assessable" and requires a local government to "separate the general benefits from the special benefits conferred on a parcel."

By its nature, most public improvements financed through an assessment district contain an element of public benefit. The test is: does there exist, with relation to the improvement, a special benefit to the property assessed? The law requires that portion of the cost of the improvement, which benefits the public generally to be separated from that portion of the cost of the improvement, which specially benefits assessed properties. Proposition 218 provides the following definition of "special benefit":

> "Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit".

The actual assessment and the amount of the assessment for the Fiscal Year 2026-27 apportioned to each parcel as shown on the latest equalized roll at the County Assessor's office are listed in Appendix A of this Report. The

description of each lot or parcel is part of the records of the County Assessor of the County of Riverside, and such records are, by reference, made part of this Report.

Method of Apportionment

Chapter 6.4, Division 2, Title 5, of the Government Code, the Benefit Assessment Act of 1982, permits the establishment of assessment districts by Cities for the purpose of financing the maintenance and operation of certain public improvements including streets and drainage facilities.

Section 54711 of the Benefit Assessment Act of 1982 requires that maintenance assessments be levied according to benefit rather than according to assessed value. This Section states:

(a) No benefit assessment shall be levied pursuant to this chapter unless it meets all of the following requirements:

(1) The amount of the assessment imposed on any parcel of property shall be related to the benefit to the parcel which will be derived from the provision of the service. Except as provided in subdivision (d) or (e) of Section 54715, in the case of a benefit assessment for flood control services, the benefit must be determined on the basis of the proportionate stormwater runoff from each parcel. In the case of an assessment for the maintenance of streets, roads, or highways, the benefit shall be in proportion to the estimated traffic volume to be generated by each parcel assessed, or by any other reasonable basis as determined by the legislative body.

(2) The annual aggregate amount of the assessment shall not exceed the estimated annual cost of providing the service.

(3) The revenue derived from the assessment shall not be used to pay the cost of any service other than the service for which the assessment was levied.

(b) This section does not limit or prohibit the levy or collection of any other fee, charge, or tax for the provision of services, except that a maintenance district formed pursuant to Chapter 7 (commencing with Section 1550) of Division 2 of the Streets and Highways Code shall impose an assessment pursuant to this chapter only as an alternative to imposing a property tax for the provision of street lighting services.

Excepted from the assessment would be the areas of all public streets, public avenues, public lanes, public roads, public drives, public courts, public alleys, all easements and rights-of-ways, all public parks, greenbelts and parkways, public school property and all other publicly owned property.

The costs for the operation, maintenance and servicing of the improvements maintained for each zone are apportioned in accordance with the methodology which was established by the Town Council upon formation of the District and are shown below:

Method of Assessment – Zones 1- 3

Benefit Zones 1-3 were established to provide a funding source for the maintenance and servicing of streets, roads, highways, and storm drain facilities within the boundaries of each Benefit Zone which consist of single-family residential parcels. The services within each of these Benefit Zones consist of the maintenance of public roads which provide access and drainage to those parcels of land within each Benefit Zone.

Parcels benefiting from the street and storm drainage maintenance within each of these Benefit Zones have been determined to be predominantly of the same land use type, specifically, single-family detached home sites. Therefore, each home within each Benefit Zone receives the same benefit from the maintenance of the streets and drainage improvements and shall be treated equally in determining the method of spreading assessments.

The assessment costs for the operation, maintenance and servicing of the improvements are apportioned in accordance with the methodology as established by the Town Council upon formation of the District and the establishment of each benefit zone. It was determined at that time that the most equitable method for spreading the estimated benefit received by each parcel should be based on the Equivalent Dwelling Unit (EDU) method. Each residential parcel will be assessed on the basis of one EDU per parcel. The formula for each of the Benefit Zones 1-3 is as follows:

Assessable budget ÷ total EDUs = rate per EDU

Table 3-1
Method of Spread Benefit Zones 1-3

Benefit Zone	Land Use	Parcels	Dwelling Units	EDU Factor	Total EDUs	Rate/EDU	Total Assessment
1	Residential	34	34	1.00/DU	34	$25.34	$861.43
2	Residential	55	55	1.00/DU	55	$20.37	$1,120.52
3	Residential	17	17	1.00/DU	17	$19.76	$335.86

Method of Assessment – Zones 5

Benefit Zone 5 was established to provide a funding source for the maintenance and servicing of streets, roads, highways, and storm drain facilities within the boundaries of Benefit Zone 5. As a condition of development, the developer was required to construct Palisades Drive from the boundary of Parcel Map 17455 to Avalon Street. Palisades Drive is the primary access to the area within Parcel Map 17455. Parcel No. 0601-201-37-0000 located adjacent to Parcel Map 17455 takes primary access from Avalon Street, and therefore only receives an incidental benefit from the improvements to be maintained by the District.

The assessment costs for the operation; maintenance and servicing of the improvements are apportioned on the basis of the trips estimated to be generated by each parcel in accordance with the methodology as established by the Town Council upon formation of the Benefit Zone. The parcels will be assessed on the basis of one Benefit Unit (BU) per trip generated. Trip generation rates were based upon land use and the trip generation rates shown in the AGR Traffic Study prepared at the time of development approval. The formula is as follows:

Assessable budget ÷ total BUs = rate per BU

Table 3-2
Method of Spread Benefit Zone 5

Benefit Zone	Land Use	Building Square Foot	Average Daily Trips	Total BU's	Rate/BU	Total Assessment
5	Parcel 1 - Home Depot	139,656	4,162	4,162	$0.65	$4,635.66
	Parcel 2 – Specialty Retail	27,110	1,202	1,202	$0.65	
	Parcel 3 – Specialty Retail	7,500	332	332	$0.65	
	Parcel 4 – Fast Food	3,000	1,488	1,488	$0.65	

4. Assessment Roll

A list of names and addresses of the owners of all parcels within the Street and Drainage Maintenance District shown on the last equalized Property Tax Roll of the Assessor of the County of San Bernardino, which by reference is hereby made a part of this report. This list is keyed to the Assessor's Parcel Numbers as shown on the Assessment Roll in Appendix A.

Subject: Public Hearing In Connection With The Placement Of Fiscal Year 2026-2027 Solid Waste Handling Service Charges On The Property Tax Roll

Recommendation:

That the Town Council:

1. Conduct a public hearing,
2. Review the report prepared by the Town Manager, and
3. Adopt a resolution authorizing the placement of fiscal year 2026-2027 solid waste handling service charges on the property tax roll.

Prior Review:
None.

Discussion:
Solid waste services are provided to Town businesses and residents through a franchise agreement with Burrtec. The Town's Franchise Agreement and Solid Waste Ordinance both include provisions authorizing the Town to collect solid waste handling service charges through the property tax rolls at the same time as the general property taxes, and has been collecting these fees on the property tax rolls since 2020.

In accordance with Health and Safety Code ("H&S") Section 5473, the Town has prepared a written report which contains a description of each parcel of real property receiving solid waste handling services, and the amount of the charge for each parcel for the 2026-2027 tax year. This report is on file with the Town Clerk and is attached as Exhibit A to the proposed resolution authorizing the collection of the service charges on the tax rolls. By approving the proposed resolution, the Town Council would be authorizing the Town to collect solid waste handling charges on the tax roll in the same manner and at the same time as general property taxes.

For Fiscal Year 2026–2027, the Franchise Hauler's proposed rate adjustment includes an annual Consumer Price Index (CPI) increase of 4.73%, adjustments in the state-mandated Recovered Organic Waste Procurement program under Senate Bill (SB) 1383, as well as increases to the state-mandated net recycling and organics recycling processing costs, resulting in an approximate 8.97% increase over the prior fiscal year for standard trash, recycling and organics 95-gallon cart residential service. This equates to an approximate $3.00 per month increase for this level of service.

As part of SB 1383 compliance, jurisdictions are required to annually procure a quantity of recovered organic waste products that meets or exceeds targets established by CalRecycle. Under SB 1383 regulations, recovered organic waste products are defined as products made from California landfill-diverted organic waste that has been processed at a permitted facility.

The proposed rate reflects impacts in recycling tipping fees, resulting from improvement and operational costs associated with net recycling rates at the Victor Valley Materials Recovery Facility (MRF), where the Town's recyclables are processed, as well as increased organic waste processing costs from the previous year.

These increased costs are primarily driven by the State-mandated diversion of organic waste and recyclable materials away from less expensive landfill disposal and into more expensive recycling and composting facilities. Currently, landfill disposal costs are $49.49 per ton, compared to $126.06 per ton for organic waste processing at composting facilities and approximately $120.00 per ton for recycling processing. In accordance with SB 1383, California residents and businesses are required to divert organic materials, as well as recyclable materials, to appropriate processing facilities. While these diversion efforts advance the State's environmental and waste reduction goals, the associated recycling and composting processes carry substantially higher processing costs than traditional landfill disposal.

Prior to approving the placement of the service charges on the tax roll, H&S Section 5473 *et seq.* requires the Town Council to conduct a public hearing. Notice of this public hearing was provided in accordance with H&S Section 5473.1, by publishing a notice of the hearing in the Hi-Desert Star newspaper on May 13 and May 20, 2026.

During the public hearing the Town Council shall hear and consider all objections or protests, if any, to the report and the placement of the charges on the tax roll. If the Town Council finds that a majority of the parcel owners subject to the charges have submitted protests or appeared to protest, the report shall not be adopted and the charges must be collected separately from the tax roll. Upon the conclusion of the hearing, the Council may adopt, revise, change, reduce or modify any charge or overrule any or all objections. The resolution placing the charges on the tax roll must be approved by a two-thirds vote of the Town Council.

Alternatives

None Recommended.

Fiscal Impact:

There is no fiscal impact associated with the placement of solid waste handling charges on the property tax roll other than operational efficiencies in the associated administration of the Town's franchise agreement.

1. 6 2 26 Resolution for Approval of Tax Roll Billing
2. 6 2 26 Attachment A - FY 26-27 Tax Roll Billing Report for Solid Waste Rates

RESOLUTION NO. 26-

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF YUCCA VALLEY, CALIFORNIA AUTHORIZING THE PLACEMENT OF FISCAL YEAR 2026-2027 SOLID WASTE HANDLING SERVICE CHARGES ON THE PROPERTY TAX ROLL

Whereas, California Health and Safety Code Section 5473 *et. seq*. authorizes the Town of Yucca Valley to adopt a resolution by two-thirds of the members of the Town Council to collect solid waste rates on the tax roll, in the same manner and at the same time as the general taxes; and

Whereas, Section 6.02.230(B) of the Town of Yucca Valley Municipal Code provides that "the Town may collect fees or charges for Solid Waste Handling Services on the property tax roll for the Premises (excepting those Premises for which a Self-Haul Permit has been issued)"; and

Whereas in accordance with Health and Safety Code Section 5473, the Town Manager has prepared a written report, attached hereto as Exhibit A and on file with the Town Clerk, which contains a description of each parcel of real property receiving solid waste handling services and the amount of the charge for each parcel for the 2026-2027 tax year; and

Whereas, in accordance with Health and Safety Code Section 5473.1, the Town provided notice of a public hearing by publishing a notice in the Hi-Desert Star newspaper on May 13, 2026 and May 20, 2026; and

Whereas, the Town Council conducted a duly noticed public hearing on this matter on June 2, 2026, wherein it heard and considered all objections or protests, if any, to the report and the proposed placement of solid waste handling services charges on the property tax roll;

Whereas, to the extent that this resolution results in the imposition of any fees, rates, or charges for services or facilities in connection with the solid waste system providing services within the Town's territorial limits, those charges are adopted pursuant to California Health and Safety Code section 5471.

Now Therefore, be it resolved, by the Town Council of the Town of Yucca Valley, California, as follows:

SECTION 1: The above recitals are true and correct and are incorporated herein.

SECTION 2: The Town approves the collection of the solid waste handling services charges via the tax roll in the same manner and at the same time as the general taxes. The Town Clerk is directed to file with the county auditor a copy of the report prepared pursuant to Health and Safety Code Section 5473 attached hereto as Exhibit A, with a statement endorsed on the

report over his or her signature that the report has been adopted by the Town Council and the county auditor shall enter the amounts of the charges against the respective lots or parcels of land as they appear on the current assessment roll.

APPROVED AND ADOPTED by the Town Council and signed by the Mayor and attested by the Town Clerk this 2nd day of June 2026.

Town of Yucca Valley
Town Council Staff Report

To: Town Council

From: Jared Jerome, Senior Planner

Date: May 21, 2026

Meeting Date: June 2, 2026

Subject: Environmental Assessment, EA 02-25; Specific Plan 01-04 Amendment #2, Conditional Use Permit, CUP 01-25, Resolution No. 26-XX, Ordinance No. XX, Walmart Fuel Station. A request to amend the existing Specific Plan to allow for the construction and operation of a fuel station with six (6) fueling pumps, twelve (12) fuel dispensers, a 4,950 square foot fuel station canopy, and a 1,556 square foot convenience store. The project site is located at 58501 Twentynine Palms Highway and is also identified as APN: 0601-201-54.

Recommendation:

Environmental Assessment 02-25:
That the Town Council approves of EA 02-25, and adopts the resolution, for Addendum #1 to the previously adopted Environmental Impact Report.

Conditional Use Permit 01-25:
That the Town Council approves CUP 01-25, a request to construct and operate a six (6) pump gasoline station, twelve (12) fuel dispensers, 4,950 square foot fuel station canopy, and a 1,556 square foot convenience store.

Ordinance No. XX, Specific Plan 01-04, Amendment #2:
That the Town Council introduces Ordinance No. XX, Specific Plan 01-04 Amendment #2 to the Yucca Valley Retail Specific Plan, a request to amend the adopted Specific Plan by Ordinance, to allow a gasoline station as an approved land use and to allow for additional signage for the gasoline station and convenience store.

Prior Review:
The Planning Commission recommended approval of Specific Plan 01-04 at their meeting of April 15, 2008. The Town Council adopted Specific Plan 01-04 at their meeting of October 14, 2008. The Planning Commission recommended approval of Specific Plan 01-04, Amendment #1, at their meeting of October 12, 2021, for the purpose of altering the approved Sign Program. The Town Council adopted Specific Plan 01-04, Amendment #1, at their meeting of November 16, 2021. The Planning Commission recommended approval of the proposed Specific Plan

Amendment, Conditional Use Permit for the proposed gas station and convenience store, and Addendum #1 to the adopted Environmental Impact Report, at their meeting of April 14, 2026.

Discussion:

Applicant:

Ryan Alvarez

1100 W Town and Country Rd Ste 700

Orange, CA 92868

Property Owner:

Walmart Stores Inc.

702 SW 8th Street

Bentonville, AK 72716

Representative:

Ryan Alvarez

1100 W Town and Country Rd Ste 700

Orange, CA 92868

Location: The project site is located at 58501 Twentynine Palms Highway, in the northeast portion of the existing Walmart parking lot approximately 1,000 feet to the east of the intersection of Avalon Avenue and Twentynine Palms Highway, and approximately 280 feet to the southwest of the existing shared drive aisle for Home Depot and Walmart.

APN:

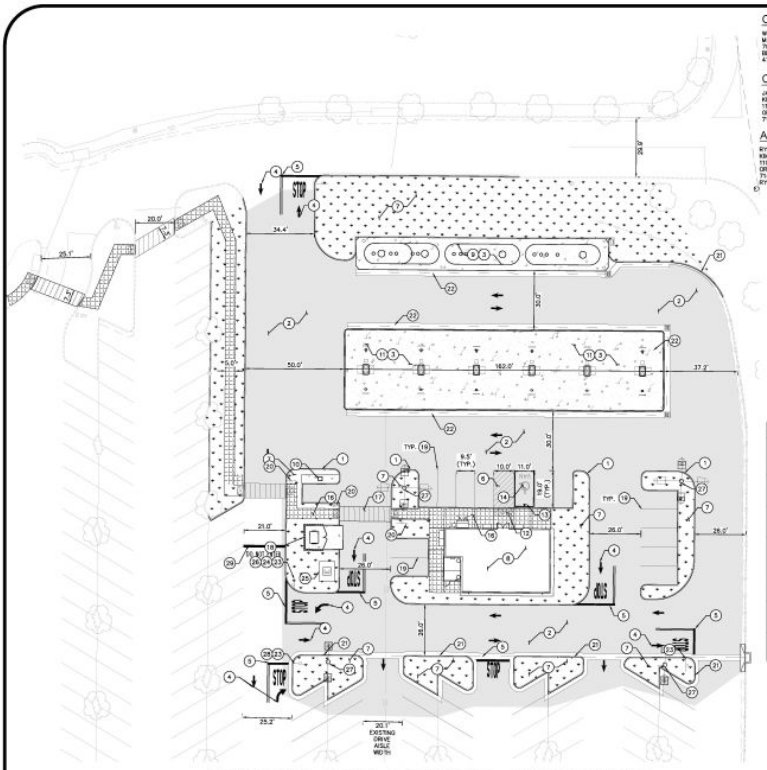
South: Industrial (I)
East: Home Depot Retail Specific Plan (S-01-05)
West: General Commercial (C-G)

Surrounding Land Use:

North: Vacant

South: Vacant



East: Commercial Retail and Restaurants

West: Vacant

PROJECT ANALYSIS:

At their meeting of April 14, 2026, the Planning Commission recommended approval of the proposed project, with the requested change to the proposed Specific Plan to require both proposed and replacement lighting to be a maximum temperature/color of 3,000 Kelvin.

PROJECT DESCRIPTION: The proposed project includes the construction of a new fuel station with six fueling pumps (12 dispensers), an overhead canopy, underground fuel storage, a trash enclosure, a 1,556 square-foot convenience store, and associated signage. This project is over an approximate area of 1.32 acres. The overhead canopy stands at 17.67 feet, and the convenience store stands at 16 feet. The proposed work includes heavy duty asphalt pavement, heavy duty concrete pavement, concrete walkways to the existing accessible path and bus stop, landscaping, additional storm infrastructure and additional dry utility for the convenience store. The proposed underground sewer will connect to the existing sewer infrastructure of the main store. The convenience store will mimic the hours of the existing Walmart Supercenter, 6AM-11PM, but the gas station will remain operational 24 hours, 7 days a week. The convenience store is expected to have two employees at a time. Alcohol sales are planned to be a part of the convenience store.

1100 W TOWN AND COUNTRY RD, SUITE 700, ORANGE, CA 92868
PHONE: 714-939-1030 FAX: 714-938-9488
REVISED: 12.22.2025

PROJECT AREA: 1.32 acres within NE portion of 23.85 acre site.

BUILDING AREA: 1,556 square-foot convenience store and 4,950 square-foot fuel station canopy.

SETBACKS:

Front: 15' minimum required by Code. 200' proposed.

Rear: 10' minimum required by Code (if adjacent property is not designated Commercial or Industrial) 810' proposed.

Interior Side(s): 10' minimum required by Code. (Only one side yard is required to provide emergency access. If the adjacent property is not designated commercial or industrial, a side yard shall be required along that side of the property) (115' proposed east) (520' proposed west)

MAX BUILDING HEIGHT: Maximum 40' allowed by Code. The fueling station canopy is proposed at 17.67' height, with a 14' maximum vehicle clearance, and the convenience store is proposed at 16' height.

BUILDING ELEVATIONS: The proposed building is of varying heights, materials, and colors, including dark gray cement, light gray fiber cement wall, and blue fiber cement wall. The proposed canopy consists of a blue, light gray, and white color palette on factory pre-finished materials.

SIGNAGE: Permits for signage are to be processed consistent with standards adopted by this Specific Plan. The Specific Plan includes a comprehensive Master Sign Program for the property, addressing wall sign and freestanding sign standards for the anchor tenant and outparcel tenants. The proposed Specific Plan

amendment includes new provisions to address signage allowances for the fueling station canopy, convenience and fueling station signage, and modifications to existing pylon signage. The existing pylon sign at the NE corner of the overall site is proposed to be modified to include an electronic display of fuel station prices. A new monument sign is proposed at the NE corner of the project site for the fuel station to include an electronic display fuel station prices.

FAR: 1.20 Maximum allowed by Code. 0.185 FAR includes existing and proposed construction.

PHASED CONSTRUCTION: Phased construction is not proposed.

FLOOD ZONE: Not applicable to project area.

ALQUIST PRIOLO/EARTHQUAKE FAULT HAZARD ZONE: Not applicable to project area.
