Animal Shelter Committee Staff Report**

To: Animal Shelter Committee

From: Curtis Yakimow, Town Manager

Date: December 15, 2025

Meeting Date: December 18, 2025

Subject: Animal Shelter Operational Review Status Update

Recommendation:

That the committee receives and files the updated Operational Review Status Report and provides input and direction as desired, and receive an update on development of an operational agreement with local rescue partner(s).

Prior Review:

Discussion:

The Town Council directed Town management to conduct an Operational Review of shelter operations, policies, and practices, and return to the Town Council within 90 days. Focused operational reviews can be helpful to confirm or correct statistics, affirm or clarify operational practices, evaluate procedures for consistency with industry best practices, consider modifications that may improve desired outcomes, and provide communication and transparency to the public.

The Town Council accepted the Operational Review and associated recommendations on June 3, 2025 and directed staff to continue or begin the implementation of the various recommended actions. Staff has been working on the recommendations and Town staff will present an update for the Town Council at the November 4 Town Council meeting. Additional information and data review will be included in the review. For this Animal Shelter Committee review, additional updates have been made to the matrix eliminating duplication and other form edits for streamlining and clarity.

Public shelters will often engage in formal operational agreements with various partners to assist in meeting shelter objectives. Examples of such agreements may include a financial structure that will allow for the placement of animals with a rescue group to facilitate and encourage greater live release rates. While the Town has reached out to numerous rescue

groups, participation of such groups has been limited, and operational agreements may assist those efforts.

Finally, animal shelter operations are ongoing and daily activities. A report and subsequent updates given at a single point in time will not be sufficient for long-term policy and practice change. While specific recommendations are presented, meeting the Town Council's established performance factors will be a marathon, not a sprint. Successful implementation will require Town Council commitment, public engagement, professional collaboration, financial commitments, public education, and staff accountability.
